## Colibri Real Estate Announces August Virtual Career Expos for Real Estate Agents

7/31/2024

ST. LOUIS--(BUSINESS WIRE)-- **Colibri Real Estate**, the leading provider of real estate education nationwide, today announced the schedule for several upcoming virtual career expos where new and existing real estate agents can meet with real estate brokers who are hiring.

"It is so important for new agents to get connected to brokers to help find the right place to get started and grow in their profession," said Brian Joyner, Vice President of Sales, Colibri Real Estate. "As a dedicated learning partner, we are in the perfect position to connect hundreds of broker partners with newly-licensed students as well as existing professionals who are looking to thrive in the right environment."

Colibri Real Estate offers Career Expo events to new and existing real estate agents throughout the year in different areas of the country. At these events, new and existing real estate agents have the opportunity to network with recruiting brokers, learn about the local market and pursue a career with a local brokerage. Hiring brokers have the opportunity to present individually to the students about their real estate brokerages, respond to questions and share contact information.

Interested real estate agents can register for an upcoming event designated for their area. Both August career expos take place virtually. These events are no cost to attend.

The Western Region Career Expo takes place on Tuesday, August 6th at 12 pm PST.
