EXTON, Pa.

EXTON, Pa.--(BUSINESS WIRE)--Innovative Solutions & Support, Inc. (NASDAQ: ISSC) has been awarded a contract by Boeing for the Aerial Refueling Operator Control and Display Units for the KC-46A Tanker. The initial contract is for the EMD (Engineering Manufacturing and Development) phase.

“We’re proud to be part of the team to build the US Air Force’s KC-46A Tanker,” said Roman Ptakowski, IS&S President.

The United States Air Force has awarded a contract to the Boeing Company to deliver 179 KC-46A aircraft to replace aging KC-135 tankers.

About Innovative Solutions & Support, Inc.

Headquartered in Exton, Pennsylvania USA, Innovative Solutions & Support, Inc. (www.innovative-ss.com) is a systems integrator engaged in the design, manufacture and marketing of Flat Panel Display Systems, Air Data equipment, Flight Information Computers, Engine and Fuel Measurement and Control Computers, and advanced monitoring systems that measure and display critical flight information. This includes data relative to aircraft separation, airspeed and altitude as well as fuel and critical engine parameters.

Certain matters contained herein that are not descriptions of historical facts are “forward-looking” (as such term is defined in the Private Securities Litigation Reform Act of 1995). Because such statements include risks and uncertainties, actual results may differ materially from those expressed or implied by such forward-looking statements. Factors that could cause results to differ materially from those expressed or implied by such forward-looking statements include, but are not limited to, those discussed in filings made by the Company with the Securities and Exchange Commission. Many of the factors that will determine the Company’s future results are beyond the ability of management to control or predict. Readers should not place undue reliance on forward-looking statements, which reflects management’s views only as of the date hereof. The Company undertakes no obligation to revise or update any forward-looking statements, or to make any other forward-looking statements, whether as a result of new information, future events or otherwise.
