Attending the Annual Meeting

The 2023 Annual Meeting of Stockholders of Equitable Holdings, Inc. is being held solely by means of remote communication on May 24, 2023, at 8:00 am ET. You will be able to attend the Annual Meeting online, vote your shares electronically and submit questions online during the meeting by logging in to www.virtualshareholdermeeting.com/EQH2023 using your 16-digit control number. We recommend that you log in a few minutes before the meeting to ensure you are logged in when the meeting starts.

We have adopted this technology to expand access to the meeting, improve communications and lower the cost to our stockholders, the Company and the environment. We believe that the virtual Annual Meeting format should enable increased stockholder participation from locations around the world.

As always, we encourage you to vote your shares prior to the Annual Meeting. Instructions on how you can vote your shares prior to the Annual Meeting are included in the 2023 Proxy Statement and Notice of Annual Meeting of Stockholders, an electronic copy of which is available on our Investor Relations website at https://ir.equitableholdings.com.
