COMPENSATION OF NON-EMPLOYEE DIRECTORS

Directors who are employed by us do not receive any compensation for their Board services. As a result, Mr. McMullen, our Chief Executive Officer, received no additional compensation for his services as a director. The general policy of the Board is that compensation for non-employee directors should be a mix of cash and equity-based compensation that is competitive with the compensation paid to non-employee directors within our peer group. The non-employee director's compensation plan year begins on March 1 of each year (the "Plan Year").

The table below sets forth the annual retainer, equity grants and committee premiums for the non-employee directors and the Non-Executive Chairman for the 2017 Plan Year:

Summary of Non-Employee Director Annual Compensation for the 2017 Plan Year

The following table sets forth the compensation that we provide to non-employee directors. Each non-employee director may elect to defer all or part of the cash compensation to the 2005 Deferred Compensation Plan for Non-Employee Directors ("Director Deferral Plan"). Any deferred cash compensation is converted into shares of our common stock.

	Board Compensation Elements	
	Member ⁽¹⁾	Chair ⁽²⁾
Board Cash Retainer	\$100,000	\$155,000
Audit and Finance Committee Retainer	\$10,000	\$25,000
Compensation Committee Retainer	None	\$20,000
Nominating/Corporate Governance Committee Retainer	None	\$15,000
Annual Stock Grant ⁽³⁾	\$200,000 value	

- (1) Non-employee directors who serve as a member of the Audit and Finance Committee (excluding the Audit and Finance Committee Chair) receive an additional \$10,000 retainer which is payable in cash at the beginning of each Plan Year.
- (2) Non-employee directors (excluding the Non-Executive Chairman) who serve as the chairperson of the Board or a Board committee receive an additional retainer which is payable in cash at the beginning of each Plan Year.
- (3) The stock will be granted on the later of (i) March 1 or (ii) the first trading day after each Annual Meeting of Stockholders. The number of shares underlying the stock grant is determined by dividing \$200,000 by the average fair market value of our common stock over 20 consecutive trading days up to and including the day prior to the grant date. The stock grant vests immediately upon grant and may be deferred pursuant to the Director Deferral Plan.

A non-employee director who joins the Board of Directors after the start of the Plan Year will have his or her cash retainer, equity grant and committee premium pro-rated based upon the remaining days in the Plan Year that the director will serve.

In September 2017, the Compensation Committee and the Board, based on the recommendation of the Compensation Committee's independent compensation consultant, Semler Brossy Consulting Group LLC ("Semler Brossy"), concluded that the current non-employee director compensation is competitive with Agilent's peer group and would remain unchanged for the 2018 Plan Year.

- (1) Reflects all cash compensation earned during fiscal year 2017, including amounts deferred pursuant to the Director Deferral Plan. Dr. Podolsky and Dr. Yamada elected to defer 50% and 100%, respectively, of all cash fees earned in fiscal year 2017 to the Director Deferral Plan. The number of shares of our common stock received in lieu of cash pursuant to the Director Deferral Plan is determined by dividing the dollar value of the deferred cash amount by the twenty (20) day average fair market value for the applicable deferral date.
- (2) Reflects the aggregate grant date fair value for stock awards granted in fiscal year 2017 calculated in accordance with FASB ASC Topic 718. For more information regarding our application of FASB ASC Topic 718, including the assumptions used in the calculations of these amounts, please refer to Note 4 of Notes to Consolidated Financial Statements contained in our 2017 Annual Report on Form 10-K. The dollar values of the stock awards represent stock grants of 3,866 shares for each non-employee director, excluding Mr. Bishop, who received a pro-rated stock grant of 2,199 shares.
- (3) Stock awards granted to non-employee directors vest immediately upon grant. Therefore, there were no stock awards outstanding at fiscal year-end. Directors Herbold, Koh and Kunz each had an aggregate of 15,482 option awards outstanding at fiscal year-end.
- (4) Mr. Bishop joined the board on July 18, 2017 and his cash retainer and equity grant were pro-rated.
- (5) Mr. Cullen served as the Non-Executive Chairman of the Board from March 1, 2005 to March 15, 2017.
- (6) Mr. Koh has served as the Non-Executive Chairman of the Board since March 15, 2017.

Non-Employee Director Reimbursement

Non-employee directors are reimbursed for travel and other out-of-pocket expenses incurred in connection with their service on our Board.

Non-Employee Director Stock Ownership Guidelines

Non-employee directors are required to own shares of our common stock having a value of at least six times an amount equal to the annual cash retainer. The shares counted toward the ownership guidelines include shares owned outright and the shares of our common stock in the non-employee director's deferred compensation account. For recently appointed non-employee directors, these ownership levels must be attained within five years from the date of their initial election or appointment to the board of directors. All of our incumbent non-employee directors have either achieved the recommended ownership level or are expected to achieve the recommended ownership level within five years of their initial election or appointment to our Board.

CORPORATE GOVERNANCE

We have had formal corporate governance standards in place since our inception in 1999. We have reviewed internally and with the Board the provisions of the Sarbanes-Oxley Act of 2002 (“Sarbanes-Oxley Act”), the rules of the SEC and the NYSE’s corporate governance listing standards regarding corporate governance policies and processes and are in compliance with the rules and listing standards.

We have adopted charters for our Audit and Finance Committee, Compensation Committee, Executive Committee and Nominating/Corporate Governance Committee consistent with the applicable rules and standards. Our committee charters, Amended and Restated Corporate Governance Standards and Standards of Business Conduct are located in the Investor Relations section of our website and can be accessed by clicking on “Governance Policies” in the “Corporate Governance” section of our web page at www.investor.agilent.com.

Board Leadership Structure

We currently separate the positions of chief executive officer and chairman of the Board. Mr. Cullen served as our chairman of the Board from March 2005 to March 2017. Mr. Koh was appointed chairman of the Board in March 2017. The responsibilities of the chairman of the Board include: setting the agenda for each Board meeting, in consultation with the chief executive officer; chairing the meetings of independent directors; and facilitating and conducting, with the Nominating/Corporate Governance Committee, the annual self-assessments by the Board and each standing committee of the Board, including periodic performance reviews of individual directors. Separating the positions of chief executive officer and chairman of the Board allows our chief executive officer to focus on our day-to-day business, while allowing the chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management. The Board believes that having an independent director serve as chairman of the Board is the appropriate leadership structure for the company at this time.

However, our Corporate Governance Standards permit the roles of the chairperson of the Board and the chief executive officer to be filled by the same or different individuals. This provides the Board with flexibility to determine whether the two roles should be combined in the future based on our needs and the Board’s assessment of our leadership from time to time. Our Corporate Governance Standards provide that, in the event that the chairperson of the Board is also the chief executive officer, the Board may consider the election of an independent Board member as a lead independent director.

In 2014, we amended the Corporate Governance Standards to raise the mandatory retirement age for directors from 72 to 75. The Board made the change in recognition of the contribution that experienced directors, with knowledge of the company, bring to effective board oversight.

Board’s Role in Risk Oversight

The Board executes its risk management responsibility directly and through its committees. The full Board is kept abreast of risk oversight and other activities of its committees through reports of the committee chairpersons to the full Board during Board meetings. The Audit and Finance Committee has primary responsibility for overseeing our enterprise risk management process. The Audit and Finance Committee receives updates and discusses individual and overall risk areas during its meetings, including our financial risk assessments, risk management policies and major financial risk exposures and the steps management has taken to monitor and control such exposures.

The Compensation Committee oversees risks associated with our compensation policies and practices with respect to both executive compensation and compensation generally. The Compensation Committee receives reports and discusses whether our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the company.

Majority Voting for Directors

Our Bylaws provide for majority voting of directors regarding director elections. In an uncontested election, any nominee for director shall be elected by the vote of a majority of the votes cast with respect to the director. A “majority of the votes cast” means that the number of shares voted “FOR” a director must exceed 50% of the votes cast with respect to that director. The “votes cast” shall include votes to withhold authority and exclude votes to “ABSTAIN” with respect to that director’s election. If a director is not elected due to a failure to receive a majority of the votes cast and his or her successor is not otherwise elected and qualified, the director shall promptly tender his or her resignation following certification of the stockholder vote.

The Nominating/Corporate Governance Committee will consider the resignation offer and recommend to the Board whether to accept or reject it, or whether other action should be taken. The Board will act on the Nominating/Corporate Governance Committee's recommendation within 90 days following certification of the stockholder vote. Thereafter, the Board will promptly disclose their decision and the rationale behind it in a press release to be disseminated in the same manner as company press releases typically are distributed. Any director who tenders his or her resignation pursuant to this provision shall not participate in the Nominating/Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer.

Board Communications

Stockholders and other interested parties may communicate with the Board and our Non-Executive Chairperson of the Board of Directors by filling out the form at "Contact Chairman" under "Corporate Governance" at www.investor.agilent.com or by writing to Koh Boon Hwee, c/o Agilent Technologies, Inc., General Counsel, 5301 Stevens Creek Blvd., MS 1A-11, Santa Clara, California 95051. The General Counsel will perform a legal review in the normal discharge of duties to ensure that communications forwarded to the Non-Executive Chairperson preserve the integrity of the process. For example, items that are unrelated to the duties and responsibilities of the Board such as spam, junk mail and mass mailings, product complaints, personal employee complaints, product inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, business solicitations or advertisements (the "Unrelated Items") will not be forwarded to the Non-Executive Chairperson. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded to the Non-Executive Chairperson.

Any communication that is relevant to the conduct of our business and is not forwarded will be retained for one year (other than Unrelated Items) and made available to the Non-Executive Chairperson and any other independent director on request. The independent directors grant the General Counsel discretion to decide what correspondence shall be shared with our management and specifically instruct that any personal employee complaints be forwarded to our Human Resources Department.

Director Stockholder Meeting Attendance

We encourage, but do not require, our Board members to attend the annual meeting of stockholders. Last year, all of our directors who were serving at such time, attended the annual meeting of stockholders.

Director Independence

We have adopted standards for director independence in compliance with the NYSE corporate governance listing standards. These independence standards are set forth in our Corporate Governance Standards. The Board has affirmatively determined that all of our directors meet these independence standards with the exception of Michael R. McMullen because of his role as our President and Chief Executive Officer.

Our non-employee directors meet at regularly scheduled executive sessions without management. The Non-Executive Chairman of the Board presides at executive sessions of the non-management directors.

Compensation Committee Member Independence

We have adopted standards for compensation committee member independence in compliance with the NYSE corporate governance listing standards. In affirmatively determining the independence of any director who will serve on the compensation committee, the board of directors considers all factors specifically relevant to determining whether such director has a relationship to the company or any of its subsidiaries which is material to such director's ability to be independent from management in connection with the duties of a compensation committee member, including, but not limited to:

- the source of compensation of such director, including any consulting, advisory or other compensatory fee paid by the company to such director; and
- whether such director is affiliated with the company, or an affiliate of a subsidiary of the company.

Director Nomination Criteria: Qualifications and Experience

The Nominating/Corporate Governance Committee will consider director candidates for nomination by stockholders, provided that the recommendations are made in accordance with the procedures described in the section entitled “General Information about the Meeting” located at the end of this proxy statement. Candidates recommended for nomination by stockholders that comply with these procedures will receive the same consideration as other candidates recommended by the Nominating/Corporate Governance Committee.

We typically hire a third-party search firm to help identify and facilitate the screening and interview process of candidates for director. To be considered by the Nominating/Corporate Governance Committee, a director candidate must have:

- a reputation for personal and professional integrity and ethics;
- executive or similar policy-making experience in relevant business or technology areas or national prominence in an academic, government or other relevant field;
- breadth of experience;
- soundness of judgment;
- the ability to make independent, analytical inquiries;
- the willingness and ability to devote the time required to perform Board activities adequately;
- the ability to represent the total corporate interests of the company; and
- the ability to represent the long-term interests of stockholders as a whole.

In addition to these minimum requirements, the Nominating/Corporate Governance Committee will also consider whether the candidate’s skills are complementary to the existing Board members’ skills; the diversity of the Board in factors such as age, experience in technology, manufacturing, finance and marketing, international experience and culture; and the Board’s needs for specific operational, management or other expertise. The Nominating/Corporate Governance Committee from time to time reviews the appropriate skills and characteristics required of board members, including factors that it seeks in board members such as diversity of business experience, viewpoints and, personal background, and diversity of skills in technology, finance, marketing, international business, financial reporting and other areas that are expected to contribute to an effective Board of Directors. In evaluating potential candidates for the Board of Directors, the Nominating/Corporate Governance Committee considers these factors in the light of the specific needs of the Board of Directors at that time. The search firm screens the candidates, does reference checks, prepares a biography of each candidate for the Nominating/Corporate Governance Committee to review and helps set up interviews. The Nominating/Corporate Governance Committee and our Chief Executive Officer interview candidates that meet the criteria, and the Nominating/Corporate Governance Committee selects candidates that best suit the Board’s needs. We do not use a third-party to evaluate current Board members.

Compensation Committee Interlocks and Insider Participation

The current members of the Compensation Committee are Hans E. Bishop, James G. Cullen, Heidi Kunz, George A. Scangos, PhD and Tadataka Yamada, M.D. During the most recent fiscal year, none of our executive officers served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) served on our Compensation Committee.

The members of the Compensation Committee are considered independent under the company’s Board of Directors and Compensation Committee Independence Standards as set forth in the company’s Amended and Restated Corporate Governance Guidelines.

Committees of the Board of Directors

Our Board met six times in fiscal 2017. Each director attended at least 75% of the aggregate number of Board and applicable committee meetings held when the director was serving on the Board. Set forth below are the four standing committees of the Board, their primary duties, their current members and the number of meetings held during fiscal 2017.

Related Person Transactions Policy and Procedures

Our Standards of Business Conduct and Director Code of Ethics require that all employees and directors avoid conflicts of interests that interfere with the performance of their duties or the best interests of the company. In addition, we have adopted a written Related Person Transactions Policy and Procedures (the “Related Person Transactions Policy”) that prohibits any of our executive officers, directors or any of their immediate family members from entering into a transaction with the company, except in accordance with the policy. For purposes of the policy, a “related person transaction” includes any transaction involving the company and any related person that would be required to be disclosed pursuant to Item 404(a) of the Securities and Exchange Commission’s Regulation S-K.

Under our Related Person Transactions Policy, the General Counsel must advise the Nominating/Corporate Governance Committee of any related person transaction of which he becomes aware. The Nominating/Corporate Governance Committee must then either approve or reject the transaction in accordance with the terms of the policy. In the course of making this determination, the Nominating/Corporate Governance Committee shall consider all relevant information available to it and, as appropriate, must take into consideration the following:

- the size of the transaction and the amount payable to the related person;
- the nature of the interest of the related person in the transaction;
- whether the transaction may involve a conflict of interest; and
- whether the transaction involved the provision of goods or services to the company that are available from unaffiliated third parties and, if so, whether the transaction is on terms and made under circumstances that are at least as favorable to the company as would be available in comparable transactions with or involving unaffiliated third parties.

Under the Related Person Transactions Policy, company management screens for any potential related person transactions, primarily through the annual circulation of a Director and Officer Questionnaire (“D&O Questionnaire”) to each member of the Board of Directors and each officer of the company that is a reporting person under Section 16 of the Securities Exchange Act of 1934. The D&O Questionnaire contains questions intended to identify related persons and transactions between the company and related persons. If a related person transaction is identified, such transaction is brought to the attention of the Nominating/Corporate Governance Committee for its approval, ratification, revision, or rejection in consideration of all of the relevant facts and circumstances.

The Nominating/Corporate Governance Committee must approve or ratify each related person transaction in accordance with the policy. Absent this approval or ratification, no such transaction may be entered into by the company with any related person. The Related Person Transactions Policy provides for standing pre-approval of the following transactions with related persons:

- (a) Any transaction with another company at which a related person’s only relationship is as an employee (other than an executive officer or an equivalent), director or beneficial owner of less than 10% of that company’s shares, if the aggregate amount involved does not exceed the greater of (i) \$1,000,000, or (ii) 2 percent of that company’s total annual revenues.
- (b) Any charitable contribution, grant or endowment by the company to a charitable organization, foundation or university at which a related person’s only relationship is as an employee (other than an executive officer or an equivalent), a director or a trustee, if the aggregate amount involved does not exceed the lesser of \$500,000, or 2 percent of the charitable organization’s total annual receipts.

We will disclose the terms of related person transactions in our filings with the SEC to the extent required.

Transactions with Related Persons

We purchase services, supplies, and equipment in the normal course of business from many suppliers and sell or lease products and services to many customers. In some instances, these transactions occur with companies with which members of our management or Board have relationships as directors or executive officers. For transactions entered into during fiscal year 2017, no related person had or will have a direct or indirect material interest. None of the fiscal year 2017 transactions exceeded or fell outside of the pre-approved thresholds set forth in our Related Person Transactions Policy except for transactions with Biogen Inc. (“Biogen”), the University of Texas Southwestern Medical Center (“UTSW”) and Juno Therapeutics, Inc. (“Juno”).

George A. Scangos, PhD served as the Chief Executive Officer of Biogen until January 2017, Daniel K. Podolsky, M.D., is the President of UTSW and Hans E. Bishop, who joined our Board in July 2017, is the Chief Executive Officer of Juno. The members of the Nominating/Corporate Governance Committee, excluding Dr. Scangos, Dr. Podolsky and Mr. Bishop, for their respective transactions only, reviewed, approved and ratified the transactions with Biogen, UTSW and Juno in accordance with the policy.

Below is a summary of the aggregate transactions between Agilent and each of Biogen, UTSW and Juno that occurred in fiscal 2017 or during the time such Agilent director served as an officer of Biogen, UTSW or Juno.

- Biogen Inc. (“Biogen”). Mr. George A. Scangos, PhD served as the Chief Executive Officer and a director of Biogen until January 2017. Biogen, or its affiliates, purchased an aggregate of approximately \$313,000 of products and/or services from us between November 2016 and January 2017.
- University of Texas Southwestern Medical Center (“UTSW”). Daniel K. Podolsky, PhD is the President of UTSW. UTSW, or its affiliates, purchased an aggregate of approximately \$600,000 of products and/or services from us during fiscal 2017.
- Juno Therapeutics, Inc. (“Juno”). Hans E. Bishop is the Chief Executive Officer of Juno. Juno, or its affiliates, purchased an aggregate of approximately \$294,000 of products and/or services from us between July 2017 (when Mr. Bishop joined our Board) and October 2017.

PROPOSAL NO. 2 - APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE 2009 STOCK PLAN

On November 15, 2017, the Board of Directors approved the 2018 Stock Plan (the “2018 Plan”), which is an amendment and restatement of the Agilent Technologies, Inc. 2009 Stock Plan (the “2009 Plan”), subject to your approval at the annual meeting. The 2009 Plan replaced the Agilent Technologies, Inc. Amended and Restated 1999 Stock Plan (the “1999 Plan”) and the 1999 Non-Employee Director Stock Plan (the “Director Plan” and collectively with the 1999 Plan, the “1999 Plans”) and is our primary plan for providing stock-based incentive compensation to our eligible employees and non-employee directors. The 2009 Plan reserved for issuance 25,000,000 shares, plus any shares subject to awards previously granted under the 1999 Plan for which such awards are forfeited, expired or become unexercisable without having been exercised in full.

The 2009 Stock Plan was adopted by the Board on November 19, 2008 and was subsequently approved by stockholders at our annual meeting held on March 11, 2009. The 2009 Plan is scheduled to expire on March 11, 2019 which is before our regularly scheduled 2019 annual meeting of stockholders. If the 2018 Plan is not approved by the stockholders, no new awards may be granted under the 2009 Plan after March 11, 2019 and our ability to provide future awards to attract, provide incentives to and retain key personnel and non-employee directors would be limited significantly.

As described in more detail below, approval of the 2018 Stock Plan will accomplish the following:

- Rename the 2009 Stock Plan to the 2018 Stock Plan;
- Extend the term of the 2009 Plan to March 21, 2028;
- Maintain the 2009 Plan’s strong governance features;
- Continue the grant of awards that are intended to qualify as tax-deductible under Section 162(m) (“Section 162(m)”) of the Internal Revenue Code (the “Code”); and
- Reestablish certain award limitations for non-employee directors and performance-based compensation under Section 162(m).

Stockholders are asked to approve the 2018 Plan to qualify stock options as incentive stock options for purposes of Section 422 of the Code, to qualify certain compensation under the Plan as performance-based compensation for purposes of Section 162(m), and to satisfy New York Stock Exchange (“NYSE”) guidelines relating to equity compensation.

Below is a summary of the material features of the 2018 Plan and its operation. This summary does not purport to be a complete description of all of the provisions of the 2018 Plan. It is qualified in its entirety by reference to the full text of the 2018 Plan. A copy of the 2018 Plan is attached as Appendix B to this Proxy Statement.

Purpose of the 2018 Plan

The purpose of the 2018 Plan is to encourage ownership in the Company by its employees, directors and consultants whose long-term employment by or involvement with the Company is considered essential to the Company’s continued progress and, thereby, aligning the interests of the award recipients and stockholders and permitting the award recipients to share in the Company’s success. The 2018 Plan provides an essential component of the total compensation package offered to the Company’s key employees. It reflects the importance placed by the Company on motivating employees to achieve superior results over the long term and paying employees based on that kind of achievement. The Company strongly believes that its equity compensation programs and emphasis on employee stock ownership have been integral to the Company’s success and that a continuation of those programs is necessary for the Company to achieve superior performance in the future.

Certain awards under the 2018 Plan are intended to qualify as performance-based compensation under the Code, provided that such grants are made in the form of option grants, stock appreciation rights (“SARs”), or are performance shares or performance units based on one or more of the performance measures specified below. However, in the event that the Administrator (as defined

below in “Administration of the 2018 Plan”) of the 2018 Plan determines that it is advisable to grant awards that use measures other than those specified below, any such awards will not qualify for the performance-based exception under Section 162(m).

Key Features of the 2018 Plan

The 2018 Plan contains features that the Board believes are consistent with the interests of stockholders and sound governance principles. These features include the following:

- *Flexibility and Performance Ties.* The variety of equity and cash awards permitted under the 2018 Plan affords flexibility with respect to the design of long-term incentives that are responsive to evolving regulatory changes and compensation best practices and incorporate tailored, performance-based measures.
- *No Discount Options.* Stock options or SARs may not be granted or awarded with a then-established exercise price of less than the fair market value (“FMV”) of Agilent’s common stock on the date of grant or award. FMV is the quoted closing sales price on the stock exchange or a national market system with the highest trading volume.
- *No Repricing.* The repricing of stock options and stock appreciation rights is prohibited without stockholder approval. This prohibition applies both to repricings that involve lowering the exercise price of a stock option or SAR as well as repricings that are accomplished by canceling an existing award and replacing it with a lower-priced award.
- *Fungible Share Pool.* The 2018 Plan design recognizes the greater intrinsic value of a full share award including restricted stock, restricted stock units, performance shares and performance stock units. Accordingly, the 2018 Plan’s share reserve is reduced by 2 shares for every 1 full value share awarded. Stock option and SAR awards reduce the reserve on a 1-to-1 basis.
- *Clawback Feature.* The 2018 Plan allows the Company to cancel or freeze unvested awards, or require the return of amounts received pursuant to plan awards, if the award recipient has engaged in behavior that is detrimental to the business or reputation of the Company.
- *No Liberal Share Accounting.* Shares withheld for tax payments or to pay the exercise price, shares repurchased on the open market with the proceeds of an option exercise price, or shares not issued or delivered as a result of the net settlement of an outstanding award, will not be added back into the 2018 Plan reserve.
- *Compensation Committee Oversight.* The 2018 Plan will be administered by Agilent’s Compensation Committee as the Administrator, which is comprised solely of non-employee, independent directors.
- *No Annual “Evergreen” Provision.* The 2018 Plan provides for a specific number of shares of Agilent common stock available for awards and does not contain an annual or automatic increase in the number of available shares.
- *Performance-Based Compensation.* The 2018 Plan is structured to permit awards that satisfy the performance-based compensation requirements of Section 162(m) so as to enhance deductibility of compensation provided under the 2018 Plan.
- *Limitation on Share-based Awards to Non-Employee Directors.* The 2018 Plan provides that the maximum total grant date fair value of share-based awards granted to non-employee director in any single calendar year may not exceed \$750,000.

Administration of the 2018 Plan

The 2018 Plan may be administered by the Board or any of its committees (“Administrator”) and, it is currently the intent of the Board that the 2018 Plan be administered by the Compensation Committee, which committee satisfies the requirements of Section 162(m) regarding a committee of two or more “outside directors”, as well as a committee of “non-employee directors” for purposes of Rule 16b-3. The Administrator has the power in its discretion to grant awards under the 2018 Plan, to determine the terms of such awards, to interpret the provisions of the 2018 Plan and to take action as it deems necessary or advisable for the administration of the 2018 Plan. In accordance with the terms of the 2018 Plan, the 2018 Plan may be administered by different committees with respect to different groups of participants in the 2018 Plan.

Number of Authorized Shares

The total number of shares authorized and available for issuance under the 2018 Plan is 25,000,000, plus any shares subject to awards previously granted under the 1999 Plan for which such awards are forfeited, expired or become unexercisable without having been exercised in full. It is anticipated that this share reserve will be sufficient to cover all Company stock awards through fiscal 2028. Shares granted as options or SARs will be counted against this limit as one share for every one share granted. Shares granted as awards other than options or SARs will be counted against this limit as two shares for every one share granted. The maximum number of options or SARs under the 2018 Plan that may be granted in any one fiscal year to an individual participant may not exceed 1,500,000 shares. Notwithstanding the foregoing, in connection with a participant's initial service, such participant may be granted awards for up to an additional 1,000,000 shares that will not count against this limit. Shares issued under the 2018 Plan may be currently authorized but unissued shares, or shares currently held or subsequently acquired by the Company as treasury shares, including shares purchased in the open market or in private transactions. On January 23, 2018, the per share closing price of Agilent's common stock as reported on the NYSE was \$73.44.

In the event of certain changes in the capitalization of the Company the Administrator will adjust the number and class of shares available for issuance under the 2018 Plan and to prevent dilution or enlargement of rights. Except as described below, shares subject to an award under the 2018 Plan or under the 1999 Plan that are terminated, expire unexercised, or are forfeited, or repurchased by the Company at their original purchase price shall be available for subsequent awards under the 2018 Plan. Any shares that again become available for issuance under the 2018 Plan will be added back on a one to one basis for shares subject to options or SARs (as defined below in "—Types of Awards under the 2018 Plan"), or on a two to one basis for awards other than options or SARs.

Awards granted in assumption of, or in substitution for, awards previously granted by a company acquired by, or merged into, the Company or a subsidiary ("Substitute Awards") will not reduce the shares authorized for issuance under the 2018 Plan or authorized for grant to a participant in any calendar year. Further, shares available for grant under stock plans assumed by the Company in an acquisition may be added to the available share reserve under the 2018 Plan.

Payments of the exercise price or applicable taxes made by delivery of shares to, or withholding of shares by, the Company in satisfaction of a participant's obligations, or shares repurchased on the open market with the proceeds of an option exercise price, will not result in additional shares becoming available for subsequent awards under the 2018 Plan.

Eligibility and Participation

Eligibility to participate in the 2018 Plan is limited to employees (including officers), directors and consultants of Agilent, its affiliates or subsidiaries, as determined by the Administrator. Participation in the 2018 Plan is at the discretion of the Administrator. As of January 23, 2018, there were approximately 13,500 employees, ten nonemployee directors and approximately 50 consultants eligible to receive awards under the 2018 Plan. We currently do not make awards to consultants.

Types of Awards under the 2018 Plan

The 2018 Plan authorizes the Administrator to grant awards, individually or collectively, to participants in any of the following forms, subject to such terms, conditions, and provisions as the Administrator may determine to be necessary or desirable:

- incentive stock options ("ISOs");
- nonstatutory stock options ("NSOs");
- stock appreciation rights;
- restricted stock;
- restricted stock units ("RSUs");
- performance shares and performance units with performance-based conditions to vesting or exercisability; and
- cash awards.

Options and SARs

Stock options entitle the option holder to purchase shares at a price established by the Administrator. Options may be either ISOs or NSOs, provided that only employees may be granted ISOs. SARs entitle the SAR holder to receive cash equal to the positive difference (if any) between the fair market value of shares on the trading date and the exercise price. The Company currently awards only NSOs to its executives, employees and nonemployee directors. In fiscal year 2018, approximately 76 employees were classified as executives and there were ten nonemployee directors. The Company does not currently have a practice of awarding ISOs or SARs.

Exercise Price

The Administrator will determine the exercise price of an option and a SAR at the date of grant, which price, except in the case of Substitute Awards, may not be less than 100% of the fair market value of the underlying shares on the date of grant. The 2018 Plan prohibits any repricing, replacement, regrant or modification of stock options or SARs that would reduce the exercise price of the stock options or SARs without stockholder approval, other than in connection with a change in the Company's capitalization or Substitute Awards.

Vesting/Expiration of Options

The Administrator may determine the terms under which options and SARs will vest and become exercisable. The Company's current practice is to vest options at 25% per year over 4 years, with a 10-year option term, except where different vesting or option terms are required or are advisable under local law.

Special Limitations on ISOs

If options were to be granted as ISOs, these options would be subject to certain additional restrictions imposed on ISOs by the Code including, but not limited to, restrictions on the post-termination exercise period of such options, the status of the individual receiving the grant and the number of options that could become exercisable for the first time by a participant in a given calendar year. Furthermore, if shares acquired upon exercise of an ISO are disposed of by a participant prior to the expiration of two years from the date of grant or one year from the date of exercise, or otherwise in a "disqualifying disposition" under the Code, the participant would have federal income tax consequences as described under "—U.S. Federal Income Tax Consequences".

Exercise of Options

An option holder may exercise his or her option by giving written notice to the Company or a duly authorized agent of the Company stating the number of shares for which the option is being exercised and tendering payment for such shares. The Administrator may, in its discretion, accept cash, check or wire transfer, previously acquired shares (valued at their fair market value on the date of exercise) and consideration under a cashless exercise program, or a combination thereof as payment.

Surrender or Exchange of SARs

Upon surrender of a SAR, a participant will be entitled to receive cash, shares or a combination thereof, as specified in the award agreement, having an aggregate fair market value equal to the excess of (i) the fair market value of one share as of the date on which the non-tandem SAR is exercised over (ii) the base price of the shares covered by the non-tandem SAR, multiplied by the number of shares covered by the SAR, or the portion thereof being exercised.

Termination of Options and SARs

In the event that a participant's service with the Company or its subsidiaries terminates prior to the expiration of an option or SAR, the participant's right to exercise vested options or SARs shall be governed by the terms of the applicable award agreement approved by the Administrator at the time of grant.

Stock Awards and Performance Shares

Stock awards, including restricted stock, RSUs, performance shares and performance units, may be issued either alone, in addition to, or in tandem with other awards granted under the 2018 Plan. Stock awards may be denominated in shares or units payable in shares (e.g. RSUs), and may be settled in cash, shares, or a combination of cash and shares. Restricted stock granted to participants may not be sold, transferred, pledged or otherwise encumbered or disposed of during the restricted period established by the Administrator. The Administrator may also impose additional restrictions on a participant's right to dispose of or to encumber restricted stock, including the satisfaction of performance objectives.

The Company currently grants RSUs to certain employees who are not executives of the Company. Grants are typically made once a year and vest 25% per year over 4 years unless different vesting is required or advisable under local law. The Company currently grants performance-based RSUs annually to its executives pursuant to the Long Term Performance Program ("LTP" or the "LTP Program"). LTP awards are generally designed to meet the criteria of a performance award with the performance metrics and peer group comparison set at the beginning of the performance period and are not thereafter modified. LTP awards are paid out based upon a 3-year performance period and only if the established performance criteria have been met, as determined by the Administrator. The Company also makes New Executive Stock Awards to newly hired or promoted executives, which are RSUs that mirror the LTP performance criteria for a 3-year performance period that is already in progress when an executive is first hired or is first promoted to an executive position.

In addition, the Company grants RSUs to nonemployee directors (referred to in the 2018 Plan as "Deferred Shares") which are subject to payment and deferral rules intended to comply with Section 409A of the Code.

Termination of Stock Awards

In the event that a participant's service with the Company or its subsidiaries terminates prior to the vesting of a stock award, that award will be forfeited unless the terms of the award, as approved by the Administrator at the time of grant, provide for accelerated vesting.

Cash Incentive Awards

The Administrator may grant "cash incentive awards" under the 2018 Plan, which is the grant of a right to receive a payment of cash (or in the discretion of the Administrator, shares of common stock having value equivalent to the cash otherwise payable) that are contingent on achievement of performance objectives over a specified period established by the Administrator. The grant of cash incentive awards may also be subject to such other conditions, restrictions and contingencies, as determined by the Administrator, including provisions relating to deferred payment.

Qualifying Performance-Based Compensation

The Administrator may specify that the grant, retention, vesting, or issuance of any award (whether in the form of a stock option, SAR, restricted stock, RSU or a performance award) or the amount to be paid out under any award, be subject to or based on performance objectives or other standards of financial performance and/or personal performance evaluations, whether or not established and administered in accordance with the requirements of Section 162(m) for awards intended to qualify as "performance-based compensation" thereunder. The number of shares issued or the amount paid under an award may, to the extent specified in the award agreement, be reduced by the Administrator on the basis of such further considerations as the Administrator in its sole discretion shall determine.

Establishment of Performance Goals

At the beginning of each performance period the Administrator will establish performance goals applicable to the performance awards. To the extent that performance conditions under the 2018 Plan are applied to awards intended to qualify as performance-based compensation under Section 162(m), such performance goals will be objectively measurable and will be based upon the achievement of a specified percentage or level in one or more criteria of the following criteria and any objectively verifiable adjustment(s) thereto permitted and pre-established by the Administrator in accordance with Section 162(m), as determined by the Administrator in its sole discretion: (i) revenue; (ii) margin; (iii) income; (iv) earnings or income measures (including earnings before interest, taxes and depreciation and amortization); (v) pre-tax profit; (vi) expenses; (vii) share price

performance; (viii) earnings per share; (ix) return measures (including return on assets, capital, invested capital, equity, sales or revenue); (x) economic value added; (xi) market share; (xii) safety; (xiii) total stockholder return; (xiv) cash flow (including free cash flow); (xv) size-adjusted growth in earnings; (xvi) net order dollars; (xvii) contract bookings; (xviii) contract awards; (xix) book to bill; (xx) backlog; (xxi) customer metrics (including service, satisfaction, retention or profitability); (xxii) productivity; (xxiii) expense targets; (xxiv) market share; (xxv) cost control measures; (xxvi) balance sheet metrics; (xxvii) strategic initiatives; (xxviii) implementation, completion or attainment of measurable objectives with respect to recruitment or retention of personnel or employee satisfaction; (xxix) successful completion of, or achievement of milestones or objectives related to financing or capital raising transactions, strategic acquisitions or divestitures, joint ventures, partnerships, collaborations or other transactions; (xxx) debt levels or debt ratios; (xxxi) operating efficiency; (xxxii) working capital targets, including days working capital; (xxxiii) quantifiable, objective measures of individual performance relevant to the particular individual's job responsibilities; (xxxiv) any combination or the foregoing business criteria; and (xxxv) such other criteria as determined by the Committee.

Any criteria that are financial metrics may be determined in accordance with United States Generally Accepted Accounting Principles ("GAAP") or may be adjusted when established (or to the extent permitted under Section 162(m), at any time thereafter) to include or exclude any items otherwise includable or excludable under GAAP. The performance goals may be based on one or more business criteria, one or more business units, divisions, subsidiaries or business segments of the Company and/or one or more product lines or products of the company, or the Company as a whole, and if so desired by the Administrator, on an absolute or relative basis. Performance awards granted under the 2018 Plan may contain such additional terms and conditions, not inconsistent with the terms of the 2018 Plan, as the Administrator may determine, provided that, if the performance awards are intended to qualify as performance-based compensation under Section 162(m), such additional terms and conditions are also not inconsistent with Section 162(m).

Limited Transferability of Awards

The Administrator retains the authority and discretion to permit an award (other than an ISO) to be transferable as long as such transfers are made by a participant to the participant's immediate family or trusts established solely for the benefit of one or more members of the participant's immediate family. Awards may otherwise not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by the beneficiary designation, will or by the laws of descent or distribution and may be exercised, during the lifetime of the participant, only by the participant.

Tax Withholding

The Administrator may require payment, or withhold payments made by the 2018 Plan, to satisfy applicable withholding tax requirements.

Change in Control

Unless otherwise determined by the Administrator and set forth in the applicable award agreement, in the event of certain transactions described in the 2018 Plan constituting a change in control or the sale of substantially all of the assets of the Company for which a participant is performing services, all awards will fully vest immediately prior to the closing of the transaction. The foregoing shall not apply where such awards are assumed, converted or replaced in full by the successor corporation or a parent or subsidiary of the successor; provided, however, that in the event of a change of control in which one or more of the successor or a parent or subsidiary of the successor has issued publicly traded equity securities, the assumption, conversion, replacement or continuation shall be made by an entity with publicly traded securities and shall provide that the holders of such assumed, converted, replaced or continued stock options and SARs shall be able to acquire such publicly traded securities.

In the event of the dissolution or liquidation of the Company, the Administrator in its sole discretion may provide for an option or SAR to be fully vested and exercisable until ten days prior to such transaction, or such shorter reasonable period of time as the Administrator may establish in its discretion. In addition, the Administrator may provide that any restrictions on any award shall lapse prior to the transaction, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an award will terminate immediately prior to the consummation of such proposed transaction.

Termination and Amendment of the 2018 Plan

The Board may amend, suspend or terminate the 2018 Plan or the Administrator's authority to grant awards under the 2018 Plan without the consent of stockholders or participants; provided, however, that any amendment to the 2018 Plan will be submitted to the Company's stockholders for approval if such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the shares may then be listed or quoted and the Board may otherwise, in its sole discretion, determine to submit other amendments to the 2018 Plan to stockholders for approval. Except in the event of certain changes in the capitalization of the Company, the total number of shares authorized and available for issuance under the 2018 Plan may not be increased by the Company without stockholder approval. Any such amendment, suspension, or termination may not materially and adversely affect the rights of a participant under any award previously granted without such participant's consent.

It is the intention of the Company that, to the extent that any provisions of the 2018 Plan or any awards granted under the 2018 Plan are subject to Section 409A of the Code (relating to nonqualified deferred compensation), the 2018 Plan and the awards comply with requirements of Section 409A of the Code. Further, it is the intention of the Company that the 2018 Plan and awards granted under it that are subject to Section 409A of the Code will be interpreted and administered in good faith in accordance with such requirements and that the Administrator will have the authority to amend any outstanding awards to conform to the requirements of Section 409A.

Term of 2018 Plan

Unless earlier terminated by the Board, the 2018 Plan will terminate ten years after its approval by the stockholders of the Company.

U.S. Federal Income Tax Consequences

Stock options. There will be no federal income tax consequences to a participant or the Company upon the grant of either an ISO or an NSO under the 2018 Plan. Upon exercise of an NSO, the option holder generally will recognize ordinary income in an amount equal to: (i) the fair market value, on the date of exercise, of the acquired shares, less (ii) the exercise price of the NSO. Provided the Company satisfies applicable reporting requirements, it will be entitled to a tax deduction in the same amount.

Upon the exercise of an ISO, an option holder generally recognizes no immediate ordinary taxable income. Provided that certain holding periods are met, income recognition is deferred until the option holder sells the shares. If the ISO is exercised no later than three months after the termination of the option holder's employment, and the option holder does not dispose of the shares so acquired within two years from the date the ISO was granted and within one year after the exercise of the ISO, the gain on the sale will be treated as long-term capital gain. Certain of these employment requirements are liberalized in the event of an option holder's death or disability while employed by the Company.

Generally, the Company will not be entitled to any tax deduction for the grant or exercise of an ISO. If, however, the shares are not held for the full term of the holding period outlined above, the gain on the sale of such shares, being the lesser of: (i) the fair market value of the shares on the date of exercise minus the exercise price, or (ii) the amount realized on disposition minus the exercise price, will be taxed to the participant as ordinary income, and provided the Company satisfies applicable reporting requirements, the Company will be entitled to a deduction in the same amount. The excess of the fair market value of the shares acquired upon exercise of an ISO over the exercise price therefor constitutes a tax preference item for purposes of computing the "alternative minimum tax" under the Code.

SARs. There will be no federal income tax consequences to either a participant or the Company upon the grant of a SAR. However, the participant generally will recognize ordinary income upon the exercise of a SAR in an amount equal to the aggregate amount of cash and the fair market value of the shares received upon exercise. Provided the Company satisfies applicable reporting requirements, the Company will be entitled to a deduction equal to the amount included in the participant's income.

RSUs & Restricted Stock. Except as otherwise provided below, there will be no federal income tax consequences to either a participant or the Company upon the grant of restricted stock or an RSU. When an RSU is settled, the participant will recognize ordinary income in an amount equal to the fair market value of the shares received or, if the RSU is paid in cash, the amount payable. With respect to restricted stock, the participant will recognize ordinary income in an amount equal to the excess, if any that the participant paid for the shares over the fair market value of the shares on the earlier of (i) the date of vesting; and (ii) the date the shares become transferable. Subject to Section 162(m), and provided the Company satisfies applicable reporting requirements, the Company will be entitled to a corresponding deduction. Notwithstanding the above, a recipient of a restricted stock grant may make an election under Section 83(b) of the Code, within thirty days after the date of the grant, to recognize ordinary income as of the date of grant and the Company will be entitled to a corresponding deduction at that time.

Performance Awards. There will be no federal income tax consequences to a participant or the Company upon the grant of qualifying performance-based compensation awards. Participants will generally recognize taxable income upon the payment of an award, and subject to Section 162(m), the Company generally will be entitled to a deduction equal to the amount includible in the participant's income.

Golden Parachute Payments. Awards that are granted, accelerated or enhanced upon the occurrence of, or in anticipation of, a change in control may give rise, in whole or in part, to "excess parachute payments" under Section 280G and Section 4999 of the Code. Under these provisions, the participant would be subject to a 20% excise tax on, and the Company would be denied a deduction with respect to, any "excess parachute payments."

Section 162(m) of the Code. Section 162(m) generally provides that publicly held companies may not deduct compensation paid to certain of its top executive officers to the extent such compensation exceeds \$1 million per officer in any year. However, pursuant to regulations issued by the Treasury Department that currently apply to the Company, certain limited exceptions to Section 162(m) apply with respect to "performance-based compensation," that complies with conditions imposed by Section 162(m) rules and the material terms of such compensation are disclosed to and approved by stockholders. Stock options, SARs and performance awards granted under the 2018 Plan and described above are intended to constitute qualified performance-based compensation eligible for such exceptions. The Administrator will, in general, seek to qualify compensation paid to the Company's executive officers for deductibility under Section 162(m), although the Administrator believes it is appropriate to retain the flexibility to authorize payments of compensation that may not qualify for deductibility if, in the Administrator's judgment, it is in the Company's best interest to do so. Under the Tax Cuts and Jobs Act of 2017, effective for our taxable year beginning November 1, 2018, the exception for performance-based compensation will no longer be available, subject to transition relief for certain grandfathered arrangements in effect as of November 2, 2017.

New Plan Benefits

A new plan benefits table for the 2018 Plan and the benefits or amounts that would have been received by or allocated to participants for the last completed fiscal year under the 2018 Plan if the 2018 Plan was then in effect, as described in the federal proxy rules, are not provided because all awards made under the 2018 Plan will be made at the Committee's discretion, subject to the terms of the 2018 Plan. Therefore, the benefits and amounts that will be received or allocated under the 2018 Plan are not determinable at this time. The equity grant program for our non-employee directors is described under the Director Compensation section in this proxy statement.

Equity Compensation Plan Information

The following table summarizes information about our equity compensation plans as of October 31, 2017. All outstanding awards relate to our common stock.

Plan Category	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights	Weighted-average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (Excluding Securities Reflected in Column (a))
	(a)	(b)	(c)
Equity compensation plans approved by security holders (1)(2)(3)	6,063,545	\$ 34	35,697,020
Equity compensation plans not approved by security holders	—	—	—
Total	6,063,545	\$ 34	35,697,020

- (1) The number of securities remaining available for future issuance in column (c) includes 27,556,310 shares of common stock authorized and available for issuance under the Agilent Technologies, Inc. Employee Stock Purchase Plan ("423(b) Plan"). The number of shares authorized for issuance under the 423(b) Plan is subject to an automatic annual increase of the lesser of one percent of the outstanding common stock of Agilent or an amount determined by the Compensation Committee of our Board of Directors. Under the terms of the 423(b) Plan, in no event shall the aggregate number of shares issued under the Plan exceed 75 million shares.
- (2) We issue securities under our equity compensation plans in forms other than options, warrants or rights. On November 19, 2008 and March 11, 2009, the Board and the stockholders, respectively, approved the Agilent Technologies, Inc. 2009 Stock Plan ("2009 Plan") to replace the company's 1999 Plan and 1999 Non-Employee Director Stock Plan for awards of stock-based incentive compensation to our employees (including officers), directors and consultants. The 2009 Plan provides for the grant of awards in the form of stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares and performance units with performance-based conditions to vesting or exercisability, and cash awards. The 2009 Plan has a term of ten years.
- (3) We issue securities under our equity compensation plans in forms which do not require a payment by the recipient to us at the time of exercise or vesting, including restricted stock, restricted stock units and performance units. Accordingly, the weighted-average exercise price in column (b) does not take these awards into account.

**Agilent's Board recommends a vote FOR the approval of the
adoption of the Agilent Technologies, Inc. 2018 Stock Plan**

Dear Stockholder,

We are very pleased with our fiscal year 2017 results. Our adjusted operating margins were 22.0%, meeting our CEO's commitment to shareholders for 2017, and earnings per share increased by 19.2% over fiscal year 2016. The company continues to create stockholder value through dividends, stock buy-backs and smart acquisitions that bolster our market position. The leadership team that our CEO Mike McMullen appointed in fiscal year 2015 has built tremendous momentum throughout the years, expanding our product portfolio, extending into adjacent markets, and improving the customer experience by streamlining processes, modernizing systems and making the company more efficient and customer friendly.

We believe our current executive compensation program is effectively focusing our executive team on the most critical short- and long-term strategic priorities. Our recent results are evidence that the program is working. Our executive team is delivering superior results and the company is on a strong growth trajectory that translates into increased stockholder value. We have continued our ongoing dialog with our stockholders which we believe is valuable. Our stockholders support our current executive compensation program and see no need for major modifications. We strongly agree with this sentiment and thus have made no significant changes to our executive compensation program for fiscal year 2018. After several years of major changes, we believe our current formula is working well.

In the Compensation Discussion and Analysis that follows, we discuss our fiscal year 2017 CEO and Officer compensation in more detail and share additional information about the program refinements we implemented for fiscal year 2017. You will see that our commitment to both pay for performance and clear, transparent disclosure is strong. We encourage you to review this analysis carefully and hope you agree that our executive compensation program is achieving our objectives of supporting the company's growth strategy and creating long-term stockholder value.

COMPENSATION DISCUSSION AND ANALYSIS

This section of the proxy statement describes the compensation arrangements for our Named Executive Officers (NEOs) for fiscal year 2017, which were exclusively determined by our independent Compensation Committee and which are further detailed in the 2017 Summary Compensation Table and other compensation tables contained in this proxy statement. This Compensation Discussion and Analysis (CD&A) also includes additional information on how the Compensation Committee arrived at their fiscal year 2017 compensation decisions for the NEOs and an overview of our executive compensation philosophy and our executive compensation program.

Our NEOs for fiscal year 2017 are as follows:

- **Michael R. McMullen**, President and Chief Executive Officer (CEO)
- **Didier Hirsch**, Senior Vice President, Chief Financial Officer (CFO)
- **Mark Doak**, Senior Vice President, President Cross-Lab Group (ACG)
- **Patrick Kaltenbach**, Senior Vice President, President Life Sciences and Applied Markets Group (LSAG)
- **Jacob Thaysen**, Senior Vice President, President Diagnostics and Genomics Group (DGG)

In this CD&A, we provide the following:

- *Executive Summary*
- *Determining Executive Pay*
- *Fiscal Year 2017 Compensation*
- *Additional Information*

Executive Summary
Fiscal Year 2017 at a glance:
Performance and Compensation Highlights

- Exceeded the financial plan outlined to investors, including strong growth, expanded margins, balanced use of capital and stockholder value creation
- Strong stock performance, with year-over-year returns that beat the S&P 500 by 144%
- Strong alignment between current executive compensation program and increased stockholder value creation

CEO and NEO Compensation

	Total Target Compensation	Performance-based Compensation
Mr. McMullen	\$9,530,000	88%
Other NEOs (average)	\$2,856,000	81%

Executive Compensation Program Changes for FY17

- Earnings Per Share replaced Operating Margin as the financial metric for long-term incentive awards
- Operating Margin replaced ROIC as financial metric in the short-term incentive plan
- CEO and CFO short-term incentives were based 100% on financial results rather than a mix of 75% financial results and 25% key business initiatives

Pay for Performance

In line with strong company performance that surpassed our plan, the Short-Term Incentive program (financial targets) paid out at 111% of target.

25% of the short-term incentive payout for Agilent's three business presidents is determined based on select key business initiatives (KBIs) approved by the Compensation Committee. These KBIs paid out at 71% on average in fiscal year 2017. Our CEO and CFO were not assigned any KBIs this year and their entire short-term incentive was based on financial targets.

Our Long-Term Performance Plan for the period ended October 31, 2017 paid out at 200% as our three-year relative TSR was at the 78th percentile of our S&P 500 Health Care, Industrials and Materials Indexes peer group.

Stockholder Engagement

While we were pleased with the 96% support for our 2017 Say-on-Pay proposal, we believe ongoing dialog with stockholders regarding our executive pay program is crucial.

In 2017, we contacted our largest stockholders to solicit their input on our current program and discuss any concerns they may have. These stockholders reaffirmed their support for our program design and proposal to continue the current program into fiscal year 2018.

*Stock prices shown for fiscal years 2016 and 2017 are as of 10/31/2016 and 10/31/2017 respectively and include reinvested dividends.

**Non-GAAP operating margin and non-GAAP diluted EPS are further defined and reconciled to the most directly comparable GAAP financial measures in Appendix A to this proxy statement.

Correlation of CEO Compensation to Company Performance

The chart below demonstrates how the historical compensation of our CEO compares to our three-year indexed TSR. The TSR shown below assumes reinvestment of the Keysight spin-off dividend on November 3rd, 2014, the ex-dividend date, not the end of the month or the quarter, as some reporting agencies may use.

Aligning CEO and NEO Pay with Performance

For fiscal year 2017, approximately 88% of Mr. McMullen’s and 81% of our other NEOs’ total direct compensation consisted of short-term and long-term incentives and was “at-risk”— which means that this component can vary year to year depending on the performance of the company and our stock price performance.

Stockholder Outreach

We received a 96% stockholder support on our 2017 Say-on-Pay proposal, along with support from the major stockholder advisory firms. While pleased with these results, our Compensation Committee and members of management believe ongoing dialog with stockholders regarding executive compensation is crucial. In 2017, we communicated with many of our largest stockholders to recap the changes made for fiscal year 2017 and discuss our strategy for fiscal year 2018. Stockholders affirmed our executive compensation program and supported our plan to maintain the current design for fiscal year 2018.

Fiscal Year 2017 Program Changes

For fiscal year 2017, we made two changes to our program that further strengthens the link between executive compensation and company growth. First, we replaced ROIC with operating margin in the short-term incentive plan to keep executives focused on improving operating efficiency and converting our strong revenue growth into higher profits. Second, we replaced operating margin with EPS in the long-term incentive plan to directly link executive rewards with stockholder value creation and superior long-term earnings growth.

Determining Executive Pay

Our executive pay decisions are grounded in a core philosophy that applies to all elements of compensation. Our compensation philosophy is intended to:

- Align executive interests with stockholders;
- Support our short- and long-term business strategy;
- Deliver competitive total direct compensation targeted, in aggregate, around the 50th percentile of our peers to attract, retain and motivate the best employees; and
- Provide pay for performance.

The following principal elements of compensation are provided under our executive compensation program:

Elements of Pay	
Base Pay	<ul style="list-style-type: none"> ✓ Baseline for competitive total compensation. ✓ Normally 20% or less of total direct compensation for NEOs.
Short-Term Incentives	<ul style="list-style-type: none"> ✓ Focuses executives on critical operating and strategic goals best measured annually. ✓ Provides downside risk for underperformance and upside reward for success. ✓ Leverages financial measures such as revenue and operating margin, supplemented with select strategic initiatives.
Long-Term Incentives	<ul style="list-style-type: none"> ✓ Performance pay representing the majority of NEO target compensation. ✓ Motivates and rewards multi-year stockholder value creation. ✓ Facilitates executive stock ownership. ✓ Enables retention. ✓ Delivered through performance shares and RSUs, both with a mandatory one-year post-vest holding period. ✓ Performance measures include long-term financial objectives and the relative performance of our stock.

Our actual total compensation for each NEO varies based on (i) company performance measured against external metrics that correlate to long-term stockholder value, (ii) performance of the business organizations against specific targets, and (iii) individual performance. These three factors are considered in positioning salaries, determining earned short-term incentives and determining long-term incentive grant values.

Pay Practices

Our executive compensation program is supported by a set of strong governance provisions and pay practices.

Philosophy / Practice	Result
We structure compensation to create strong alignment with stockholder interests	<ul style="list-style-type: none"> ✓ Majority of pay is delivered via performance-based vehicles such as long-term performance shares and annual cash incentives. ✓ Robust stock ownership guidelines. ✓ Mandatory one-year post-vest holding period on annual LTI awards.
We design our programs to avoid excessive risk taking ⁽¹⁾	<ul style="list-style-type: none"> ✓ Strong recoupment and anti-hedging policies in place. ✓ Annual compensation risk assessment. ✓ Balanced internal and external goals.
We follow best practices in executive compensation design	<ul style="list-style-type: none"> ✓ Limited perquisites. ✓ Double trigger on change in control benefit provisions and no new tax gross-up agreements. ✓ No dividends / dividend-equivalents on unearned performance awards and unvested stock awards. ✓ No acceleration of vesting of equity awards or LTTP shares upon retirement. ✓ Independent Compensation Committee consultant.

Independent Compensation Committee and Consultant

The Compensation Committee is composed solely of independent members of the Board and operates under a Board-approved charter which outlines the Committee’s major duties and responsibilities. This charter is available on our Investor Relations website.

In May 2017, the Compensation Committee hired Semler Brossy as its new independent compensation consultant, replacing F.W. Cook. Our independent compensation consultant does not perform any other work for us, does not trade our stock, has independence policies that are reviewed annually by their Board of Directors, and will proactively notify the Compensation Committee chair of any potential or perceived conflicts of interest. The Compensation Committee found no conflict of interest with either independent compensation consultant during fiscal year 2017.

For fiscal year 2017, our independent compensation consultants advised the Compensation Committee on several compensation matters, including but not limited to:

- Criteria used to identify peer companies for executive compensation and performance metrics;
- Evaluation of our total direct compensation levels and mix for the NEOs and four other senior officers;
- Mix of long-term incentives, grant types and allocation of equity awards;
- Review of the short- and long-term incentive programs for fiscal year 2018;
- Review of various other proposals presented to the Compensation Committee by management; and
- Support for stockholder outreach campaign.

Process for Determining Compensation

To determine total target compensation for the upcoming fiscal year, the Compensation Committee considered:

- the performance of each individual executive for the last fiscal year;
- the most recent peer group data from our independent compensation consultant;
- our short-and long-term business and strategic goals; and
- detailed tally sheets for the CEO and each NEO.

Our independent compensation consultant presents and analyzes market data for benchmarking each individual position and provides insight on market practices for the Compensation Committee’s actions, but it does not make any specific compensation recommendations on the individual NEOs. The Compensation Committee determines the form and amount of compensation for all executive officers after considering the market data and company, business unit and individual performance.

Peer Group for Executive Compensation

Each year, the Compensation Committee meets with our independent compensation consultant to review and approve the peer group companies that satisfy our selection criteria. For fiscal year 2017, our compensation peer group consisted of the 30 companies listed below from the S&P 500 Health Care Index with revenues between 0.25x and 2.5x times our projected revenue, supplemented with two of our most direct competitors (Thermo Fisher and Danaher). The range of annual revenues for peer group members was determined so that our annual revenue would be around the median of the peer group. We used data from this peer group to set each NEO’s compensation for fiscal year 2017, with aggregate compensation targeted at around the peer group median.

• Alexion Pharma	• Cerner	• Lab Corp of America	• Stryker
• Baxalta	• Danaher	• Mallinckrodt	• Thermo Fisher
• Baxter Intl	• DENTSPLY Sirona	• Mylan NV	• Varian Medical Systems
• Becton, Dickinson	• Edwards Lifesciences	• Perkin Elmer	• Waters
• Biogen	• Endo	• Perrigo	• Zimmer
• Boston Scientific	• Hologic	• Quest Diagnostics	• Zoetis
• C. R. Bard	• Illumina	• Regeneron Pharma	
• Celgene	• Intuitive Surgical	• St. Jude Medical	

Peer Group for the Long-Term Performance Program

The Compensation Committee believes that an expanded peer group is more appropriate for determining relative TSR under the company’s LTPP, as an expanded peer group provides a broader index for comparison. Therefore, the Compensation Committee uses the approximately 85 companies in the Health Care and Materials Indexes of the S&P 500 for determining TSR under the LTPP. Only companies that are included in one of these indexes at the beginning of the performance period and which have three years of stock price performance at the end of the performance period are included in the final calculation of results. Any change in the expanded peer group is solely due to Standard & Poor’s criteria for inclusion in the indexes.

Role of Management

The CEO and the Senior Vice President, Human Resources consider the responsibilities, performance and capabilities of each of our named executive officers, other than the CEO, and the compensation package they believe will attract, retain and motivate. The Senior Vice President, Human Resources does not provide input on setting his own compensation. A comprehensive analysis is conducted using a combination of the market data based on our compensation peer group and proxy data, performance against targets, and overall performance assessment. This data is used to determine if an increase in compensation is warranted and the amount and type of any increase for each of the total compensation components for the then-current fiscal year. After consulting with the Senior Vice President, Human Resources, the CEO makes compensation recommendations, other than for his own compensation, to the Compensation Committee at its first meeting of the fiscal year.

CEO Compensation

The Compensation Committee establishes the CEO's compensation based on a thorough review of the CEO's performance that includes:

- An objective assessment against predetermined metrics set by the Compensation Committee;
- Tally sheets;
- Market data from our independent compensation consultant;
- A self-evaluation by the CEO that the Compensation Committee discusses with the independent directors; and
- A qualitative evaluation of the CEO's performance that is developed by the independent directors, including each member of the Compensation Committee, in executive session.

The Compensation Committee reviews the CEO's total direct compensation package annually and presents its recommendation to the other independent directors for review and comment before making the final determinations on compensation for the CEO.

Fiscal Year 2017 Compensation

Base Salary

Our salaries reflect the responsibilities of each NEO and the competitive market for comparable professionals in our industry and are set to create an incentive for executives to remain with us. Base salaries and benefits packages are the fixed components of our NEOs' compensation and do not vary with company performance. Each NEOs' base salary is set by considering benchmark market data as well as the performance of such NEO. For fiscal year 2017, our NEO base salaries ranged between the 25th and 75th percentile of our compensation peer group.

Name	FY16 Salary	FY17 Salary	Increase
Michael R. McMullen	\$1,050,000	\$1,100,000	5%
Didier Hirsch	\$600,000	\$630,000	5%
Mark Doak	\$475,000	\$525,000	11%
Patrick Kaltenbach	\$500,000	\$535,000	7%
Jacob Thaysen	\$440,000	\$500,000	14%

Short-Term Cash Incentives

The Performance-Based Compensation Plan reflects our pay-for-performance philosophy and directly ties short-term incentives to short-term business performance. These awards are linked to specific annual financial goals and key business initiatives for the overall company and the three business groups (LSAG, ACG and DGG). Annual cash incentives are paid to reward achievement of critical shorter-term operating, financial and strategic measures and goals that are expected to contribute to stockholder value creation over time. Financial goals are pre-established by the Compensation Committee at the beginning of the period, based on recommendations from management. The financial goals are based on our fiscal year 2017 financial plan established by the Board of Directors and cannot be changed after they have been approved by the Compensation Committee. The Compensation Committee certifies the calculations of performance against the goals for each period and payouts, if any, are made in cash.

For fiscal year 2017, the awards under the Performance-Based Compensation Plan were determined by multiplying the individual's base salary for the performance period by the individual's target award percentage and the performance results, as follows:

Financial Goals	Annual Salary	X	Individual Target Bonus % (varies by individual)	X	Financial Portion of Target Bonus (75% to 100%)	X	Attainment % (based on actual performance)
Key Business Initiatives	Annual Salary	X	Individual Target Bonus % (varies by individual)	X	Strategic Portion of Target Bonus (0% to 25%)	X	Attainment % (based on actual performance)

Target Award Percentages and FY17 Actual Payouts

Our Compensation Committee set the fiscal year 2017 short-term incentive target amounts based on a percent of base salary pre-established for each NEO considering the relative responsibility of each NEO. For fiscal year 2017, short-term incentive target bonuses were set at 130% of base salary for the CEO and 80% of base salary for the other NEOs.

The payouts under the Performance-Based Compensation Plan for fiscal year 2017 are provided in the chart below and in the “Non-Equity Incentive Plan Compensation” column in the “Summary Compensation Table.” The overall payout percent compared to target is shown above the actual columns.

Financial Goals and Fiscal Year 2017 Operational Results

The Performance-Based Compensation Plan financial goals were based on (1) our operating margin percentage and our revenue and (2) the adjusted operating margin percentage and revenue goals for each of the business units. The Compensation Committee chose those metrics because:

- operating margin keeps focus on expense discipline and meeting efficiency measures; and
- revenue places focus on delivering strong top-line growth results.

The financial targets that must be met to receive the target payout are based on our business plan.

To determine earned awards, we use payout matrices that link the metrics and reflect threshold-to-maximum opportunities based on various achievement levels of the metrics. No awards are paid unless the operating margin percentage threshold is achieved and the maximum award under the plan is capped at 200% of the target award. The target metrics set for our short-term incentives and their corresponding results were as follows:

	Operating Margin %					Revenue \$				Payout Percentage (Per Matrix)
	Threshold	Target	Max	Results	Goal Attainment	Target (Mil)	Max (Mil)	Results (Mil)	Goal Attainment	
Agilent	18.0%	22.0%	24.2%	22.3%	102%	\$4,364	\$4,582	\$4,453	102%	111%
LSAG	18.0%	22.0%	24.2%	22.5%	103%	\$2,106	\$2,211	\$2,165	103%	120%
ACG	18.1%	22.1%	24.3%	22.3%	101%	\$1,497	\$1,572	\$1,527	102%	107%
DGG	16.4%	20.0%	22.0%	20.2%	101%	\$760	\$798	\$761	100%	105%

Payout Matrices to Measure Financial Metrics

We use payout matrices to determine payout percentages for our fiscal year 2017 short-term incentive program. The payout matrices are designed to reward profitable growth by increasing payout percentages commensurate with increased operating margin and / or revenue achievement as illustrated in the table below.

		FY17 - Revenue Achievement (% of plan)				
		0 - 90%	96.0%	100.0%	103.0%	105.0%
FY17 - OM Achievement (% of plan)	110%	120.00%	138.00%	150.00%	180.00%	200.00%
	105%	105.00%	117.00%	125.00%	140.00%	150.00%
	100%	90.00%	96.00%	100.00%	100.00%	100.00%
	90%	45.56%	49.89%	52.78%	54.44%	55.56%
	82%	10.00%	13.00%	15.00%	18.00%	20.00%

Note: This specific payout matrix was used to determine the company level payout percentage. The payout percentage is determined by finding the intersection between goal attainments as a percentage of plan for each financial metric. Payout percentages are assigned to each intersection of revenue and operating margin percentage throughout the payout matrix. Payouts between the numbers represented in the table above are calculated on a linear payout matrix and the threshold amount for operating margin percentage must be met in order for a payout to be made. Payout matrices vary by business group.

Key Business Initiatives – Targets and Results

For fiscal year 2017, under the Performance-Based Compensation Plan, we continued to utilize annual key business initiatives to align NEOs' objectives with strategic company priorities. These key business initiatives are established at the same time as the financial goals and account for 25% of the total target bonus for each NEO who was assigned to key business initiatives. The maximum payout per NEO for satisfaction of the strategic component is the lesser of (i) up to 200% of key business initiative performance results or (ii) 0.75% of non-GAAP pre-tax earnings for the Company, and the Compensation Committee may exercise negative discretion in determining the final payout.

The key business initiatives were selected to focus NEOs on strategic priorities such as revenue growth in specific markets and products, customer satisfaction scores and regulatory compliance. The following table sets forth (i) each key business initiative and its threshold, target and maximum achievement levels, (ii) the NEOs assigned to each key business initiative, and (iii) the final attainment and payout percentage for each objective. If an NEO is assigned to more than one objective, the weighting is equally distributed. For fiscal year 2017, Mr. McMullen and Mr. Hirsch were not assigned to any key business initiatives. For competitive purposes, specific threshold, target and maximum amounts are not shown in the descriptions that follow.

Officer Assigned	FY17 Key Business Initiative Description	Threshold (50%)	Target (100%)	Maximum (200%)	Payout Percentage
Mr. Doak	Enable touchless transactional business revenue growth	67% of plan	Achieve Plan	133% of plan	162%
Mr. Doak	Project Iris revenue growth and profitability	77% of plan	Achieve Plan	121% of plan	63%
Messrs. Doak and Kaltenbach	China revenue growth	57% of plan	Achieve Plan	143% of plan	93%
Mr. Kaltenbach	Grow LC/MS revenue and market share	67% of plan	Achieve Plan	133% of plan	85%
Mr. Kaltenbach	Project Secretariat revenue growth	50% of plan	Achieve Plan	150% of plan	64%
Mr. Thaysen	China revenue growth	60% of plan	Achieve Plan	140% of plan	0%
Mr. Thaysen	China product registration	42% of plan	Achieve Plan	142% of plan	50%
Mr. Thaysen	Workflow enablement initiative	33% of plan	Achieve Plan	167% of plan	50%

Actual payout tables for key business initiatives use a straight-line payout slope (and/or key milestones) from threshold to target and from target to maximum. Final payouts for each key business initiative are recommended by the CEO and approved by the Compensation Committee.

Long-Term Incentives – Performance Stock Units and Restricted Stock Units

Performance Stock Units Earned in Fiscal Year 2017

The performance stock units granted in fiscal year 2015 were measured based on relative TSR versus all companies in the S&P 500 Health Care, Industrials and Materials Indexes for fiscal years 2015 through 2017. The company did not establish an absolute TSR target as we believe performance is best measured on a relative basis against our selected peer group with the payout percentages as follows:

	Peer Group TSR	Payout Percentage
75 th Percentile	76.2%	200%
Median	40.1%	100%
25 th Percentile	15.8%	25%
Agilent	79.3%	200%

In November 2017, the Compensation Committee certified the relative TSR results and approved the payout at 200% for the FY15-FY17 performance period that ended on October 31, 2017 as set forth below. Our strong stock price performance exceeded the 75th percentile of the stock price performance of our peer group for the Long-Term Performance Program resulting in a 200% payout percentage.

	Target Awards (Shares)	Payout at 200% (Shares)	Value of Payout at 200% (\$)
Michael R. McMullen	50,801	101,602	\$6,854,071
Didier Hirsch	21,337	42,674	\$2,878,788
Mark Doak	11,176	22,352	\$1,507,866
Patrick Kaltenbach	10,160	20,320	\$1,370,787
Jacob Thaysen	5,080	10,160	\$685,394

Our TSR performance relative to peers and the payout percentages for the LTPP for the past five performance periods are set forth below:

Relative TSR Performance Stock Units – FY16 to FY18 Performance Period

Fifty percent of the performance stock units granted in fiscal year 2016 for the FY16 to FY18 performance period had financial goals based on relative TSR versus all companies in the S&P 500 Health Care and Materials Indexes for fiscal year 2016 through fiscal year 2018. Relative TSR performance stock units are completely “at-risk” compensation because our performance must be at or above the 25th percentile in order for the individuals to receive a payout. The final and only payout will be at the end of fiscal year 2018 based on the relative TSR for the three-year performance period.

Operating Margin Performance Stock Units – FY16 to FY18 Performance Period

Fifty percent of the performance stock units granted in fiscal year 2016 for the FY16 to FY18 performance period had financial goals based on adjusted operating margin. The number of shares earned under these performance stock units will be determined by calculating the operating margin percentage attained at the end of each of the three fiscal years in the performance period compared to the targets (which were set at the beginning of the three-year performance period). We use non-GAAP operating margin adjusted to exclude material M&A during the performance period, subject to Compensation Committee approval. The final and only payout at the end of fiscal year 2018 will be an average of the payout percentage for each fiscal year. The threshold, target and maximum numbers are set forth in the table below:

Fiscal Year	Long-Term Performance Shares Operating Margin Percentage				
	Threshold (25%)	Target (100%)	Maximum (200%)	Actual OM%	Attainment Percentage
FY16	19.50%	20.50%	21.50%	20.9%	140%
FY17	20.50%	21.50%	22.50%	22.6%	200%
FY18	21.00%	22.00%	23.00%	TBD	TBD
Payout					TBD

Long-Term Incentives Granted in Fiscal Year 2017

The Compensation Committee places emphasis on performance as 60% of the annual NEO grants consist of performance awards. Restricted stock units make up the other 40% of the target LTI value. The target value of the long-term incentives for each NEO ranged between the 25th and 75th percentile of our compensation peer group. Stock grant values were delivered as follows:

Equity Vehicle	Weighting	Metric	Vesting	Holding Period	Methodology for Determining Target Award	Payout Range
Performance Stock Units	30%	Relative Total Shareholder Return	100% after 3 rd year	One-year post-vest holding period	Divide the target award amount by the product of the 20-day average stock price, preceding the grant date, multiplied by the applicable accounting valuation	Lesser of 2X share target or 3X dollar target value
Performance Stock Units	30%	Earnings Per Share	100% after 3 rd year			
Restricted Stock Units	40%	None	25% each year over 4 years			n/a

The target value of the long-term incentive awards is determined at the beginning of the then-current fiscal year for each NEO. The target value reflects the Compensation Committee's judgment on the relative role of each NEO's position within the company, as well as the performance of each NEO and benchmark data from our compensation peer group.

Name	Type of Award / Value / # of Shares							
	Performance Stock Units - TSR		Performance Stock Units - EPS		Restricted Stock Units		Total Target Value of Long Term-Incentive Awards	
	(\$)	(#)	(\$)	(#)	(\$)	(#)	(\$)	
Michael R. McMullen	2,100,000	40,299	2,100,000	52,199	2,800,000	69,599	7,000,000	
Didier Hirsch	780,000	14,968	780,000	19,388	1,040,000	25,851	2,600,000	
Mark Doak	553,500	10,621	553,500	13,758	738,000	18,344	1,845,000	
Patrick Kaltenbach	521,100	10,000	521,100	12,953	694,800	17,270	1,737,000	
Jacob Thaysen	390,000	7,484	390,000	9,694	520,000	12,925	1,300,000	

Performance Conditions for Performance Stock Units Granted in Fiscal Year 2017

The Compensation Committee has established rolling three-year performance periods for determining earned performance stock awards. The financial goals for the performance stock units for fiscal year 2017 are based on relative TSR and earnings per share. Relative TSR aligns with stockholder interests as higher TSR results in higher potential returns for stockholders as well as ensuring a correlation between performance and payouts. Earnings per share ensures our executives are focused on long-term superior earnings growth. As noted above, our fiscal year 2017 short-term incentive program focuses on adjusted operating margin and revenue, which drive internal business strategies that in turn impact our TSR.

Relative TSR Performance Stock Units

The performance stock units granted in fiscal year 2017 with relative TSR as a metric will be measured and paid out based on relative TSR versus all companies in our LTPP peer group, the Health Care and Materials Indexes of the S&P 500 for fiscal year 2017 through fiscal year 2019. The LTPP peer group companies are established at the beginning of the performance period and need to have three full years of stock price data to be used in the final relative TSR calculation. The company does not establish an absolute TSR target as we believe performance is best measured on a relative basis against our selected LTPP peer group. The payout schedule determined by the Compensation Committee in fiscal year 2017 was as follows:

Relative TSR Performance	Payout as a Percentage of Target
Below 25 th Percentile Rank (threshold)	0%
25 th Percentile Rank	25%
50 th Percentile Rank (target)	100%
75 th Percentile Rank and Above	200%

Relative TSR performance stock units are completely “at-risk” compensation because our performance must be at or above the 25th percentile for the individuals to receive a payout.

For purposes of determining the relative TSR awards, relative TSR reflects (i) the aggregate change in the 20-day average closing price of our stock versus each of the companies in our LTPP peer group, each as measured at the beginning and end of the three-year performance period plus (ii) the value (if any) returned to stockholders in the form of dividends or similar distributions, assumed to be reinvested on distribution date on a pre-tax basis.

Earnings Per Share Performance Stock Units – FY17 to FY19 Performance Period

The earnings per share performance awards will be determined by calculating the earnings per share attained at the end of each of the three fiscal years in the performance period compared to the targets (which are set at the beginning of each fiscal year during the three-year performance period). The FY17 EPS target was set at the mid-point of external guidance issued at the beginning of the fiscal year. We use non-GAAP adjusted diluted earnings per share and all targets are subject to Compensation Committee approval. The final and only payout will be at the end of fiscal year 2019 based on an average of the payout percentage for each fiscal year. The threshold, target and maximum levels are set forth in the table below:

Fiscal Year	Long-Term Performance Shares Earnings Per Share			Actual EPS (non-GAAP)	Attainment Percentage
	Threshold (25%)	Target (100%)	Maximum (200%)		
FY17	\$1.98	\$2.13	\$2.28	\$2.36	200%
FY18	TBA	TBA	TBA	TBA	TBA
FY19	TBA	TBA	TBA	TBA	TBA
Payout					TBA

Additional Information

Equity Grant Practices

The Compensation Committee generally makes grants of stock awards to our NEOs at the first Compensation Committee meeting of our fiscal year. Awards are neither timed to relate to the price of our stock nor to correspond with the release of material non-public information, although grants are generally made when our trading window is open. Grants to current employees are generally effective on the date of the Compensation Committee meeting approving such grants. Grants to new employees, including potential NEOs, are typically made at the next regularly scheduled Compensation Committee meeting following the employee’s start date. The standard vesting schedule for our equity grants is 100% after the third year for performance stock units and 25% per year over four years for restricted stock units. Starting in fiscal year 2016, awards granted to executive level employees and above are also subject to a one-year post-vest holding period.

When an employee retires after age 55 with 15 years of service, his or her stock options and stock awards continue to vest per their original vesting schedule rather than accelerate at termination and such employee is eligible to receive the full amount paid out under his or her performance stock units at the end of the applicable performance period, assuming such retirement occurs after the 12-month anniversary of the date of grant of the performance stock units. If such retirement occurs during the first 12 months of the date of grant of the performance stock units, the employee would be eligible to receive a pro rata portion of the amount paid out under his or her performance stock units at the end of the applicable performance period. We believe continued vesting into retirement better aligns NEO interests with stockholders beyond the date they retire from the company. As of October 31, 2017, Messrs. McMullen, Hirsch and Doak met the eligibility requirements for continued vesting upon retirement. Stock options and stock awards vest on a “double-trigger” basis in connection with a change in control as described below. Finally, if an employee dies or becomes fully disabled, his or her unvested stock options or stock awards fully vest.

Compensation Risk Controls

Semler Brossy, our independent compensation consultant, collaborates with management to conduct an annual review of our compensation-related risks. The risk assessment conducted during fiscal year 2017 did not identify any significant compensation-related risks and concluded that our compensation program is well designed to encourage behaviors aligned with the long-term interests of stockholders. Semler Brossy also found an appropriate balance in fixed versus variable pay, cash and equity, corporate, business unit, and individual goals, financial and non-financial performance measures, and formulas and discretion. Finally, it was determined that there are appropriate policies and controls in place to mitigate compensation-related risk, including the following:

Recoupment Policy

We maintain an Executive Compensation Recoupment Policy that applies to all our executive officers covered by Section 16 of the Securities Exchange Act. Under this Policy, in the event of (1) a material restatement of financial results (wherein results were incorrect at the time published due to mistake, fraud or other misconduct) or (2) fraud or misconduct by an executive officer, the Compensation Committee will, in the case of a restatement, review all short and long-term incentive compensation awards that were paid or awarded to executive officers for performance periods beginning after July 14, 2009 that occurred, in whole or in part, during the restatement period. In the case of fraud or misconduct, the Compensation Committee will consider actions to remedy the misconduct, prevent its recurrence, and impose discipline on the wrongdoers, in each case, as the Compensation Committee deems appropriate.

These actions may include, without limitation:

- requiring reimbursement of compensation;
- the cancellation of outstanding restricted stock or deferred stock awards, stock options, and other equity incentive awards;
- limiting future awards or compensation; and
- requiring the disgorgement of profits realized from the sale of our stock to the extent such profit resulted from fraud or misconduct.

Insider Trading Policy

Our insider trading policy expressly prohibits:

- ownership of financial instruments or participation in investment strategies that hedge the economic risk of owning our stock;
- officers and directors from pledging our securities as collateral for loans; and
- officers, directors and employees from purchasing or selling our securities while in possession of material, non-public information, or otherwise using such information for their personal benefit.

Our executives and directors are permitted to enter into trading plans that are intended to comply with the requirements of Rule 10b5-1 of the Securities Exchange Act so that they can prudently diversify their asset portfolios and exercise their stock options before expiration.

Stock Ownership Guidelines

Our stock ownership guidelines are designed to encourage our NEOs and other executive officers to achieve and maintain a significant equity stake in our company and more closely align their interests with those of our stockholders. The guidelines provide that the CEO and CFO and other executive officers should accumulate and hold, within five years from election to his or her position, an investment level in our stock equal to the lesser of a multiple of his or her annual base salary or accumulate a direct ownership of our stock as set forth below:

Executive	Investment Level = Multiple of Annual Base Salary	Direct Ownership of Agilent Stock (# of Shares)
CEO	6X	N/A
CFO	3X	80,000
All other executive officers	3X	40,000

Shares directly owned by the executive officer and their household family members, deferred shares and vested restricted stock units are considered in complying with these guidelines. An annual review is conducted to assess compliance with the guidelines and at the end of fiscal year 2017, all of our NEOs had either met or were on track to reach their stock ownership guideline requirements within the applicable timeframe.

Benefits

Our global benefits philosophy is to provide NEOs with protection and security through health and welfare, retirement, disability insurance and life insurance programs. During fiscal year 2017, the CEO and other NEOs were eligible to receive the same benefits that are generally available to our other employees. Generally, it is our Compensation Committee’s philosophy to not provide perquisites to our NEOs except in limited circumstances.

In addition to the company-wide benefits, our NEOs have company-paid financial counseling through a third party service to assist with their personal finances. We believe that providing this service gives our NEOs a better understanding of their pay and benefits, allowing them to concentrate on our business objectives. Financial counseling is a benefit generally provided by our peer companies and is available at a reasonable group cost to us.

In addition, our executive officers can use company drivers to transport themselves and their family members to the airport for personal travel. Lastly, we provided some relocation expenses for Messrs. McMullen, Kaltenbach and Thaysen to facilitate their relocations to the San Francisco Bay Area from New Jersey, Germany and Denmark, respectively. These perquisites are included in the “All other Compensation” column in the “Summary Compensation Table.”

Deferred Compensation

NEOs on the U.S. payroll are eligible to voluntarily defer base salary, short-term incentives in the form of awards under the Performance-Based Compensation Plan and long-term incentives in the form of stock awards under the LTPP. The deferrals are made through our 2005 Deferred Compensation Plan, which is available to all active employees on the US payroll whose total target compensation is greater than or equal to \$270,000. This is a common benefit arrangement offered by our peer companies, and our plan does not guarantee above market or a specific rate of return on deferrals.

These benefits and an additional description of plan features are set forth in the section entitled “Non-Qualified Deferred Compensation in Last Fiscal Year” below and the narrative descriptions accompanying this section.

Retirement and Pension Benefits

Our executive officers are entitled to participate in the same defined contribution retirement plan that is generally available to all of our eligible employees. We make matching contributions to eligible participants’ retirement plan accounts based on a percentage of their eligible compensation under applicable rules. We believe that this retirement program permits our executives to save for their retirement in a tax-effective manner.

Policy Regarding Compensation in Excess of \$1 Million per Year

Section 162(m) generally disallows a tax deduction for compensation in excess of \$1 million paid to our “covered employees,” which currently include our CEO and the three other most highly compensated NEOs employed at the end of the year (other than our CFO). Certain compensation is specifically exempt from the deduction limit to the extent that it is “performance-based” as defined in Section 162(m).

Our Compensation Committee considers the impact of Section 162(m) in setting and determining executive compensation because it is concerned with the net cost of executive compensation to the company (i.e., taking into account the tax treatment of the compensation), and its ability to effectively administer executive compensation in the long-term interests of stockholders.

For fiscal year 2017, short-term cash incentives, restricted stock units and long-term performance stock units are intended to comply with the exception for performance-based compensation under Section 162(m). However, in order to maintain flexibility in rewarding individual performance and contributions, the Compensation Committee will not limit all the amounts paid under all of our compensation programs to just those that qualify for tax deductibility. Further, we cannot guarantee that compensation that is intended to comply with the performance-based compensation exception under Section 162(m) will in fact so qualify.

Under the Tax Cuts and Jobs Act of 2017 (“TCJA”), effective for our taxable year beginning November 1, 2018, the exception under Section 162(m) for performance-based compensation will no longer be available, subject to transition relief for certain grandfathered arrangements in effect as of November 2, 2017. In addition, the covered employees will be expanded to include our CFO, and once one of our NEOs is considered a covered employee, the NEO will remain a covered employee so long as he or she receives compensation from us. Given the lack of regulatory guidance to date, the Compensation Committee is not yet able to determine the full impact of the TCJA’s changes to Section 162(m) on the Company and our compensation programs.

Termination and Change of Control

Consistent with the practice of many of our peers, the Compensation Committee adopted change-of-control agreements designed to provide protection to the NEOs so they are not distracted by their personal, professional and financial situations at a time when we need them to remain focused on their responsibilities, our best interests and those of all our stockholders. These agreements provide for a “double-trigger” payout only in the event of a change of control and the executive officer is either terminated from his-or-her position or moved into a position that represents a substantial change in responsibilities within a limited period of time after the transaction (these agreements do not become operative unless both events occur).

We have eliminated excise tax gross-ups for our CEO, Mr. McMullen, and all officers entering into newly executed change-of-control agreements after July 14, 2009. Only one officer that had such protection under an agreement executed prior to July 14, 2009 will continue to have this benefit as long as the existing agreement remains in effect without material amendment. Potential payments to our NEOs in the event of a change of control under our existing agreements are reported in the “Termination and Change of Control Table.”

In addition, we have a Workforce Management Program in place that is applicable to all employees, including NEOs. Employment security is tied to competitive realities as well as individual results and performance, but from time to time, business circumstances could dictate the need for us to reduce our workforce. The Workforce Management Program is intended to assist employees affected by restructuring by providing transition income in the form of severance benefits.

The company’s executive compensation program is administered by the Compensation Committee of the Board (the “Compensation Committee”). The Compensation Committee, which is composed entirely of independent, non-employee directors, is responsible for approving and reporting to the Board on all elements of compensation for the executive officers. In this regard, the Compensation Committee has reviewed and discussed the “Compensation Discussion and Analysis” section of this Proxy Statement with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the “Compensation Discussion and Analysis” section be included in this Proxy Statement and incorporated by reference into the company’s 2017 Annual Report on Form 10-K.

- Compensation is provided only for fiscal years for which each individual qualified as an NEO.
- Reflects the aggregate grant date fair values, computed in accordance with Financial Accounting Standards Board, Accounting Standards Codification, Topic 718, Stock Compensation ("FASB ASC Topic 718"). For more information regarding our application of FASB ASC Topic 718, including the assumptions used in the calculations of these amounts, please refer to Note 4 of Notes to Consolidated Financial Statements contained in our Annual Report on Form 10-K filed with the SEC on December 21, 2017.
- The expenses listed in these columns include expenses for stock awards and options awarded in accordance with the LTPP and 2009 Stock Plan. For performance-based restricted stock unit awards, the grant date fair value of such awards at the time of grant was based upon the probable outcome at the time of grant. The value of the performance-based restricted stock unit awards at the grant date assuming that the highest level of performance conditions was achieved was \$8,656,248, \$3,215,140, \$2,281,454, \$2,148,012 and \$1,607,568 for Messrs. McMullen, Hirsch, Doak, Kaltenbach and Thaysen, respectively. The amounts reflected in this column do not represent the actual amounts paid to or realized by the named executive officer for these awards.
- Amounts consist of incentive awards earned by the NEOs during the fiscal year under the Performance-Based Compensation Plan for Covered Employees.
- Amounts represent the net change in pension value for the following company sponsored pension plans: Agilent Technologies, Inc. Deferred Profit-Sharing Plan; Agilent Technologies, Inc. Retirement Plan; Agilent Technologies, Inc. Supplemental Benefit Retirement Plan; and the Agilent Technologies, Inc. German Pension Plan. Amounts included for Mr. Kaltenbach are shown in U.S. Dollars but his change in pension value for the German Pension Plan are calculated in Euros and then converted to U.S. Dollars using the prevailing exchange rate as of the last business day of the applicable fiscal year. The cumulative year-over-year change for Mr. Hirsch resulted in a net loss but is shown in the table as zero.

Amounts include matching contributions on deferred base salary and /or transitional company contributions, both of which were provided to all eligible employees as a result of the freeze of our pension plan.
- c) Amounts reflect the cost to the company of financial counseling and tax preparation services.
- d) Amounts reflect imputed income expenses for the use of our drivers and vehicles for personal travel, including spouses and family; and expenses related to spousal travel to our annual President's Club meeting to recognize the highest performing sales people in the company. The amounts include tax gross-ups on the expenses related to spousal travel to our President's Club of \$3,954 for Mr. McMullen, \$4,059 for Mr. Hirsch, \$3,443 for Mr. Doak, \$3,538 for Mr. Kaltenbach and \$4,158 for Mr. Thaysen. Gross-ups on spousal travel to our President's Club is provided for all attendees, not just the named executive officers.
- e) Our relocation program is available to all employees including officers, and is designed to facilitate employee relocations that support our business priorities. Our relocation program does not provide any payments for loss on the sale of a home or special tax gross ups. When Mr. McMullen was named CEO, and once his management team had been identified, it was decided that it would be in the best interest of the company and its stockholders for Messrs.' McMullen, Kaltenbach and Thaysen to relocate to the Bay Area and work at our corporate headquarters located in Santa Clara, one of the costliest housing areas in the U.S. For Messrs. Kaltenbach and Thaysen, this entailed permanent relocation from their home countries of Germany and Denmark, respectively. To facilitate these moves, each of these NEOs participated in our relocation program. For fiscal year 2017, relocation costs for Mr. McMullen were \$109,368 in total for his expenses related to his relocation from New Jersey to the San Francisco Bay Area. This amount covered expense related to the purchase of a home. The total relocation costs for Mr. Kaltenbach's relocation from Germany for 2017 was \$506,594. This included his second of two installments of \$447,500, payable under our Global Relocation Supplement Program that is available to all international transferees (see below); \$32,320 for tax preparation / consultation and host authority tax payment; \$10,421 for miscellaneous allowances; and \$16,353 for expenses related to the sale and purchase of a home. These expenses included \$83,500, payable under our Global Relocation Supplement Program; \$4,305 for tax preparation / consultation and host authority tax payment; \$57,273 for cost of living adjustments; and \$10,609 for expenses related to shipping of household goods.

Pension Benefits

The following table shows the estimated present value of accumulated benefits, including years of service, payable at normal retirement age (65) to our NEOs under certain pension plans. Mr. Thaysen did not have an interest in any of our pension plans and there were no payments under any of our pension plans to any of our NEOs in fiscal year 2017. To calculate an eligible employee's years of service, the pension plans will bridge each eligible employee's service, if any, with Hewlett-Packard Company prior to June 2, 2000 to that eligible employee's service with us on or after June 2, 2000; the total years of service will reflect employment service from both Hewlett-Packard and us, capped at 30 years of service. The cost of all pension plans set forth below is paid entirely by us. The present value of accumulated benefit is calculated using the assumptions under Accounting Standards Codification Topic 715: Compensation – Retirement Benefits for the fiscal year end measurement (as of October 31, 2017). The present value is based on a lump sum interest rate of 5.5%, DPSP rate of return of 7.25% and the "applicable mortality table" described in section 417(e)(3) of the Internal Revenue Code. See also Note 13 to our consolidated financial statements in its Annual Report on Form 10-K for the fiscal year ended October 31, 2017, as filed with the SEC on December 21, 2017.

Deferred Profit-Sharing Plan

The Deferred Profit-Sharing Plan is a closed, defined contribution plan. The Deferred Profit-Sharing Plan was created by Hewlett-Packard and covers participants' service with Hewlett-Packard before November 1, 1993 and is used as a floor offset for the Retirement Plan for service prior to November 1, 1993. There have been no contributions into the plan since October 31, 1993.

For service prior to November 1, 1993 (if any), the benefit due is the greater of (i) the benefit defined by the Retirement Plan formula, or (ii) the annuity value of the Deferred Profit-Sharing Plan account balance. Therefore, for service prior to November 1, 1993, the Retirement Plan guarantees a minimum retirement benefit.

Benefits under the Deferred Profit-Sharing Plan are payable at normal retirement age as either (i) a single life annuity for single participants, or (ii) a 50% joint and survivor annuity for married participants. Participants may elect to receive payments at any time following termination or retirement and in the above forms or as 75% or 100% joint and survivor annuity, or as a one-time lump sum.

Retirement Plan

The Retirement Plan, which was frozen for all participants as of April 30, 2016, was available to all employees hired onto U.S. payroll before November 1, 2014 and guarantees a minimum retirement benefit payable at normal retirement age (the later of age 65 or termination). Benefits were accrued on a monthly basis as a lump sum payable at normal retirement age based on eligible pay and years of service up to a maximum of 30 years as follows:

For participants who have fewer than 15 years of service:

11% × target pay at the end of the month

PLUS

5% × target pay at the end of the month in excess of 50% of the Social Security Wage Base

For participants who have 15 or more years of service:

14% × target pay at the end of the month

PLUS

5% × target pay at the end of the month in excess of 50% of the Social Security Wage Base

Benefits under the Retirement Plan are payable as either (a) a single life annuity for single participants or as (b) a 50% joint and survivor annuity for married participants. Participants may elect to receive payments at any time following termination or retirement and in the above forms or as an actuarially equivalent 75% or 100% joint and survivor annuity, or as a one-time lump sum. Payments made prior to normal retirement age will be reduced in accordance with the plan provisions.

Supplemental Benefit Retirement Plan

The Supplemental Benefit Retirement Plan, which was frozen for all participants as of April 30, 2016, is an unfunded, non-qualified deferred compensation plan. Benefits payable under this plan are equal to the excess of the combined qualified Retirement Plan and Deferred Profit-Sharing Plan amount that would be payable in accordance with the terms of the Retirement Plan disregarding the benefit and compensation limitations imposed pursuant to sections 415 and 401(a)(17) of the Internal Revenue Code.

Benefits under the Supplemental Benefit Retirement Plan are payable upon termination or retirement as follows:

- Accruals prior to January 1, 2005 are paid in a single lump sum in the January following the fiscal year in which the participant takes his qualified Retirement Plan benefit.
- Accruals after December 31, 2004 are paid based on the date the participant retires or terminates: in January immediately following if retirement or termination occurs during the first six months of the year; or in July if retirement or termination occurs during the second six months of the year. Participants will receive a benefit in the form of either five annual installments (if the lump sum value is at least \$150,000); or in a single lump sum (if the lump sum value is less than \$150,000).

Agilent Technologies, Inc. International Relocation Benefit Plan

The Agilent Technologies, Inc. International Relocation Benefit Plan (IRBP) is an unfunded program that was created by Hewlett-Packard in 1989 and was open to employees who transferred from one country payroll to another at the company's request prior to December 1, 2001. Mr. Hirsch transferred from France to the United States at the company's request in September 1999. Upon transfer to the US payroll, he became eligible to participate in the company's US retirement programs and was no longer eligible to accrue benefits under the France Pension Plan. As he transferred at the company's request, he became eligible for the IRBP. The objective of the IRBP is to mitigate the possible estimated retirement income loss under country social security plans, governmental programs and our retirement schemes to an employee who has transferred internationally on a permanent, company-sponsored basis. The plan was closed to new participants effective November 30, 2001. Effective May 1, 2012, the IRBP benefit was frozen for all participants. Mr. Hirsch's benefit was \$105,356 as of October 31, 2017. The frozen IRBP benefit will accrue interest at 2% annum until his retirement. Any loss of retirement income resulting from Mr. Hirsch's no longer accruing benefits under the foregoing French arrangements will be paid to Mr. Hirsch in a single lump sum upon retirement from the company's general assets as soon as administratively feasible.

Agilent Technologies, Inc. German Pension Plan

The Agilent Technologies German Pension Plan (PPL) is a Defined Benefit plan inherited from Hewlett-Packard and has been closed to new entrants since Dec 31, 1994. Mr. Kaltenbach is the only NEO participating in this plan. The plan offers retirement, disability and death benefits. Benefits under the plan are calculated as 0.5% of the last two years Pensionable Salary up to the SSC (Social Security Ceiling) plus 2% of the last 2 years Pension Salary in excess of the SSC, multiplied by the pensionable service (max 40 years). There is no employee contribution. Benefits are payable at age 65 with accrual reductions before age 60. The plan also provides death and disability coverage (60% for widow and widower and 15% for orphans).

Non-Qualified Deferred Compensation

For fiscal year 2017, the 2005 Deferred Compensation Plan was available to all active employees on the US payroll with total target cash salary, including the short-term Performance-Based Compensation Plan, greater than or equal to \$270,000.

There are three types of earnings that may be deferred under the program:

1. 100% of annual base pay earnings in excess of the IRS qualified plan limit of \$270,000 for 2017;
2. 95% of bonus earnings, discretionary and cash compensation paid under the Performance-Based Compensation Plan; and
3. 95% of performance based compensation paid out in accordance with the terms of our LTPP. Awards under this program are paid out in the form of our common stock.

Deferral elections may be made annually and are part of overall tax planning for many executives. There are several investment options available under the Plan, most of which mirror the investment choices under our tax-qualified 401(k) plan. All investment choices are made by the participant. Based on market performance, dividends and interest are credited to participants' accounts from the funds that the participant has elected.

At the time participation is elected, employees must also elect payout in one of three forms, which can commence upon termination or be delayed by an additional one, two or three years following termination:

1. a single lump sum payment;
2. annual installments over a five to fifteen-year period; or
3. a single lump sum payment in January or July on or after 2019.

The company currently provides two types of employer contributions. The first is a matching contribution up to 6% of deferred base pay amounts above the IRS qualified plan limit. The second is a transitional company contribution (DCPTCC) which is a formulaic contribution put in place due to the freeze of the U.S. pension and supplemental benefit retirement plans respectively. Contributions made by the company to our NEOs are detailed in the table that follows.

Payouts are distributed to eligible participants in January of the year following termination, if termination occurs during the first six months of the calendar year. Otherwise, payouts are distributed to eligible participants in July of the year following termination

where termination occurs during the second half of the calendar year. No early distributions or withdrawals are allowed. When and if received, a participant in the LTPP may elect to defer his or her shares through our 2005 Deferred Compensation Plan. The LTPP shares are deferred in the form of our common stock only. At the end of the deferral period, the LTPP shares are released to the executive.

We have established a rabbi trust as a source of funds to make payments under the non-qualified deferred compensation plan. As of October 31, 2017, the rabbi trust with Fidelity Management Trust Company was fully funded, so there is no need for additional funding.

The table below provides information on the non-qualified deferred compensation of the NEOs for fiscal year 2017.

Termination and Change of Control Arrangements

Set forth below is a description of the plans and agreements that could result in potential payments to the NEOs in the case of their termination of employment and/or a change of control of the company.

Change of Control Agreements

Each NEO has signed a Change of Control Agreement. Under these agreements, in the event that within 24 months after a change of control of the company, the company or its successor terminates the employment of such executive without cause or an event constituting good reason occurs and the executive resigns within three months after such an event, the executive will be entitled to: (i) two times, or solely with respect to the CEO, three times, the sum of such executive's base salary and target bonus, (ii) payment of \$80,000 for medical insurance premiums, (iii) full vesting of all outstanding options and stock awards not subject to performance-based vesting, and (iv) a prorated portion of any bonus. The Compensation Committee amended our forms of change of control agreement to remove tax gross-ups of parachute payments. These amended forms of agreements are used with any newly executed agreements after July 14, 2009. In September 2014, the Compensation Committee further amended these agreements to expand the change of control definition, add anticipatory termination language, more clearly define how the prorated bonus is calculated and clarify treatment of LTPP awards.

For agreements entered into before July 14, 2009 and to the extent that the payment of these benefits triggers the excise tax under Section 4999 of the Code or any comparable federal, state, local or foreign excise tax, the company will be responsible for payment of any additional tax liability arising from the application of such excise tax, subject to certain exceptions. Only one officer, not the CEO, has an agreement entered into prior to July 14, 2009 that contains a tax gross-up provision. In exchange for such consideration, this executive has agreed to execute a release of all of the executive's rights and claims relating to his or her employment.

Under the current agreements, a "change of control" means the occurrence of any of the following events: (i) the sale, exchange, lease or other disposition or transfer of all or substantially all of the assets of the company to a third party; (ii) a merger or consolidation involving the company in which our stockholders immediately prior to such merger or consolidation are not the owners of more than 75% of the total voting power of the outstanding voting securities of the company after the transaction; (iii) the acquisition of beneficial ownership of at least 25% of the total voting power of the outstanding voting securities of the company

by a third person; or (iv) Individuals who, as of Effective Date, constitute the Board (the “Incumbent Board”) cease for any reason to constitute at least a majority of the Board.

“Good reason” means (i) the reduction of the officer’s rate of pay, other than reductions that apply to employees generally and variable and performance reductions; (ii) reduction in benefits or failure to receive the same benefits as similarly situated employees; (iii) a change in the officer’s duties, responsibilities, authority, job title, or reporting relationships resulting in a significant diminution of position, subject to certain exceptions; (iv) the relocation to a worksite that is more than 35 miles from his prior worksite and which increases the distance between such executive’s home and principal office by more than 35 miles, unless executive accepts such relocation opportunity; (v) the failure or refusal of a successor to the company to assume our obligations under the agreement, or (vi) a material breach by the company or any successor to the company of any of the material provisions of the agreement.

Under these agreements, “cause” means misconduct, including: (i) conviction of any felony or any crime involving moral turpitude or dishonesty which has a material adverse effect on our business or reputation; (ii) repeated unexplained or unjustified absences from the company; (iii) refusal or willful failure to act in accordance with any specific directions, orders or policies of the company that has a material adverse effect on our business or reputation; (iv) a material and willful violation of any state or federal law that would materially injure the business or reputation of the company as reasonably determined by the Board; (v) participation in a fraud or act of dishonesty against the company which has a material adverse effect on our business or reputation; (vi) conduct by the officer which the Board determines demonstrates gross unfitness to serve; or (vii) intentional, material violation by the officer of any contract between the officer and the company or any statutory duty of the officer to the company that is not corrected within thirty days after written notice to the officer.

In addition, in the event of a change of control:

1. Participants in the LTPP would receive at the earlier of the end of the performance period or termination of the program, an LTPP payout equivalent to the greater of the target award or the accrued amount of the payout, and in the case of termination during the first 12 months of the performance cycle, prorated for the amount of time elapsed during the first twelve months of the performance period; and
2. Participants who receive restricted stock unit awards would vest in full immediately prior to the closing of the transaction, unless the awards are assumed, converted or replaced in full by the successor corporation or a parent or subsidiary of the successor.

Termination and Change of Control Table

For each of the NEOs, the table below estimates the amount of compensation that would be paid in the event of a change of control of the company occurs and executive is terminated without cause or voluntarily terminates at a time when an event constituting good reason has occurred, in both cases either within 24 months following the change of control or within three months prior to such change of control.

The amounts shown assume that each of the terminations was effective October 31, 2017.

- (1) Flat lump sum benefit for healthcare expenses, including additional health plan premium payments that may result from termination in the event of change of control.
- (2) Calculated using the in-the-money value of unvested options as of October 31, 2017, the last business day of our last completed fiscal year. The closing price of our common stock as of October 31, 2017 was \$68.03.
- (3) For information regarding potential payments upon termination under the Retirement Plan, the Supplemental Benefit Retirement Plan, the Deferred Profit-Sharing Plan and the German Pension Plan, in which our NEOs participate, see “Pension Benefits” above.

- (4) In the case of Mr. Hirsch, to the extent that the payment of the listed benefits triggers the excise tax under Section 4999 of the Code or any comparable federal, state, local or foreign excise tax, we will be responsible for payment of any additional tax liability arising from the application of such excise tax. However, Mr. Hirsch shall not be entitled to receive a gross-up payment if (i) the payment of the listed benefits may be reduced to an amount (the “Reduced Amount”) sufficient to result in no portion of such payment being subject to an excise tax, and (ii) after reducing such payment by the Reduced Amount, the executive would receive, on a pre-tax basis, an amount not less than 90% of the value of the unreduced payment on a pre-taxed basis.
- (5) We determined the amount of the excise tax payment in accordance with the provisions of Section 280G of the Code. We utilized the following key assumptions to determine the tax gross-up payment: (i) the interest rate assumption was 120% of the applicable federal rate effective for the month of October 2017, compounded semiannually; (ii) a statutory federal income tax rate of 39.6%, Medical tax rate of 2.35%, California income tax rate of 13.3%; (iii) Section 280G “base amount” was determined based on average W-2 compensation for the period from 2012-2016; and (iv) equity grants made within one year of transaction were in the ordinary course of business and were not in contemplation of a transaction.

PROPOSAL 3 — ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Our stockholders are entitled to cast an advisory vote at the Annual Meeting to approve the compensation of our named executive officers, as disclosed in this proxy statement. The stockholder vote is an advisory vote only and is not binding on the company or its Board of Directors. The company currently intends to submit the compensation of the company's named executive officers annually, consistent with the advisory vote of the stockholders at the company's 2011 and 2017 Annual Meetings.

Although the vote is non-binding, the Compensation Committee and the Board of Directors value your opinions and will consider the outcome of the vote in establishing compensation philosophy and making future compensation decisions.

As described more fully in the "Compensation Discussion and Analysis" and in "Executive Compensation" sections of the proxy statement, our named executive officers, as identified on page 28 are compensated in a manner consistent with our business strategy, competitive practice, sound compensation governance principles and stockholder interests and concerns. Our compensation policies and decisions are focused on pay-for-performance.

We are requesting your non-binding vote to approve the compensation of our named executive officers as described in the "Compensation Discussion and Analysis" and "Executive Compensation" sections of the proxy statement.

Vote Required

The advisory vote regarding approval of the compensation of our named executive officers requires the affirmative vote of a majority of shares present at the annual meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions will have the same effect as votes against this proposal. Broker non-votes will have no effect on this proposal as brokers are not entitled to vote on such proposal in the absence of voting instructions from the beneficial owner.

The Board of Directors recommends a vote FOR the approval of the compensation of our named executive officers for fiscal 2017.

PROPOSAL 4 — RATIFICATION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit and Finance Committee of the Board has appointed PricewaterhouseCoopers LLP (“PwC”) as our independent registered public accounting firm to audit its consolidated financial statements for the 2018 fiscal year. During the 2017 fiscal year, PwC served as our independent registered public accounting firm and also provided certain tax and other non-audit services. Although we are not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the Audit and Finance Committee will investigate the reasons for stockholder rejection and will reconsider the appointment.

Representatives of PwC are expected to attend the annual meeting where they will be available to respond to questions and, if they desire, to make a statement.

Vote Required

The appointment of PwC as our independent registered public accounting firm requires the affirmative vote of a majority of shares present at the annual meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions will have the same effect as a vote against this proposal. The approval of the appointment of PwC is a routine proposal on which a broker or other nominee is generally empowered to vote in the absence of voting instructions from the beneficial owner, so broker non-votes are unlikely to result from this proposal.

The Board of Directors recommends a vote FOR the ratification of the Audit and Finance Committee’s appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm.

In making its recommendation to ratify the appointment of PwC as our independent registered public accounting firm for the fiscal year ending October 31, 2018, the Audit and Finance Committee has considered whether services other than audit and audit-related services provided by PwC are compatible with maintaining the independence of PwC.

The Audit and Finance Committee has discussed with PricewaterhouseCoopers LLP, during the 2017 fiscal year, the matters required to be discussed by AS 1301 (Communications with Audit Committees), as adopted by the Public Company Accounting Oversight Board and approved by the SEC.

The Audit and Finance Committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit and Finance Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP its independence from the company. Based on the review and discussions noted above, the Audit and Finance Committee recommended to the Board that the company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended October 31, 2017, and be filed with the U.S. Securities and Exchange Commission.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires our directors, executive officers and holders of more than 10% of our common stock to file reports with the SEC regarding their ownership and changes in ownership of our common stock. We believe that during the 2017 fiscal year, our executive officers and directors complied with all Section 16(a) filing requirements. In making these statements, we have relied upon examination of copies of Forms 3, 4 and 5 provided to us and the written representations of our directors and officers.

Q: *Who can attend the annual meeting?*

A: Stockholders of record as of January 23, 2018 (the “Record Date”), may attend and vote at the annual meeting.

Q: *Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?*

A: In accordance with rules and regulations adopted by the Securities and Exchange Commission (the “SEC”), instead of mailing a printed copy of our proxy materials to each stockholder of record, we are furnishing proxy materials, including this Proxy Statement and our 2017 Annual Report to Stockholders, by providing access to such documents on the Internet. Stockholders will not receive printed copies of the proxy materials unless they request them. Instead, commencing on or about February 7, 2018, a Notice of Internet Availability of Proxy Materials (the “Notice”) was sent to most of our stockholders which will instruct you how to access and review the proxy materials on the Internet. The Notice also instructs you to submit your proxy via the Internet. If you would like to receive a paper or email copy of our proxy materials, please follow the instructions for requesting such materials in the Notice.

Q: *Why am I receiving these materials?*

A: We are providing these proxy materials to you on the Internet or, upon your request, have delivered printed versions of these materials to you by mail, in connection with our 2018 annual meeting of stockholders, which will take place on March 21, 2018. Stockholders are invited to attend the annual meeting and are requested to vote on the proposals described in this Proxy Statement.

Q: *Who is soliciting my proxy?*

A: We are soliciting proxies to be used at the annual meeting of stockholders on March 21, 2018, for the purposes set forth in the foregoing Notice.

Q: *What is included in these materials?*

A: These materials include:

- our Proxy Statement for our annual meeting; and
- our 2017 Annual Report to Stockholders, which includes our audited consolidated financial statements.

If you requested printed versions of these materials by mail, these materials also include the proxy card for the annual meeting.

Q: *What information is contained in these materials?*

A: The information included in this Proxy Statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and our most highly paid officers and certain other required information.

Q: *What shares owned by me can be voted?*

A: All shares owned by you as of the close of business on January 23, 2018 may be voted. You may cast one vote per share of common stock that you held on the Record Date. These include shares that are: (1) held directly in your name as the stockholder of record, including shares received or purchased through the Agilent Technologies, Inc. 1999 Stock Plan and 2009 Stock Plan and the Agilent Technologies, Inc. Employee Stock Purchase Plan, and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee or held for your account by the Deferred Compensation Plans. You can direct Fidelity, the trustee of the Deferred Compensation Plans, to vote your proportionate interest in the shares of common stock held under the Deferred Compensation Plans by returning a proxy card or voting instruction form or by providing voting instructions via the Internet or by telephone. Fidelity will vote your Deferred Compensation Plan shares as of the record date in the manner directed by you. Because Fidelity is designated to vote on your behalf, you will not be able to vote your shares held in the Deferred Compensation Plans in person at the meeting. If we do not receive voting instructions from you by 1:00 a.m. Eastern time on March 19, 2018, Fidelity will not vote your Deferred Compensation Plan shares on any of the proposals brought at the annual meeting.

On the Record Date, we had 322,717,303 shares of common stock issued and outstanding.

Q: *What is the difference between holding shares as a stockholder of record and as a beneficial owner?*

A: Most of our stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent Computershare, you are considered, with respect to those shares, the stockholder of record, and the Notice, or if requested, these proxy materials are being sent directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to the persons named as proxy holders, Michael R. McMullen, Chief Executive Officer and Michael Tang, Senior Vice President, General Counsel and Secretary, or to vote in person at the annual meeting. If you requested printed copies of the proxy materials, we have enclosed a proxy card for you to use. You may also vote on the Internet or by telephone, as described below under the heading “How can I vote my shares without attending the annual meeting?”

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name”, and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you are invited to attend the annual meeting. You also have the right to direct your broker on how to vote these shares. Your broker or nominee should have enclosed a voting instruction card for you to direct your broker or nominee how to vote your shares. You may also vote by Internet or by telephone, as described below under “How can I vote my shares without attending the annual meeting?” However, shares held in “street name” may be voted in person by you only if you obtain a signed proxy from the record holder (stock brokerage, bank, or other nominee) giving you the right to vote the shares.

Q: *What identification is required for admission to the annual meeting?*

A: In order to be admitted to the annual meeting, you must present proof of ownership of our stock on the Record Date. This can be a brokerage statement or letter from a bank or broker indicating ownership on January 23, 2018, the Notice of Internet Availability of Proxy Materials, a proxy card, or legal proxy or voting instruction card provided by your broker, bank or nominee. Any holder of a proxy from a stockholder must present the proxy card, properly executed, and a copy of the proof of ownership. Stockholders and proxyholders may also be asked to present a form of photo identification such as a driver’s license or passport. Backpacks, cameras, cell phones with cameras, recording equipment and other electronic recording devices will not be permitted at the annual meeting. We reserve the right to inspect any persons or

proposals prior to their admission to the annual meeting. Failure to follow the meeting rules or permit inspection will be grounds for exclusion from the annual meeting.

Q: *How can I vote my shares in person at the annual meeting?*

A: Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to vote your shares in person at the annual meeting, please bring proof of ownership of our stock on the record date, such as the Notice of Internet Availability of Proxy Materials, legal proxy, voting instruction card provided by your broker, bank or nominee, or a proxy card as well as proof of identification. Even if you plan to attend the annual meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting.

Q: *How can I vote my shares without attending the annual meeting?*

A: Whether you hold your shares directly as the stockholder of record or beneficially in “street name”, you may direct your vote without attending the annual meeting by proxy. You can vote by proxy over the Internet or by telephone. Please follow the instructions provided in the Notice, or, if you request printed copies of proxy materials, on the proxy card or voting instruction card.

Q: *Can I revoke my proxy or change my vote?*

A: You may revoke your proxy or change your voting instructions prior to the vote at the annual meeting. You may enter a new vote by using the Internet or the telephone or by mailing a new proxy card or new voting instruction card bearing a later date (which will automatically revoke your earlier voting instructions) or by attending the annual meeting and voting in person. Your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you specifically so request.

Q: *How are votes counted?*

A: In the election of directors, your vote may be cast “FOR” or “AGAINST” one or more of the nominees, or you may “ABSTAIN” from voting with respect to one or more of the nominees. Shares voting “ABSTAIN” have no effect on the election of directors.

For proposals 2, 3 and 4 your vote may be cast “FOR” or, “AGAINST” or you may “ABSTAIN.” If you “ABSTAIN”, it has the same effect as a vote “AGAINST.” If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted as described below in “Abstentions and Broker Non-Votes.

Abstentions and Broker Non-Votes

Any shares represented by proxies that are marked to “ABSTAIN” from voting on a proposal will be counted as present in determining whether we have a quorum. They will also be counted in determining the total number of shares entitled to vote on a proposal. Abstentions and, if applicable, broker non-votes will not be counted as votes “FOR” or “AGAINST” a director nominee. Accordingly, abstentions are not counted for the purpose of determining the number of votes cast in the election of directors.

If your shares are held in street name and you do not instruct your broker on how to vote your shares, your broker, in its discretion, may either leave your shares unvoted or vote your shares on routine matters. Only Proposal 4 (ratifying the appointment of our independent registered public accounting firm) is considered a routine matter. If your broker returns a proxy card but does not vote your shares, this results in a “broker non-vote.” Broker non-votes will be counted as present for the purpose of determining a quorum.

Proposals 1 (election of directors), 2 (approval of the amendment and restatement of our 2009 Stock Plan) and 3 (approval of the compensation of our named executive officers) are not considered routine matters, and without your instruction, your broker cannot vote your shares. Because brokers do not have discretionary authority to vote on these proposals, broker non-votes will not be counted for the purpose of determining the number of votes cast on these proposals.

Q: *What does it mean if I receive more than one Notice, proxy or voting instruction card?*

A: It means your shares are registered differently or are in more than one account. For each Notice you receive, please vote online for each control number you have been assigned. If you receive paper copies of proxy materials, please provide voting instructions for all proxy and voting instruction cards you receive.

Q: *Where can I find the voting results of the annual meeting?*

A: We will announce preliminary voting results at the annual meeting and publish preliminary, or final results if available, in a Current Report on Form 8-K within four business days of the annual meeting.

Q: *What happens if additional proposals are presented at the annual meeting?*

A: Other than the four proposals described in this Proxy Statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, Michael R. McMullen, Chief Executive Officer, and Michael Tang, Senior Vice President, General Counsel and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting. If for any unforeseen reason, any one or more of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Q: *What is the quorum requirement for the annual meeting?*

A: The quorum requirement for holding the annual meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the annual meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the annual meeting.

Q: *Who will count the vote?*

A: A representative of Computershare will tabulate the votes and act as the inspector of election.

Q: *Is my vote confidential?*

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the company or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation by the Board. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to our management.

Q: *Who will bear the cost of soliciting votes for the annual meeting?*

A: We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. We have retained the services of Georgeson LLC (“Georgeson”) to aid in the solicitation of proxies from banks, brokers, nominees and intermediaries. We estimate that we will pay Georgeson a fee of \$13,000 for its services.

In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

Q: *May I propose actions for consideration at next year’s annual meeting of stockholders or nominate individuals to serve as directors?*

A: You may submit proposals for consideration at future annual stockholder meetings, including director nominations.

Stockholder Proposals: In order for a stockholder proposal to be considered for inclusion in our proxy statement for next year’s annual meeting, the written proposal must be received by us no later than October 5, 2018 and should contain such information as is required under our Bylaws. Such proposals will need to comply with the SEC’s regulations regarding the inclusion of stockholder proposals in our proxy materials. In order for a stockholder proposal to be raised from the floor during next year’s annual meeting, written notice must be received by us no later than October 5, 2018 and should contain such information as required under our Bylaws.

Nomination of Director Candidates: Our Bylaws permit stockholders to nominate directors at a stockholder meeting. In order to make a director nomination at an annual stockholder meeting, it is necessary that you notify us not less than 120 days before the first anniversary of the date that the proxy statement for the preceding year’s annual meeting was first sent to stockholders.

Our 2018 Proxy Statement was first sent to stockholders on February 7, 2018. Thus, in order for any such nomination notice to be timely for next year’s annual meeting, it must be received by us no later than October 5, 2018. In addition, the notice must meet all other requirements contained in our Bylaws and include any other information required pursuant to Regulation 14A under the Exchange Act.

Copy of Bylaw Provisions: You may contact our Corporate Secretary at our corporate headquarters for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates. Additionally, a copy of our Bylaws can be accessed on the Agilent Investor Relations Web site under “Corporate Governance.”

Q: *How do I obtain a separate set of proxy materials if I share an address with other stockholders?*

A: To reduce expenses, in some cases, we are delivering one set of the proxy materials or, where applicable, one Notice to certain stockholders who share an address, unless otherwise requested by one or more of the stockholders. For stockholders receiving hard copies of the proxy materials, a separate proxy card is included with the proxy materials for each stockholder. For stockholders receiving a Notice, the Notice will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy on the Internet. If you have only received one set of the proxy materials or one Notice, you may request separate copies at no additional cost to you by contacting us at:

Agilent Technologies, Inc.
Attn: Stockholder Records
5301 Stevens Creek Blvd.
Santa Clara, California 95051

You may also request separate paper proxy materials or a separate Notice for future annual meetings by following the instructions for requesting such materials in the Notice, or by contacting us by calling or writing.

Q: *If I share an address with other stockholders of the company, how can we get only one set of voting materials for future meetings?*

Non-GAAP net income	<u>\$ 768</u>	<u>\$ 2.36</u>	<u>\$ 651</u>	<u>\$ 1.98</u>	<u>\$ 583</u>	<u>\$ 1.74</u>

(a) The adjustment for taxes excludes tax benefits that management believes are not directly related to on-going operations and which are either isolated or cannot be expected to occur again with any regularity or predictability. For the years ended October 31, 2017, October 31, 2016 and October 2015, management used a non-GAAP effective tax rate of 18.0%, 19.0% and 20%, respectively.

Historical amounts are reclassified to conform with current presentation.

We provide non-GAAP net income and non-GAAP net income per share amounts in order to provide meaningful supplemental information regarding our operational performance and our prospects for the future. These supplemental measures exclude, among other things, charges related to amortization of intangibles, business exit and divestiture costs, transformational initiatives, acquisition and integration costs, pension settlement gain and impairment of investment and loans.

Asset impairments include assets that have been written-down to their fair value.

Business exit and divestiture costs include costs associated with the exit of the NMR business and other business divestitures.

Transformational initiatives include expenses associated with targeted cost reduction activities such as manufacturing transfers, site consolidations, legal entity and other business reorganizations, insourcing or outsourcing of activities. Such costs may include move and relocation costs, one-time termination benefits and other one-time reorganization costs. Included in this category are also expenses associated with the post-separation resizing of the IT infrastructure and streamlining of IT system as well as company programs to transform our product lifecycle management (PLM) system and financial systems.

Acquisition and Integration costs include all incremental expenses incurred to effect a business combination. Such acquisition costs may include advisory, legal, tax, accounting, valuation, and other professional or consulting fees. Such integration costs may include expenses directly related to integration of business and facility operations, the transfer of assets and intellectual property, information technology systems and infrastructure and other employee-related costs.

Pension settlement gain resulted from transfer of the substitutional portion of our Japanese pension plan to the government.

Pension curtailment gain resulted from transfer of the substitutional portion of our Japanese pension plan to the government.

Impairment of investment and loans include investments and their related convertible loans that have been written down to their fair value.

Other includes certain legal costs and settlements in addition to other miscellaneous adjustments.

Our management uses non-GAAP measures to evaluate the performance of our core businesses, to estimate future core performance and to compensate employees. Since management finds this measure to be useful, we believe that our investors benefit from seeing our results “through the eyes” of management in addition to seeing our GAAP results. This information facilitates our management’s internal comparisons to our historical operating results as well as to the operating results of our competitors.

Our management recognizes that items such as amortization of intangibles can have a material impact on our cash flows and/or our net income. Our GAAP financial statements including our statement of cash flows portray those effects. Although we believe it is useful for investors to see core performance free of special items, investors should understand that the excluded items are actual expenses that may impact the cash available to us for other uses. To gain a complete picture of all effects on the company’s profit and loss from any and all events, management does (and investors should) rely upon the GAAP income statement. The non-GAAP numbers focus instead upon the core business of the company, which is only a subset, albeit a critical one, of the company’s performance.

Readers are reminded that non-GAAP numbers are merely a supplement to, and not a replacement for, GAAP financial measures. They should be read in conjunction with the GAAP financial measures. It should be noted as well that our non-GAAP information may be different from the non-GAAP information provided by other companies.

The reconciliation of adjusted non-GAAP income from operations and operating margins for the year ended October 31, 2017 follows:

RECONCILIATION OF ADJUSTED NON-GAAP INCOME FROM OPERATIONS AND OPERATING MARGINS

^(a) Post separation, Agilent is providing Keysight Technologies, Inc. certain site services. These site services are included in our operating expenses. The amounts billed to Keysight for these services are recorded in other income.

We provide non-GAAP net income and non-GAAP net income per share amounts in order to provide meaningful supplemental information regarding our operational performance and our prospects for the future. These supplemental measures exclude, among other things, charges related to amortization of intangibles, transformational initiatives, acquisition and integration costs, and pension settlement gain.

Our management recognizes that items such as amortization of intangibles can have a material impact on our cash flows and/or our net income. Our GAAP financial statements including our statement of cash flows portray those effects. Although we believe it is useful for investors to see core performance free of special items, investors should understand that the excluded items are actual expenses that may impact the cash available to us for other uses. To gain a complete picture of all effects on the company's profit and loss from any and all events, management does (and investors should) rely upon the GAAP income statement. The non-GAAP numbers focus instead upon the core business of the company, which is only a subset, albeit a critical one, of the company's performance.

Readers are reminded that non-GAAP numbers are merely a supplement to, and not a replacement for, GAAP financial measures. They should be read in conjunction with the GAAP financial measures. It should be noted as well that our non-GAAP information may be different from the non-GAAP information provided by other companies.

In addition, if an award previously granted under the Agilent Technologies, Inc. 1999 Stock Plan or the 2009 Stock Plan is forfeited, expires or becomes unexercisable without having been exercised in full, the Shares which were subject to such award shall again be available to be the subject of an Award under the Plan.

For purposes of the total number of Shares available for grant under this Plan, any Shares that are subject to Awards of Options or Stock Appreciation Rights shall be counted against the limit stated in this Section 3 as one (1) Share issued, and any shares issued in connection with Stock Awards shall be counted against the limit stated in this Section 3 as two (2.0) Shares for

every one (1) Share issued. Further, if a SAR or a Restricted Stock Unit is settled in cash on a net basis, then only the equivalent number of Shares which would have actually been distributed to the Participant shall be taken into account for purposes of reducing the number of Shares available for grant under the Plan.

If an Award is forfeited, expires or becomes unexercisable without having been exercised in full, the Shares which expire or are forfeited, shall become available for future grant or sale under the Plan (unless the Plan has terminated) based on the same ratio as the Shares were treated in the preceding paragraph. Notwithstanding the foregoing, Shares issued pursuant to awards (including, but not limited to Conversion Options described in Section 4(c)(x)) assumed or issued in substitution of other awards in connection with the acquisition by the Company or a Subsidiary of an unrelated entity shall not reduce the maximum number of Shares issuable under this Section 3. In addition, to the extent the Company assumes ~~Share~~Shares originally reserved for issuance from a plan that was previously maintained by an acquired company, those Shares shall be available for Award under this Plan and shall not reduce the maximum number of Shares issuable under this Section 3; provided, however, that this sentence shall not apply to any plan which was not previously approved by the stockholders of the acquired company.

4. Administration of the Plan.

(a) The Board or a Committee appointed by the Board shall be the Administrator. To the extent the Board acts as the Administrator, references herein to "Committee" shall include the Board.

(iii) Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3 promulgated under the Exchange Act ("Rule 16b-3"), the transactions contemplated hereunder shall be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) Independent Directors. To the extent necessary to satisfy the rules of the applicable U. S. national securities exchange that is the principal trading market for the Common Stock, the members of the Committee shall qualify as "independent directors."

(c) Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

(i) to select the Participants to whom Awards may be granted hereunder;

(ii) to determine the number of shares of Common Stock to be covered by each Award granted hereunder;

(iii) to approve forms of agreement for use under the Plan;

(iv) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when an Award may be exercised (which may or may not be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine; to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;

(v) to adopt rules and procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures. Without limiting the generality of the foregoing, the Administrator is specifically authorized (A) to adopt the rules and procedures regarding the conversion of local currency, withholding procedures and handling of stock certificates which vary with local requirements, (B) to adopt sub-plans and Plan addenda as the Administrator deems desirable, to accommodate foreign tax laws, regulations and practice;

(vi) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans and Plan addenda;

(vii) to make all determinations whether an individual is an Awardee Eligible to Vest and when such eligibility ceases;

(viii) to modify or amend each Award, provided, however, that any such amendment is subject to Section 19(c) of the Plan and may not impair any outstanding Award unless agreed to in writing by the Awardee;

(ix) to allow Awardees to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Award that number of Shares having a value (as determined solely by the Plan Administrator or its delegate(s)) equal to the minimum amount required to be withheld. The value of the Shares to be withheld shall be determined solely by the Plan Administrator or its delegate(s) on the date that the amount of tax to be withheld is to be determined. All elections by an Awardee to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may deem necessary or advisable;

(x) to authorize conversion or substitution under the Plan of any or all outstanding stock options held by Awardees of an entity acquired by the Company (the "Conversion Options"). Any conversion or substitution shall be effective as of the close of the merger or acquisition. The Conversion Options may be Nonstatutory Stock Options or Incentive Stock Options, as determined by the Administrator. Unless otherwise determined by the Administrator at the time of conversion or substitution, all Conversion Options shall have the same terms and conditions as Options generally granted by the Company under the Plan;

(xi) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;

(xii) to delegate day-to-day administration and operation of the Plan and the authority to make administrative decisions and adopt rules and procedures relating to the operation and administration of the Plan to an officer of the Company and his or her delegates;

(xiii) to make all other determinations deemed necessary or advisable for administering the Plan and any Award granted hereunder; and

(xiv) to specify in an Award Agreement at the time of the Award, or later pursuant to an amendment of an outstanding Award, that the Participant's rights, payments and benefits with respect to an Award (including amounts received upon the settlement or exercise of an Award) shall be subject to reduction, cancellation, forfeiture or clawback upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, violation of material Company policies, breach of noncompetition, confidentiality or other restrictive covenants that may apply to the Participant or other conduct by the Participant that is detrimental to the business or reputation of the Company or its Affiliates.

(d) Effect of Administrator's Decision. The Administrator's decisions, determinations and interpretations shall be final and binding on all Awardees.

6. Limitations.

(a) Each Option shall be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Awardee during any calendar year (under all plans of the Company and any Subsidiary) exceeds \$100,000, such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

(b) For purposes of Incentive Stock Options, no leave of absence may exceed ninety (90) days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, on the 91st day of such leave an Awardee's employment with the Company shall be deemed terminated for Incentive Stock Option purposes and any Incentive Stock Option held by the Awardee shall cease to be treated as an Incentive Stock Option and shall be treated for tax purposes as a Nonstatutory Stock Option three (3) months thereafter.

(c) No Participant shall have any claim or right to be granted an Award and the grant of any Award shall not be construed as giving a Participant the right to continue in the employ of or service to the Company, its Subsidiaries or Affiliates. Further, the Company, its Subsidiaries and Affiliates expressly reserve the right, at any time, to dismiss a Participant at any time without liability or any claim under the Plan, except as provided herein or in any Award Agreement entered into hereunder.

(d) The following limitations shall apply to grants of Awards under this Plan:

(v) The maximum amount payable to a Participant pursuant to a Cash Award for each fiscal year of the Company shall be \$10,000,000.

(vi) The limitations in Sections 6(d)(i)-(iv) shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 18.

(vii) If an Option or SAR is cancelled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Section 18 the cancelled Option or SAR will be counted against the limits set forth in subsections (i), (ii) and (iii) above.

(viii) Other than in connection with a change in the Company's capitalization (as described in Section 18(a)) or a Change of Control as described in Section 18(c)), Options and SARs may not be repriced, replaced, regranted through cancellation or modification without stockholder approval if the effect of such repricing, replacement, regrant or modification would be to reduce the exercise price of such Option or SAR. In addition, without stockholder approval, Options and SARs having exercise prices per share greater than the Fair Market Value of a Share may not be substituted for or replaced by any other Stock Award or be cancelled in exchange for cash. Nothing in this Section 6(d)(viii) shall be construed to apply to the issuance or assumption of an

Option or SAR in connection with the acquisition by the Company or a subsidiary of an unrelated entity provided such actions are taken in a manner that complies with the requirements of Section 409A of the Code.

7. Term of Plan. Subject to Section 24 of the Plan, the Plan shall become effective on its Effective Date. It shall continue in effect for a term of ten (10) years unless terminated earlier under Section 19 of the Plan.

8. Term of Award. The term of each Award shall be determined by the Administrator and stated in the Award Agreement. In the case of an Option or SAR, the maximum term shall be ten (10) years from the Grant Date or such shorter term as may be provided in the Award Agreement except to the extent necessary or desirable to comply with any foreign law.

9. Option Exercise Price and Consideration.

(a) Exercise Price. The per share exercise price for the Shares to be issued pursuant to the exercise of an Option shall be determined by the Administrator and shall be no less than 100% of the Fair Market Value per Share on the Grant Date. Notwithstanding the foregoing, the per share exercise price for Shares to be issued pursuant to an Option which is assumed or substituted for in connection with the acquisition by the Company or a Subsidiary of an unrelated entity may be less than the Fair Market Value of a Share on the date of the assumption or substitution provided the exercise price is determined in a manner that complies with the requirements of Sections 409A and 424 of the Code, as applicable.

(b) Vesting Period and Exercise Dates. At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions that must be satisfied before the Option may be exercised.

(c) Form of Consideration. The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the Grant Date. Acceptable forms of consideration may include:

(ii) check or wire transfer (denominated in U.S. Dollars);

(iii) other Shares which (A) in the case of Shares acquired upon exercise of an Option, have been owned by the Awardee for more than six months on the date of surrender, and (B) have a value (as determined solely by the Plan Administrator or its delegate(s) based upon the NYSE closing price of the underlying shares on the trading day prior to the date of exercise) on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(iv) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(v) any combination of the foregoing methods of payment; or

(vi) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

10. Exercise of Option.

(a) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the respective Award Agreement. An Option shall continue to vest during any authorized leave of absence and such Option may be exercised to the extent vested during such leave, unless otherwise terminated in accordance with its terms. An Option may not be exercised for a fraction of a Share.

An Option shall be deemed exercised when the Company or its duly authorized agent receives: (i) an executed exercise agreement, where required by the Plan Administrator or its delegate(s), (ii) full payment for the Shares with respect to which the related Option is exercised, and (iii) with respect to Nonstatutory Stock Options, payment of all applicable withholding taxes due upon such exercise.

Shares issued upon exercise of an Option shall be issued in the name of the Awardee or, if requested by the Awardee, in the name of the Awardee and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Shares subject to an Option, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 16 of the Plan.

(b) Cessation of Eligibility to Vest. Unless otherwise provided for by the Administrator in the Award Agreement, if an individual ceases to be an Awardee Eligible to Vest, such Awardee's unvested Option shall terminate immediately. On the date such individual ceases to be an Awardee Eligible to Vest, the Shares covered by the unvested portion of his or her Option shall revert to the Plan.

11. SARs.

(a) General. The Administrator may grant SARs to Participants subject to the terms and conditions not inconsistent with the Plan and determined by the Administrator. The terms and conditions shall be provided for in the Award Agreement which may be delivered in writing or electronically. SARs shall be exercisable, in whole or in part, at such times as the Administrator shall specify in the Award Agreement.

(b) Exercise. Upon the exercise of a SAR, in whole or in part, an Awardee shall be entitled to a payment in an amount equal to the difference between the value (as determined solely by the Plan Administrator or its delegate(s) based upon the NYSE closing price of the underlying shares on the trading day prior to the date of exercise) of a fixed number of shares of Common Stock covered by the exercised portion of the SAR on the date of such exercise, over the Fair Market Value of the Common Stock covered by the exercised portion of the SAR on the Grant Date; provided, however, that the Administrator may place limits on the aggregate amount that may be paid upon the exercise of a SAR. The Company's obligation arising upon the exercise of a SAR will be paid in cash or Shares of Common Stock (or a combination thereof), as determined by the applicable Award Agreement.

(c) Method of Exercise. A SAR shall be deemed to be exercised when written or electronic notice of such exercise has been given to the Company or its duly authorized agent in accordance with the terms of the SAR by the person entitled to exercise the SAR. The SAR shall cease to be exercisable to the extent it has been exercised.

(d) Cessation of Eligibility to Vest. Unless otherwise provided for by the Administrator in the Award Agreement, if an Awardee ceases to be an Awardee Eligible to Vest, the Awardee's unvested SAR, shall terminate immediately upon the date such individual ceases to be an Awardee Eligible to Vest.

12. Stock Awards.

(a) General. The Administrator may grant Stock Awards including, but not limited to Deferred Shares, Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units to Participants. Such Stock Awards may be issued either alone, in addition to, or in tandem with other Awards granted under the Plan. After the Administrator determines that it will offer a Stock Award under the Plan, it shall advise the Awardee in writing or electronically, by means of an Award Agreement, of the terms, conditions and restrictions related to the offer, including the number of Shares that the Awardee shall be entitled to receive or purchase, the price to be paid, if any, and, if applicable, the time within which the Awardee must accept such offer. The offer shall be accepted by execution of an Award Agreement in the form determined by the Administrator. The Administrator will require that all Shares subject to a right of repurchase or forfeiture be held in escrow until such repurchase right or risk of forfeiture lapses.

(b) The grant or vesting of a Stock Award may be made contingent on achievement of performance conditions and may be designated as a Performance Award subject to Section 14.

(c) Forfeiture. Unless otherwise provided for by the Administrator in the Award Agreement determines otherwise, any unvested Stock Award shall be forfeited immediately after the date upon which an individual ceases to be an Awardee Eligible to Vest. To the extent that the Awardee purchased the Stock Award, the Company shall have a right to repurchase the unvested Stock Award at the original price paid by the Awardee upon the Awardee ceasing to be a Participant for any reason.

(d) Rights as a Stockholder. Unless otherwise provided for by the Administrator, once a Stock Award which is Restricted Stock or Performance Stock is accepted, the Awardee shall have the rights equivalent to those of a stockholder, and shall be a stockholder when his or her acceptance of such a Stock Award is entered upon the records of the duly authorized transfer agent of the Company. An Awardee of a Restricted Stock Unit or Performance Unit shall not have rights equivalent to those of a stockholder until such Awards are settled and Shares are entered upon the records of the duly authorized transfer agent of the Company.

13. Cash Awards. Cash Awards may be granted either alone, in addition to, or in tandem with other Awards granted under the Plan. After the Administrator determines that it will offer a Cash Award, it shall advise the Awardee in writing or electronically, by means of an Award Agreement, of the terms, conditions and restrictions related to the Cash Award. The grant or vesting of a Cash Award may be made contingent on achievement of performance conditions and may be designated as a Performance Award subject to Section 14.

14. Performance Awards. Performance Awards shall be evidenced by Award Agreements in such form as the Committee shall from time to time establish.

Performance Awards intended to comply with the provisions of Section 162(m) of the Code may be granted pursuant to the provisions of a program established pursuant to the requirements of Section 162(m) of the Code regarding performance based compensation, including, but not limited to, the Agilent Technologies, Inc. Long-Term Performance Program (or its successor). Other Performance Awards intended to comply with the requirements of Section 162(m) of the Code shall be granted pursuant to, and be subject to, such terms and conditions as established by the Committee at the time of grant based, in whole or in part, upon the attainment of one or more of the Performance Criteria. Such Awards shall be based on (a) an individual target set by the Committee in writing with respect to the Performance Period and (b) Performance Criterion or Criteria for the Performance Period ~~(increased or decreased, in each case in accordance with factors adopted by the Committee with respect to the Performance Period that relate to unusual items).~~ To the extent consistent with the requirements of Section 162(m), the Committee may determine at the time that targets under this Section 14 are established, the extent to which measurement of Performance Criteria may include or exclude certain unusual or non-recurring events, including, without limitation, the following: the impact of charges for restructuring, discontinued operations, debt redemption or retirement, asset write downs, litigation or claim judgments or settlement, acquisitions or divestitures, foreign exchange gains and losses and other unusual non-recurring items and the cumulative effects of tax or accounting changes. With respect to each Performance Period, Awards shall not be paid unless and until the Committee certifies in writing the extent to which the Performance Criterion/Criteria applicable to a Participant have been achieved or exceeded; provided, however, that the Committee may reduce an individual's Award calculated pursuant to the preceding sentence in its sole discretion. For this purpose, a "Performance Period" shall be, with respect to a Participant, any period ~~not exceeding three (3) years of time~~ as determined by the Committee in its sole discretion. In this case, the selection and adjustment of applicable Performance Criteria, and the establishment of targets, shall occur in compliance with the rules of Section 162(m) of the Code.

In addition, the Committee may grant Performance Awards, including, but not limited to New Executive Stock Awards (as defined in Section 6(d)), which are not intended to qualify as "performance based awards" for purposes of Section 162(m) of the Code.

15. Non-Employee Director Awards. Awards may be granted to a Non-Employee Director in the form of Cash Awards, Options, SARs or Stock Awards (including, but not limited to Deferred Shares). The maximum total grant date fair value of share-based Awards (as measured by the Company for financial accounting purposes) granted to any Non-Employee Director in any single calendar year shall not exceed \$750,000.00. If an Award is made in the form of Deferred Shares, such Deferred Shares shall be credited to the Non-Employee Director's account under the Agilent Technologies, Inc. 2005 Non-Employee Director Compensation Plan, or any successor or similar plan. Awards granted to a Non-Employee Director shall be subject to such conditions as established by the Committee at the time of grant and in accordance with the applicable provisions of this Plan.

16. Dividends ~~With~~with Respect to Stock Awards. Subject to the provisions of the Plan and any Award Agreement, the recipient of a Stock Award may, if so determined by the Administrator, be entitled to receive, ~~currently or on a deferred basis, cash or stock~~ regular cash dividends, or cash payments or stock units in amounts equivalent to cash ~~or stock~~ dividends on Shares ("dividend equivalents"), with respect to the number of Shares covered by the Stock Award, as determined by the Administrator, in

its sole discretion, and the Administrator may provide that such amounts (if any) shall be deemed to have been reinvested in additional Shares or otherwise reinvested. ~~Such~~Any such regular cash dividends or dividend equivalents shall be subject to the same vesting and forfeiture provisions as the underlying Stock Award. The applicable Award Agreement evidencing the Stock Award shall provide that such. For the avoidance of doubt, in no event will regular cash dividends or dividend equivalents ~~will be forfeitable to the same extent as the underlying Stock Award~~be currently payable on unvested Stock Awards or on earned Stock Awards subject to Performance Criteria.

17. Non-Transferability of Awards. Unless the agreement or other document evidencing an Award (or an amendment thereto authorized by the Committee) expressly states that the Award is transferable as provided hereunder, no Award granted under this Plan, nor any interest in such Award, may be sold, assigned, conveyed, gifted, pledged, hypothecated or otherwise transferred in any manner, other than by will or the laws of descent and distribution. The Committee may grant an Award or amend an outstanding Award to provide that the Award is transferable or assignable (a) in the case of a transfer without the payment of any consideration, to any “family member” as such term is defined in Section 1(a)(5) of the General Instructions to Form S-8 under the Securities Act of 1933, as such may be amended from time to time, and (b) in any transfer described in clause (ii) of Section 1(a)(5) of the General Instructions to Form S-8 under the 1933 Act as amended from time to time. Any Award transferred pursuant to the preceding sentence shall remain subject to substantially the same terms applicable to the Award while held by the Participant to whom it was granted, as modified as the Committee shall determine appropriate, and as a condition to such transfer the transferee shall execute an agreement agreeing to be bound by such terms. In addition, an Incentive Stock Option may be transferred or assigned only to the extent consistent with Section 422 of the Code. Any purported assignment, transfer or encumbrance that does not qualify under this Section 17 shall be void and unenforceable against the Company.

18. Adjustments Upon Changes in Capitalization, Dissolution, Change of Control.

(a) Changes in Capitalization. Subject to any required action by the stockholders of the Company, if any change is made to the Common Stock subject to the Plan, or subject to any Award (including but not limited to the number and kind of shares of Common Stock), which change results from a stock split, reverse stock split, stock dividend, merger, consolidation, reorganization, recapitalization, reincorporation, spinoff, dividend in property other than cash, liquidation dividend, extraordinary cash dividend, exchange of shares, combination or reclassification of the Common Stock, or any other increase, decrease or change in the number or characteristics of outstanding shares of Common Stock effected without receipt of consideration by the Company), the Plan will be appropriately adjusted in the class(es) and maximum number of securities subject to the Plan, the maximum number of securities subject to award to any person under the Plan as provided in order to comply with the requirements of Section 162(m) of the Code or otherwise, and the outstanding Awards will be appropriately adjusted in the class(es) and number of securities and price per share of the securities subject to such outstanding Awards; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been “effected without receipt of consideration.” Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the securities subject to an Award.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Awardee as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for an Option or SAR to be fully vested and exercisable until ten (10) days prior to such transaction, or such shorter administratively reasonable period ~~of time~~ as the Administrator may establish in its discretion. In addition, the Administrator may provide that any restrictions on any Award shall lapse prior to the transaction, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed transaction.

(c) Change of Control. In the event there is a Change of Control, as defined below, all Options and SARs will fully vest immediately prior to the closing of the transaction and all restrictions on Cash Awards or Stock Awards will lapse immediately prior to the closing of the transaction. The foregoing shall not apply where such Options, SARs, Cash Awards and Stock Awards are assumed, converted or replaced in full by the successor corporation or a parent or subsidiary of the successor; provided, however, that in the event of a Change of Control in which one or more of the successor or a parent or subsidiary of the successor has issued publicly traded equity securities, the assumption, conversion, replacement or continuation shall be made by an entity with publicly traded securities and shall provide that the holders of such assumed, converted, replaced or continued stock options and SARs shall be able to acquire such publicly traded securities.

For the purposes of this Section 18(c), “Change of Control” means the occurrence of any of the following events:

(i) The sale, exchange, lease or other disposition or transfer of all or substantially all—of the consolidated assets of the Company to a person or group (as such terms are defined or described in Sections 3(a)(9) and 13(d)(3) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) which will continue the business of the Company in the future; or

(ii) A merger or consolidation (or similar form of reorganization) involving the Company in which the stockholders of the Company immediately prior to such merger or consolidation are not the beneficial owners (within the meaning of Rules 13d-3 and 13d-5 promulgated under the Exchange Act) of more than 75% of the total voting power of the outstanding voting securities of the corporation resulting from such transaction in substantially the same proportion as their ownership of the total voting power of the outstanding voting securities of the Company immediately prior to such merger or consolidation; or

(iii) A merger or consolidation (or similar form of reorganization) involving the Company in which occurs the acquisition of beneficial ownership (within the meaning of Rules 13d-3 and 13d-5 promulgated under the Exchange Act) of at least 25% of the total voting power of the outstanding voting securities of the Company by a person or group (as such terms are defined or described in Sections 3(a)(9) and 13(d)(3) of the Exchange Act).

(iv) Notwithstanding the foregoing, to the extent that any amount constituting nonqualified deferral compensation subject to Section 409A of the Code would become payable under the Plan by reason of a Change of Control, such amount shall become payable only if the event constituting a Change of Control would also constitute a change in ownership or effective control of the Company, or a change in the ownership of a substantial portion of the assets of the Company, within the meaning of Section 409A of the Code.

19. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Committee may at any time amend, alter, suspend or terminate the Plan.

(b) Stockholder Approval. The Company shall obtain stockholder approval of any Plan amendment which would increase the maximum number of Shares for which Awards may be granted under this Plan (other than an increase pursuant to Section ~~16~~18 of this Plan), and otherwise to the extent necessary and desirable to comply with Applicable Laws.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Award, unless mutually agreed otherwise between the Awardee and the Administrator, which agreement must be in writing and signed by the Awardee and the Company. Termination of the Plan shall not affect the Administrator’s ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

20. Designation of Beneficiary.

(a) And if authorized in the applicable Award Agreement, an Awardee may file a written designation of a beneficiary who is to receive the Awardee’s rights pursuant to Awardee’s Award or the Awardee may include his or her Awards in an omnibus beneficiary designation for all benefits under the Plan. To the extent that Awardee has completed a prior designation of beneficiary, such beneficiary designation shall remain in effect with respect to any Award hereunder until changed by the Awardee. Such designations may be subject to local law and accordingly may be unenforceable in certain jurisdictions.

(b) Such designation of beneficiary may be changed by the Awardee at any time by written notice. In the event of the death of an Awardee and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Awardee’s death, the Company shall, subject to local law, allow the executor or administrator of the estate of the Awardee to exercise the Award, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may allow the spouse or one or more dependents or relatives of the Awardee to exercise the Award.

21. Legal Compliance. Shares shall not be issued pursuant to a Stock Award or the exercise of an Option unless the Stock Award or the exercise of such Option and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

22. Inability to Obtain Authority. To the extent the Company is unable to or the Administrator deems it infeasible to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, the Company shall be relieved of any liability with respect to the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

23. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

24. Stockholder Approval. The Plan ~~shall be~~ was originally adopted by the Board on November 19, 2008, and this amendment and restatement was adopted by the Board on November 15, 2017, subject to approval by the stockholders of the Company within twelve (12) months of the date the Plan is adopted at the annual meeting of stockholders on March 21, 2018 (the "Effective Date"). Such stockholder approval shall be obtained in the manner and to the degree required under Applicable Laws.

25. Notice. Any written notice to the Company required by any provisions of this Plan shall be addressed to the Secretary of the Company and shall be effective when received.

26. Governing Law; Forum. This Plan and all determinations made and actions taken pursuant hereto shall be governed by the substantive laws, but not the choice of law rules, of the state of Delaware. Any proceeding arising out of or relating to this Plan may be brought only in the state or federal courts located in the Northern District of California. The Company and the Participants irrevocably submit to the exclusive jurisdiction of such courts in any such proceeding, waive any objection to venue or to convenience of forum, agree that all claims in respect of any proceeding shall be heard and determined only in such courts and agree not to bring any proceeding arising out of or relating to the Plan in any other court, whether inside or outside of the United States

27. Unfunded Plan. Insofar as it provides for Awards, the Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Participants who are granted Awards of Shares under this Plan, any such accounts will be used merely as a bookkeeping convenience. Except for the holding of Restricted Stock in escrow pursuant to Section 12, the Company shall not be required to segregate any assets which may at any time be represented by Awards, nor shall this Plan be construed as providing for such segregation, nor shall the Company nor the Administrator be deemed to be a trustee of stock or cash to be awarded under the Plan. Any liability of the Company to any Awardee with respect to an Award shall be based solely upon any contractual obligations which may be created by the Plan; no such obligation of the Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company. Neither the Company nor the Administrator shall be required to give any security or bond for the performance of any obligation, which may be created by this Plan.

28. Section 409A of the Code. This Plan is intended to comply with, or otherwise be exempt from, Section 409A of the Code and shall be construed, administered and interpreted with that intent. Restricted Stock Units, Performance Units and Deferred Shares which are settleable, and Cash Awards which are payable, as a result of a Participant's termination of Service which constitute a "deferral of compensation" for purposes of Section 409A of the Code shall not be paid unless and until the Participant incurs a "separation from service" for purposes of Section 409A of the Code. In addition, to the extent an Award constituting a deferral of compensation is distributable to a Participant who is a "specified employee" (as defined in Section 409A of the Code), such Award shall not be distributed to the Participant before the date (the "Delayed Payment Date") which is the first day of the seventh month after the date of the Participant's separation from service or, if earlier, the date of the Participant's death following such separation from service. All such amounts that would, but for this Section 28, become distributable prior to the Delayed Payment Date will be accumulated and paid on the Delayed Payment Date. To the extent that the Committee, in its sole discretion, provides that the settlement, or payment, of an Award may be deferred at the election of a Participant, then any such deferral election shall be subject to such rules and procedures as determined by the Committee in its sole discretion, and such deferrals shall be structured to comply with the requirements of Section 409A of the Code.
