# Women with Sleep Apnea a Focus of ResMed Research at SLEEP 2022

**Where:** Charlotte Convention Center | 501 S College St, Charlotte, NC 28202

**What's happening:** 2 ResMed-presented clinical studies at the SLEEP 2022 show focus on a key conference theme: Understanding and supporting women with obstructive sleep apnea (OSA):

"Characterizing Women with OSA from Real World Data"

- **Sun, Jun 5, 5:15-7:15 p.m. ET** | Exhibition Hall C2
- Real-world insights from over 880,000 female OSA patients about their age, comorbidities, how they tested, and how many started PAP
- *Presenter: Kate Cole*

"The Effect of CPAP on Quality of Life in Females with Mild OSA"

- **Wed, Jun 8, 3:15-5:15 p.m. ET** | Room W209ABC
- New analysis of the 2019 MERGE study finds whether women experience mild OSA differently than men, and whether PAP helped
- *Presenter: Alison Wimms*

**Other ResMed Research at SLEEP 2022**

"Describing the OSA Patient Journey from Testing to PAP Treatment"

- **Sun, Jun 5, 5:15-7:15 p.m. ET** | Exhibition Hall C2
- *Presenter: Kate Cole*

"Comparison of a Disposable Home Sleep Apnea Test to PSG…"

- **Mon, Jun 6, 5:15-7:15 p.m. ET** | Exhibition Hall C2
- *Presenter: Daniela Tellez*

"Dose-dependent clinical benefits of PAP therapy and strategies to improve PAP adherence" (first presented at ATS 2022)

- **Tue, Jun 7, 12:30-1:45 p.m. ET** | Westin Charlotte, Grand Ballroom
- *Presenters: Atul Malhotra and Adam Benjafield*

**To schedule interviews:** Kristin Deuber, +1 614.975.4186, resmed@allisonpr.com
