

Market Release

Newcrest Mining

11 September 2015

PERMIT GRANTED TO INCREASE CADIA PROCESSING PLANT CAPACITY

As previously announced on 7 April 2015, Newcrest Mining Limited applied to the New South Wales Department of Planning and Environment to modify the Cadia East Project Approval to increase the permit for the upper limit of processing plant capacity from 27 million tonnes per annum (Mtpa) to 32 Mtpa.

The approval has now been granted, allowing Newcrest to progress ongoing studies.

Any increase to production capacity and the associated capital requirement is subject to further studies and Newcrest Board approval.
