"We have an exciting assortment of new products for 2024," said Eric Dotson, senior category manager for Therma-Tru. "Our

new product offering provides innovative, beautiful options for today's homes."

## Smooth-Star Shaker Expansion

New options for Smooth-Star Shaker-style entry doors include flush-glazed half-lite 1-panel doors and sidelites, Impact-rated full-lite flush-glazed options, and door divider bar (DDB) and simulated divided lite (SDL) styles.

New half-lite 1-panel Shaker doors and sidelites with flush-glazed glass capture the beautiful simplicity of Shaker style. Available with privacy and textured, energy-efficient Low-E glass and divided lite styles.

Experience the clean style and increased daylight opening of full-lite EnLiten flush-glazed glass, now engineered to withstand extreme weather conditions. Available with privacy and textured, energy-efficient Low-E glass and a wide selection of simulated divided lite styles.

New DDB and SDL styles for flush-glazed full-lite and solid-panel Shaker-style doors blend on-trend contours with

purposeful Shaker design to complete the look of Contemporary and Modern home styles.

## Advanta Lite Frame

Achieve a seamless look with the Advanta lite frame, an innovative, patented solution. Avoid the unsightly look of missing screw plugs and enhance the beauty of any home's entryway. Choose from decorative and privacy glass designs or a selection of specialty and clear glass options for Fiber-Classic, Smooth-Star, Profiles, Traditions and Pulse doors.

New for 2024, the scrolled Advanta lite frame is available in an oval lite, providing an elegant look for any home.

## 8'0" Smooth-Star Doors and Sidelites with Elevated Bottom Rail

The 8'0" 2-panel square-top Shaker-style door and flush-glazed full-lite sidelite now feature 10" bottom rails, delivering a durable, on-trend solution for front entries of multi-family homes.

Doors with an elevated bottom rail feature a minimum 10" net smooth surface as measured from the bottom of the slab to the beginning of the panel detail.
