MIDRAND, South Africa--(**BUSINESS WIRE**)--Shareholders are advised that the MiX Telematics Board has approved a share repurchase program under which the Company may repurchase up to 40 000 000 of its ordinary shares (1 600 000 ADSs) through to March 15, 2016. The Company may repurchase its shares from time to time in its discretion through open market transactions and block trades, based on ongoing assessments of the capital needs of the Company, the market price of its securities and general market conditions. This share repurchase program may be discontinued at any time by the Board of Directors, and the Company has no obligation to repurchase any amount of its securities under the program. The repurchase program will be funded out of existing cash resources.

Any repurchases effected under the share repurchase program will be in accordance with the general authority granted by special resolution of the company's shareholders passed at the company's annual general meeting held on September 17, 2014; and subject to the passing of the special resolution at the company's annual general meeting to be held on September 16, 2015, the repurchase program will continue to be effected under the general authority granted by shareholders at that meeting.

The repurchase program will extend from the date of this announcement to March 15, 2016. Should the special resolution, granting the general authority to repurchase shares, not be passed at the company's annual general meeting to be held on September 16, 2015, the repurchase program will end on September 16, 2015.

Share repurchases may be made by the Company from time to time in open market transactions at prevailing market prices and are subject to relevant rules under the Securities Exchange Act of 1934, as amended ("Exchange Act"). The Company will effect repurchase transactions in compliance with Rule 10b-18 under the Exchange Act and the Company's insider trading policy. In accordance with JSE listing rules, repurchases effected on the JSE will be at a price not greater than 10% above the volume weighted average trading price of the Company's shares on the JSE over the five business days immediately preceding any particular repurchase.
