VALLEY FORGE, Pa.--(BUSINESS WIRE)--Feb. 24, 2015--AmerisourceBergen Corporation (NYSE:ABC) today announced the completion of its acquisition of MWI Veterinary Supply, Inc. (NASDAQ:MWIV). Following the completion of its successful tender offer to purchase all outstanding shares of MWI common stock for $190.00 per share in cash, without interest and less any applicable withholding taxes, AmerisourceBergen Corporation acquired all remaining MWI shares through a merger pursuant to Section 251(h) of the General Corporation Law of the State of Delaware.

“We are pleased to have completed the acquisition of MWI, and we are very excited to welcome Jim Cleary and his management team to AmerisourceBergen,” said Steven H. Collis, AmerisourceBergen President and Chief Executive Officer. “With our combined knowledge of manufacturer and provider services, our global reach and partnership philosophy, we will bring the next generation of superior customer service and innovation to the fast growing animal health industry. The expertise we have together, along with our individual track records of driving efficiency, operational excellence, and customer value, give us great confidence that we can make even greater contributions to the veterinary and agricultural markets in the years ahead.”

At the effective time of the merger, all remaining shares of MWI common stock not tendered into the tender offer (other than shares held by MWI, Roscoe Acquisition Corp. or AmerisourceBergen and shares held by any MWI stockholder who has properly demanded appraisal rights) were converted into the right to receive $190.00 in cash, without interest and less any applicable withholding taxes, which is the same price that was paid in the tender offer. (the “Warrants”), an inability to realize anticipated benefits (including benefits resulting from participation in the Walgreens Boots Alliance Development GmbH joint venture), AmerisourceBergen’s inability to implement its hedging strategy to mitigate the potentially dilutive effect of the issuance of its common stock under its special share repurchase program due to its financial performance, the current and future share price of its common stock, its expected cash flows, competing priorities for capital, and overall market conditions; increasing governmental regulations regarding the pharmaceutical supply channel; federal and state government enforcement initiatives to detect and prevent suspicious orders of controlled substances and the diversion of controlled substances, federal and state prosecution of alleged violations of related laws and regulations, and any related litigation, including shareholder derivative lawsuits or other disputes relating to our distribution of controlled substances; changes in federal and state legislation or regulatory action affecting pharmaceutical product pricing or reimbursement policies, including under Medicaid and Medicare, and the effect of such changes on AmerisourceBergen's customers; frequent changes to laws and regulations in respect of healthcare fraud and abuse and the increased scrutiny of the federal government related thereto; qui tam litigation for alleged violations of fraud and abuse laws and regulations and/or any other laws and regulations governing the marketing, sale, purchase and/or dispensing of pharmaceutical products or services and any related litigation, including shareholder derivative lawsuits; the acquisition of businesses that do not perform as AmerisourceBergen expects or that are difficult for it to integrate or control or AmerisourceBergen's inability to successfully complete any other transaction that it may wish to pursue from time to time; risks associated with the acquisition of MWI Veterinary Supply, Inc. Certain additional factors that management believes could cause actual outcomes and results to differ materially from those described in forward-looking statements are set forth (i) in Item 1A (Risk Factors) and Item 1 (Business) in the Company’s Annual Report on Form 10-K for the fiscal year ended September 30, 2014 and elsewhere in that report and (ii) in other reports.
