
2Q 2015 INVESTOR UPDATE

August 2015

FORWARD-LOOKING STATEMENTS

Some of the statements in this presentation constitute “forward-looking statements” about Sunoco LP (“SUN”), Energy Transfer Partners, L.P. (“ETP”) and their respective affiliates that involve risks, uncertainties and assumptions, including, without limitation, our discussion and analysis of our financial condition and results of operations. These forward-looking statements generally can be identified by use of phrases such as “believe,” “plan,” “expect,” “anticipate,” “intend,” “forecast” or other similar words or phrases in conjunction with a discussion of future operating or financial performance. Descriptions of SUN’s, ETP’s and their respective affiliates’ objectives, goals, targets, plans, strategies, costs, anticipated capital expenditures, expected cost savings and potential acquisitions are also forward-looking statements.

These statements represent present expectations or beliefs concerning future events and are not guarantees. Such statements speak only as of the date they are made, and we do not undertake any obligation to update any forward-looking statement. Further, although we expect that ETP will contribute further assets to SUN in the future, ETP is under no obligation to offer additional assets to SUN, and there is no guarantee that either party will be able to agree to any future contributions on economically acceptable terms or at all.

We caution that forward-looking statements involve risks and uncertainties and are qualified by important factors that could cause actual events or results to differ materially from those expressed or implied in any such forward-looking statements. For a discussion of these factors and other risks and uncertainties, please refer to SUN’s and ETP’s filings with the Securities and Exchange Commission (the “SEC”), including those contained in SUN’s 2014 Annual Report on Form 10-K and Quarterly Reports on Form 10-Q which are available at the SEC’s website at www.sec.gov.

NON-GAAP MEASURES AND EXPLANATORY NOTE REGARDING PRESENTATION SCOPE AND FORMAT

This presentation includes certain non-GAAP financial measures as defined under SEC Regulation G. A reconciliation of those measures to the most directly comparable GAAP measures is provided in the appendix to this presentation. We define EBITDA as net income before net interest expense, income tax expense and depreciation and amortization expense. Adjusted EBITDA further adjusts EBITDA to reflect certain other non-recurring and non-cash items. Distributable cash flow represents Adjusted EBITDA less cash interest expense, cash tax expense, maintenance capital expenditures, and other non-cash adjustments.

This presentation also includes information regarding the consolidated retail marketing segment of ETP, which includes the combined assets and operations of SUN, Sunoco, Inc. (R&M) (“Sunoco”) and Susser Holdings Corporation (“Susser”). On July 14, 2015, SUN and certain affiliates of ETP entered into a contribution agreement, pursuant to which SUN will acquire Susser. The transaction closed on July 31, 2015. Although ETP has indicated it intends to contribute the retail and marketing assets of Sunoco to SUN in a series of “drop down” transactions, ETP does not have a contractual obligation to do so. SUN does not currently hold, or derive income or cash flows from, Sunoco’s assets and the completion of any of proposed drop down transactions involving Sunoco’s assets remain subject to market conditions, negotiations of terms and ETP and SUN board and special/conflicts committees’ approvals. There can be no assurances that such transactions will be completed within the timeframe set forth herein or at all. Accordingly, statements referring to ETP’s business and operations on a ‘combined’ or ‘consolidated’ basis should be understood to refer to ETP’s retail marketing segment in its entirety, rather than the assets, business or operations of SUN, individually.
