NEW YORK, Sept. 11, 2024 (GLOBE NEWSWIRE) -- **OTC Markets Group Inc.** (OTCQX: OTCM), operator of regulated markets for trading 12,000 U.S. and international securities, today announced **Velo3D, Inc.** (OTCQX: VLDX), a three dimensional printer producer, has qualified to trade on the OTCQX® Best Market. Velo3D, Inc. previously traded on the New York Stock Exchange.

Velo3D, Inc. begins trading today on OTCQX under the symbol "VLDX." U.S. investors can find current financial disclosure and Real-Time Level 2 quotes for the company on www.otcmarkets.com.

Trading on the OTCQX Market offers companies efficient, cost-effective access to the U.S. capital markets. Streamlined market requirements for OTCQX are designed to help companies lower the cost and complexity of being publicly traded, while providing transparent trading for their investors. To qualify for OTCQX, companies must meet high financial standards, follow best practice corporate governance, and demonstrate compliance with applicable securities laws.

About Velo3D, Inc.

Velo3D, Inc. produces metal additive three dimensional printers in the United States and internationally. The company's printers enable the production of components for space rockets, jet engines, fuel delivery systems, and other high value metal parts, which it sells or leases to customers for use in their businesses. It also offers Flow, a proprietary software platform, which scans part designs for geometrical features; Sapphire and Sapphire XC printers; Assure, a quality control software platform that includes process metrologies; and Intelligent Fusion, an underlying manufacturing process that unifies and manages the information flow, sensor data, and the advanced printing technology for precision control of the entire print. In addition, the company provides support services. Its customers range from small- and medium-sized enterprises to Fortune 500 companies in the space, aviation,

defense, automotive, energy, and industrial markets.
