

# 2016 CC&V Donations Report

Thank you for your continuing interest in the responsible operations of Newmont’s Cripple Creek & Victor Mine (CC&V) and for allowing us to share this report on our 2016 community investments...

CC&V is proud to support our neighbors and be involved with the area’s organizations, events, and agencies. In addition to the many volunteer hours our employees contribute, CC&V has a direct community investment program that supports the sustainability of the communities where our employees live, play and work. In 2016, Newmont CC&V donated approximately \$700,000 to local community non-profit organizations!

These donations are directed by a Community Investment Committee comprised of CC&V employees who live in the surrounding area and are aware of community needs. These investments cover diverse needs across several focus categories that include: education, youth, recreation, art, culture, underserved populations, environment, civic enhancement and health. The following chart highlights the distribution of our 2016 contributions:

These contributions are an investment in people and the things that make our community wonderful!

Thank you for allowing us to share this story with you! For additional information about CC&V, please contact: Brad Poulson, Communications Specialist, 719-689-4052, [Brad.Poulson@Newmont.com](mailto:Brad.Poulson@Newmont.com); or Lisa Becker, External Relations Manager, 719-689-4044; [Lisa.Becker@Newmont.com](mailto:Lisa.Becker@Newmont.com).
