

RecycleNation Adds New User-Friendly Enhancements to Nation's #1 Recycling Search Tool and Database

2024-06-13

LOS ANGELES--(BUSINESS WIRE)-- **RecycleNation.com**, the #1 ranked recycling tool on the internet (according to the latest rankings by **FeedSpot**) has added new enhancements and user-friendly features to its site and system. The site now features a refreshed new design and straightforward and intuitive layout, designed to make the recycling process fast and easy.

RecycleNation is a free online search engine tool and informational site designed to help anyone, anywhere in the United States find the nearest location to responsibly recycle anything, the #1 recycling tool on the internet is powered by **ERI**, the nation's largest fully integrated IT and electronics asset disposition provider and cybersecurity-focused hardware destruction company. RecycleNation is designed to help people find a close location to responsibly recycle any items they no longer want and help Americans declutter.

"Our mission with RecycleNation is to democratize, simplify and encourage the recycling process by providing a free, interactive, easy-to-use tool that empowers users to type in their zip codes and the items they want to recycle, so that nearby recycling opportunities can be discovered," said John Shegerian, Co-Founder, Chairman and CEO of ERI and cofounder of RecycleNation. "Our redesign of the RecycleNation system makes it easier than ever for people to find a safe and responsible place to recycle anything they want to get rid of. It's rewarding to be able to offer enhancements to a tool that promotes across-the-board environmental sustainability and circular economy initiatives. RecycleNation is the ultimate system to bring recyclers and consumers together!"

RecycleNation houses the world's largest recycling database, with more than 100,000 unique data points for over 50 different items, all offered to the public free of charge. The site has now helped more than 10 million customers

find locations to recycle various types of items, helping make the planet a greener, more sustainable place. Today, RecycleNation now helps over 300,000 unique visitors per month with their specific recycling needs.
