18 ResMed-supported Studies Featured at ATS 2022 Conference

What's happening: ResMed is supporting 18 clinical study abstracts presented at the ATS 2022 International Conference. Research expands our knowledge of:

- Obstructive sleep apnea (OSA) patient management
- COPD patient management, links between COPD, other diseases
- Asthma patient management (including pediatric asthma)
- Global smoking prevalence

When: Saturday, May 13–Wednesday, May 18, 2022

Where: The Moscone Center | 747 Howard St, San Francisco, CA 94103

Available for interviews: Adam Benjafield, PhD; VP, Medical Affairs, ResMed
Meredith Barrett, PhD; VP, Medical Affairs, ResMed
Atul Malhotra, MD; Research Chief of Pulmonary, Critical Care, and Sleep Medicine, University of California San Diego

To schedule interviews: Kristin Deuber, +1 614.975.4186, resmed@allisonpr.com

Abstracts (complete list, by topic)

Topic	Subject	Date/Time	Location
OSA	Lipid mgmt. in patients w/ OSA, coronary artery disease	May 15, 2:15-3:45p	Room 2022/2024
	When to intervene: PAP users with OSA, comorbidities*	May 16, 9:30-11a	Room 303-304
	Heart risk in patients w/ OSA, acute coronary syndrome	May 16, 9:30-11a	Room 303-304
	AirSense 11: User experience on ResMed's new PAP*	May 16, 11:15a-1:15p	Hall F, Area A
	PAP use of patients remotely diagnosed and managed**	May 16, 11:15a-1:15p	Hall F, Area A
	Predicting PAP users' healthcare resource utilization*	May 16, 2:15-3:45p	Room 2022/2024
	Blood pressure variability during PAP withdrawal	May 16, 2:15-3:45p	Room 2022/2024
	OSA's and PAP's effects on ACS patients' blood pressure	May 17, 9:30-9:40a	Room 3014
	PAP's effects on cognition, mild cognitive impairment	May 18, 9:05-9:15a	Room 2006/2008
	PAP dose-response relationship with clinical outcomes	May 18, 9:15-9:25a	Room 2006/2008
	Healthy-user effect in PAP-adherent in people with OSA*	May 18, 9:25-9:35a	Room 2006/2008
COPD	Early detection of COPD exacerbations	May 15, 11:15a-1:15p	Hall F, Area C
	Prevalence of comorbidities in adults with COPD*	May 18, 8:15-9:45a	Room 303-304
Asthma	Prevalence of comorbidities in adults with asthma*	May 15, 11:15a-1:15p	Hall F, Area C
	Validation of wearable to monitor children*	May 15, 11:15a-1:15p	Hall F, Area E
	Financial incentives to improve adolescent adherence	May 16, 9:30-11a	Room 2005/2007
	Self-reported vs. digitally captured inhaler use data*	May 17, 2:15-3:45p	Room 3016/3018
Smoking	Global projections of smoking prevalence trends*	May 15, 9:30-11a	Room 303-304

***** *Presented by a ResMed employee; others presented by non-ResMed key opinion leaders*

*** Presented by Primasun, a joint venture between ResMed and Verily, an Alphabet company*
