## **OMAM Announces Pricing of Secondary Offering**

London – December 13, 2016 – OM Asset Management plc (NYSE: OMAM) announced today the pricing of an underwritten public offering of 13 million of its ordinary shares at a public offering price of \$14.25 per share. The public offering is expected to close on December 19, 2016.

The ordinary shares are being offered by Old Mutual plc, through its wholly owned subsidiary, OM Group (UK) Limited. The underwriters also have a 30-day option to purchase up to an additional 1.95 million ordinary shares at the public offering price, less the underwriting discount. OMAM will not sell any shares in the offering and will not receive any proceeds from the sale of the shares.

In addition, the previously announced private repurchase transaction, in which OMAM expects to repurchase 6 million ordinary shares directly from OM Group (UK) Limited was also priced at \$14.25 per share. The closing of the repurchase transaction is subject to various conditions, including the closing of the public offering.

BofA Merrill Lynch, Morgan Stanley & Co. LLC, Citigroup, Credit Suisse Securities (USA) LLC and Evercore ISI are acting as joint bookrunning managers for the public offering.

The public offering is being made pursuant to an effective shelf registration statement on file with the U.S. Securities and Exchange Commission (the “SEC”). A preliminary prospectus supplement relating to the public offering, subject to completion, has been filed with the SEC, and a final prospectus supplement relating to the public offering will be filed with the SEC. Interested parties should read the prospectus included in the registration statement and the prospectus supplement for the public offering, and other documents that OMAM has filed with the SEC for more complete information about OMAM and the public offering.
