Organized by the Ministry of Industry & Trade - Vinexad
National Trade Fair & Advertising

JSC and Yorkers Trade & Marketing Service Co., Ltd., this event will showcase the latest trends and technologies in printing and packaging.

VietnamPrintPack 2024 will showcase a wide range of exhibits, including state-of-the-art printing machinery, packaging technologies, and materials. Visitors will have the opportunity to explore the latest advancements in digital corrugated printing and sustainable packaging solutions, highlighting the global trend towards eco-friendly and efficient production practices.

VietnamPrintPack 2024 will bring together leading industry figures from international and local exhibitors. Renowned global companies such as Heidelberger Druckmaschinen from Germany, Thai KK Industry from Thailand (experts in the label industry, adhesive tapes, and molding compounds), and Ching Feng Machinery from Taiwan will be joined by prominent exhibitors from China, including Sansin, UPG, Pulisi, SEE, Weigang, Fengchi, Zhongte, and DGM. They are set to present their latest products and solutions. Notably, Weigang will display their intermittent offset printing machine, while Fengchi will feature their full servo high-speed flute laminator alongside

their automatic glue flute laminating machine.

Local Vietnamese companies will also have a strong presence at the event. Cuu Long Trading will introduce the latest offset printing machine, while HPack Vietnam will unveil their new high-speed printing machine. Trung My A is set to feature the most advanced machinery and technology available today. Additionally, VPrint, Viet Thuan Trading, PTS Industries, Song Long Print Equipment, and Song Song will showcase their newest innovations, underscoring the dynamic growth of the printing and packaging industry in Vietnam.

During the exhibition, seminars will cover future industry trends including "Green & Smart Trends in the Packaging and Printing Industry," "Automation in Packaging Production," and "Unpacking Zero Emission: New Global Strategy for Print & Pack Supply."
