

# Tonkean Announces Strategic Global Collaboration

2024-09-11

PALO ALTO, Calif.--(BUSINESS WIRE)-- **Tonkean Inc.**, the provider of AI-powered process orchestration solutions for enterprises, today announced a new strategic collaboration with **Bosch Software and Digital Solutions (Bosch SDS)**, #BoschSDS, a global business unit of Bosch Global Software Technologies.

Tonkean will collaborate with Bosch SDS to deliver joint solutions for their clients. (Graphic: Business Wire)

**Bosch SDS** is a global provider of consulting, engineering, digital transformation, and IT services

to enterprise clients. Bosch SDS, and Tonkean will collaborate to evaluate, transform and optimize business processes for enterprises across the U.S., Germany and Dubai. Through this collaboration, Bosch SDS will integrate Tonkean's AI-driven process orchestration platform into its digital core offerings, enhancing its value proposition in the market.

Tonkean will also collaborate with Bosch SDS to deliver joint solutions for their clients.

"Collaborating with Bosch SDS is an exciting opportunity for Tonkean," says Satendar Bhatia, Chief Revenue Officer and Executive Vice President at Tonkean. "Together we will redefine process orchestration and create tailored solutions that meet the unique needs of enterprises. Our combined strengths will ensure seamless, AI-driven process optimization that enhances efficiency and compliance across key markets."

This partnership underscores Tonkean and Bosch SDS's shared commitment to advancing enterprise efficiency and innovation across key global markets.

"Our strategic collaboration with Tonkean allows us to harness the power of AI to drive significant improvements in business processes," says Debasis Bisoi, Senior Vice President, Bosch Software and Digital Solutions (SDS). "By

combining SDS's deep industry expertise with Tonkean's platform, we are poised to deliver value and operational excellence to our clients. This collaboration represents a pivotal step in our commitment to leveraging technology for transformative outcomes."

About Tonkean: Tonkean is an innovative process orchestration platform that helps enterprise internal service teams like procurement and legal create process experiences that people actually follow. With Tonkean, you can build processes that are personalized for each requester, and that use AI to automate the intake, triage, and resolution of every request. With a library of preconfigured process templates and a 100% no-code workflow editor, Tonkean is the automation platform of choice for many innovative F500 companies. With full governance controls, enterprises can guarantee compliance while maximizing adoption—all without any change management and no code. Founded in 2015, Tonkean is headquartered in Palo Alto.
