- Aflac Incorporated does not charge a fee for this transaction; however, you should check with your broker to confirm if there will be any fees imposed by your broker for accepting shares through this system.
- The only other alternative to requesting Aflac Incorporated to transfer shares to your brokerage account is to have your broker initiate the pickup of shares via the same DRS Profile System from your AFL Stock Plan account. The brokerage firm will require you to provide your AFL Stock Plan Account Number and possibly other identifying information.
- If your brokerage firm is DRS eligible, they can request for the shares electronically through the DRS Profile System.
- Please note that Aflac Incorporated Shareholder Services is a Stock Transfer Agent and not a brokerage firm.
