

# How ResMed Turns Health IT Data into a Better Patient Experience

ResMed SaaS Director Sarah Wright presents company’s case study at San Diego’s “10x for Engineers” conference

**SAN DIEGO - October 11, 2018** – ResMed (NYSE: RMD, ASX: RMD), a global leader in medical devices and software, today is presenting on how to improve patients’ therapy experience by analyzing and applying the data collected from their devices at the “10x for Engineers” conference in San Diego.

Sarah Wright, ResMed’s SaaS director of Support Services and Solutions Delivery, will show how ResMed securely uses cloud-transferred device data to develop a holistic view of a patient and apply personalized support to help improve long-term usage and health outcomes:

## Presentation info

- Title: “Leveraging Customer Support to Understand User Needs”
- Time: 9:40-10:10 a.m. PT
- Location: Hyatt Regency Mission Bay Spa and Marina, San Diego

ResMed has a world-leading 6 million cloud-connected medical devices for remotely monitoring patients with sleep apnea, which have resulted in:

- Up to 87 percent patient adherence to therapy, when combined with a self-monitoring app; and
- Nearly 60 percent time saved by clinicians’ on patient management.
