RESTON, Va.--(BUSINESS WIRE)--MAXIMUS (NYSE:MMS), a leading provider of government services worldwide, announced today that its Federal Services subsidiary has been awarded a one-year contract by the Centers for Medicare & Medicaid Services (CMS) to continue to serve as an independent review entity for reconsiderations of beneficiary appeals for the Medicare Part D program. The Company has performed this work since the Medicare prescription drug program was implemented in January 2006. The one-year contract is valued at approximately \$14.3 million and includes a nine-month option period, which brings the total contract value to \$25.0 million if this option is exercised.
