

Routledge Publishing Announces the Release of "Managing and Preventing Pandemics: Lessons from COVID-19" by Professor Roberto De Vogli

2024-09-11

London, United Kingdom--(Newsfile Corp. - September 11, 2024) - Routledge Publishing today announced the upcoming release of "Managing and Preventing Pandemics: Lessons from COVID-19" by Roberto De Vogli, scheduled for publication on October 9, 2024. This comprehensive analysis of global pandemic response strategies aims to provide insights for policymakers and health professionals.

Managing and Preventing Pandemics: Lessons from COVID-19

The book examines various approaches to managing the COVID-19 pandemic, identifying successful strategies and areas for improvement in global health crisis management. It also explores potential measures to mitigate future pandemic risks.

Key features of the book include:

- Analysis of pandemic response strategies across different countries
- Identification of critical factors in successful pandemic management
- Discussion of potential preventive measures for future health crises

The book will be available in both paperback (ISBN 978-1-032-41555-0) and hardback (ISBN 978-1-032-84265-3) formats. It can be purchased through local bookshops, [taylorandfrancis.com](https://www.taylorandfrancis.com), and [amazon.com](https://www.amazon.com).
