Stockholder Voting Instructions

For the stockholders as of the March 25, 2019 record date, please click on www.proxyvote.com

This will connect the stockholder with the voting platform.

In order to vote your shares, please have your sixteen digit control number available to enter the voting site. Stockholders should receive proxy material by April 30th.

If you are unable to locate or find your control number, please contact your Bank/Broker that retains your shares. They have a dedicated proxy department that will help you locate your control number and resend you material if needed.
