### Dateline City:

NEWARK, NJ.

-- At this time the utility is reporting 31 outages as a result of the latest round of wintry weather, which is expected to primarily affect the utility's southern service territory of Burlington, Camden and Gloucester counties.

-- In anticipation of the snow, the Burlington and Camden walk-in Customer Service Centers will be opening at 10 a.m. today. All other centers will open at 8 a.m.

-- The utility has all available personnel ready to respond and has additional supplies such as poles and transformers are on hand.

-- Accumulation of heavy snow may weigh down power lines and as a result cause power lines to come down. PSE&G urges its customers to be cautious if they see downed lines. Downed wires may appear dead but should always be considered "live." Do not approach or drive over a downed line and do not touch anything that it might be in contact with.

-- To report downed wires or power outages, customers should call PSE&G's Customer Service line at 1-800-436-PSEG. Customers with a handheld device, or who are at an alternate location with power, can also report power outages and view the status of their outage by logging in to My Account on -- <sup>[2]</sup> [www.pseg.com](http://www.pseg.com) <sup>[3]</sup>, PSE&G's mobile-friendly website.

-- General outage activity throughout our service territory is available online at -- <sup>[4]</sup> [www.pseg.com/outagecenter](http://www.pseg.com/outagecenter) <sup>[5]</sup> and updates are posted on -- <sup>[6]</sup> [www.pseg.com](http://www.pseg.com) <sup>[7]</sup> during severe weather.

-- The utility's Twitter and Facebook pages also keep the public informed about our restoration progress.
