AmerisourceBergen and Kindred Healthcare Update Progress on Combining Their Respective Institutional Pharmacy Businesses

September 27, 2006

VALLEY FORGE, Pa. & LOUISVILLE, Ky.--(BUSINESS WIRE)--Sept. 27, 2006--AmerisourceBergen Corporation (NYSE:ABC) and Kindred Healthcare, Inc. (NYSE:KND) today announced that they are making solid progress toward combining their respective institutional pharmacy businesses, PharMerica Long-Term Care ("PharMerica LTC") and Kindred Pharmacy Services ("KPS"), into a new, independent, publicly traded company, and expect to sign a definitive agreement in the next 30 to 60 days. The companies continue to anticipate completing the transaction in the first calendar quarter of 2007.

Since August 7, 2006, when the companies announced their letter of intent to combine PharMerica LTC and KPS in an anticipated tax-free transaction, several key items have already been accomplished. The waiting period under the Hart-Scott-Rodino Act expired on September 14, 2006, following routine review by the Federal Trade Commission. Each of the companies has filed a private letter ruling request with the Internal Revenue Service to confirm the tax-free treatment of the transaction. The companies have also hired Accenture, a world leader in business consulting and technology services, to assist with the integration planning for the new company.

In addition to entering into a definitive agreement, the proposed transaction still requires review of a transaction registration statement by the Securities and Exchange Commission, and a favorable determination by the Internal Revenue Service.

The proposed transaction will proceed only if the parties sign a definitive agreement and if all conditions to completion occur. There can be no assurance that a definitive agreement will be signed or, if a definitive agreement is signed, that all conditions to completion will be met.
