

# Five9 Named to 2024 Fortune Best Workplaces in Technology List

2024-09-11

SAN RAMON, Calif.--(BUSINESS WIRE)-- Great Place To Work® and Fortune magazine have selected Five9 (NASDAQ: FIVN) for the **2024 Fortune Best Workplaces in Technology™ List**, coming in at 16th place in the large category. Earning a spot means that Five9 is one of the best companies to work for in the United States.

The Best Workplaces in Technology award is based on analysis of survey responses over 149,000 current employees from **Great Place To Work Certified™** companies in the tech industry.

“We’re proud to be recognized among the best workplaces in tech and this accolade underscores our belief that our people are our greatest asset,” said Tricia Yankovich, Chief People Officer of Five9. “Our culture thrives because we prioritize the growth, well-being, and innovation of our team members. This recognition is a testament to our commitment to fostering an environment where every individual is empowered to excel and contribute to our shared success.”

The Best Workplaces in Technology list is highly competitive. Great Place To Work, the global authority on workplace culture, determines its lists using its proprietary For All™ Methodology to evaluate and certify thousands of organizations in America’s largest ongoing annual workforce study, based on over 1.3 million survey responses and data from companies representing more than 8.2 million employees this year alone.

Survey responses reflect a comprehensive picture of the workplace experience. Honorees were selected based on their ability to offer positive outcomes for employees regardless of job role, race, gender, sexual orientation, work status, or other demographic identifier.

“Congratulations to the Best Workplaces in Technology,” says Michael C. Bush, CEO of Great Place To Work. “These companies not only outperform the average for their industry but have created workplaces that outshine the average in every category, proving the importance of building trust with workers, no matter the industry.”

In 2024, Five9 also made the **Fortune Best Workplaces in the Bay Area™ list**. If you’re interested in joining the team at Five9, please visit the **Careers page**.

## About the Fortune Best Workplaces in Technology List

Great Place To Work selected the Best Workplaces in Technology by analyzing confidential survey responses from more than 1.3 million employees in the U.S., representing the experiences of over 8.2 million employees in 2023 and 2024. Of those responses, over 149,000 came from employees at Great Place To Work Certified companies in the technology industry, and this ranking is based on that feedback. Company rankings are derived from 60 employee experience questions within the **Great Place To Work Trust Index™ Survey**. Companies with 10 to 999 employees competed in the small and medium category. Companies with 1,000 or more employees were considered for the large category. **Read the full methodology.**
