Forward Looking Statements

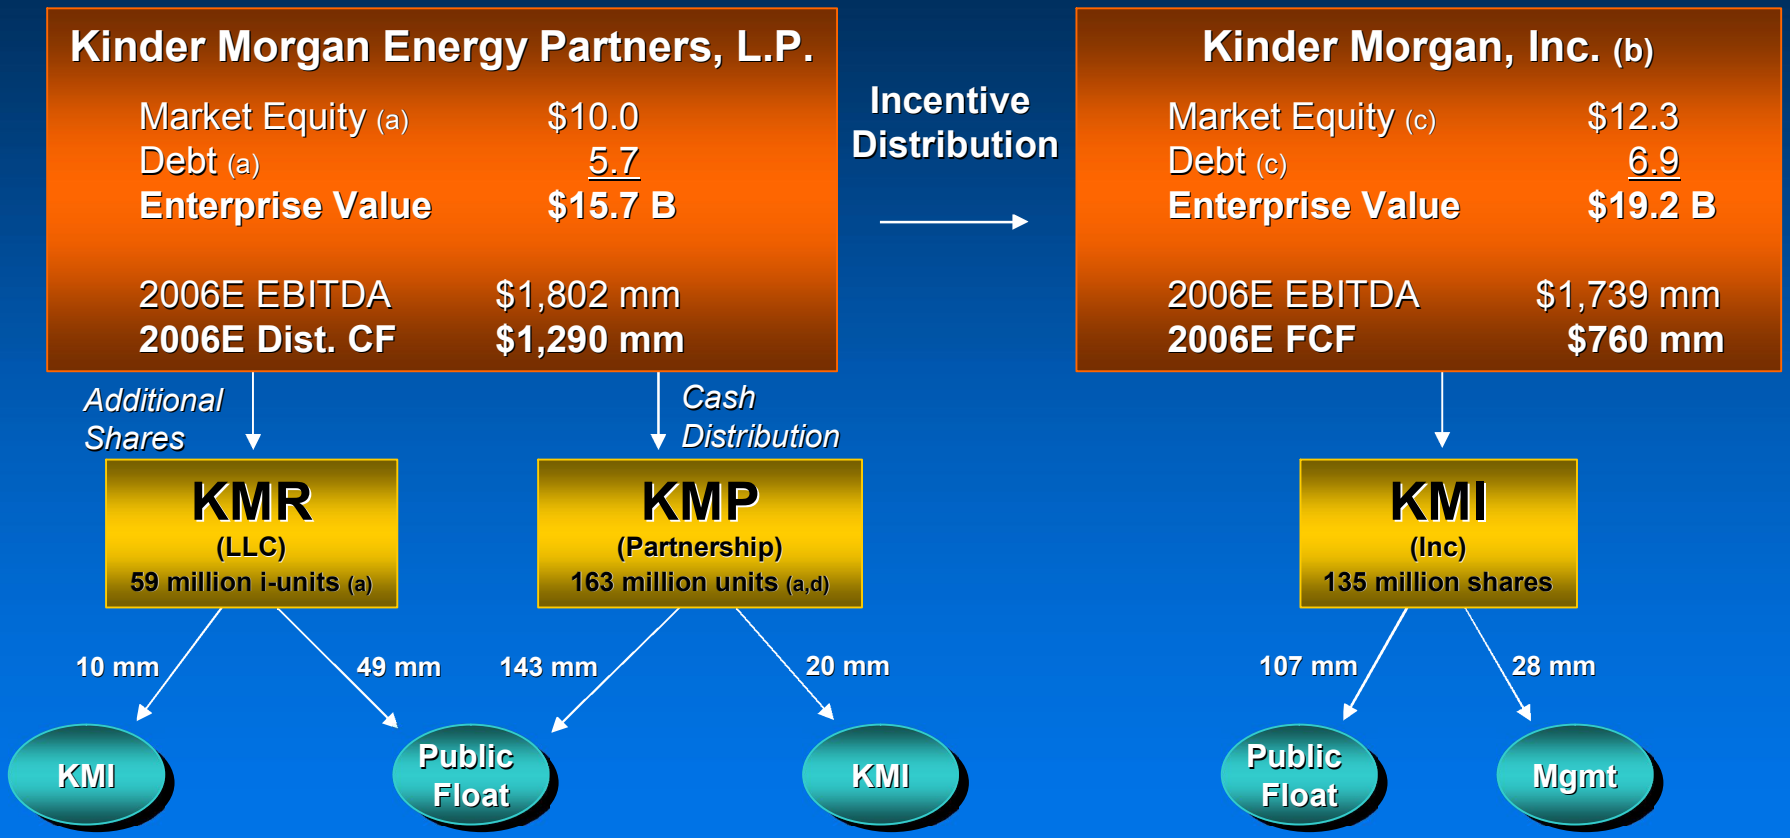

This presentation contains forward looking statements, including these, within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Exchange Act of 1934, as amended. Forward looking statements are not guarantees of performance. They involve risks, uncertainties and assumptions. The future results and securities values of Kinder Morgan Inc., Kinder Morgan Energy Partners, L.P. and Kinder Morgan Management, LLC (collectively known as "Kinder Morgan") may differ materially from those expressed in the forward-looking statements contained throughout this presentation and in documents filed with the SEC. Many of the factors that will determine these results and values are beyond Kinder Morgan's ability to control or predict. These statements are necessarily based upon various assumptions involving judgments with respect to the future, including, among others, the ability to achieve synergies and revenue growth; national, international, regional and local economic, competitive and regulatory conditions and developments; technological developments; capital markets conditions; inflation rates; interest rates; the political and economic stability of oil producing nations; energy markets; weather conditions; environmental conditions; business and regulatory or legal decisions; the pace of deregulation of retail natural gas and electricity and certain agricultural products; the timing and success of business development efforts; terrorism; and other uncertainties. You are cautioned not to put undue reliance on any forward-looking statement.

The Kinder Morgan Strategy

Same Strategy Since Inception

- **Focus on stable, fee-based assets which are core to the energy infrastructure of growing markets**
- **Increase utilization of assets while controlling costs**
  - Classic fixed cost businesses with little variable costs
  - Improve productivity to drop all top-line growth to bottom line
- **Leverage economies of scale from incremental acquisitions and expansions**
  - Reduce needless overhead
  - Apply best practices to core operations
- **Maximize benefit of a unique financial structure which fits with strategy**
  - MLP avoids double taxation, increasing distributions from high cash flow businesses
  - Strong balance sheet allows flexibility when raising capital for acquisitions / expansions

KMP: Solid Asset Base Generates Stable Fee Income

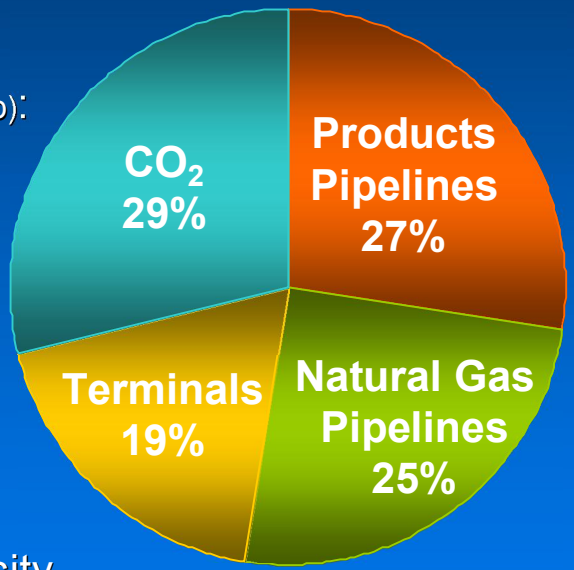

CO_2

- 30% CO_2 transport and sales
- 70% oil production related
- Expected production hedged (b):
  - 2006=88%
  - 2007=75%
  - 2008=54%

Terminals

- 47% Liquids, 53% Bulk
- Geographic and product diversity
- 3-4 year average contract life

KMP
2006 DCF (a)

Products Pipelines

- Refinery hub to population center strategy
- 68% Pipelines
- 27% Associated Terminals (c)
- 5% Transmix
- No commodity price risk

Natural Gas Pipelines

- 51% Texas Intrastate
- 49% Rockies
- Little incidental commodity risk

(a) Budgeted 2006 distributable cash flow before G&A and interest.
(b) Net equity production, approved plus identified potential projects. Includes heavier NGL components (C4+).
(c) Terminals are not FERC regulated except portion of CalNev.

KMI: Solid Asset Base Generates Stable Fee Income

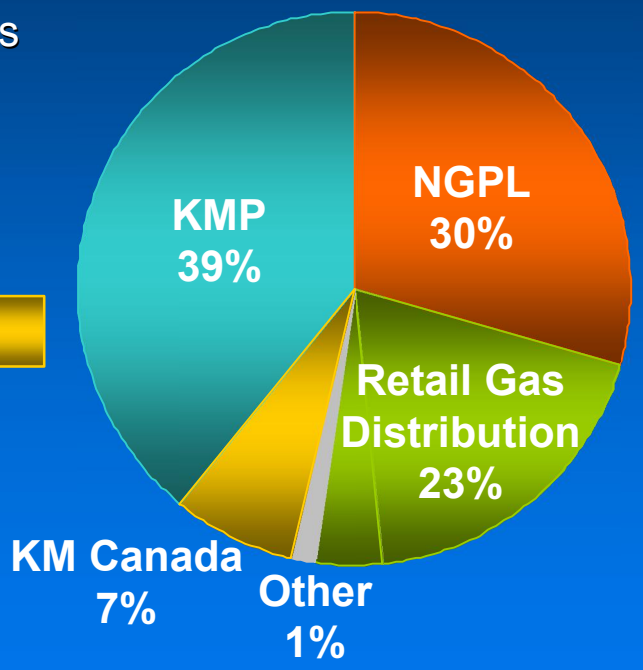

Investment in KMP (b)

- General partner interest earns incentive distributions
- Owns 13% of total limited partner units

KM Canada

- Three major systems connected to Canadian Oilsands
- Existing capacity substantially committed under long-term contracts

KMI
2006 Segment Income (a)

NGPL

- FERC regulated with 3-year average contract life
- Primary customers are Chicago local distribution companies
- Little incidental commodity risk

Retail

- Natural gas distribution service
- Serve ~ 890,000 customers in British Columbia
