### **IQVIA to Present at the Barclays Global Healthcare Conference on March 12, 2019**

**DANBURY, Conn., & RESEARCH TRIANGLE PARK, N.C., February 28, 2019** — IQVIA Holdings Inc. (“IQVIA”) (NYSE: IQV), announced today that Michael McDonnell, executive vice president and chief financial officer, will speak at the Barclays Global Healthcare Conference in Miami, FL on Tuesday, March 12, 2019 at 1:35 p.m. EDT.

A live audio webcast of the presentation will be available on the IQVIA Investor Relations website at <http://ir.iqvia.com>. A replay of the webcast also will be available later that day.

#### **About IQVIA**

IQVIA (NYSE:IQV) is a leading global provider of advanced analytics, technology solutions and contract research services to the life sciences industry. Formed through the merger of IMS Health and Quintiles, IQVIA applies human data science — leveraging the analytic rigor and clarity of data science to the ever-expanding scope of human science — to enable companies to reimagine and develop new approaches to clinical development and commercialization, speed innovation and accelerate improvements in healthcare outcomes. Powered by the IQVIA CORE™, IQVIA delivers unique and actionable insights at the intersection of large-scale analytics, transformative technology and extensive domain expertise, as well as execution capabilities. With more than 58,000 employees, IQVIA conducts operations in more than 100 countries.

IQVIA is a global leader in protecting individual patient privacy. The company uses a wide variety of privacy-enhancing technologies and safeguards to protect individual privacy while generating and analyzing information on a scale that helps healthcare stakeholders identify disease patterns and correlate with the precise treatment path and therapy needed for better outcomes. IQVIA’s insights and execution capabilities help biotech, medical device and pharmaceutical companies, medical researchers, government agencies, payers and other healthcare stakeholders tap into a deeper understanding of diseases, human behaviors and scientific advances, in an effort to advance their path toward cures.
