## Sunoco LP (Stripes Stores And APlus Stores) To Raise Funds For Children's Miracle Network Hospitals®

4/4/2017

Campaign Supports Pediatric Programs Through In-store Miracle Balloon Fundraising Campaign

SALT LAKE CITY and DALLAS, April 4, 2017 /PRNewswire/ -- Now through May 3, Stripes® Convenience Stores and APlus® Stores will be asking customers to "Put Their Money Where The Miracles Are" and purchase a \$1 Miracle Balloon to raise funds for Children's Miracle Network Hospitals (CMN Hospitals).

Stripes and APlus, operated by Sunoco LP, have partnered with CMN Hospitals since 2000, raising more than \$11 million for sick and injured kids. In 2016, Sunoco's team members raised more than \$1.8 million during their spring campaign.

"Sunoco LP is committed to serving the needs of the communities in which we live and work," said Eduardo Pereda, Vice President of Convenience Brands for Sunoco LP. "Over the past 16 years, our guests have inspired us through their generous spirit by showing incredible support for our local children's hospitals. That generous spirit has energized all of us at Sunoco LP to continue the partnership in 2017 in the hopes of helping even more children in our communities."

Funds raised through the in-store campaigns are unrestricted, meaning the hospitals can use the funds where they are needed most. Donations raised during the campaign have a direct impact on the millions of kids treated at local CMN Hospitals. These funds help kids like Morgan, a leukemia patient treated at Hendrick Children's Hospital in Texas. Donations helped purchase infusion kits that helped Morgan get better.

"Stripes and APlus Stores are a huge part of helping kids in the communities these stores serve get better," said

John Lauck, president and CEO of Children's Miracle Network Hospitals. "I can't thank stores' customers and employees enough for all they do for the kids."

Funds raised from the CMNH partnership with Sunoco will stay in the local communities. These donations help make miracles happen by funding vital medical care, equipment and therapy programs that save and improve the lives of more than 10 million sick and injured children a year.
