

NEWS RELEASE

Saga Communications, Inc. Declares a Quarterly Cash Dividend of \$0.25 per Share

2024-09-11

GROSSE POINTE FARMS, Mich., Sept. 11, 2024 (GLOBE NEWSWIRE) -- Saga Communications, Inc. (Nasdaq - SGA) (the "Company", "Saga" or "our") today announced that its Board of Directors ("Board") declared a quarterly cash dividend of \$0.25 per share. The dividend will be paid on October 18, 2024, to shareholders of record on September 25, 2024. The aggregate amount of the payment to be made in connection with the quarterly dividend will be approximately \$1.6 million. The quarterly dividend will be funded by cash on the Company's balance sheet. Including this dividend, the Company will have paid approximately \$134 million in dividends to shareholders since the first special dividend was paid in 2012.

The Company currently intends to declare regular quarterly cash dividends as well as variable dividends in accordance with the terms of its variable dividend policy. As previously reported, our Board adopted a variable dividend policy for the allocation of available cash aligned with the goals of maintaining a strong balance sheet, increasing cash returns to shareholders, and continuing to grow the Company through strategic acquisitions. The Company may also declare special dividends and implement stock buybacks in future periods. The declaration and payment of any future dividend, whether fixed, special, or based on the variable policy, or the implementation of any stock buyback program will remain at the full discretion of the Board and will depend on the Company's financial results, cash requirements, future expectations, and other pertinent factors.

Saga is a media company whose business is devoted to acquiring, developing and operating broadcast properties with a growing focus on opportunities complimentary to our core radio business including digital, e-commerce and non-traditional revenue initiatives. Saga owns or operates broadcast properties in 28 markets, including 82 FM and 32 AM radio stations and 79 metro signals.
