

INVITATION

11 September 2024

Lindab invites to digital investor meeting ahead of quarter-end

Thursday 19 September at 14.00

In May 2024, the Swedish Financial Supervisory Authority and ESMA published recommendations for how listed companies should handle information disclosure ahead of upcoming interim reports. As a result, Lindab will offer digital group meetings before the company enters a quiet period. The meetings are primarily aimed at analysts, institutional investors and journalists. Individual meetings with analysts will therefore not be conducted before the end of the quarter.

The purpose of the meetings is to summarise information already communicated by Lindab and, if appropriate, refer to other public information that is relevant to assess Lindab's development. The presentation will be held in English and participants will have the opportunity to ask questions. The meetings will be recorded and published on Lindab's website.
