Recent Company Highlights

- Viva will be resuming drilling activities at its Tonopah Gold Project in Nevada
- Baseline study work to continue to prepare for project permitting
- An updated resource and preliminary economic study is due after completion of the upcoming drill program

#### About Viva Gold Corp

Viva's Tonopah gold project sits in the middle of gold mining country and controls a major land position on the prolific Walker Lane Trend in Western Nevada. Viva has consistently grown its resources since 2017 and has commenced a new, fully funded drill program to further define and grow the current resource base. The Company plans to update the resource model and initiate Preliminary Economic Analysis Study in late 2024, both of which are major catalysts and value creation events for shareholders.

Viva Gold is led by CEO Jim Hesketh, a 40-year veteran in the mining space who has led the development and construction of eight other mines around the world throughout his career. Jim has surrounded himself with equally experienced mining professionals both on the management team and the board.
