OMAM Named a 2015 WWCMA WorkWell Massachusetts Award Program Silver Level Winner for Exemplary Worksite Health Promotion

LONDON, September 22, 2015 – OM Asset Management (NYSE: OMAM) has been named a WorkWell Massachusetts Award program silver level winner for its exemplary work in worksite health promotion. WorkWell Massachusetts is a corporate award program created by the Worksite Wellness Council of Massachusetts (WWCMA) – a not-for-profit member organization dedicated to the advancement of worksite wellness programs. OMAM will be recognized at WWCMA’s Fourth Annual Worksite Wellness Conference to be held at Gillette Stadium in Foxboro. Donna Beaver, OMAM’s Benefits Specialist, will accept the award for outstanding worksite wellness leadership at OMAM.

The WorkWell Massachusetts Award program criteria is based on the HERO Employee Health Management (EHM) Best Practices Scorecard in Collaboration with Mercer – a tool designed to help organizations learn about best practices, discover opportunities to improve their programs, and measure progress over time. In addition, applicants are required to provide details on their strategic planning and organizational support, program design and implementation, participant engagement, and measurements and evaluation. Applications were reviewed and designated by a WWCMA appointed Peer Review committee of industry professionals.

“We are excited to award OMAM for their outstanding worksite wellness program,” states Mari Ryan, Chair of the Board of Directors, WWCMA. “We believe that healthy, productive employees are a critical component of an organization’s culture and success.”

“Our innovative ‘Invest in Yourself’ program helps our employees become more physically and financially fit,” said Peter Bain, OMAM’s President and Chief Executive Officer. “Health and wellness are a core part of our company’s culture and our model program provides coaching and activities that encourage all of us at OMAM to adopt healthy habits and sound personal financial practices. As a result, we have made important progress in driving lasting changes that promote overall personal wellness and work-life balance.”
