About Capsol Technologies

Capsol Technologies ASA is a carbon capture technology provider with a goal of accelerating the transition to a net zero future. The technology combines inherent heat recovery and generation in a stand-alone unit based on a proven and safe solvent. Capsol's technology is licensed either directly to customers or through industrial partners globally. Key segments include cement, biomass, energy-from-waste and gas turbines. Capsol Technologies is listed on Euronext Oslo Børs (ticker: CAPSL).
