ITEM 1. BUSINESS

Overview

We are a leading provider of global enterprise cloud communications, video meetings, collaboration, and contact center software-as-a-service (“SaaS”) solutions. We believe that our innovative, cloud-based communication and customer engagement platform disrupts the large market for business communications and collaboration by providing flexible and cost-effective solutions that support mobile and distributed workforces. We enable convenient and effective communications for organizations across all their locations and employees, enabling them to be more productive and responsive.

Our cloud-based solutions are designed to be easy to use, providing a global user identity across devices, including smartphones, tablets, PCs and desk phones. Our solutions can be deployed rapidly and configured and managed easily. Our cloud-based solutions are location and device independent and better suited to address the needs of modern mobile and global enterprise workforces than are legacy on-premises systems. Through our open platform, we enable third-party developers and customers to develop integrations and workflows using our robust set of Application Programming Interface (“API”) and software developers’ kits (“SDKs”).

The rapid growth of mobile communications has changed the way businesses interact. Employees connect from anywhere with any device, using multiple modes of communications including messaging, video, phone, and text. These forms of flexible communications enable employees to be productive in ways that traditional on-premises systems do not support.

We believe RingCentral benefits from both the shift to mobile and distributed workforces and the migration of on-premises based communication systems to cloud-based software solutions. Our cloud communications and customer engagement solutions are based on our Message Video Phone (MVP) platform, which has been designed from the ground up, specifically for today’s mobile and distributed workforce. In addition, our differentiated open platform enables seamless integration with third-party and custom software applications. These integrations improve business workflows resulting in higher employee productivity and better customer service. Our global delivery capabilities support the needs of multi-national enterprises in multiple countries.
We offer three key products in our portfolio, including:

- RingCentral MVP (formerly RingCentral Office), a Unified Communications as a Service (“UCaaS”) platform, including team messaging, video meetings, and a cloud phone system;
- Customer engagement solutions, including RingCentral Contact Center, RingCentral Engage Digital and Voice; and
- RingCentral Video, launched in 2020, our branded video meeting solution with team messaging that enables smart video meetings.

We generate revenues primarily from the sale of subscriptions for our cloud-based services. We focus on acquiring and retaining our customers, adding value to their experience, and increasing their use of our solutions. As their needs change, customers add users to services and additional features and functionality to expand their use of other solutions.

We continue to support our direct inside sales force while also developing indirect sales channels to market our brand and our subscription offerings. Our indirect sales channels who sell our solutions consist of:

- Regional and global network of resellers and distributors;
- Strategic partners who market and sell our MVP and other solutions, including co-branded solutions. Such partnerships include Mitel US Holdings, Inc. (“Mitel”), Amazon Web Services (“Amazon”), Alcatel-Lucent Enterprise (“ALE”), Avaya Holding Corp. (“Avaya”), Atos SE (“Atos”), and Unify Software and Solutions GmbH & CO. KG (“Unify”).
- Global Service Provider partners who sell our product, including AT&T (“AT&T”), TELUS Communications Company (“TELUS”), BT Group plc (“BT”), Vodafone Group Services Limited (“Vodafone”), Verizon Business (“Verizon”), Deutsche Telekom (“DT”), 1&1 Versatel in Germany, Ecotel in Germany, MCM in Mexico, Frontier, Charter Communications and others.

Our Solutions

Our cloud-based business communications, collaboration, and customer engagement solutions function across multiple locations and devices, including smartphones, tablets, PCs and desk phones, allow for communication across multiple modes, including high-definition (“HD”) voice, video, SMS, messaging and collaboration, conferencing, and fax. Our proprietary solutions enable a more productive and dynamic workforce and are architectured using industry standards to meet modern business communications and collaboration requirements, including workforce mobility, “bring-your-own” communications device environments and multiple communications methods.

Our solutions are delivered using a highly available, and rapidly and easily scalable infrastructure, allowing our customers to add new users regardless of where they are located within our service footprint and promote business continuity. Our solutions are generally affordable, requiring little to no upfront infrastructure hardware costs or ongoing maintenance and upgrade costs commonly associated with on-premise systems and can be integrated with other existing communication systems.

We believe that our solutions go beyond the core functionality of existing on-premise communications solutions by providing additional key benefits that address the changing requirements of business to allow business communications using HD voice, video, SMS, messaging, collaboration, conferencing, and fax. The key benefits of our solutions include:

- **Location Independence.** Our cloud-based solutions are designed to be location independent. We seamlessly connect distributed and mobile users, enabling employees to communicate with a single identity whether working from a central location, a branch office, on the road, or at home.
• **Global.** Our RingCentral Global MVP capabilities support multinational enterprise workforces. RingCentral Global MVP connects multinational workforces globally, while reducing the complexity and high costs of maintaining multiple legacy private branch exchanges (“PBX systems”) with a single global cloud solution.

• **Device Independence.** Our solutions are designed to work with a broad range of devices, including smartphones, tablets, PCs, and desk phones, enabling businesses to successfully implement a “bring-your-own” communications device strategy.

• **Instant Activation and Easy Account Management.** Our solutions are designed for rapid deployment and ease of management. Our intuitive graphical user interfaces allow administrators and users to set up and manage their business communications system with little or no IT expertise, training, or dedicated staffing.

• **Analytics.** Our solutions enable superior user experience and drive business decisions through a single, real-time intuitive interface with configurable, out-of-the-box KPIs and metrics for monitoring all users, calls, meetings, devices, numbers, and queues, along with call quality scores and parameters.

• **Scalability.** Our cloud-based solutions scale easily and efficiently with the growth of our customers. Customers can add users, regardless of their location, without having to purchase additional infrastructure hardware or software upgrades.

• **Lower Cost of Ownership.** We believe that our customers experience significantly lower cost of ownership compared to legacy on-premise systems. Using our cloud-based solutions, our customers can avoid the significant upfront costs of infrastructure hardware, software, ongoing maintenance and upgrade costs, and the need for dedicated and trained IT personnel to support these systems.

• **Seamless and Intuitive Integration with Other Applications.** Applications are proliferating within businesses of all sizes. Integration of these business applications with legacy on-premise systems is typically complex and expensive, which limits the ability of businesses to leverage cloud-based applications. Our platform provides seamless and intuitive integration with multiple popular cloud-based business applications such as Microsoft productivity and CRM tools, Google G-Suite, Salesforce CRM, Oracle, Okta, Zendesk, Box, and Workday, as well as customer lines-of-business applications.

We have a portfolio of cloud-based offerings that are subscription-based and made available at different monthly rates, varying by the specific functionalities, services, and number of users. We primarily generate revenues from the sale of subscriptions of our offerings, which include the following:

**RingCentral MVP.** RingCentral MVP (formerly RingCentral Office), our flagship solution, provides a unified experience for communication and collaboration across multiple modes, including HD voice, video, SMS, messaging and collaboration, conferencing, online meetings, and fax. RingCentral MVP offers a unified Message, Video, and Phone experience on our global platform. Customers can extend RingCentral MVP to support their multinational workforce in many countries around the world. This subscription is designed primarily for businesses that require a communications solution, regardless of location, type of device, expertise, size, or budget. Businesses are able to seamlessly connect users working in multiple office locations on smartphones, tablets, PCs and desk phones. The features, capabilities and price per user increase from Essentials to Ultimate. The solution capabilities include high-definition voice, call management, mobile applications, business SMS and MMS, fax, team messaging and collaboration, audio/video/web conferencing capabilities, out-of-the-box integrations with other cloud-based business applications, and business analytics and reporting. Our platform also enables customers to create, develop, and deploy custom integrations using our APIs.

Key features of RingCentral MVP include:

• **Cloud-Based Business Communications Solutions.** We offer multi-user, multi-extension, cloud-based business communications solutions that do not require installation, configuration, management, or maintenance of on-premise hardware and software. Our solutions are instantly activated and deliver a rich set of functionalities across multiple locations and devices.

RCV is also integrated with business productivity applications such as Google Workspace, Salesforce, HubSpot, Microsoft 365, Slack, Theta Lake, and Zoho, among others. RingCentral Rooms and Rooms Connector bring a cloud web conferencing solution to meeting rooms and meeting spaces that have dedicated video conferencing equipment such as monitors, speakers, microphones, and cameras, and support for large meetings and webinars for a monthly per license add-on fee.

- **Mobile-Centric Approach.** Our solution includes smartphone and tablet mobile applications that customers can use to set up and manage company, department, and user settings from anywhere. Our applications turn iOS and Android smartphones and tablets into business communication devices. Users can change their personal settings instantly and communicate via voice, text, team messaging and collaboration, HD video and web conferencing, and fax. RingCentral MVP installed on personal mobile devices are fully integrated into the customer’s cloud-based communication solution, using the company’s numbers, and displaying one of the company’s caller ID for calls made through our mobile applications.

- **Easy Set-Up and Control.** Our user interfaces provide a consistent user experience across smartphones, tablets, PCs, and desk phones, making it intuitive and easy for our customers to quickly discover and use our solution across devices. Among other capabilities, administrators can specify and modify company, department, user settings, auto-receptionist settings, call-handling, and routing rules, and add, change, and customize users and departments.

- **Flexible Call Routing.** Our solution includes an auto-attendant to easily customize call routing for the entire company, departments, groups, or individual employees. It includes a robust suite of communication management options, including time of day, caller ID, call queuing, and sophisticated routing rules for complex call handling for the company, departments, groups, and individual employees.

- **Cloud-based Business Application Integrations.** Our solution seamlessly integrates with other cloud-based business applications such as Salesforce CRM, Google Cloud, Box, Dropbox, Office365, Outlook, Oracle, Okta, Zendesk, Jira, Asana, and others. For example, our integration with Salesforce CRM brings up customer records immediately based on inbound caller IDs, resulting in increased productivity and efficiency. Our open platform is supported by APIs and software developers’ kits (“SDKs”) that allows developers to integrate our solution with leading business applications or with other custom applications to customize their own business workflows.

- **RingCentral Global MVP.** Our solution includes RingCentral Global MVP, a single global UCaaS solution designed for multinational enterprises that allows these companies to support distributed offices and employees globally with a single cloud solution. With RingCentral Global MVP, multinational enterprises can operate in other countries while also acting as one integrated business, with capabilities including local phone numbers, local caller ID, worldwide extension-to-extension dialing, and included minute bundles for international calling.

- **RingCentral Cloud Connector.** RingCentral Cloud Connector is a hybrid PBX solution where businesses can interconnect their on-premises PBX systems with RingCentral MVP. This allows for seamless internal employee dialing between on-premises PBX users and RingCentral cloud users. Previously, internal employee communication between both groups would be difficult to be connected, which caused increased overall telecommunications spend and IT complexities due to roaming charges and PSTN connectivity. Modern UCaaS providers like RingCentral changed that model and now include a hybrid PBX solution with offering.

- **RingCentral Direct Connect.** RingCentral Direct Connect is a service that allows enterprises to leverage their dedicated and secure connections to exchange data directly with the RingCentral cloud. Customers use their preferred network service provider to connect to the RingCentral cloud through a secure data exchange enabling lower latency, greater network reliability and availability, and added security.

- **High-Volume SMS.** High-Volume SMS is a service that enables businesses to send high-volume and commercial SMS messages and updates to their customers eliminating the need to purchase and program a separate number. Our service also provides access to message status, logs, store, and analytics for advanced insights and regulatory compliance.

- **RingCentral Live Reports.** RingCentral Live Reports is an add-on for RingCentral MVP customers to gather real-time information needed to maximize the performance with dashboards that contain information on agent utilization and overall customer experience.

- **RingCentral Fax.** RingCentral Fax provides online fax capabilities that allow businesses to send and receive fax documents without the need for a fax machine. RingCentral Fax capability is made available to all
RingCentral MVP customers or as a stand-alone offering at monthly subscription rates that vary based on the desired number of pages and phone numbers allotted to the plan.

**RingCentral Contact Center.** RingCentral Contact Center is a collaborative contact center solution that delivers AI powered omni-channel and workforce engagement solution with integrated RingCentral MVP. RingCentral Contact Center brings together the powerful integration of CCaaS which leverages technology from NICE inContact, Inc., along with RingCentral MVP, enabling an easy collaboration while delivering seamless omnichannel experiences across 30+ digital and voice channels.

**RingCentral Engage Digital.** RingCentral Engage is a cloud digital customer engagement platform that allows enterprises to interact with their customers through a single platform across all digital channels. The platform uses AI-based smart routing engine that enables agents to efficiently manage customer interactions across digital channels including mobile and in-app messaging, several social channels, live chats, and email.

**RingCentral Engage Voice.** Engage Voice is a cloud-based outbound/blended customer engagement platform for small to midsized companies. The platform provides automated dialing capabilities to help accelerate the sales process and reduce time it takes sales teams to reach prospects.

It is an easy-to-use solution that offers high quality and high availability video and audio conferencing, seamlessly integrated with team messaging, file sharing, contact, task, and calendar management. It includes pre-meeting, in-meeting, and post-meeting capabilities, and provides a completely integrated team collaboration capability. RingCentral Video is provided in two editions: Pro, which is a free service, and a paid Pro Plus subscription service which offers a higher number of meeting participants and additional video meeting and administrative management capabilities.

**RingCentral Professional Services.** Professional Services helps guide our customers through the many points of the cloud adoption lifecycle: consultation, UCaaS and CCaaS implementation, VoIP phone system adoption, configuring custom workflows, customer and user onboarding, ongoing support, managed services, and more.

**Segment Reporting**

Our organizational structure is a single reportable segment. A discussion of the results of our operations is included in Part II, Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, and in Part II, Item 8, “Consolidated Financial Statements and Supplementary Data” of this Annual Report of Form 10-K, under Consolidated Financial Statements, which are incorporated herein by reference.

**Our Customers**

We have a diverse and growing customer base across a wide range of industries, including financial services, education, healthcare, legal services, real estate, retail, technology, insurance, construction, hospitality, and state and local government, among others. We seek to establish and maintain long-term relationships with our customers. We do not have significant customer concentration and no individual customer accounted for more than 10% of total revenue for the years ended December 31, 2022, 2021, and 2020. We believe that we will not have significant customer concentration in the future.

We sell our solutions to enterprise customers, and small and medium-sized businesses. We define a “customer” as a party that purchases or subscribes to our products and services directly or through our indirect sales channel, which includes resellers and distributors, strategic partners and global service providers. We continuously expand our solution offering globally and believe that there are additional growth opportunities in international markets.

**Marketing, Sales and Support**

We use a variety of marketing, sales, and support activities to generate and cultivate ongoing customer demand for our subscriptions, acquire new customers, and engage with our existing customers. We sell globally through both direct and indirect channels, which includes resellers and distributors, strategic partners and global service providers. We provide onboarding implementation services to help our customers set up and configure their newly purchased communications system, as well as ongoing self-service, phone support, online chat support, and training. We also closely track and monitor customer acquisition costs to assess how we are deploying our marketing, sales, and customer support spending.
• **Marketing.** Our marketing efforts include search engine marketing, search engine optimization, affiliates, list buys, shared leads, content leads, appointment setting, radio advertising, online display advertising, sports sponsorships, billboard advertising, tradeshows and events, and other forms of demand generation. We track and measure our marketing costs closely across all channels so that we can acquire customers in a cost-efficient manner.

• **Direct Sales.** We primarily sell our solutions and subscriptions through direct inbound and outbound sales efforts. We have direct sales representatives located in the U.S. and internationally.

• **Indirect Sales.** Our indirect sales channel consists of global and regional networks of resellers and distributors, strategic partners and global and regional service providers. Our indirect sales channels help broaden the adoption of our solutions and enables us to leverage their sales force to sell our services as well as access their customer bases.

• **Customer Support and Services.** While our intuitive and easy-to-use user interface serves to reduce our customers’ need for support and services, we provide online chat and phone customer support, as well as post-sale implementation support, as an option to help customers configure and use our solution. We track and measure our customer satisfaction and our support costs closely across all channels to provide a high level of customer service in a cost-efficient manner.

**Research and Development**

We believe that continued investment in research and development is critical to expanding our leadership position within the cloud-based business communications, collaboration, and contact center solutions market and is a key element of our culture. We devote the majority of our research and development resources to software development. Our engineering team has significant experience in various disciplines related to our platform, such as voice, video, text, team messaging and collaboration, mobile application development, IP networking and infrastructure, contact center, digital customer engagement, user experience, security, and robust multi-tenant cloud-based system architecture.

Our development methodology, in combination with our SaaS delivery model, allows us to provide new and enhanced capabilities on a regular basis. Based on feedback from our customers and prospects and our review of the broader business communications and SaaS markets, we continuously develop new functionality while maintaining and enhancing our existing solutions. We typically have multiple releases per year, where we constantly improve our solutions and introduce new capabilities and features to make our customers’ workforce more productive and to build out the feature set required by larger and global enterprises.

As part of our strategy to expand our technological capabilities, we engage in strategic transactions from time to time. Such strategic acquisitions enable us to complement our technology and skill sets and expand our solution reach.

**Technology and Operations**

Our platforms are hosted both in private and public clouds. Our private clouds are built on a highly scalable and flexible infrastructure comprised of commercially available hardware and software components. Our public clouds are built on a platform that allows us to leverage shared components and services, enabling us to rapidly develop new features and functionalities on our existing platform without re-architecting the infrastructure to achieve geographical redundancy and high availability. We believe that both hardware and software components of our platform can be replaced, upgraded or added with minimal or no interruption in service. The system is designed to have no single point-of-failure. For the foreseeable future, we expect to increase our utilization of Amazon’s public cloud services.

Our private cloud is served from multiple data centers and third-party co-location facilities located in several cities in the United States and throughout the world. Our data centers are designed to host mission-critical computer and communications systems with redundant, fault-tolerant subsystems, and compartmentalized security zones. We maintain a security program designed to ensure the security and integrity of customer data, protect against security threats or data breaches, and prevent unauthorized access to our customers’ data. We limit access to on-demand servers and networks at our production and remote backup facilities.
Intellectual Property

We rely on a combination of patent, copyright, and trade secret laws in the U.S. and other jurisdictions, as well as license agreements and other contractual protections, to protect our proprietary technology. We also rely on a number of registered and unregistered trademarks to protect our brand. In addition, we seek to protect our intellectual property rights by implementing a policy that requires our employees and independent contractors involved in the development of intellectual property on our behalf to enter into agreements acknowledging that all works or other intellectual property generated or conceived by them on our behalf are our property, and assigning to us any rights, including intellectual property rights, that they may claim or otherwise have in those works or property, to the extent allowable under applicable law.

Our worldwide intellectual property portfolio includes over 940 issued patents, which expire between 2023 and 2041, and over 129 patent applications, pending examination in the U.S. and in foreign jurisdictions, all of which are related to U.S. applications. In general, our patents and patent applications apply to certain aspects of our SaaS and mobile applications and underlying communications infrastructure. We are also a party to various license agreements with third parties that typically grant us the right to use certain third-party technology in conjunction with our solutions and subscriptions. In the future, we may “prune” our patent portfolio by not continuing to renew some of our patents in some jurisdictions or may decide to divest some of our patents.

Competition

The market for business communications and collaboration solutions is very large, rapidly evolving, complex, fragmented and defined by changing technology, and customer needs. We expect competition to continue to increase in the future. We believe that the principal competitive factors in our market include:

- product features and capabilities;
- system reliability, availability, and performance;
- speed and ease of activation, setup, and configuration;
- ownership and control of the underlying technology;
- open platform;
- incumbency;
- integration with mobile devices;
- brand awareness and recognition;
- simplicity of the pricing model; and
- total cost of ownership.

We believe that we generally compete favorably on the basis of the factors listed above.

We face competition from a broad range of providers of business communications and collaboration solutions. Some of these competitors include:

- traditional on-premise, hardware business communications providers such as Alcatel-Lucent Enterprise, Avaya Inc., Cisco Systems, Inc., Mitel Networks Corporation, NEC Corporation, and Siemens Enterprise Networks, LLC, any of which may now or in the future also host their solutions through the cloud;
- software providers such as Microsoft Corporation and Cisco Systems, Inc. that generally license and/or host their software solutions, and their resellers including major global service providers and cable companies;
- established business communications providers that resell on-premise hardware, software, and hosted solutions, such as Comcast, COX, TMU, Orange, and others, all of whom currently have significantly greater resources than us and now or in the future also may develop and/or host their own or other solutions through the cloud;
- other cloud companies such as 8x8, Inc., Amazon.com, Inc., DialPad, Inc., LogMeIn, Inc, Microsoft Corporation, Nextiva, Inc., Twilio Inc., Vonage Holdings Corp. (acquired by Ericsson), and Zoom Video Communications, Inc.;
video meeting and collaboration service providers such as Amazon.com, Inc., Apple Inc., Alphabet Inc. (Google G-Suite and Meet), Facebook, Inc., Microsoft Teams, Slack Technologies, Inc. (acquired by Salesforce.com, Inc.), and Zoom Video Communications, Inc.;

other large internet companies such as Alphabet Inc. (Google Voice), Facebook, Inc., Oracle Corporation, and Salesforce.com, Inc., any of which might launch its own cloud-based business communication services or acquire other cloud-based business communications companies in the future;

providers of communications platform as a service solutions and messaging software platforms with APIs such as Twilio Inc., Vonage Holdings Corp. (acquired by Ericsson), and Slack Technologies, Inc. (acquired by salesforce.com, inc), on which customers can build diverse solutions by integrating cloud communications into business applications;

contact center and customer relationship management providers such as Amazon.com, Inc., Aspect Software, Inc., Avaya Inc., Five9, Inc., NICE InContact, Genesys Telecommunications Laboratories, Inc., Serenova, LLC (acquired by Lifesize, Inc.), Talkdesk, Inc., Vonage Holdings Corp. Employees and Human Capital

We believe that our culture and our workforce are critically important to our success. Our human capital resources objectives include identifying, recruiting, retaining, incentivizing and integrating our existing and new employees, advisors and consultants. We continuously invest in our global workforce by seeking to create a diverse, inclusive, and safe work environment where our employees can learn, innovate, and deliver their best. We are committed to being inclusive to enable our workforce and customers to succeed.

We invest in developing our talent and creating a superior employee experience. We believe that a highly engaged workforce will continue to drive RingCentral’s competitive advantage as an innovative company and will also keep RingCentral as an employer of choice. We believe that our approach to talent development and innovation enables our team members to grow in their current positions and build new skills. We provide learning courses across a broad range of categories such as leadership, inclusion and diversity, technical and compliance, among others. We have periodic employee surveys that allow employees to voice their perceptions of the Company and their work experience.

Our diversity and inclusion initiatives honor the unique background, identity and perspectives of each individual in our organization and we are committed to the success of our workforce and customers. We continue to drive key initiatives in talent acquisition and talent management to focus on increasing the representation of women and underrepresented groups in our global workforce. We received recognition for our initiatives in the area of diversity, equity and inclusiveness, wherein our CEO was recognized as the “Best Company for Women” and “Diversity” by Comparably in 2022. We encourage and support employee resource groups like our LGBTQ+ group, Black employees group and Pan-Asian group, among others. We continue to look for ways to further expand our efforts in the area of diversity, equity and inclusion.

We face competition for highly skilled and technical workforce with experience in our industry and locations where we maintain offices. We strive to provide competitive pay, benefits, and services to attract and retain our employees. Our equity and cash incentive plans are designed to attract, retain and reward employees, in order to increase stockholder value and to enable the success of our Company by motivating such individuals to perform to the best of their abilities and share in the value creation process. We also provide access to a variety of flexible health and wellness programs to our employees.

As of December 31, 2022, we had 3,902 full-time employees located in 17 countries. As of December 31, 2022, approximately 39% of our full-time employees were located outside of the United States. Our geographic diversification enhances our ability to retain and attract highly skilled talent, have an employee base across the globe to be closer to our customers, as well as manage our headcount costs. In 2022 and 2023, we undertook some “reductions in force” (“RIF”) that decreased our total number of world-wide employees by approximately ten percent (10%) and we may elect to undertake additional RIFs in the future.

In certain countries in which we operate, we are subject to, and comply with, local labor law requirements, which may automatically make our employees subject to industry-wide collective bargaining agreements. For instance, our employees in France are covered by the Syntec Collective Bargaining Agreement. We are not subject to any other collective bargaining agreements. We believe that our employee relations are good, and we have never experienced any work stoppages.
Regulatory

As a provider of communication services over the Internet, we are subject to regulation in the U.S. by the FCC. Some of these regulatory obligations include contributing to the Federal Universal Service Fund, Telecommunications Relay Service Fund, and federal programs related to phone number administration; providing access to E-911 services; protecting customer information; and porting phone numbers upon a valid customer request. We are also required to pay state and local 911 fees and contribute to state universal service funds in those states that assess interconnected Voice over Internet Protocol (“VoIP”) services. In addition, we have certified a wholly owned subsidiary as a competitive local exchange carrier in thirty states and the District of Columbia, and registered as an IP-enabled Service Provider in an additional eleven states. This subsidiary, RCLEC, is subject to the same FCC regulations applicable to telecommunications companies, as well as regulation by the public utility commissions in states where the subsidiary provides services. Specific regulations vary on a state-by-state basis, but generally include the requirement for our subsidiary to register or seek certification to provide its services, to file and update tariffs setting forth the terms, conditions and prices for our intrastate services and to comply with various reporting, record-keeping, surcharge collection, and consumer protection requirements.

As we expand internationally, we will be subject to laws and regulations in the countries in which we offer our subscriptions. Regulatory treatment of communications services over the Internet outside the U.S. varies from country to country, and may be more onerous than imposed on our subscriptions in the U.S. In the United Kingdom, for example, our subscriptions are regulated by Ofcom, which, among other things, requires electronic communications services providers such as our company to provide all users access to both 112 (EU-mandated) and 999 (U.K.-mandated) emergency service numbers at no charge. Similarly, in Canada, our subscriptions are regulated by the CRTC, which, among other things, imposes requirements like those in the U.S. related to the provision of E-911 services, in all areas of Canada where the wireline incumbent carrier offers such 911 services. Over the course of 2022, many countries across Europe implemented the EU Electronic Communications Code, clarifying and updating obligations on PSTN-connected voice service providers as well as imposing new requirements on number-independent services such as videoconferencing and team messaging. Additionally, the French regulatory agency, ARCEP, has made major changes to its telephone numbering plan that went into effect in January 2023, allowing for greater nomadic use of services like ours, and prohibiting the sub-assignment of phone numbers to resellers, requiring each provider to obtain numbers directly from ARCEP. Our regulatory obligations in foreign jurisdictions could have a material adverse effect on the use of our subscriptions in international locations.

In the course of providing our services, we collect, store, and process many types of data, including personal data. Moreover, our customers can use our subscriptions to store contact and other personal or identifying information, and to process, transmit, receive, store, and retrieve a variety of communications and messages, including information about their own customers and other contacts. Customers are able, and may be authorized under certain circumstances, to use our subscriptions to transmit, receive, and/or store personal information.

There are a number of federal, state, local, and foreign laws and regulations, such as the European Union’s General Data Protection Regulation (“GDPR”), the California Consumer Privacy Act (“CCPA”), and the California Privacy Rights Act (“CPRA”), which extended the CCPA, the Virginia Consumer Data Protection Act, the Colorado Privacy Act, the Connecticut Privacy Act and the Utah Consumer Privacy Act, as well as contractual obligations and industry standards, that provide for certain obligations and restrictions with respect to data privacy and security, and the collection, storage, retention, protection, use, processing, transmission, sharing, disclosure, and protection of personal information and other customer data. We expect that with the expansion of our Global MVP solution and sales of our services into new countries, we will become subject to additional data privacy regulations in other countries throughout the world. The scope of these obligations and restrictions is changing, subject to differing interpretations, and may be inconsistent among countries or conflict with other rules, and their status remains uncertain.

As Internet commerce and communication technologies continue to evolve, thereby increasing online service providers’ and network users’ capacity to collect, store, retain, protect, use, process, and transmit large volumes of personal information, increasingly restrictive regulation by federal, state, or foreign agencies becomes more likely.

Regulations that do not directly apply to our business, but which do apply to our customers and partners, can also impact our business. As we expand our business, addressing customer and partner requirements in new jurisdictions and new verticals often requires investment on our part to address regulations that apply to our customers. Globally, these regulations continue to be introduced and to change over time. Such regulations can impact our ability to offer services to various customer segments, and our cost to deliver our services.

ITEM 1A. RISK FACTORS

This Report contains forward-looking statements that are subject to risks and uncertainties that could cause actual results to differ materially from those projected. These risks and uncertainties include, but are not limited to, the risk factors set forth below. The risks and uncertainties described in this Report are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently believe are immaterial may also affect our business. See the section entitled “Special Note Regarding Forward-Looking Statements” of this Annual Report on Form 10-K for a discussion of the forward-looking statements that are qualified by these risk factors. If any of these known or unknown risks or uncertainties actually occurs and have a material adverse effect on us, our business, financial condition and results of operations could be seriously harmed.

Summary Risk Factors

An investment in our Class A Common Stock involves a high degree of risk, and the following is a summary of key risk factors when considering an investment. It is only a summary. You should read this summary together with the more detailed description of each risk factor contained in the subheadings further below and other risks.

• We have incurred significant losses and negative cash flows in the past and anticipate continuing to incur losses for at least the foreseeable future, and we may therefore not be able to achieve or sustain profitability in the future.
• Our quarterly and annual results of operations have fluctuated in the past and may continue to do so in the future. As a result, we may fail to meet or to exceed the expectations of research analysts or investors, which could cause our stock price to fluctuate.
• We rely on third parties, including third parties in countries outside the U.S. including Russia (previously), Ukraine, Georgia, Philippines, and Spain and Bulgaria, for some of our software development, quality assurance, operations, and customer support, and some of these activities may be further impacted by Russia’s ongoing invasion of Ukraine.
• Global economic conditions may harm our industry, business and results of operations, including relations between the United States and China.
• Our rapid growth and the quickly changing markets in which we operate make it difficult to evaluate our current business and future prospects, which may increase the risk of investing in our stock.
• Our future operating results will rely in part upon the successful execution of our strategic partnerships with Avaya, Amazon, Atos/Unify, ALE, Mitel, Vodafone, DT, Verizon and others, which may not be successful.
• We face intense competition in our markets and may lack sufficient financial or other resources to compete successfully.
• We rely and may in the future rely significantly on our strategic partners, resellers, and global service providers to sell our subscriptions; our failure to effectively develop, manage, and maintain our indirect sales channels could materially and adversely affect our revenues.
• To deliver our subscriptions, we rely on third parties for our network connectivity and for certain of the features in our subscriptions.
• Interruptions or delays in service from our third-party data center hosting facilities and co-location facilities could impair the delivery of our subscriptions, require us to issue credits or pay penalties and harm our business.
• Failures in Internet infrastructure or interference with broadband access could cause current or potential users to believe that our systems are unreliable, possibly leading our customers to switch to our competitors or to avoid using our subscriptions.
• A security incident, such as a cyber-attack, information security breach or denial of service event could delay or interrupt service to our customers, harm our reputation or business, impact our subscriptions, and subject us to significant liability.
• Increased customer turnover, or costs we incur to retain and upsell our customers, could materially and adversely affect our financial performance.
• If we are unable to attract new customers to our subscriptions or upsell to those customers on a cost-effective basis, our business will be materially and adversely affected.
• For as long as the dual class structure of our common stock as contained in our charter documents is in effect, voting control will be concentrated with a limited number of stockholders that held our stock prior to our initial public offering, including primarily our founders and their affiliates, and limiting other stockholders’ ability to influence corporate matters.
• Our Series A Convertible Preferred Stock has rights, preferences and privileges that are not held by, and are preferential to the rights of, our common stockholders, which could adversely affect our liquidity and financial condition.

Risks Related to Our Business and Our Industry

We have incurred significant losses and negative cash flows in the past and anticipate continuing to incur losses for at least the foreseeable future, and we may therefore not be able to achieve or sustain profitability in the future.

We have incurred substantial net losses since our inception. Over the past few years, we have spent considerable amounts of time and money to develop new business communications solutions and enhanced versions of our existing business communications solutions to position us for future growth. Additionally, we have incurred substantial losses and expended significant resources upfront to market, promote and sell our solutions and expect to continue to do so in the future. We also expect to continue to invest for future growth, including for advertising, customer acquisition, technology infrastructure, storage capacity, services development and international expansion. In addition, as a public company, we incur significant accounting, legal, and other expenses.

We expect to continue to incur losses for at least the foreseeable future and will have to generate and sustain increased revenues to achieve future profitability. Achieving profitability will require us to increase revenues, manage our cost structure, and avoid significant liabilities. Revenue growth has slowed and in the future, revenues may decline, or we may incur significant losses in the future for a number of possible reasons, including general macroeconomic conditions, increasing competition (including competitive pricing pressures), a decrease in the growth of the markets in which we compete, in particular the SaaS market, or if we fail for any reason to continue to capitalize on growth opportunities. Additionally, we may encounter unforeseen operating expenses, difficulties, complications, delays, service delivery, and quality problems and other unknown factors that may result in losses in future periods, such as our write-down charges relating to our strategic partnership with Avaya. If these losses exceed our expectations or our revenue growth expectations are not met in future periods, our financial performance will be harmed and our stock price could be volatile or decline.

Our quarterly and annual results of operations have fluctuated in the past and may continue to do so in the future. As a result, we may fail to meet or to exceed the expectations of research analysts or investors, which could cause our stock price to fluctuate.

Our quarterly and annual results of operations have varied historically from period to period, and we expect that they will continue to fluctuate due to a variety of factors, many of which are outside of our control, including:

• our ability to expand and retain existing customers, resellers, partners, and global service providers, and expand our existing customers’ user base, and attract new customers;
• our ability to realize the benefits of our strategic partnerships;
• our ability to introduce new solutions;
• the actions of our competitors, including pricing changes or the introduction of new solutions;
• our ability to effectively manage our growth;
• our ability to successfully penetrate the market for larger businesses;
• the mix of annual and multi-year subscriptions at any given time;
• the timing, cost, and effectiveness of our advertising and marketing efforts;
• the timing, operating cost, and capital expenditures related to the operation, maintenance and expansion of our business;
• our ability to successfully and timely execute on, integrate, and realize the benefits of any acquisition, investment, strategic partnership, or other strategic transaction or partnership we may make or undertake;
• service outages or actual or perceived information security breaches or incidents and any related impact on our reputation;
• our ability to accurately forecast revenues and appropriately plan our expenses;
• our ability to realize our deferred tax assets;
costs associated with defending and resolving intellectual property infringement and other claims;
changes in tax laws, regulations, or accounting rules;
the timing and cost of developing or acquiring technologies, services or businesses, and our ability to successfully manage any such acquisitions;
the impact of foreign currencies on our business as we continue to expand our business internationally; and
the impact of worldwide economic, political, industry, and market conditions, including the effects of the ongoing Russian invasion of Ukraine, including international sanctions against Russia, US-China relations, and the continued effects of the global outbreak of COVID-19.

Any one of the factors above, or the cumulative effect of some or all of the factors referred to above, may result in significant fluctuations in our quarterly and annual results of operations. This variability and unpredictability could result in our failure to meet our publicly announced guidance or the expectations of securities analysts or investors for any period, which could cause our stock price to decline. In addition, a significant percentage of our operating expenses is fixed in nature and is based on forecasted revenues trends. Accordingly, in the event of revenue shortfalls, we may not be able to mitigate the negative impact on net income (loss) and margins in the short term. If we fail to meet or exceed the expectations of research analysts or investors, the market price of our shares could fall substantially, and we could face costly lawsuits, including securities class-action suits.

We may require additional capital to pursue our business objectives and to respond to business opportunities, challenges or unforeseen circumstances. If capital is not available to us, our business, results of operations, and financial condition may be adversely affected.

We intend to continue to make expenditures and investments to support the growth of our business and may require additional capital to pursue our business objectives and respond to business opportunities, challenges, or unforeseen circumstances, including the need to develop new solutions or enhance our existing solutions, enhance our operating infrastructure, and acquire complementary businesses and technologies. Accordingly, we may need to engage in equity or debt financings to secure additional funds. However, additional funds may not be available when we need them on terms that are acceptable to us, or at all. Volatility in equity capital markets may materially and adversely affect our ability to fund our business through public or private sales of equity securities. Rising interest rates may reduce our access to debt capital. Any debt financing that we secure in the future could involve restrictive covenants, which may make it more difficult for us to obtain additional capital and to pursue business opportunities. In addition, the restrictive covenants in credit facilities we may secure in the future may restrict us from being able to conduct our operations in a manner required for our business and may restrict our growth, which could have an adverse effect on our business, financial condition, or results of operations.

We cannot assure you that we will be able to comply with any such restrictive covenants. In the event that we are unable to comply with these covenants in the future, we would seek an amendment or waiver of the covenants. We cannot assure you that any such waiver or amendment would be granted. In such event, we may be required to repay any or all of our existing borrowings, and we cannot assure you that we will be able to borrow under our existing credit agreements, or obtain alternative funding arrangements on commercially reasonable terms, or at all.

In addition, volatility in the credit markets may have an adverse effect on our ability to obtain debt financing. The conversion of our 0% convertible senior notes due 2025 (the “2025 Notes”) and our 0% convertible senior notes due 2026 (the “2026 Notes” and, together with the 2025 Notes, the “Notes”) and any future issuances of other equity or any future issuances of equity or convertible debt securities could result in significant dilution to our existing stockholders, and any new equity or convertible debt securities we issue could have rights, preferences, and privileges superior to those of holders of our Class A Common Stock. If we are unable to obtain adequate financing or financing on terms satisfactory to us, when we require it, our ability to continue to pursue our business objectives and to respond to business opportunities, challenges, or unforeseen circumstances could be significantly limited, and our business, results of operations, financial condition and prospects could be materially and adversely affected.

We rely on third parties, including third parties in countries outside the U.S. including Russia (previously), Ukraine, Georgia, Philippines, Spain and Bulgaria, for some of our software development, quality assurance, operations, and customer support, and some of these activities may be further impacted by Russia's ongoing invasion of Ukraine.

We currently depend on various third-parties for some of our software development efforts, quality assurance, operations, and customer support services. Specifically, we have outsourced some of our software development and design,
The global COVID-19 pandemic could harm our business, financial condition and results of operations.

The COVID-19 pandemic has continued to impact worldwide economic activity and financial markets. After closing our offices and restricting travel at the beginning of the pandemic, we reopened our offices to employees worldwide in 2022 and eased our travel restrictions. We continue to monitor the situation and may adjust our current policies as more information and public health guidance becomes available. This could again result in temporarily suspending travel and restricting the ability to do business in person, which could negatively affect our customer success efforts, sales and marketing efforts, challenge our ability to enter into customer and other commercial contracts in a timely manner and our ability to source, assess, negotiate, and successfully implement and execute on, and realize the benefits of, acquisitions, investments, strategic partnerships and other strategic transactions, slow down our recruiting efforts, or create operational or other challenges, any of which could harm our business, financial condition and results of operations. In addition, the COVID-19 pandemic has and may continue to disrupt the operations of our customers, resellers and other channel partners, strategic partners, suppliers and other third-party providers, which could continue to negatively impact our business, financial condition and results of operations. In addition, the rapid spread of variants of the virus and the ongoing pandemic and preventative measures taken worldwide has and could continue to adversely affect economies and financial markets globally in the future, which could decrease technology spending and continue to adversely affect demand for our solutions and harm our business. The full extent to which the COVID-19 pandemic may impact our financial condition or results of operations remains uncertain.
Global economic conditions may harm our industry, business and results of operations, including relations between the United States and China.

We operate globally and as a result our business, revenues and profitability are impacted by global macroeconomic conditions. The success of our activities is affected by general economic and market conditions, including, among others, inflation rate fluctuations, interest rates, supply chain constraints, lower consumer confidence, volatile equity capital markets, tax rates, economic uncertainty, political instability (including the potential of the U.S. government to default on the federal debt), changes in laws, and trade barriers and sanctions. Recently, increases in inflation and interest rates in the US have increased to levels not seen in several years, which have increased and may continue to increase our operating costs. In addition, such economic volatility could adversely affect our business, financial condition, results of operations and cash flows, and future market disruptions could negatively impact us. Further, any U.S. federal government shutdown resulting from failing to pass budget appropriations, adopt continuing funding resolutions, or raise the debt ceiling, and other budgetary decisions limiting or delaying government spending, may negatively impact U.S. or global economic conditions, including corporate and consumer spending, and liquidity of capital markets. Unfavorable economic conditions could increase our operating costs and, because our typical contracts with customers lock in our price for a few years, our profitability could be negatively affected. Geopolitical destabilization could impact global currency exchange rates, supply chains, trade and movement of resources, the price of commodities such as energy, as well as demand for our products and services, which may adversely affect the technology spending of our customers and potential customers.

Some of our international agreements provide for payment denominated in local currencies, and the majority of our local costs are denominated in local currencies. Fluctuations in the value of the U.S. dollar versus foreign currencies may impact our operating results when translated into U.S. dollars. Thus, our results of operations and cash flows are subject to fluctuations due to changes in foreign currency exchange rates, particularly changes in the Euro, British Pound Sterling, Chinese Yuan, and Canadian Dollar, and may be adversely affected in the future due to changes in foreign currency exchange rates. While we have limited currency exchange exposure to the Russian and Ukrainian currencies, we expect exchange rates with respect to these currencies to be volatile and other exchange rates may also be more volatile than normal as a result of the Russian invasion of Ukraine and related events. Changes in exchange rates have and may continue to negatively affect our revenues, expenses, and other operating results as expressed in U.S. dollars in the future.

Our rapid growth and the quickly changing markets in which we operate make it difficult to evaluate our current business and future prospects, which may increase the risk of investing in our stock.

We have grown rapidly since 2009, when we introduced RingCentral MVP, our flagship product. We have encountered and expect to continue to encounter risks and uncertainties frequently experienced by growing companies in rapidly changing markets. If our assumptions regarding these uncertainties are incorrect or change in reaction to changes in our markets, or if we do not manage or address these risks successfully, our results of operations could differ materially from our expectations, and our business could suffer.

Growth may place significant demands on our management and our infrastructure.

We continue to experience substantial growth in our business. This growth has placed and may continue to place significant demands on our management, organizational structure, and our operational and financial infrastructure. As our operations grow in size, scope, and complexity, we will need to increase our sales and marketing efforts and add additional sales and marketing personnel in various regions worldwide and improve and upgrade our systems and infrastructure to attract, service, and retain an increasing number of customers. For example, we expect the volume of simultaneous calls to increase significantly as our customer base grows. Our network hardware and software may not be able to accommodate this additional simultaneous call volume. The expansion of our systems and infrastructure will require us to commit substantial financial, operational, and technical resources in advance of an increase in the volume of business, with no assurance that the volume of business will increase. Any such additional capital investments will increase our cost base.

Continued growth could also strain our ability to maintain reliable service levels for our customers, resellers, and global service providers, develop and improve our operational, financial and management controls, enhance our billing and reporting systems and procedures and recruit, train and retain highly skilled personnel. In addition, our existing systems, processes, and controls may not prevent or detect all errors, omissions, or fraud. We may also experience difficulties in managing improvements to our systems, processes, and controls or in connection with third-party software licensed to help us with such improvements. Any future growth, particularly as we continue to expand internationally, would add complexity to our organization and require effective communication and coordination throughout our organization. To manage any future growth effectively, we must continue to improve and expand our information technology and financial, operating, security and
administrative systems and controls, and our business continuity and disaster recovery plans and processes. Additionally, our productivity and the quality of our solutions and services may be adversely affected if we do not integrate and train our new employees quickly and effectively. If we fail to achieve the necessary level of efficiency in our organization as we grow, our business, results of operations and financial condition could be materially and adversely affected.

Our future operating results will rely in part upon the successful execution of our strategic partnerships with Avaya, Amazon, Atos/Unify, ALE, Mitel, Vodafone, DT, Verizon and others, which may not be successful.

A strategic partnership between two independent businesses is a complex, costly, and time-consuming process that requires significant management attention and resources. Realizing the benefits of our strategic partnerships, particularly our relationships with Avaya and its subsidiaries, Atos and its subsidiaries, including Unify, Mitel, Vodafone and its subsidiaries, Deutsche, and its subsidiaries, and Verizon and its subsidiaries will depend on a variety of factors, including our ability to work with our strategic partners to develop, market and sell our MVP and co-branded solutions, such as Avaya Cloud Office by RingCentral (“ACO”), and Unify Office by RingCentral (“UO”), and our other offerings. Setting up and maintaining the operations and processes of these strategic partnerships may cause us to incur significant costs, disrupt our business and, if implemented ineffectively, would limit the expected benefits to us. The failure to successfully and timely implement and operate our strategic partnerships could harm our ability to realize the anticipated benefits of these partnerships and could adversely affect our results of operations. For example, on December 13, 2022, Avaya filed a Form 8-K disclosing ongoing discussions regarding one or more potential financings, refinancings, recapitalizations, reorganizations, restructurings or investment transactions. In light of public disclosures about the likelihood of Avaya’s financial restructuring via Chapter 11, we recorded a non-cash asset write-down charge of $279.3 million for the year ended December 31, 2022, out of which $21.7 million of this balance was accrued interest and was recorded in other income (expense) in the Consolidated Statement of Operations. Refer to “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies and Estimates” and Refer to Note 5 – Strategic Partnerships and Asset Acquisitions in the accompanying notes to the consolidated financial statements included in Part II, Item 8, in this Annual Report on Form 10-K for further information regarding our assessment of the recoverability of our prepaid sales commission balances with Avaya. Further, on February 14, 2023, Avaya initiated an expedited, prepackaged financial restructuring via Chapter 11 with the support of certain of its financial stakeholders, including us. In connection therewith, we entered into a new extended and expanded partnership arrangement with Avaya pursuant to which, among other things, ACO remains Avaya’s exclusive UCaaS offering and Avaya agreed to certain minimum volume commitments. As part of the new agreements, we and Avaya agreed to a revised go-to-market incentive structure intended to drive migration of customers to ACO.

We face intense competition in our markets and may lack sufficient financial or other resources to compete successfully.

The cloud-based business communications and collaboration solutions industry is competitive, and we expect competition to increase in the future. We face intense competition from other providers of business communications and collaboration systems and solutions. Our competitors include traditional on-premise, hardware business communications providers such as ALE, Avaya, Cisco Systems, Inc., Mitel, NEC Corporation, Siemens Enterprise Networks, LLC, their resellers, and others, as well as companies such as Microsoft Corporation and Cisco Systems, Inc., and their resellers that license their software. In addition, certain of our global service providers and strategic partners, such as AT&T, BT, TELUS, Vodafone, DT, Verizon, Amazon, Avaya, Atos, ALE, and Mitel sell or are expected to sell our solutions, but they are also competitors for business communications. These companies have or may have significantly greater resources than us and currently, or may in the future, develop and/or host their own or other solutions through the cloud. Such competitors may not be successful in or cease marketing and selling our solutions to their customers and ultimately be able to transition some or all of those customers onto their competing solutions, which could materially and adversely affect our revenues and growth. We also face competition from other cloud companies and established communications providers that resell on-premise hardware, software, and hosted solutions, such as 8x8, Inc., Amazon.com, Inc., Dialpad, Inc., LogMeIn, Inc, Microsoft Corporation, Nextiva, Inc., Twilio Inc., Vonage Holdings Corp., and Zoom Video Communications, Inc., which has introduced a voice solution. Established communications providers, such as AT&T, Verizon Communications Inc., Sprint Corporation and Comcast Corporation in the U.S., TELUS and others in Canada, and BT, Vodafone Group plc, and others in the U.K., that resell on-premise hardware, software, and hosted solutions, compete with us in business communications and currently, or may in the future, develop and/or host their own cloud solutions. We may also face competition from other large Internet companies, such as Alphabet Inc. (Google Voice), Facebook, Inc., Oracle Corporation, and Salesforce.com, Inc., any of which might launch its own cloud-based business communications services or acquire other cloud-based business communications companies in the future. We also compete against providers of communications platform as a service solutions and messaging software platforms with APIs such as Twilio Inc., Vonage Holdings Corp., and Slack Technologies, Inc. (acquired by Salesforce, Inc.), on which customers can
build diverse solutions by integrating cloud communications into business applications. We face competition with respect to this solution from contact center and customer relationship management providers such as Amazon.com, Inc., Avaya, Five9, Inc., NICE InContact, Genesys Telecommunications Laboratories, Inc., Serenova, LLC (acquired by Lifesize, Inc.), Talkdesk, Inc., Vonage Holdings Corp., Salesforce.com, Inc., and Twilio Inc. We also face competition from digital engagement vendors such as eGain Corporation, LivePerson, Inc., among others named above that offer similar features.

Many of our current and potential competitors have longer operating histories, significantly greater resources and name recognition, more diversified offerings, and larger customer bases than we have. As a result, these competitors may have greater credibility with our existing and potential customers and may be better able to withstand an extended period of downward pricing pressure. In addition, certain of our competitors have partnered with, or been acquired by, and may in the future partner with or acquire, other competitors to offer services, leveraging their collective competitive positions, which makes it more difficult to compete with them and could significantly and adversely affect our results of operations. Demand for our platform is also sensitive to price. Many factors, including our marketing, user acquisition and technology costs, and our current and future competitors’ pricing and marketing strategies, can significantly affect our pricing strategies. Our competitors may be able to adopt more aggressive pricing policies and devote greater resources to the development, promotion and sale of their services than we can to ours. Some of these service providers have in the past and may in the future refuse to offer services at lower prices or for free, or offer alternative pricing models, such as “freemium” pricing, in which a basic offering is provided for free with advanced features provided for a fee, on the services they offer. Our competitors may also offer bundled service arrangements offering a more complete service offering, despite the technical merits or advantages of our subscriptions. Competition could result in a decrease to our prices, slow our growth, increase our customer turnover, reduce our sales, or decrease our market share.

We rely and may in the future rely significantly on our strategic partners, resellers, and global service providers to sell our subscriptions; our failure to effectively develop, manage, and maintain our indirect sales channels could materially and adversely affect our revenues.

Our future success depends on our continued ability to establish and maintain a network of channel relationships, and we expect that we will need to expand our network in order to support and expand our historical base of smaller enterprises as well as attract and support larger customers and expand into international markets. An increasing portion of our revenues are derived from our network of sales agents and resellers, which we refer to collectively as resellers, many of which sell or may in the future decide to sell their own services or services from other business communications providers. We generally do not have long-term contracts with these resellers, and the loss of or reduction in sales through these third parties could materially reduce our revenues. Our competitors may in some cases be effective in causing our current or potential resellers to favor their services or prevent or reduce sales of our subscriptions. Furthermore, while AT&T, BT, TELUS, Vodafone, DT, Verizon, Avaya, Atos (through its subsidiary Unify), ALE, and Mitel also sell our solutions on an exclusive or non-exclusive basis, they are also competitors for business communications. These companies have significantly greater resources than us and currently, or may in the future, develop and/or host their own or other solutions through the cloud. Such competitors may cease marketing or selling our solutions to their customers and ultimately be able to transition some or all of those customers onto their competing solutions, which could materially and adversely affect our revenues.

We have also entered into certain agreements for strategic partnerships with Avaya, Amazon, Atos, ALE, Mitel, Vodafone, DT and Verizon to sell certain of our solutions. Avaya introduced the ACO solution at the end of the first quarter of 2020, and Atos and Unify introduced the Unify Office solution during the third quarter of 2020; however, there can be no guarantee that Avaya, Atos, Unify, Mitel, Vodafone, DT, Verizon and/or any of their respective channel partners will be successful in marketing or selling our solutions or that they will not cease marketing or selling our solutions in the future. Further, certain partners have failed in the past, and may fail in the future, to meet their minimum contractual seat and/or revenue commitments, including recoupment of advance payments. The Company has in the past, and may in the future, renegotiate the terms of its strategic partnership agreements, including converting strategic partners from exclusive to non-exclusive partners. For example, on February 14, 2023, Avaya initiated an expedited, prepackaged financial restructuring via Chapter 11 with the support of certain of its financial stakeholders, including us. In connection therewith, we entered into a new extended and expanded partnership arrangement with Avaya pursuant to which, among other things, ACO remains Avaya’s exclusive UCaaS offering and Avaya agreed to certain minimum volume commitments. As part of the new agreements, we and Avaya agreed to a revised go-to-market incentive structure intended to drive migration of customers to ACO.

If our strategic partners and global service providers and/or any of their respective channel partners are not successful in marketing and selling our solutions or cease to market and sell our solutions, our revenues and growth could be significantly and adversely affected. If we fail to maintain relationships with our resellers and other channel partners, global service providers and strategic partners or fail to develop new and expanded relationships in existing or new markets, or if our networks

of indirect channel relationships are not successful in their sales efforts, sales of our subscriptions may decrease and our operating results would suffer. In addition, we may not be successful in managing, training, and providing appropriate incentives to our existing resellers and other channel partners, global service providers and strategic partners, and they may not be able to commit adequate resources in order to successfully sell our solutions.

To deliver our subscriptions, we rely on third parties for our network connectivity and for certain of the features in our subscriptions.

We currently use the infrastructure of third-party network service providers, including CenturyLink, Inc. and Bandwidth.com, Inc. in North America and several others internationally, to deliver our subscriptions over their networks. Our third-party network service providers provide access to their Internet protocol (“IP”) networks and public switched telephone networks, and provide call termination and origination services, including 911 emergency calling in the U.S. and equivalent services internationally, and local number portability for our customers. We expect that we will continue to rely heavily on third-party network service providers to provide these subscriptions for the foreseeable future.

Through our wholly-owned local exchange carrier subsidiary, RCLEC, Inc. (“RCLEC”), we also obtain certain connectivity and network services directly from incumbent local exchange carriers (“ILECS”) and from other competitive local exchange carriers (“CLECs”) in certain geographic markets at lower prices than we pay for such services through third-party network service providers. However, RCLEC also uses the infrastructure of third-party network service providers to deliver its services and the ILECs may favor themselves and their affiliates may not provide network services to us at lower prices than we could obtain through third-party CLECs, or at all. If we are unable to continue to reduce our pricing as a result of obtaining network services through our subsidiary, we may be forced to rely on other third-party network service providers and be unable to effectively lower our cost of service. Historically, our reliance on third-party networks has reduced our operating flexibility and ability to make timely service changes and control quality of service, and we expect that this will continue for the foreseeable future. If any of these network service providers stop providing us with access to their infrastructure, fail to provide these services to us on a cost-effective basis or at reasonable levels of quality and security, cease operations, or otherwise terminate these services, the delay caused by qualifying and switching to another third-party network service provider, if one is available, could have a material adverse effect on our business and results of operations.

In addition, we currently use and may in the future use third-party service providers to deliver certain features of our subscriptions. For example, although we introduced our own video and web conferencing solution in April 2020 and have migrated many of our customers to RingCentral Video, there are still several existing customers who continue to use Zoom Video Communications, Inc. for HD video and web conferencing and screen sharing features, Bandwidth.com for texting capabilities, and NICE inContact, Inc. for contact center capabilities. In the future, we may not continue to have long-term contracts with any or all of these third-party providers. Any of these service providers could elect or attempt to stop providing us with access to their services or our contracts with these third-party providers may terminate, expire, or be breached. If any of these service providers ceases to provide us with their services, fails to provide these services to us on a cost-effective basis or at reasonable levels of quality and security, ceases operations, or otherwise terminates or discontinues these services, the delay caused by qualifying and switching to another third-party service provider, if one is available, or building a proprietary replacement solution could have a material adverse effect on our business and results of operations. U.S. mobile carriers are now requiring businesses using SMS on over-the-top providers such as RingCentral to register with The Campaign Registry (TCR), to ensure text messages are compliant with wireless carrier guidelines, as well as to reduce spam. These new rules affect our customers, and we are building integrations with TCR to complete these registrations on our customers’ behalf. In the future, customers who are not registered with TCR may not be able to send or receive SMS using our service. Furthermore, we are no longer offering or selling RingCentral Meetings to new customers and are instead offering our own RingCentral Video solution, and, in light of our settlement with Zoom, we believe that we will be able to migrate all or substantially all of our customers to RingCentral Video. Nevertheless, it is possible that not all existing customers will migrate to RingCentral Video. Therefore, our inability to offer and sell RingCentral Meetings, or to successfully transfer existing customers to our own solution, may cause some prospective customers not to purchase our services and/or existing customers not to renew their contracts for our services or to renew for a fewer number of seats.

Finally, if problems occur with any of these third-party network or service providers, it may cause errors or poor call quality in our subscriptions, and we could encounter difficulty identifying the source of the problem. The occurrence of errors or poor call quality in our subscriptions, whether caused by our systems or a third-party network or service provider, may result in the loss of our existing customers, delay or loss of market acceptance of our subscriptions, termination of our relationships and agreements with our resellers or global service providers, or liability for failure to meet service level agreements, and may seriously harm our business and results of operations.
We rely on third-party software that may be difficult to replace or which could cause errors or failures of our subscriptions.

We rely on software licensed from certain third parties in order to offer our solutions. In some cases, we integrate third-party licensed software components into our platform. This software may not continue to be available at reasonable prices or on commercially reasonable terms, or at all. Any loss of the right to use any of this software could significantly increase our expenses and otherwise result in delays in the provisioning of our solutions until equivalent technology is either developed by us, or, if available, is identified, obtained, and integrated. Any errors or defects in third-party software could result in errors or a failure of our solutions, which could harm our business.

Interruptions or delays in service from our third-party data center hosting facilities and co-location facilities could impair the delivery of our subscriptions, require us to issue credits or pay penalties and harm our business.

We currently serve our North American customers from geographically disparate data center hosting facilities in North America, where we lease space from Equinix, Inc., and other providers, and we serve our European customers from third-party data center hosting facilities in Europe. We also use third-party co-location facilities located in various international regions to serve our customers in these regions. Certain of our solutions are hosted by third-party data center facilities including Amazon Web Services, Inc. (“AWS”), NICE InContact, Inc., and Google Cloud Platform. In addition, RCLEC uses third-party co-location facilities to provide us with network services at several locations. Damage to, or failure of, these facilities, the communications network providers with whom we or they contract, or with the systems by which our communications providers allocate capacity among their customers, including us, or software errors, have in the past and could in the future result in interruptions in our services. Additionally, in connection with the addition of new data centers or expansion or consolidation of our existing data center facilities, we may move or transfer our data and our customers’ data to other data centers. Despite precautions that we take during this process, any unsuccessful data transfers may impair or cause disruptions in the delivery of our subscriptions. Interruptions in our subscriptions may reduce our revenues, may require us to issue credits or pay penalties, subject us to claims and litigation, cause customers to terminate their subscriptions and adversely affect our renewal rates and our ability to attract new customers. Our ability to attract and retain customers depends on our ability to provide customers with a highly reliable subscription and even minor interruptions in our subscriptions could harm our brand and reputation and have a material adverse effect on our business.

As part of our current disaster recovery arrangements, our North American and European infrastructure and our North American and European customers’ data is currently replicated in near real-time at data center facilities in the U.S. and Europe, respectively. We do not control the operation of these facilities or of our other data center facilities or RCLEC’s co-location facilities, and they are vulnerable to damage or interruption from earthquakes, floods, fires, power loss, telecommunications failures, and similar events. They may also be subject to human error or to break-ins, sabotage, acts of vandalism, and similar misconduct.

Despite precautions taken at these facilities, the occurrence of a natural disaster, public health crisis, such as the COVID-19 pandemic, human error, cybersecurity incident, including ransomware or denial-of-service attack, an act of terrorism or other unanticipated problems at these facilities could result in lengthy interruptions in our subscriptions. Even with the disaster recovery arrangements in place, our subscriptions could be interrupted.

We may also be required to transfer our servers to new data center facilities in the event that we are unable to renew our leases on acceptable terms, if at all, or the owners of the facilities decide to close their facilities, and we may incur significant costs and possible subscription interruption in connection with doing so. In addition, any financial difficulties, such as bankruptcy or foreclosure, faced by our third-party data center operators, or any of the service providers with which we or they contract may have negative effects on our business, the nature and extent of which are difficult to predict. Additionally, if our data centers are unable to keep up with our increasing needs for capacity, our ability to grow our business could be materially and adversely impacted.

Failures in Internet infrastructure or interference with broadband access could cause current or potential users to believe that our systems are unreliable, possibly leading our customers to switch to our competitors or to avoid using our subscriptions.

Unlike traditional communications services, our subscriptions depend on our customers’ high-speed broadband access to the Internet. Increasing numbers of users and increasing bandwidth requirements may degrade the performance of our services and applications due to capacity constraints and other Internet infrastructure limitations. As our customer base grows and their usage of our services increases, we will be required to make additional investments in network capacity to maintain adequate data transmission speeds, the availability of which may be limited, or the cost of which may be on terms unacceptable.
to us. If adequate capacity is not available to us as our customers’ usage increases, our network may be unable to achieve or maintain sufficiently high reliability or performance. In addition, if Internet access service providers have outages or deteriorations in their quality of service, our customers will not have access to our subscriptions or may experience a decrease in the quality of our services. Frequent or persistent interruptions could cause current or potential users to believe that our systems or services are unreliable, leading them to switch to our competitors or to avoid our subscriptions, and could permanently harm our reputation and brands.

In addition, users who access our subscriptions and applications through mobile devices, such as smartphones and tablets, must have a high-speed connection, such as Wi-Fi®, 4G, 5G, or LTE, to use our services and applications. Currently, this access is provided by companies that have significant and increasing market power in the broadband and Internet access marketplace, including incumbent phone companies, cable companies, and wireless companies. Some of these providers offer solutions and subscriptions that directly compete with our own offerings, which can potentially give them a competitive advantage. Also, these providers could take measures that degrade, disrupt or increase the cost of user access to third-party services, including our subscriptions, by restricting or prohibiting the use of their infrastructure to support or facilitate third-party services or by charging increased fees to third parties or the users of third-party services, any of which would make our subscriptions less attractive to users, and reduce our revenues.

Interruptions in our services caused by undetected errors, failures, or bugs in our subscriptions could harm our reputation, result in significant costs to us, and impair our ability to sell our subscriptions.

Our subscriptions may have errors or defects that customers identify after they begin using them that could result in unanticipated interruptions of service. Internet-based services frequently contain undetected errors and bugs when first introduced or when new versions or enhancements are released. While the substantial majority of our customers are small and medium-sized businesses, the use of our subscriptions in complicated, large-scale network environments may increase our exposure to undetected errors, failures, or bugs in our subscriptions. Although we test our subscriptions to detect and correct errors and defects before their general release, we have, from time to time, experienced significant interruptions in our subscriptions as a result of such errors or defects and may experience future interruptions of service if we fail to detect and correct these errors and defects. The costs incurred in correcting such defects or errors may be substantial and could harm our results of operations. In addition, we rely on hardware purchased or leased and software licensed from third parties to offer our subscriptions. Any defects in, or unavailability of, our or third-party software or hardware that cause interruptions of our subscriptions could, among other things:

• cause a reduction in revenues or a delay in market acceptance of our subscriptions;
• require us to pay penalties or issue credits or refunds to our customers, resellers, or global service providers, or expose us to claims for damages;
• cause us to lose existing customers and make it more difficult to attract new customers;
• divert our development resources or require us to make extensive changes to our software, which would increase our expenses and slow innovation;
• increase our technical support costs; and
• harm our reputation and brand.

A security incident, such as a cyber-attack, information security breach or denial of service event could delay or interrupt service to our customers, harm our reputation or business, impact our subscriptions, and subject us to significant liability.

Our operations depend on our ability to protect our production and corporate information technology services from interruption or damage from cyber-attacks, denial-of-service events, unauthorized entry, computer malware or other security incidents, including events beyond our control. We have, from time to time, been subject to communications fraud and cyber-attacks by malicious actors, and denial of service events, and we may be subject to similar attacks in the future, particularly as the frequency and sophistication of cyber-attacks increases. For example, an increase in cyber-attack activity, such as ransomware and phishing attacks, has been observed in connection with Russia’s invasion of Ukraine. We cannot assure you that our backup systems, regular data backups, security controls and other procedures currently in place, or that may be in place in the future, will be adequate to prevent significant damage, system failure, service outages, data breach, data loss, unauthorized access, loss of use, interruption, or increased charges from our technology vendors.
Also, our subscriptions are web-based. The amount of data we store for our customers and users increases as our business grows. We host services, which includes hosting customer data, both in co-located data centers and in multiple public cloud services. Our solutions allow users to store files, tasks, calendar events, messages and other data indefinitely on our services or as may be directed by our customers, although we have begun instituting in our customer agreements a provision that customer content and certain other customer data will be deleted upon termination of the agreements. We also maintain sensitive data related to our technology and business, and that of our employees, strategic partners, and customers, including intellectual property, proprietary business information and personally identifiable information (also called personal data) on our own systems and in multiple vendors’ cloud services. As a result of maintaining larger volumes of data and user files and/or as a result of our continued movement up market, or movement into new customer segments and acquisition of larger and more recognized customers, we may become more of a target for hackers, nation states and other malicious actors.

In addition, we use third-party vendors who, in some cases, have access to our data and our employees’, partners’, and customers’ data. We employ layered security measures and have a means of working with third parties who report vulnerabilities to us. Despite the implementation of security measures by us or our vendors, our computing devices, infrastructure, or networks, or our vendors’ computing devices, infrastructure, or networks, may be vulnerable to hackers, computer viruses, worms, ransomware, other malicious software programs, employee theft or misuse, phishing, denial-of-service attacks, or similar disruptive problems that are caused by or through a security weakness or vulnerability in our or our vendors’ infrastructure, network, or business practices or our or our vendors’ customers, employees, business partners, consultants, or other Internet users who attempt to invade our or our vendors’ corporate and personal computers, tablets, mobile devices, software, data networks, or voice networks. If there is a security weakness or vulnerability in our, our vendors’, or our customers’ infrastructure, networks, or business practices that is successfully targeted, we could face increased costs, liability claims, including contractual liability claims relating to security obligations in agreements with our partners and our customers, fines, claims, investigations and other proceedings, reduced revenue, or harm to our reputation or competitive position. In addition, even if not targeted, in strengthening our security controls or in remediating security vulnerabilities, we could incur increased costs and capital expenditures.

We have implemented remote working protocols and offer work-issued devices to certain employees, but the actions of employees while working remotely may have a greater effect on the security of our infrastructure, networks, and the information, including personally identifiable information, we process, including for example by increasing the risk of compromise to systems or data arising from employees’ combined personal and private use of devices, accessing our networks or information using wireless networks that we do not control, or the ability to transmit or store company-controlled information outside of our secured network. Although many of these risks are not unique to the remote working environment, they have been heightened by the dramatic increase in the numbers of our employees who have been and are continuing to work from home as a result of the COVID-19 pandemic. We also allow a substantial number of our employees that are designated “hybrid” to work from home about fifty-percent (50%) of the time. Our employees’ or third parties’ intentional, unintentional, or inadvertent actions may increase our vulnerability or expose us to security threats, such as ransomware, other malware and phishing attacks, and we may remain responsible for unauthorized access to, loss, alteration, destruction, acquisition, disclosure or other processing of information we or our vendors, business partners, or consultants process or otherwise maintain, even if the security measures used to protect such information comply with applicable laws, regulations and other actual or asserted obligations. Additionally, due to political uncertainty and military actions associated with Russia’s invasion of Ukraine, we and our vendors, business partners, and consultants are vulnerable to heightened risks of cyber-attacks, from or affiliated with nation-state actors, including attacks that could materially disrupt our systems and operations, supply chain, and ability to produce, sell and distribute our services. Also, cyber-attacks, including on the supply chain, continue to increase in frequency and magnitude, and we cannot provide assurances that our preventative efforts will be successful.

We rely on encryption and authentication technology to ensure secure transmission of and access to confidential information, including customer credit card numbers, debit card numbers, direct debit information, customer communications, and files uploaded by our customers. Advances in computer capabilities, new discoveries in the field of cryptography, discovery of software bugs or vulnerabilities, discovery of hardware bugs or vulnerabilities, social engineering activities, or other developments may result in a compromise or breach of the technology we use to protect our data and our customer data, or of the data itself.

Additionally, third parties have attempted in the past, and may attempt in the future, to induce domestic and international employees, consultants, or customers into disclosing sensitive information, such as user names, provisioning data, customer proprietary network information (“CPNI”) or other information in order to gain access to our customers’ user accounts or data, or to our data. CPNI includes information such as the phone numbers called by a customer, the frequency, duration, and timing of such calls, and any services purchased by the consumer, such as call waiting, call forwarding, and caller ID, in addition to other information that may appear on a customer’s bill. Third parties may also attempt to induce employees, consultants, or customers into disclosing information regarding our and our customers’ intellectual property, personal data and
other confidential business information. In addition, the techniques used to obtain unauthorized access, to perform hacking, phishing and social engineering, or to sabotage systems change and evolve frequently and may not be recognized until launched against a target, may be new and previously unknown or little-known, or may not be detected or understood until well after such actions are conducted. We may be unable to anticipate these techniques or to implement adequate preventative measures, and any security breach or other incident may take longer than expected to remediate or otherwise address. Any system failure or security breach or incident that causes interruptions or data loss in our operations or in the computer systems of our customers or leads to the misappropriation of our or our customers’ confidential or personal information could result in significant liability to us, loss of our intellectual property, cause our subscriptions to be perceived as not being secure, cause considerable harm to us and our reputation (including requiring notification to customers, regulators, or the media), and deter current and potential customers from using our subscriptions. Any of these events could have a material adverse effect on our business, results of operations, and financial condition.

It is critical to our business that our information and our employees’, strategic partners’, and customers’ sensitive information remains secure and that our customers perceive that this information is secure. An information security incident could result in unauthorized access to, loss of, or unauthorized disclosure of such information. A cybersecurity breach or incident could expose us to litigation, indemnity obligations, government investigations, contractual liability, and other possible liabilities. Additionally, a cyber-attack or other information security incident, whether actual or perceived, could result in negative publicity, which could harm our reputation and reduce our customers’ confidence in the effectiveness of our solutions, which could materially and adversely affect our business and operating results. A breach of our security systems could also expose us to increased costs, including remediation costs, disruption of operations, or increased cybersecurity protection costs, that may have a material adverse effect on our business. In addition, a cybersecurity breach or incident of our customers’ systems can also result in exposure of their authentication credentials, unauthorized access to their accounts, exposure of their account information and data (including CPNI), and fraudulent calls on their accounts, which can subsequently have similar actual or perceived impacts to us as described above. A cybersecurity breach or incident of our partners’ or vendors’ systems can result in similar actual or perceived impacts.

While we maintain cybersecurity insurance, our insurance may be insufficient to cover all liabilities incurred by privacy or security incidents. We also cannot be certain that our insurance coverage will be adequate for data handling or data security liabilities actually incurred, that insurance will continue to be available to us on economically reasonable terms, or at all, or that an insurer will not deny coverage as to any future claim. The successful assertion of one or more large claims against us that exceed available insurance coverage, or the occurrence of changes in our insurance policies, including premium increases or the imposition of large deductible or co-insurance requirements, could have a material adverse effect on our business, including our financial condition, operating results, and reputation.

Laws, regulations, and enforcement actions relating to security and privacy of information continue to evolve. With respect to security, we are closely monitoring the development of rules and guidance that may apply to us, including, for example, pursuant to the Cyber Incident Reporting for Critical Infrastructure Act of 2022. We have incurred and expect to continue to incur significant expenses to prevent security incidents. It is possible that, in order to support changes to applicable laws and to support our expansion of sales into new geographic areas or into new industry segments, we will need to increase or change our cybersecurity systems and expenditures. Further, it is possible that changes to laws and regulations relating to security and privacy may make it more expensive to operate in certain jurisdictions and may increase the risk of our non-compliance with such changing laws and regulations.

Potential problems with our information systems could interfere with our business and operations.

We rely on our information systems and those of third parties for processing customer orders, distribution of our subscriptions, billing our customers, processing credit card transactions, customer relationship management, supporting financial planning and analysis, accounting functions and financial statement preparation, and otherwise running our business. Information systems may experience interruptions, including interruptions of related services from third-party providers, which may be beyond our control. Such business interruptions could cause us to fail to meet customer requirements. All information systems, both internal and external, are potentially vulnerable to damage or interruption from a variety of sources, including without limitation, computer viruses, security breaches and incidents, energy blackouts, natural disasters, terrorism, war, telecommunication failures, employee or other theft, and third-party provider failures. In addition, since telecommunications billing is inherently complex and requires highly sophisticated information systems to administer, our internally developed billing system, which is currently being implemented, may experience errors or we may improperly operate the system, which could result in the system incorrectly calculating the fees owed by our customers for our subscriptions or related taxes and administrative fees. Any such errors in our customer billing could harm our reputation and cause us to violate truth in billing laws and regulations. Our current internally developed billing system requires us to process an increasing number of invoices.

We depend largely on the continued services of our senior management and other highly-skilled employees, and if we are unable to hire, retain, manage and

motivate our employees, we may not be able to grow effectively and our business, results of operations and financial condition could be adversely affected.

Our future performance depends on the continued services and contributions of our senior management and other key employees to execute on our business
plan, and to identify and pursue opportunities and services innovations. The loss of services of senior management or other key employees, whether in the past or in
the future, could significantly delay or prevent the achievement of our business, financial condition, development and strategic objectives. In particular, we depend to
a considerable degree on the vision, skills, experience, and effort of our co-founder, Chairman and Chief Executive Officer, Vladimir Shmunis. None of our executive
officers or other senior management personnel is bound by a written employment agreement and any of them may therefore terminate employment with us at any
time with no advance notice. The replacement of any of these senior management personnel, whether past or future, could involve significant time and costs, and
such loss could significantly delay or prevent the achievement of our business objectives.

Our future success also depends on our ability to continue to attract and retain highly skilled personnel. Despite many recent layoffs in the technology
industry, we believe that there is, and will continue to be, intense competition for highly skilled technical and other personnel with experience in our industry in the
San Francisco Bay Area, where our headquarters is located, in Denver, Colorado, where our U.S. sales and customer support office and our network operations center
is located, and in other locations where we maintain offices. In addition, changes to U.S. immigration policies, particularly to H-1B and other visa programs, and
restrictions on travel could restrain the flow of technical and professional talent into the U.S. and may inhibit our ability to hire qualified personnel. We must provide
competitive compensation packages and a high-quality work environment to hire, retain, and motivate employees. If we are unable to retain and motivate our existing
employees and attract qualified personnel to fill key positions, we may be unable to manage our business effectively, including the development, marketing, and sale
of existing and new subscriptions, which could have a material adverse effect on our business, financial condition, and results of operations. To the extent we hire
personnel from competitors, we may be subject to allegations that they have been improperly solicited or divulged proprietary or other confidential information.
Volatility in, or lack of performance of, our stock price may also affect our ability to attract and retain key personnel.

Increased customer turnover, or costs we incur to retain and upsell our customers, could materially and adversely affect our financial performance.

cannot be
assured that they will not reduce their number of users or terminate their subscriptions altogether. Due to turnover and reductions in the number of users for whom a customer subscribes, we must acquire new customers, or acquire new users within our existing customer base, on an ongoing basis simply to maintain our existing level of customers and revenues. If a significant number of customers terminate, reduce, or fail to renew their subscriptions, we may be required to incur significantly higher marketing and/or sales expenditures than we currently anticipate in order to increase the number of new customers or to upsell existing customers, and such additional marketing and/or sales expenditures could harm our business and results of operations.

Our future success also depends in part on our ability to sell additional subscriptions and additional functionalities to our current customers. This may require increasingly sophisticated and more costly sales efforts and a longer sales cycle. Any increase in the costs necessary to upgrade, expand and retain existing customers could materially and adversely affect our financial performance. If our efforts to convince customers to add users and, in the future, to purchase additional functionalities are not successful, our business may suffer. In addition, such increased costs could cause us to increase our subscription rates, which could increase our turnover rate.

*If we are unable to attract new customers to our subscriptions or upsell to those customers on a cost-effective basis, our business will be materially and adversely affected.*

In order to grow our business, we must continue to attract new customers and expand the number of users in, and services provided to, our existing customer base on a cost-effective basis. We use and periodically adjust the mix of advertising and marketing programs to promote our subscriptions. Significant increases in the pricing of one or more of our advertising channels would increase our advertising costs or may cause us to choose less expensive and perhaps less effective channels to promote our subscriptions. As we add to or change the mix of our advertising and marketing strategies, we may need to expand into channels with significantly higher costs than our current programs, which could materially and adversely affect our results of operations. In addition, a global slowdown of economic activity may disrupt our sales channels and our ability to attract new customers, which may require us to adjust our advertising and marketing programs or make further investments in these programs. We will incur advertising and marketing expenses in advance of when we anticipate recognizing any revenues generated by such expenses, and we may fail to otherwise experience an increase in revenues or brand awareness as a result of such expenditures. We have made in the past, and may make in the future, significant expenditures and investments in new advertising campaigns, and we cannot assure you that any such investments will lead to the cost-effective acquisition of additional customers. If we are unable to maintain effective advertising programs, our ability to attract new customers could be materially and adversely affected, our advertising and marketing expenses could increase substantially, and our results of operations may suffer.

Some of our potential customers learn about us through leading search engines, such as Google, Yahoo!, and Microsoft Bing. While we employ search engine optimization and search engine marketing strategies, our ability to maintain and increase the number of visitors directed to our website is not entirely within our control. If search engine companies modify their search algorithms in a manner that reduces the prominence of our listing, or if our competitors’ search engine optimization efforts are more successful than ours, or if search engine companies restrict or prohibit us from using their services, fewer potential customers may click through to our website. In addition, the cost of purchased listings has increased in the past and may increase in the future. A decrease in website traffic or an increase in search costs could materially and adversely affect our customer acquisition efforts and our results of operations.

*A significant portion of our revenues today come from small and medium-sized businesses, which may have fewer financial resources to weather an economic downturn.*

A significant portion of our revenues today come from small and medium-sized businesses. These customers may be materially and adversely affected by economic downturns to a greater extent than larger, more established businesses. These businesses typically have more limited financial resources, including capital-borrowing capacity, than larger entities. Any economic downturn could decrease technology spending and the number of employees of small and medium sized businesses in ways that adversely affect demand for our offerings, could increase churn or downsell and harm our business and results of operations. As the majority of our customers pay for our subscriptions through credit and debit cards, weakness in certain segments of the credit markets and in the U.S. and global economies has resulted in and may in the future result in increased numbers of rejected credit and debit card payments, which could materially affect our business by increasing customer cancellations and impacting our ability to engage new small and medium-sized customers. If small and medium-sized businesses experience financial hardship as a result of a weak economy, industry consolidation or for any other reason, the overall demand for our subscriptions could be materially and adversely affected.
We face significant risks in our strategy to target medium-sized and larger businesses for sales of our subscriptions and, if we do not manage these efforts effectively, our business and results of operations could be materially and adversely affected.

Sales to medium-sized and larger businesses continue to grow in both absolute dollars and as a percentage of our total sales. As we continue to target more of our sales efforts to medium-sized and larger businesses, we expect to incur higher costs and longer sales cycles and we may be less effective at predicting when we will complete these sales. In these market segments, the decision to purchase our subscriptions generally requires the approval of more technical personnel and management levels within a potential customer’s organization, and therefore, these types of sales require us to invest more time educating these potential customers about the benefits of our subscriptions. In addition, larger customers may demand more features, integration services, and customization, and may require highly skilled sales and support personnel. Our investment in marketing our subscriptions to these potential customers may not be successful, which could significantly and adversely affect our results of operations and our overall ability to grow our customer base. Furthermore, many medium-sized and larger businesses that we target for sales may already purchase business communications solutions from our larger competitors or, due to economic conditions or otherwise, reduce their technology spending or reduce the number of employees for whom they purchase our solutions or reduce the number of existing employees using our solution (i.e., down-sell).

As a result of these factors, these sales opportunities may require us to devote greater research and development resources and sales support to individual customers, and invest in hiring and retaining highly skilled personnel, resulting in increased costs and could likely lengthen our typical sales cycle, which could strain our sales and support resources. Moreover, these larger transactions may require us to delay recognizing the associated revenues we derive from these customers until any technical or implementation requirements have been met.

Support for smartphones and tablets are an integral part of our solutions. If we are unable to develop robust mobile applications that operate on mobile platforms that our customers use, our business and results of operations could be materially and adversely affected.

Our solutions allow our customers to use and manage our cloud-based business communications solution on smart devices. As new smart devices and operating systems are released, we may encounter difficulties supporting these devices and services, and we may need to devote significant resources to the creation, support, and maintenance of our mobile applications. In addition, if we experience difficulties in the future integrating our mobile applications into smart devices or if problems arise with our relationships with providers of mobile operating systems, such as those of Apple Inc. or Alphabet Inc., our future growth and our results of operations could suffer.

If we are unable to develop, license, or acquire new services or applications on a timely and cost-effective basis, our business, financial condition, and results of operations may be materially and adversely affected.

The cloud-based business communications industry is characterized by rapid development of and changes in customer requirements, frequent introductions of new and enhanced services, and continuing and rapid technological advancement. We cannot predict the effect of technological changes or the introduction of new, disruptive technologies on our business, and the market for cloud-based business communications may develop more slowly than we anticipate, or develop in a manner different than we expect, and our solutions could fail to achieve market acceptance. Our continued growth depends on continued use of voice and video communications by businesses, as compared to email and other data-based methods, and future demand for and adoption of Internet voice and video communications systems and services. In addition, to compete successfully in this emerging market, we must anticipate and adapt to technological changes and evolving industry standards, and continue to design, develop, manufacture, and sell new and enhanced services that provide increasingly higher levels of performance and reliability at lower cost. Currently, we derive a majority of our revenues from subscriptions to RingCentral MVP, and we expect this will continue for the foreseeable future. However, our future success likely will also depend on our ability to introduce and sell new services, features, and functionality that enhance or are beyond the subscriptions we currently offer, as well as to improve usability and support and increase customer satisfaction. Our failure to develop solutions that satisfy customer preferences in a timely and cost-effective manner may harm our ability to renew our subscriptions with existing customers and create or increase demand for our subscriptions and may materially and adversely impact our results of operations.

The introduction of new services by competitors or the development of entirely new technologies to replace existing offerings could make our solutions obsolete or adversely affect our business and results of operations. Announcements of future releases and new services and technologies by our competitors or us could cause customers to defer purchases of our existing subscriptions, which also could have a material adverse effect on our business, financial condition or results of operations. We may experience difficulties with software development, operations, design, or marketing that could delay or prevent our development, introduction, or implementation of new or enhanced services and applications. We have in the past experienced delays in the planned release dates of new features and upgrades and have discovered defects in new services and applications.
after their introduction. We cannot assure you that new features or upgrades will be released according to schedule, or that, when released, they will not contain defects. Either of these situations could result in adverse publicity, loss of revenues, delay in market acceptance, or claims by customers brought against us, all of which could harm our reputation, business, results of operations, and financial condition. Moreover, the development of new or enhanced services or applications may require substantial investment, and we must continue to invest a significant amount of resources in our research and development efforts to develop these services and applications to remain competitive. We do not know whether these investments will be successful. If customers do not widely adopt any new or enhanced services and applications, we may not be able to realize a return on our investment. If we are unable to develop, license, or acquire new or enhanced services and applications on a timely and cost-effective basis, or if such new or enhanced services and applications do not achieve market acceptance, our business, financial condition, and results of operations may be materially and adversely affected.

**If we fail to continue to develop our brand or our reputation is harmed, our business may suffer.**

We believe that continuing to strengthen our current brand will be critical to achieving widespread acceptance of our subscriptions and will require continued focus on active marketing efforts. The demand for and cost of online and traditional advertising have been increasing and may continue to increase. Accordingly, we may need to increase our investment in, and devote greater resources to, advertising, marketing, and other efforts to create and maintain brand loyalty among users. Brand promotion activities may not yield increased revenues, and even if they do, any increased revenues may not offset the expenses incurred in building our brand. In addition, if we do not handle customer complaints effectively, our brand and reputation may suffer, we may lose our customers’ confidence, and they may choose to terminate, reduce or not to renew their subscriptions. Many of our customers also participate in social media and online blogs about Internet-based software solutions, including our subscriptions, and our success depends in part on our ability to minimize negative and generate positive customer feedback through such online channels where existing and potential customers seek and share information. If we fail to sufficiently invest in, promote and maintain our brand, our business could be materially and adversely affected.

**If we experience excessive fraudulent activity or cannot meet evolving credit card association merchant standards, we could incur substantial costs and lose the right to accept credit cards for payment, which could cause our customer base to decline significantly.**

Most of our customers authorize us to bill their credit card accounts directly for service fees that we charge. If customers pay for our subscriptions with stolen credit cards, we could incur substantial third-party vendor costs for which we may not be reimbursed. Further, our customers provide us with credit card billing information online or over the phone, and we do not review the physical credit cards used in these transactions, which increases our risk of exposure to fraudulent activity. We also incur charges, which are referred to in the industry as chargebacks, from the credit card companies from claims that a customer did not authorize the specific credit card transaction to purchase our subscription. If the number of chargebacks becomes excessive, we could be assessed substantial fines or be charged higher transaction fees, and we could lose the right to accept credit cards for payment. In addition, credit card issuers may change merchant and/or service provider standards, including data protection standards, required to utilize their services from time to time. We have established and implemented measures intended to comply with the Payment Card Industry Data Security Standard (“PCI DSS”) in the U.S., Canada, and the U.K. If we fail to maintain compliance with such standards or fail to meet new standards, the credit card associations could fine us or terminate their agreements with us, and we would be unable to accept credit cards as payment for our subscriptions. If we fail to maintain compliance with current service provider standards, such as PCI DSS, or fail to meet new standards, customers may choose not to use our services for certain types of communication they have with their customers. If such a failure to comply with relevant standards occurs, we may also face legal liability if we are found to not comply with applicable laws that incorporate, by reference or by adoption of substantially similar provisions, merchant or service provider standards, including PCI DSS. Our subscriptions may also be subject to fraudulent usage, including but not limited to revenue share fraud, domestic traffic pumping, subscription fraud, premium text message scams, and other fraudulent schemes. This usage can result in, among other things, substantial bills from our vendors, for which we would be responsible, for terminating fraudulent call traffic. In addition, third parties may have attempted in the past, and may attempt in the future, to induce employees, sub-contractors, or consultants into disclosing customer credentials and other account information, which can result in unauthorized access to customer accounts and customer data, unauthorized use of customers’ services, charges to customers for fraudulent usage and costs that we must pay to global service providers. Although we implement multiple fraud prevention and detection controls, we cannot assure you that these controls will be adequate to protect against fraud. Substantial losses due to fraud or our inability to accept credit card payments could cause our paid customer base to significantly decrease, which would have a material adverse effect on our results of operations, financial condition, and ability to grow our business.
We are in the process of expanding our international operations, which exposes us to significant risks.

We have significant operations directly or through third parties in the U.S., Canada, the U.K., China, Ukraine, the Philippines, Germany, Georgia, Bulgaria, Spain, and France. We also sell our solutions to customers in several countries in Europe, Australia and Singapore, and we expect to grow our international presence in the future. The future success of our business will depend, in part, on our ability to expand our operations and customer base worldwide. Operating in international markets requires significant resources and management attention and will subject us to regulatory, economic, and political risks that are different from those in the U.S. Due to our limited experience with international operations and developing and managing sales and distribution channels in international markets, our international expansion efforts may not be successful. In addition, we will face risks in doing business internationally that could materially and adversely affect our business, including:

- our ability to comply with differing and evolving technical and environmental standards, telecommunications regulations, and certification requirements outside the U.S.;
- difficulties and costs associated with staffing and managing foreign operations;
- our ability to effectively price our subscriptions in competitive international markets;
- potentially greater difficulty collecting accounts receivable and longer payment cycles;
- the need to adapt and localize our subscriptions for specific countries;
- the need to offer customer care in various native languages;
- reliance on third parties over which we have limited control, including those that market and resell our subscriptions;
- availability of reliable broadband connectivity and wide area networks in targeted areas for expansion;
- lower levels of adoption of credit or debit card usage for Internet related purchases by foreign customers and compliance with various foreign regulations related to credit or debit card processing and data protection requirements;
- difficulties in understanding and complying with local laws, regulations, and customs in foreign jurisdictions;
- restrictions on travel to or from countries in which we operate or inability to access certain areas;
- export controls and economic sanctions;
- changes in diplomatic and trade relationships, including tariffs and other non-tariff barriers, such as quotas and local content rules;
- U.S. government trade restrictions, including those which may impose restrictions, including prohibitions, on the exportation, re-exportation, sale, shipment or other transfer of programming, technology, components, and/or services to foreign persons;
- our ability to comply with different and evolving laws, rules, and regulations, including the European General Data Protection Regulation (the “GDPR”) and other data privacy and data protection laws, rules and regulations;
- compliance with various anti-bribery and anti-corruption laws such as the Foreign Corrupt Practices Act and U.K. Bribery Act of 2010;
- more limited protection for intellectual property rights in some countries;
- adverse tax consequences;
- fluctuations in currency exchange rates;
- exchange control regulations, which might restrict or prohibit our conversion of other currencies into U.S. dollars;
- restrictions on the transfer of funds;
- new and different sources of competition;
- natural disasters or global health crises, including the ongoing COVID-19 pandemic;
- political and economic instability created by the Russian invasion of Ukraine;
- deterioration of political relations between the U.S. and other countries in which we operate, particularly China and the Philippines; and
- political or social unrest, economic instability, conflict or war in such countries, or sanctions implemented by the U.S. against these countries, such as the ongoing geopolitical tensions related to Russia’s actions in Ukraine, and resulting sanctions imposed by the U.S. and other countries, and retaliatory actions taken by Russia in response to such sanctions, all of which could have a material adverse effect on our operations.

Our failure to manage any of these risks successfully could harm our future international operations and our overall business.
We may expand through acquisitions of, investments in, or strategic partnerships or other strategic transactions with other companies, each of which may divert
our management’s attention, result in additional dilution to our stockholders, increase expenses, disrupt our operations, and harm our results of operations.

Our business strategy may, from time to time, include acquiring or investing in complementary services, technologies or businesses, strategic investments
and partnerships, or other strategic transactions, such as our investment in and strategic partnerships with Avaya, Atos, Amazon, Mitel, Vodafone, DT, Charter and
Verizon. We cannot assure you that we will successfully identify suitable acquisition candidates or transaction counterparties, securely or effectively integrate or
manage disparate technologies, lines of business, personnel and corporate cultures, realize our business strategy or the expected return on our investment, or manage
a geographically dispersed company. Any such acquisition, investment, strategic partnership, or other strategic transaction could materially and adversely affect our
results of operations. The process of negotiating, effecting, and realizing the benefits from acquisitions, investments, strategic partnerships, and strategic transactions
is complex, expensive and time-consuming, and may cause an interruption of, or loss of momentum in, development and sales activities and operations of both
companies, and we may incur substantial cost and expense, as well as divert the attention of management. We may issue equity securities which could dilute current
stockholders’ ownership, incur debt, assume contingent or other liabilities and expend cash in acquisitions, investments, strategic partnerships, and other strategic
transactions which could negatively impact our financial position, stockholder equity, and stock price.

Acquisitions, investments, strategic partnerships, and other strategic transactions involve significant risks and uncertainties, including:
• the potential failure to achieve the expected benefits of the acquisition, investment, strategic partnership, or other strategic transaction;
• unanticipated costs and liabilities;
• difficulties in integrating new solutions and subscriptions, software, businesses, operations, and technology infrastructure in an efficient and effective
manner;
• difficulties in maintaining customer relations;
• the potential loss of key employees of any acquired businesses;
• the diversion of the attention of our senior management from the operation of our daily business;
• the potential adverse effect on our cash position to the extent that we use cash for the transaction consideration;
• the potential significant increase of our interest expense, leverage, and debt service requirements if we incur additional debt to pay for an acquisition,
investment, strategic partnership, or other strategic transaction;
• the potential issuance of securities that would dilute our stockholders’ percentage ownership;
• the potential to incur large and immediate write-offs and restructuring and other related expenses;
• the potential liability or expenses associated with new types of data stored, existing security obligations or liabilities, unknown weaknesses in our
solutions, insufficient security measures in place, and compromise of our networks via access to our systems from assets not previously under our
control; and
• the inability to maintain uniform standards, controls, policies, and procedures.

Any acquisition, investment, strategic partnership, or other strategic transaction could expose us to unknown liabilities. Moreover, we cannot assure you that
we will realize the anticipated benefits of any acquisition, investment, strategic partnership, or other strategic transaction. In addition, our inability to successfully
operate and integrate newly acquired businesses or newly formed strategic partnerships appropriately, effectively, and in a timely manner could impair our ability to
take advantage of future growth opportunities and other advances in technology, as well as on our revenues, gross margins, and expenses.

These are significant investments on which we may not realize the anticipated benefits for various reasons. For example, in connection with our strategic
partnership with Avaya, we made an advance of $375.0 million that was paid primarily in our Class A Common Stock, predominantly for future fees, as well as for
certain licensing rights, and we purchased $125.0 million of Avaya Series A Preferred Stock. On December 13, 2022, Avaya filed a Form 8-K disclosing ongoing
discussions regarding one or more potential financings, refinancings, recapitalizations, reorganizations, restructurings or investment transactions. In light of public
disclosures about the likelihood of Avaya’s financial restructuring via Chapter 11, we recorded a non-cash asset write-down charge of $279.3 million for the year
ended December 31, 2022, out of which $21.7 million of this balance was accrued interest and was recorded in other income (expense) in the Consolidated Statement of
Operations. Further, on February 14, 2023, Avaya initiated an expedited, prepackaged financial restructuring via Chapter 11 with the support of certain of its financial stakeholders, including us. In connection therewith, we and Avaya entered into a new extended and expanded partnership arrangement pursuant to which, among other things, ACO remains Avaya’s exclusive UCaaS offering and Avaya agreed to certain minimum volume commitments. As part of the new agreements, we and Avaya agreed to a revised go-to-market incentive structure intended to drive migration of customers to ACO. Avaya’s contemplated prepackaged financial restructuring plan contemplates that the new partnership agreements between us and Avaya will be assumed and survive Avaya’s emergence from Chapter 11 and that the shares of Avaya Series A Preferred Stock held by us will be cancelled without any consideration. Refer to Note 5, Strategic Partnerships and Asset Acquisitions in this Annual Report on Form 10-K for further information regarding our assessment of the recoverability of our deferred and prepaid sales commission balances with Avaya.

In addition, our ability to offer, sell or transfer certain investments may be limited by applicable securities laws and regulations, and our ability to liquidate and realize value from such investments may be negatively and materially impacted by any delays or limitations on our ability to offer, sell, or transfer certain investments. In addition, certain investments are speculative in nature and may be volatile or decline in value or be entirely lost, which could have a negative impact on our future financial position, results of operations, and cash flows.

We may be subject to liabilities on past sales for taxes, surcharges, and fees and our operating results may be harmed if we are required to collect such amounts in jurisdictions where we have not historically done so.

We believe we collect state and local sales tax and use, excise, utility user, and ad valorem taxes, fees, or surcharges in all relevant jurisdictions in which we generate sales, based on our understanding of the applicable laws in those jurisdictions. Such tax, fees and surcharge laws and rates vary greatly by jurisdiction, and the application of such taxes to e-commerce businesses, such as ours, is a complex and evolving area. There is uncertainty as to what constitutes sufficient “in state presence” for a state to levy taxes, fees, and surcharges for sales made over the Internet, and after the U.S. Supreme Court’s ruling in South Dakota v. Wayfair, U.S. states may require an online retailer with no in-state property or personnel to collect and remit sales tax on sales to the state’s residents, which may permit wider enforcement of sales tax collection requirements. Therefore, the application of existing or future laws relating to indirect taxes to our business, or the audit of our business and operations with respect to such taxes or challenges of our positions by taxing authorities, all could result in increased tax liabilities for us or our customers that could materially and adversely affect our results of operations and our relationships with our customers.

We may be unable to use some or all of our net operating loss carryforwards, which could materially and adversely affect our financial condition and results of operations.

As of December 31, 2022, we have federal net operating loss carryforwards (“NOLs”) of $1.9 billion, of which $193.4 million expire between 2033 and 2037 and the remainder do not expire. Additionally, we have state net operating loss carryforwards of $1.3 billion which will begin expiring in 2023. We also have federal research tax credit carryforwards that will begin to expire in 2028. Realization of these net operating loss and research tax credit carryforwards depends on future income, and there is a risk that our existing carryforwards could expire unused and be unavailable to offset future income tax liabilities, which could materially and adversely affect our results of operations.

In addition, under Sections 382 and 383 of the Internal Revenue Code of 1986, as amended, our ability to utilize NOLs or other tax attributes, such as research tax credits, in any taxable year may be limited if we experience an “ownership change.” An “ownership change” generally occurs if one or more stockholders or groups of stockholders, who each own at least 5% of our stock, increase their collective ownership by more than 50 percentage points over their lowest ownership percentage within a rolling three-year period. Similar rules may apply under state tax laws.

No material deferred tax assets have been recognized on our Consolidated Balance Sheets related to these NOLs, as they are fully offset by a valuation allowance. If we have previously had, or have in the future, one or more Section 382 “ownership changes,” including in connection with our initial public offering or another offering, or if we do not generate sufficient taxable income, we may not be able to utilize a material portion of our NOLs, even if we achieve profitability. If we are limited in our ability to use our NOLs in future years in which we have taxable income, we will pay more taxes than if we were able to fully utilize our NOLs. This could materially and adversely affect our results of operations.
If we are unable to effectively process local number and toll-free number portability provisioning in a timely manner, our growth may be negatively affected.

We support local number and toll-free number portability, which allows our customers to transfer to us and thereby retain their existing phone numbers when subscribing to our services. Transferring numbers is a manual process that can take up to 15 business days or longer to complete. A new customer of our subscriptions must maintain both our subscription and the customer’s existing phone service during the number transferring process. Any delay that we experience in transferring these numbers typically results from the fact that we depend on third-party global service providers to transfer these numbers, a process that we do not control, and these third-party global service providers may refuse or substantially delay the transfer of these numbers to us. Local number portability is considered an important feature by many potential customers, and if we fail to reduce any related delays, we may experience increased difficulty in acquiring new customers. Moreover, the FCC requires Internet voice communications providers to comply with specified number porting timeframes when customers leave our subscription for the services of another provider. Several international jurisdictions have imposed similar number portability requirements on subscription providers like us. If we or our third-party global service providers are unable to process number portability requests within the requisite timeframes, we could be subject to fines and penalties. Additionally, in the U.S., both customers and global service providers may seek relief from the relevant state public utility commission, the FCC, or in state or federal court for violation of local number portability requirements.

Our business could suffer if we cannot obtain or retain direct inward dialing numbers or are prohibited from obtaining local or toll-free numbers or if we are limited to distributing local or toll-free numbers to only certain customers.

Our future success depends on our ability to procure large quantities of local and toll-free direct inward dialing numbers (“DIDs”) in the U.S. and foreign countries in desirable locations at a reasonable cost and without restrictions. Our ability to procure and distribute DIDs depends on factors outside of our control, such as applicable regulations, the practices of the communications global service providers that provide DIDs, the cost of these DIDs, and the level of demand for new DIDs. Due to their limited availability, there are certain popular area code prefixes that we generally cannot obtain. Our inability to acquire DIDs for our operations would make our subscriptions less attractive to potential customers in the affected local geographic areas. In addition, future growth in our customer base, together with growth in the customer bases of other providers of cloud-based business communications, has increased, which increases our dependence on needing sufficiently large quantities of DIDs.

We may not be able to manage our inventory levels effectively, which may lead to inventory obsolescence that would force us to incur inventory write-downs.

Our vendor-supplied phones have lead times of up to several months for delivery to our fulfillment agents and are built to forecasts that are necessarily imprecise. It is likely that, from time to time, we will have either excess or insufficient product inventory. In addition, because we rely on third-party vendors for the supply of our vendor-supplied phones, our inventory levels are subject to the conditions regarding the timing of purchase orders and delivery dates that are not within our control. Excess inventory levels would subject us to the risk of inventory obsolescence, while insufficient levels of inventory may negatively affect relations with customers. For instance, our customers rely upon our ability to meet committed delivery dates, and any disruption in the supply of our subscriptions could result in loss of customers or harm to our ability to attract new customers. Any reduction or interruption in the ability of our vendors to supply our customers with vendor-supplied phones, including as a result of the ongoing COVID-19 pandemic, could cause us to lose revenue, damage our customer relationships and harm our reputation in the marketplace. Any of these factors could have a material adverse effect on our business, financial condition or results of operations.

We currently depend on three phone device suppliers and two fulfillment agents to configure and deliver the phones that we sell and any delay or interruption in manufacturing, configuring and delivering by these third parties would result in delayed or reduced shipments to our customers and may harm our business.

We rely on three suppliers to provide phones that we offer for sale to our customers that use our subscriptions, and we rely on two fulfillment agents to configure and deliver the phones that we sell to our customers. Accordingly, we could be adversely affected if such third parties fail to maintain competitive phones or configuration services or fail to continue to make them available on attractive terms, or at all. These suppliers have been and will continue to be adversely impacted by the COVID-19 pandemic, which could affect their ability to perform satisfactorily or at all.
If our fulfillment agents are unable to deliver phones of acceptable quality, or if there is a reduction or interruption in their ability to supply the phones in a timely manner, our ability to bring services to market, the reliability of our subscriptions and our relationships with customers or our overall reputation in the marketplace could suffer, which could cause us to lose revenue. We expect that it could take several months to effectively transition to new third-party manufacturers or fulfillment agents.

If our vendor-supplied phones are not able to interoperate effectively with our own back-end servers and systems, our customers may not be able to use our subscriptions, which could harm our business, financial condition and results of operations.

Phones must interoperate with our back-end servers and systems, which contain complex specifications and utilize multiple protocol standards and software applications. Currently, the phones used by our customers are manufactured by only three third-party providers. If any of these providers changes the operation of their phones, we will be required to undertake development and testing efforts to ensure that the new phones interoperate with our system. In addition, we must be successful in integrating our solutions with strategic partners’ devices in order to market and sell these solutions. These efforts may require significant capital and employee resources, and we may not accomplish these development efforts quickly or cost-effectively, if at all. If our vendor-supplied phones do not interoperate effectively with our system, our customers’ ability to use our subscriptions could be delayed or orders for our subscriptions could be canceled, which would harm our business, financial condition, and results of operations.

Our Credit Agreement imposes operating and financial restrictions on us.

On February 14, 2023, we entered into a Credit Agreement (the “Credit Agreement”), among the Company, the lenders from time to time party thereto and Bank of America, N.A., as administrative agent and as collateral agent. The obligations under the Credit Agreement and the other loan documents are guaranteed by certain of our material domestic subsidiaries, and secured by substantially all of our personal property and that of such subsidiary guarantors. Our Credit Agreement contains covenants that limit our ability and the ability of our subsidiaries to:

- incur additional debt;
- create liens;
- make investments;
- dispose of assets; and
- make certain restricted payments.

Further, the Credit Agreement contains financial covenants that require compliance with a maximum total net leverage ratio and minimum interest coverage ratio. All of these covenants may adversely affect our ability to finance our operations, meet or otherwise address our capital needs, pursue business opportunities, react to market conditions, or otherwise restrict our activities or business plans. A breach of any of these covenants could result in an event of default under the Credit Agreement. If an event of default occurs, the lenders may terminate their commitments and accelerate our obligations under the Credit Agreement. Any such acceleration could result in an event of default under our convertible notes. Refer to Note 16 – Subsequent Events of the notes to the consolidated financial statements included in Part II, Item 8, “Consolidated Financial Statements and Supplementary Data” in this Annual Report on Form 10-K for additional information.

Risks Related to Regulatory Matters

Our subscriptions are subject to regulation, and future legislative or regulatory actions could adversely affect our business and expose us to liability in the U.S. and internationally.

Federal Regulation

Our business is regulated by the FCC. As a communications services provider, we are subject to existing or potential FCC regulations relating to privacy, disability access, porting of numbers and enabling abbreviated dialing to designated numbers, maintaining records for disconnected numbers, cooperation with law enforcement, Federal Universal Service Fund
As we expand internationally, we may be subject to telecommunications, consumer protection, data protection, emergency call services, and other laws, regulations, taxes, and fees in the foreign countries where we offer our subscriptions. Any foreign regulations could impose substantial compliance costs on us, restrict our ability to compete, and impact our ability to compete, and impact our ability to compete.
to expand our service offerings in certain markets. Moreover, the regulatory environment is constantly evolving and changes to the applicable regulations could impose additional compliance costs and require modifications to our technology and operations. European Union member states are currently implementing the new European Electronic Communications Code, including major modifications to the German Telecommunications Act and French regulations. The new rules in France impose additional obligations beyond our existing business model and will require domestic infrastructure buildout in France. Internationally, we currently sell our subscriptions in Canada, the U.K., Australia, Singapore, and several European countries. We also offer our Global MVP solution, enabling our multinational customers in locations where we sell our solutions, to establish local phone solutions in various countries internationally. We may be subject to telecommunications, consumer protection, data protection, emergency call services, call authentication, and other laws and regulations in additional countries as we continue to expand our Global MVP solution internationally.

In addition, our international operations are potentially subject to country-specific governmental regulation and related actions that may increase our costs or impact our solution and service offerings or prevent us from offering or providing our solutions and subscriptions in certain countries. Certain of our subscriptions may be used by customers located in countries where VoIP and other forms of IP communications may be illegal or require special licensing or in countries on a U.S. embargo list. Even where our solutions are reportedly illegal or become illegal or where users are located in an embargoed country, users in those countries may be able to continue to use our solutions and subscriptions in those countries notwithstanding the illegality or embargo. We may be subject to penalties or governmental action if customers continue to use our solutions and subscriptions in countries where it is illegal to do so, and any such penalties or governmental action may be costly and may harm our business and damage our brand and reputation. We may be required to incur additional expenses to meet applicable international regulatory requirements or be required to discontinue those subscriptions if required by law or if we cannot or will not meet those requirements.

The increasing growth and popularity of Internet voice communications, video conferencing and messaging heighten the risk that governments will regulate or impose new or increased fees or taxes on these services. To the extent that the use of our subscriptions continues to grow, and our user base continues to expand, regulators may be more likely to seek to regulate or impose new or additional taxes, surcharges or fees on our subscriptions.

**We process, store, and use personal information and other data, which subjects us and our customers to a variety of evolving international statutes, governmental regulation, industry standards and self-regulatory schemes, contractual obligations, and other legal obligations related to privacy and data protection, which may increase our costs, decrease adoption and use of our solutions and subscriptions, and expose us to liability.**

In the course of providing our services, we collect, store, and process many types of data, including personal data. Moreover, our customers can use our subscriptions to store contact and other personal or identifying information, and to process, transmit, receive, store, and retrieve a variety of communications and messages, including information about their own customers and other contacts. Customers are able, and may be authorized under certain circumstances, to use our subscriptions to transmit, receive, and/or store personal information.

There are a number of federal, state, local, and foreign laws and regulations, as well as contractual obligations and industry standards, that provide for certain obligations and restrictions with respect to data privacy and security, and the collection, storage, retention, protection, use, processing, transmission, sharing, disclosure, and protection of personal information and other customer data. With the implementation of our Global MVP solution, we are subject to additional data privacy regulations in other countries throughout the world. The scope of these obligations and restrictions is changing, subject to differing interpretations, and may be inconsistent among countries or conflict with other rules, and their status remains uncertain. Failure to comply with obligations and restrictions related to data privacy, data protection, and security in any jurisdiction in which we operate could subject us to lawsuits, fines, criminal penalties, statutory damages, consent decrees, injunctions, adverse publicity, and other losses that could harm our business.

For example, the GDPR, which came into force in May 2018, strengthened the existing data protection regulations in the EU and its provisions include increasing the maximum level of fines that EU regulators may impose for the most serious of breaches to the greater of €20 million or 4% of worldwide annual turnover. National data protection supervisory authorities have been actively monitoring and sanctioning noncompliance with applicable regulations with particular focus on use of cookies without consent, protection of children data and breach of security. Such fines would be in addition to (i) the rights of individuals to sue for damages in respect of any data privacy breach which causes them to suffer harm and (ii) the right of individual member states to impose additional sanctions over and above the administrative fines specified in the GDPR. Other examples include, but are not limited to, Canadian data protection and anti-spam legislation and Australia’s Privacy Act and Australia’s Spam Act 2003, as amended.
Among other requirements, the GDPR regulates data transferred from the European Economic Area (the “EEA”) to countries that have not been found to provide adequate protection to such personal data, including the U.S. On June 4, 2021, the EU Commission adopted new Standard Contractual Clauses (“2021 SCCs”), for the transfer of personal data from the EU to countries not deemed by the EU Commission as providing adequate protection of personal data (e.g., the U.S.). We have begun adopting the 2021 SCCs with our customers and our suppliers transferring data out of the EEA and Switzerland (with approved modifications by the Federal Data Protection and Information Commissioner). Despite this, it may be difficult to maintain appropriate safeguards for the transfer of such data from the EEA and Switzerland, in particular as a result of continued legal and legislative activity that has challenged or called into question existing means of data transfers to countries that have not been found to provide adequate protection for personal data.

Following the U.K.’s exit from the EU on January 31, 2020 the U.K. largely adopted the EU rules on cross-border data flows, but allowed flexibility to diverge. On June 28, 2021, the European Commission issued an adequacy decision under the GDPR and the Law Enforcement Directive, pursuant to which personal data generally may be transferred from the EU to the U.K. without restriction; however, this adequacy decision is subject to a four-year “sunset” period, after which the European Commission’s adequacy decision may be renewed. On March 21, 2022, the U.K. Parliament approved new Standard Contractual Clauses (“UK SCCs”) to support personal data transfers out of the U.K., and we may, in addition to other impacts, experience additional costs associated with increased compliance burdens and be required to engage in new contract negotiations with third parties that aid in processing personal data on our behalf or localize certain personal data. We have begun adopting the UK SCCs with our customers and suppliers transferring personal data out of the U.K.

The 2021 SCCs and the UK SCCs include requirements to conduct personal data transfer impact assessments before transferring personal data out of the EEA, Switzerland and the U.K. The assessment requires the parties to take into account the specific circumstances of the transfer, the laws and practices of the destination country, particularly relating to government access, and any additional relevant contractual, technical or organizational safeguards. Each party is required to perform such an assessment and determine whether the transfer can proceed or must be suspended if there are insufficient safeguards to protect the transfer of personal data. We may, in addition to other impacts, experience additional costs associated with increased compliance burdens following the implementation of the 2021 SCCs and UK SCCs, including requirements to block, or require ad hoc verification of measures taken with respect to, certain data flows from the EEA, Switzerland and the U.K. to the U.S and other non-EEA countries. Additionally, we and our customers face the potential for regulators in the EEA, Switzerland or the U.K. to apply different standards to the transfer of personal data from the EEA, Switzerland or the U.K. to the U.S. and other non-EEA countries.

Anticipated developments and future regulatory guidance may, moreover, result in further varying requirements as well as varying interpretations regarding the industry-standard measures that we, and other companies, have taken, and as such, may require ongoing investments in our compliance program. Uncertainty regarding some details for cross-border data transfers remains. If we are unable to take necessary and additional measures as may be required, then we may be at risk of experiencing reluctance or refusal of European or multi-national customers to use our solutions and incurring regulatory penalties, which may have an adverse effect on our business.

Additionally, on November 17, 2022, the Digital Services Act (“DSA”) entered into force in the EU and includes new obligations to limit the spread of illegal content and illegal products online, increase the protection of minors, and provide users with more choice and transparency and allows for fines of up to 6% of annual turnover. The impact of the DSA on the overall industry, business models and our operations is uncertain, and these regulations could result in changes to our subscriptions or introduce new operational requirements and administrative costs each of which could have an adverse effect on our business, financial condition, and results of operations.

The European Commission has proposed new legislation to enhance privacy protections for users of communications services and to enhance protection for individuals against online tracking technologies. The proposed legislation, the Regulation on Privacy and Electronic Communications (the “e-Privacy Regulation”), is currently undergoing legislative scrutiny. When introduced, the e-Privacy Regulation is expected to impose greater potential liabilities upon communications service providers, including potential fines for the most serious of breaches of the greater of €20 million or 4% of worldwide annual turnover. New rules introduced by the e-Privacy Regulation are likely to include enhanced consent requirements for communications service providers in order to use communications content and communications metadata to deliver value added services, as well as restrict the use of data related to corporations and other non-natural persons. These restrictions, if adopted, may affect our future business growth in the EEA.

Further, the Data Security Law of China (“DSL”), which took effect on September 1, 2021, and the Personal Information Protection Law of China (“PIPL”), which took effect on November 1, 2021, implement comprehensive regulation of data and personal data processing activities across all industries and operations such as collecting, utilizing, processing,
sharing and transferring data and personal information in and out of China. The DSL and PIPL apply not only to the processing of data within China, but also cross-border data transfers as well as certain activities outside of China that relate to data originating from China. Restrictions imposed by the DSL and PIPL and uncertainty regarding their application in practice may impact us and our customers, and we may be required to implement modifications to our policies and practices in an effort to comply with these laws.

In the U.S., there are numerous federal and state laws governing the privacy and security of personal information. In particular, the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") establishes privacy and security standards that limit the use and disclosure of individually identifiable health information and requires the implementation of administrative, physical, and technical safeguards to protect the privacy of protected health information and ensure the confidentiality, integrity, and availability of electronic protected health information by certain institutions. We act as a “Business Associate” through our relationships with certain customers and are thus directly subject to certain provisions of HIPAA. In addition, if we are unable to protect the privacy and security of protected health information, we could be found to have breached our contracts with customers with whom we have a Business Associate relationship and may also face regulatory liability. Additionally, we are subject to FCC regulations imposing obligations related to our use and disclosure of certain data related our interconnected VoIP service. If we experience a data security incident, we may be required by state law or FCC or other regulations to notify our customers and/or law enforcement. We may also be subject to Federal Trade Commission ("FTC") enforcement actions if the FTC has reason to believe we have engaged in unfair or deceptive privacy or data security practices.

Noncompliance with laws and regulations relating to privacy and security of personal information, including HIPAA, or with contractual obligations under any Business Associate agreement may lead to significant fines, civil and criminal penalties, or liabilities. The U.S. Department of Health and Human Services ("HHS") audits the compliance of Business Associates and enforces HIPAA privacy and security standards. HHS enforcement activity has become more significant over the last few years and HHS has signaled its intent to continue this trend. Violation of the FCC’s privacy rules can result in large monetary forfeitures and injunctive relief. The FTC has broad authority to seek monetary redress for affected consumers and injunctive relief. In addition to federal regulators, state attorneys general (and, in some states, individual residents) are authorized to bring civil actions seeking either injunctions or damages to the extent violations implicate the privacy of state residents. Class action lawsuits are common in the event of a data breach affecting financial or other forms of sensitive information.

Additionally, California has enacted the California Consumer Privacy Act ("CCPA"), which came into effect on January 1, 2020, with implementing regulations effective August 14, 2020. Pursuant to the CCPA, we are required, among other things, to make certain enhanced disclosures related to California residents regarding our use or disclosure of their personal information, allow California residents to opt-out of certain uses and disclosures of their personal information without penalty, provide Californians with other choices related to personal data in our possession, and obtain opt-in consent before engaging in certain uses of personal information relating to Californians under the age of 16. The California Attorney General may seek substantial monetary penalties and injunctive relief in the event of our non-compliance with the CCPA. The CCPA also allows for private lawsuits from Californians in the event of certain data breaches. Aspects of the CCPA remain uncertain, and we may be required to make modifications to our policies or practices in order to comply. Moreover, a new privacy law, the CDPA, was approved by California voters in November 2020. The CPRA significantly modifies the CCPA, potentially resulting in further uncertainty and requiring us to incur additional costs and expenses in an effort to comply. The CPRA created obligations relating to consumer data beginning on January 1, 2023, with enforcement beginning July 1, 2023. California residents’ rights under the CPRA to opt-out from the sale or sharing of their data may impact our marketing activities, particularly those that involve the use of third-party cookies on our websites. This may require that we implement specific contractual terms when we engage marketing entities to market our product and services and may limit our efforts to reach our target audience. Further, on March 2, 2021, Virginia enacted the Virginia Consumer Data Protection Act (“CDPA”), a comprehensive privacy statute that shares similarities with the CCPA, CPRA, and legislation proposed in other states. The CDPA is effective as of January 1, 2023. Colorado enacted a similar law, the Colorado Privacy Act, on June 8, 2021, which is effective as of July 1, 2023. Utah enacted a similar law, the Utah Consumer Privacy Act, on March 24, 2022, which is effective as of December 31, 2023, and Connecticut enacted a similar law, An Act Concerning Personal Data Privacy and Online Monitoring, on May 10, 2022, which is effective as of July 1, 2023. The U.S. federal government also is contemplating federal privacy legislation. On September 15, 2022, California passed the California Age-Appropriate Design Code Act, which will become enforceable on July 1, 2024. Many of these new and evolving laws and regulations have required us to incur costs and expenses, and will require us to incur additional costs and expenses, in our efforts to comply.

As Internet commerce and communication technologies continue to evolve, thereby increasing online service providers’ and network users’ capacity to collect, store, retain, protect, use, process, and transmit large volumes of personal information, increasingly restrictive regulation by federal, state, or foreign agencies becomes more likely.
While we try to comply with applicable data protection laws, regulations, standards, and codes of conduct, as well as our own posted privacy policies and contractual commitments to the extent possible, any actual or alleged failure by us to comply with any of the foregoing or to protect our users’ privacy and data, including as a result of our systems being compromised by hacking or other malicious or surreptitious activity, could result in a loss of user confidence in our subscriptions and ultimately in a loss of users, which could materially and adversely affect our business.

Regulation of personal information is evolving, and new laws could further impact how we handle personal information or could require us to incur additional compliance costs, either of which could have an adverse impact on our operations. Further, our actual compliance, our customers’ perception of our compliance, costs of compliance with such regulations, and obligations and customer concerns regarding their own compliance obligations (whether factual or in error) may limit the use and adoption of our subscriptions and reduce overall demand. Privacy-related concerns, including the inability or impracticality of providing advance notice to customers of privacy issues related to the use of our subscriptions, may cause our customers’ customers to resist providing the personal data necessary to allow our customers to use our subscriptions effectively. Even the perception of privacy-related concerns, whether or not valid, may inhibit market adoption of our subscriptions in certain industries.

Additionally, due to the nature of our service, we are unable to maintain complete control over data security or the implementation of measures that reduce the risk of a data security incident. For example, our customers may accidentally disclose their passwords or store them on a mobile device that is lost or stolen, creating the perception that our systems are not secure against third-party access. Additionally, our third-party contractors in the Philippines, Georgia, Bulgaria and Spain, may have access to customer data; no personal customer data is processed or stored in Russia or Ukraine. If these or other third-party vendors violate applicable laws or our policies, such violations may also put our customers’ information at risk and could in turn have a material and adverse effect on our business.

Our emergency and E-911 calling services may expose us to significant liability.

The FCC requires Internet voice communications providers, such as our company, to provide E-911 service in all geographic areas covered by the traditional wire-line E-911 network. Under the FCC’s rules, Internet voice communications providers must transmit the caller’s phone number and registered location information to the appropriate public safety answering point (“PSAP”) for the caller’s registered location. Our CLEC services are also required by the FCC and state regulators to provide E-911 service to the extent that they provide services to end users. We are also subject to similar requirements internationally.

In connection with the regulatory requirements that we provide access to emergency services dialing to our interconnected VoIP customers, we must obtain from each customer, prior to the initiation of or changes to service, the physical locations at which the service will first be used for each VoIP line. For subscriptions that can be utilized from more than one physical location, we must provide customers one or more methods of updating their physical location. Because we are not able to confirm that the service is used at the physical addresses provided by our customers, and because customers may provide an incorrect location or fail to provide updated location information, it is possible that emergency services calls may get routed to the wrong PSAP. If emergency services calls are not routed to the correct PSAP, and if the delay results in serious injury or death, we could be sued and the damages substantial. We are evaluating measures to attempt to verify and update the addresses for locations where our subscriptions are used.

In addition, customers may attempt to hold us responsible for any loss, damage, personal injury, or death suffered as a result of delayed, misrouted, or uncompleted emergency service calls or text messages, subject to any limitations on a provider’s liability provided by applicable laws, regulations and our customer agreements.

We rely on third parties to provide the majority of our customer service and support representatives and to fulfill various aspects of our E-911 service. If these third parties do not provide our customers with reliable, high-quality service, our reputation will be harmed, and we may lose customers.

We offer customer support through both our online account management website and our toll-free customer support number in multiple languages. Our customer support is currently provided via a third-party provider located in the Philippines, as well as our employees in the U.S. Our third-party providers generally provide customer service and support to our customers without identifying themselves as independent parties. The ability to support our customers may be disrupted by natural disasters, inclement weather conditions, civil unrest, strikes, and other adverse events in the Philippines. Furthermore, as we expand our operations internationally, we may need to make significant expenditures and investments in our customer service and support to adequately address the complex needs of international customers, such as support in additional foreign
languages. We also use third parties to deliver onsite professional services to our customers in deploying our solutions. If these vendors do not deliver timely and high-quality services to our customers, our reputation could be damaged, and we could lose customers. In addition, third-party professional services vendors may not be available when needed, which would adversely impact our ability to deliver on our customer commitments.

We also contract with third parties to provide emergency services calls in the U.S., Canada, the U.K., and other jurisdictions in which we provide access to emergency services dialing, including assistance in routing emergency calls and terminating emergency services calls. Our domestic providers operate a national call center that is available 24 hours a day, seven days a week, to receive certain emergency calls and maintain PSAP databases for the purpose of deploying and operating E-911 services. We rely on providers for similar functions in other jurisdictions in which we provide access to emergency services dialing. On mobile devices, we rely on the underlying cellular or wireless carrier to provide emergency services dialing. Interruptions in service from our vendors could cause failures in our customers' access to E-911/999/112 services and expose us to liability and damage our reputation.

If any of these third parties do not provide reliable, high-quality service, or the service is not provided in compliance with regulatory requirements, our reputation and our business will be harmed. In addition, industry consolidation among providers of services to us may impact our ability to obtain these services or increase our costs for these services.

Risks Related to Intellectual Property

**Accusations of infringement of third-party intellectual property rights could materially and adversely affect our business.**

There has been substantial litigation in the areas in which we operate regarding intellectual property rights. For instance, we have recently and in the past been sued by third parties claiming infringement of their intellectual property rights and we may be sued for infringement from time to time in the future. Also, in some instances, we have agreed to indemnify our customers, resellers, and global service providers for expenses and liability resulting from claimed intellectual property infringement by our solutions. From time to time, we have received requests for indemnification in connection with allegations of intellectual property infringement and we may choose, or be required, to assume the defense and/or reimburse our customers and/or resellers and global service providers for their expenses, settlement and/or liability. In the past, we have settled infringement litigation brought against us; however, we cannot assure you that we will be able to settle any future claims or, if we are able to settle any such claims, that the settlement will be on terms favorable to us. Our broad range of technology may increase the likelihood that third parties will claim that we, or our customers and/or resellers, and global service providers, infringe their intellectual property rights.

We have in the past received, and may in the future receive, notices of claims of infringement, misappropriation or misuse of other parties' proprietary rights. Furthermore, regardless of their merits, accusations and lawsuits like these, whether against us or our customers, resellers, and global service providers, may require significant time and expense to defend, may negatively affect customer relationships, may divert management's attention away from other aspects of our operations and, upon resolution, may have a material adverse effect on our business, results of operations, financial condition, and cash flows.

Certain technology necessary for us to provide our subscriptions may, in fact, be patented by other parties either now or in the future. If such technology were validly patented by another person, we would have to negotiate a license for the use of that technology. We may not be able to negotiate such a license at a price that is acceptable to us or at all. The existence of such a patent, or our inability to negotiate a license for any such technology on acceptable terms, could force us to cease using the technology and cease offering subscriptions incorporating the technology, which could materially and adversely affect our business and results of operations.

If we, or any of our solutions, were found to be infringing on the intellectual property rights of any third party, we could be subject to liability for such infringement, which could be material. We could also be prohibited from using or selling certain subscriptions, prohibited from using certain processes, or required to redesign certain subscriptions, each of which could have a material adverse effect on our business and results of operations.

These and other outcomes may:

- result in the loss of a substantial number of existing customers or prohibit the acquisition of new customers;
- cause us to pay license fees for intellectual property we are deemed to have infringed;
- cause us to incur costs and devote valuable technical resources to redesigning our subscriptions;
- cause our cost of revenues to increase;
Our limited ability to protect our intellectual property rights could materially and adversely affect our business.

We rely, in part, on patent, trademark, copyright, and trade secret law to protect our intellectual property in the U.S. and abroad. We seek to protect our technology, software, documentation, and other information under trade secret and copyright law, which afford only limited protection. For example, we typically enter into confidentiality agreements with our employees, consultants, third-party contractors, customers, and vendors in an effort to control access to, use of, and distribution of our technology, software, documentation, and other information. These agreements may not effectively prevent unauthorized use or disclosure of confidential information and may not provide an adequate remedy in the event of such unauthorized use or disclosure, and it may be possible for a third party to legally reverse engineer, copy, or otherwise obtain and use our technology without authorization. In addition, improper disclosure of trade secret information by our current or former employees, consultants, third-party contractors, customers, or vendors to the public or others who could make use of the trade secret information would likely preclude that information from being protected as a trade secret.

We also rely, in part, on patent law to protect our intellectual property in the U.S. and internationally. Our intellectual property portfolio includes over 940 issued patents, including patents acquired from a strategic partnership transaction, which expire between 2023 and 2041. We also have 72 patent applications pending examination in the U.S. and 59 patent applications pending examination in foreign jurisdictions, all of which are related to U.S. applications. We cannot predict whether such pending patent applications will result in issued patents or whether any issued patents will effectively protect our intellectual property. Even if a pending patent application results in an issued patent, the patent may be circumvented or its validity may be challenged in various proceedings in United States District Court or before the U.S. Patent and Trademark Office, such as Post Grant Review or Inter Parties Review, which may require legal representation and involve substantial costs and diversion of management time and resources. We cannot assure completeness of the chain of title of acquired patents prior to the completion of the assignments. In addition, we cannot assure you that every significant feature of our solutions is protected by our patents, or that we will mark our solutions with any or all patents they embody. As a result, we may be prevented from seeking injunctive relief or damages, in whole or in part for infringement of our patents.

Further, in the future, we may “prune” our patent portfolio by not continuing to renew some of our patents in some jurisdictions or may decide to divest some of our patents.

The unlicensed use of our brand, including domain names, by third parties could harm our reputation, cause confusion among our customers and impair our ability to market our solutions and subscriptions. To that end, we have registered numerous trademarks and service marks and have applied for registration of additional trademarks and service marks and have acquired a large number of domain names in and outside the U.S. to establish and protect our brand names as part of our intellectual property strategy. If our applications receive objections or are successfully opposed by third parties, it will be difficult for us to prevent third parties from using our brand without our permission. Moreover, successful opposition to our applications might encourage third parties to make additional oppositions or commence trademark infringement proceedings against us, which could be costly and time consuming to defend against. If we are not successful in protecting our trademarks, our trademark rights may be diluted and subject to challenge or invalidation, which could materially and adversely affect our brand.

Despite our efforts to implement our intellectual property strategy, we may not be able to protect or enforce our proprietary rights in the U.S. or internationally (where effective intellectual property protection may be unavailable or limited). For example, we have entered into agreements containing confidentiality and invention assignment provisions in connection with the outsourcing of certain software development and quality assurance activities to third-party contractors located in Ukraine and formerly in Russia. We have also entered into an agreement containing a confidentiality provision with a third-party contractor located in the Philippines, where we have outsourced a significant portion of our customer support function. We cannot assure you that agreements with these third-party contractors or their agreements with their employees and contractors will adequately protect our proprietary rights in the applicable jurisdictions and foreign countries, as their respective laws may not protect proprietary rights to the same extent as the laws of the U.S. In addition, our competitors may independently develop technologies that are similar or superior to our technology, duplicate our technology in a manner that does not infringe our intellectual property rights or design around any of our patents. Furthermore, detecting and policing
Unauthorized use of our intellectual property is difficult and resource-intensive. Moreover, litigation may be necessary in the future to enforce our intellectual property rights, to determine the validity and scope of the proprietary rights of others, or to defend against claims of infringement or invalidity. Such litigation, whether successful or not, could result in substantial costs and diversion of management time and resources and could have a material adverse effect on our business, financial condition, and results of operations.

**Our use of open source technology could impose limitations on our ability to commercialize our subscriptions.**

We use open source software in our platform on which our subscriptions operate. There is a risk that the owners of the copyrights in such software may claim that such licenses impose unanticipated conditions or restrictions on our ability to market or provide our subscriptions. If such owners prevail in such claim, we could be required to make the source code for our proprietary software (which contains our valuable trade secrets) generally available to third parties, including competitors, at no cost, to seek licenses from third parties in order to continue offering our subscriptions, to re-engineer our technology, or to discontinue offering our subscriptions in the event re-engineering cannot be accomplished on a timely basis or at all, any of which could cause us to discontinue our subscriptions, harm our reputation, result in customer losses or claims, increase our costs or otherwise materially and adversely affect our business and results of operations.

**Risks Related to Our Class A Common Stock, Our Notes and Our Charter Provisions**

**The market price of our Class A Common Stock is likely to be volatile and could decline.**

The stock market in general, and the market for SaaS and other technology-related stocks in particular, has been highly volatile. As a result, the market price and trading volume for our Class A Common Stock has been and may continue to be highly volatile, and investors in our Class A Common Stock may experience a decrease in the value of their shares, including decreases unrelated to our operating performance or prospects. Factors that could cause the market price of our Class A Common Stock to fluctuate significantly include:

- our operating and financial performance and prospects and the performance of other similar companies including our strategic partners;
- our quarterly or annual earnings or those of other companies in our industry;
- conditions that impact demand for our subscriptions;
- the public’s reaction to our press releases, financial guidance, and other public announcements, and filings with the SEC;
- changes in earnings estimates or recommendations by securities or research analysts who track our Class A Common Stock;
- actual or perceived security breaches, or other privacy or cybersecurity incidents;
- market and industry perception of our success, or lack thereof, in pursuing our growth strategy;
- strategic actions by us or our competitors, such as acquisitions or restructurings;
- changes in government and other regulations;
- changes in accounting standards, policies, guidance, interpretations, or principles;
- arrival and departure of key personnel;
- sales of common stock by us, our investors, or members of our management team;
- changes in general market, economic, and political conditions in the U.S. and global economies or financial markets, including those resulting from natural disasters, telecommunications failure, cyber-attack, changes in diplomatic or trade relationships, civil unrest in various parts of the world, acts of war (including ongoing geopolitical tensions related to Russia’s actions in Ukraine, resulting sanctions imposed by the U.S. and other countries, and retaliatory actions taken by Russia in response to such sanctions), terrorist attacks, or other catastrophic events, such as the global outbreak of COVID-19; and
- Geopolitical relations between the US and China.

Any of these factors may result in large and sudden changes in the trading volume and market price of our Class A Common Stock and may prevent investors from being able to sell their shares at or above the price they paid for their shares of our Class A Common Stock. Following periods of volatility in the market price of a company’s securities, stockholders often file securities class-action lawsuits against such company. Our involvement in a class-action lawsuit could divert our senior management’s attention and, if adversely determined, could have a material and adverse effect on our business, financial condition, and results of operations.
For as long as the dual class structure of our common stock as contained in our charter documents is in effect, voting control will be concentrated with a limited number of stockholders that held our stock prior to our initial public offering, including primarily our founders and their affiliates, and limiting other stockholders' ability to influence corporate matters.

Our Class B common stock, par value $0.0001 per share (“Class B Common Stock” and, together with our Class A Common Stock, our “common stock”), has 10 votes per share, and our Class A Common Stock has one vote per share. Additionally, our Series A Convertible Preferred Stock has voting power measured on an as-converted to Class A Common Stock basis. Stockholders who hold shares of Class B Common Stock, including our founders and certain executive officers, and their affiliates, together hold approximately 54% of the voting power of our outstanding capital stock, and our founders, including our CEO and Chairman, together hold a majority of such voting power. As a result, for as long as the Class B voting structure remains in place, a small number of stockholders who acquired their shares prior to the completion of our initial public offering will continue to have significant influence over the management and affairs of our company and over the outcome of many matters submitted to our stockholders for approval, including the election of directors and significant corporate transactions, such as a merger, consolidation or sale of substantially all of our assets.

In addition, because of the ten-to-one voting ratio between our Class B and Class A Common Stock, the holders of Class B Common Stock collectively will continue to control many matters submitted to our stockholders for approval even if their stock holdings represent less than 50% of the voting power of the outstanding shares of our capital stock. This concentrated control will limit your ability to influence corporate matters for the foreseeable future, and, as a result, the market price of our Class A Common Stock could be adversely affected.

Future transfers by holders of Class B Common Stock will generally result in those shares converting to Class A Common Stock, which may have the effect, over time, of increasing the relative voting power of those holders of Class B Common Stock who retain their shares in the long term. If, for example, Mr. Shmunis retains a significant portion of his holdings of Class B Common Stock for an extended period of time, he could, in the future, control a majority of the combined voting power of our capital stock. As a board member, Mr. Shmunis owes fiduciary duties to our stockholders and must act in good faith in a manner he reasonably believes to be in the best interests of our stockholders. As a stockholder, even a controlling stockholder, Mr. Shmunis is generally entitled to vote his shares in his own interests, which may not always be in the interests of our stockholders generally.

We have never paid cash dividends and do not anticipate paying any cash dividends on our common stock.

We currently do not plan to declare dividends on shares of our common stock in the foreseeable future and plan to, instead, retain any earnings to finance our operations and growth. Because we have never paid cash dividends and do not anticipate paying any cash dividends on our common stock in the foreseeable future, the only opportunity to achieve a return on an investor’s investment in our company will be if the market price of our Class A Common Stock appreciates and the investor sells its shares at a profit. There is no guarantee that the price of our Class A Common Stock that will prevail in the market will ever exceed the price that an investor pays.

We may not have the ability to raise the funds necessary to settle conversions of the Notes in cash or to repurchase the Notes upon a fundamental change or pay the principal amount of the Notes at maturity, and our future debt may contain limitations on our ability to pay cash upon conversion or repurchase of the Notes.

Holders of either series of Notes will have the right to require us to repurchase all or a portion of such Notes upon the occurrence of a fundamental change before the applicable maturity date at a repurchase price equal to 100% of the principal amount of such Notes to be repurchased, plus any accrued and unpaid special interest thereon, if any, as set forth in the applicable indenture governing the Notes. In addition, upon conversion of the Notes of the applicable series, we will be required to make cash payments in respect of such Notes being converted, as set forth in the applicable indenture governing the Notes. Moreover, we will be required to repay the Notes of the applicable series in cash at their respective maturity unless earlier converted, redeemed or repurchased. However, even though we entered into a new credit agreement on February 14, 2023, we cannot assure you that we will have enough available cash on hand or be able to obtain financing at the time we are required to make repurchases of such Notes surrendered therefor or pay cash with respect to such series of Notes being converted or at their respective maturity. Refer to Note 16 – Subsequent Events of the notes to the consolidated financial statements included in Part II, Item 8, “Consolidated Financial Statements and Supplementary Data” in this Annual Report on Form 10-K for additional information on the new credit agreement.

In addition, our ability to repurchase the Notes of the applicable series or to pay cash upon conversions of the Notes or at their respective maturity may be limited by law, regulatory authority, or agreements governing our future indebtedness. Our
failure to repurchase such Notes at a time when the repurchase is required by the applicable indenture governing the Notes or to pay cash upon conversions of such Notes or at their respective maturity as required by the applicable indenture governing the Notes would constitute a default under such indenture. A default under such indenture, or the fundamental change itself, could also lead to a default under agreements governing our future indebtedness. Moreover, the occurrence of a fundamental change under the applicable indenture governing the Notes could constitute an event of default under any such agreement. If the repayment of the related indebtedness were to be accelerated after any applicable notice or grace periods, we may not have sufficient funds to repay the indebtedness and repurchase such series of Notes or make cash payments upon conversions thereof.

The conditional conversion feature of each series of Notes, if triggered, may adversely affect our financial condition and operating results.

In the event the conditional conversion feature of each series of Notes is triggered, holders of the Notes of the applicable series will be entitled under the applicable indenture governing the Notes to convert such Notes at any time during specified periods at their option. If one or more holders of a series elect to convert their Notes, we would be required to settle a portion or all of our conversion obligation in cash, which could adversely affect our liquidity. In addition, in certain circumstances, such as conversion by holders or redemption, we could be required under applicable accounting rules to reclassify all or a portion of the outstanding principal of such series of Notes as a current rather than long-term liability, which would result in a material reduction of our net working capital.

The capped call transactions may affect the value of the Notes and our Class A Common Stock and we are subject to counterparty risk.

In connection with the issuances of the Notes, we entered into capped call transactions with the counterparties with respect to each series of Notes. The capped call transactions cover, subject to customary adjustments, the number of shares of our Class A Common Stock initially underlying each series of Notes. The capped call transactions are expected to offset the potential dilution as a result of conversion of the Notes.

The counterparties or their respective affiliates may modify their hedge positions by entering into or unwinding various derivatives with respect to our Class A Common Stock and/or purchasing or selling our Class A Common Stock or other securities of ours in secondary market transactions at any time prior to the respective maturity of the Notes (and are likely to do so on each exercise date of the capped call transactions). This activity could also cause or prevent an increase or a decrease in the market price of our Class A Common Stock.

We do not make any representation or prediction as to the direction or magnitude of any potential effect that the transactions described above may have on the price of each series of Notes or the shares of our Class A Common Stock. In addition, we do not make any representation that these transactions will not be discontinued without notice.

In addition, the counterparties to the capped call transactions are financial institutions and we will be subject to the risk that one or more of the counterparties may default or otherwise fail to perform, or may exercise certain rights to terminate, their obligations under the capped call transactions. If a counterparty to one or more capped call transaction becomes subject to insolvency proceedings, we will become an unsecured creditor in those proceedings with a claim equal to our exposure at the time under such transaction. Our exposure will depend on many factors but, generally, it will increase if the market price or the volatility of our Class A Common Stock increases. Upon a default or other failure to perform, or a termination of obligations, by a counterparty, we may suffer adverse tax consequences and more dilution than we currently anticipate with respect to our Class A Common Stock. We can provide no assurances as to the financial stability or viability of the counterparties.

The holders of Series A Convertible Preferred Stock are entitled to vote on an as-converted to Class A Common Stock basis and have rights to approve certain actions.

The holders of our Series A Convertible Preferred Stock are generally entitled to vote with the holders of our common stock on all matters submitted for a vote of holders of shares of our capital stock (voting together with the holders of shares of common stock as one class) on an as-converted basis. However, the consent of the holders of a majority of the outstanding shares of Series A Convertible Preferred Stock (voting together as a separate class) is required in order for us to take certain actions, including (i) any amendment, alteration, or repeal of (A) any provision of our certificate of incorporation or bylaws that adversely affects, in any material respect, the rights, preferences, privileges, or voting power of the Series A Convertible Preferred Stock or the holders thereof or (B) any provision of our certificate of designations, (ii) issuances of securities that are
senior to, or equal in priority with, the Series A Convertible Preferred Stock as to dividend rights or rights on the distribution of assets on liquidation, (iii) any increase or decrease in the authorized number of shares of Series A Convertible Preferred Stock or issuances thereof, and (iv) any dividend on our common stock that is a one-time special dividend of $100,000,000 or more. As a result, the holders of Series A Convertible Preferred Stock may in the future have the ability to influence the outcome of certain matters affecting our governance and capitalization.

The issuance of shares of our Series A Convertible Preferred Stock reduces the relative voting power of holders of our common stock, and the conversion of those shares into shares of our Class A Common Stock would dilute the ownership of our common stockholders and may adversely affect the market price of our Class A Common Stock.

The holders of our Series A Convertible Preferred Stock are generally entitled to vote, on an as-converted basis, together with holders of our common stock, on all matters submitted to a vote of the holders of our capital stock, which reduces the relative voting power of the holders of our common stock. In addition, the conversion of our Series A Convertible Preferred Stock into Class A Common Stock would dilute the ownership interest of existing holders of our common stock, and any conversion of the Series A Convertible Preferred Stock would increase the number of shares of our Class A Common Stock available for public trading, which could adversely affect prevailing market prices of our Class A Common Stock.

Our Series A Convertible Preferred Stock has rights, preferences and privileges that are not held by, and are preferential to the rights of, our common stockholders, which could adversely affect our liquidity and financial condition.

The holders of our Series A Convertible Preferred Stock have the right to receive payments as to dividend rights and on account of the distribution of assets on any voluntary or involuntary liquidation, dissolution or winding up of our business before any payment may be made to holders of any other class or series of capital stock. In addition, upon prior written notice of certain change of control events, all shares of Series A Convertible Preferred Stock will automatically be redeemed by us for a repurchase price equal to (i) $1,000 per share of each share of Series A Convertible Preferred Stock (the “Liquidation Preference”) or (ii) if the applicable change of control occurs before the second anniversary of November 9, 2021, 1.5 multiplied by the Liquidation Preference of such share of Series A Convertible Preferred Stock. These dividend and share repurchase obligations could impact our liquidity and reduce the amount of cash flows available for working capital, capital expenditures, growth opportunities, acquisitions, and other general corporate purposes. Our obligations to the holders of our Series A Convertible Preferred Stock could also limit our ability to obtain additional financing, which could have an adverse effect on our financial condition. The preferential rights could also result in divergent interests between the holders of our Series A Convertible Preferred Stock and holders of our common stock.

We cannot guarantee that our stock repurchase program will be fully implemented or that it will enhance long-term stockholder value.

On February 13, 2023, our board of directors authorized a share repurchase program under which we may repurchase up to $175 million of our outstanding Class A Common Stock, subject to certain limitations. We plan to fund repurchases under this program from our future cash flow generation, as well as from additional potential sources of cash including capped calls associated with the Notes. Under the program, share repurchases may be made at our discretion from time to time in open market transactions, privately negotiated transactions, or other means. The program does not obligate us to repurchase any specific dollar amount or to acquire any specific number of shares of our Class A Common Stock. Our board had approved a previous share repurchase program in the past, and as of December 31, 2022, we have repurchased approximately $100 million of our Class A Common Stock under these programs. The timing and number of any future shares repurchased under the program will depend on a variety of factors, including stock price, trading volume, and general business and market conditions. Our board of directors will review the program periodically and may authorize adjustments of its terms if appropriate. As a result, there can be no guarantee around the timing or volume of our share repurchases. The program could affect the price of our Class A Common Stock, increase volatility and diminish our cash reserves. The program may be suspended or terminated at any time and, even if fully implemented, may not enhance long-term stockholder value.

Anti-takeover provisions in our certificate of incorporation and bylaws and under Delaware corporate law could make an acquisition of us more difficult, limit attempts by our stockholders to replace or remove our current management and limit the market price of our Class A Common Stock.

Provisions in our certificate of incorporation and bylaws may have the effect of delaying or preventing a change of control or changes in our management. Our certificate of incorporation and bylaws include provisions that:
authorize our board of directors to issue, without further action by the stockholders, up to 100,000,000 shares of undesignated preferred stock, 200,000 share of which are currently designated as Series A Convertible Preferred Stock;

require that, once our outstanding shares of Class B Common Stock represent less than a majority of the combined voting power of our common stock, any action to be taken by our stockholders be effected at a duly called annual or special meeting and not by written consent; specify that special meetings of our stockholders can be called only by our board of directors, the Chairman of our board of directors, or our Chief Executive Officer;

establish an advance notice procedure for stockholder proposals to be brought before an annual meeting, including proposed nominations of persons for election to our board of directors;

prohibit cumulative voting in the election of directors;

provide that vacancies on our board of directors may be filled only by a majority of directors then in office, even though less than a quorum;

state that the approval of our board of directors or the holders of a supermajority of our outstanding shares of capital stock is required to amend our bylaws and certain provisions of our certificate of incorporation; and

reflect two classes of common stock, as discussed above.

These provisions may frustrate or prevent any attempts by our stockholders to replace or remove our current management by making it more difficult for stockholders to replace members of our board of directors, which is responsible for appointing the members of our management. In addition, because we are incorporated in Delaware, we are governed by the provisions of Section 203 of the Delaware General Corporation Law, which generally prohibits a Delaware corporation from engaging in any of a broad range of business combinations with any “interested” stockholder for a period of three years following the date on which the stockholder became an “interested” stockholder without obtaining specified approvals.

General Risk Factors

Changes in effective tax rates, or adverse outcomes resulting from examination of our income or other tax returns, could adversely affect our results of operations and financial condition.

Our future effective tax rates could be subject to volatility or adversely affected by a number of factors, including:

• changes in the valuation of our deferred tax assets and liabilities;
• expiration of, or lapses in, the research and development tax credit laws;
• expiration or non-utilization of net operating loss carryforwards;
• tax effects of share-based compensation;
• expansion into new jurisdictions;
• potential challenges to and costs related to implementation and ongoing operation of our intercompany arrangements;
• changes in tax laws and regulations and accounting principles, or interpretations or applications thereof; and
• certain non-deductible expenses as a result of acquisitions.

Any changes in our effective tax rate could adversely affect our results of operations.

Changes in U.S. and foreign tax laws could have a material adverse effect on our business, cash flow, results of operations or financial conditions.

We are subject to tax laws, regulations, and policies of the U.S. federal, state, and local governments and of comparable taxing authorities in foreign jurisdictions. Changes in tax laws, as well as other factors, could cause us to experience fluctuations in our tax obligations and effective tax rates in 2018 and thereafter and otherwise adversely affect our tax positions and/or our tax liabilities. For example, in 2019, France introduced a digital services tax at a rate of 3% on revenues derived from digital activities in France, and other jurisdictions are proposing or could introduce similar laws in the future. In addition, the United States recently introduced a 1% excise tax on stock buybacks and a 15% alternative minimum tax on adjusted financial statement income. Many countries, including the United States, and organizations such as the Organization for Economic Cooperation and Development are also actively considering changes to existing tax laws or have proposed or enacted new laws that could increase our tax obligations in countries where we do business or cause us to change the way we operate our business. Any of these developments or changes in federal, state, or international tax laws or tax rulings could
adversely affect our effective tax rate and our operating results. There can be no assurance that our effective tax rates, tax payments, tax credits, or incentives will not be adversely affected by these or other developments or changes in law.

**If our internal control over financial reporting is not effective, it may adversely affect investor confidence in our company.**

Pursuant to Section 404 of the Sarbanes-Oxley Act, our independent registered public accounting firm, KPMG LLP, is required to and has issued an attestation report as of December 31, 2022. While management concluded internal control over financial reporting was at a reasonable assurance level as of December 31, 2022, there can be no assurance that material weaknesses will not be identified in the future. A “material weakness” is a deficiency, or a combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis. During the evaluation and testing process, if we identify one or more material weaknesses in our internal control over financial reporting, we will be unable to assert that our internal controls are effective. As a result, we may need to undertake various actions, such as implementing new internal controls and procedures and hiring accounting or internal audit staff. Our remediation efforts may not enable us to avoid a material weakness in the future.

If our independent registered public accounting firm is unable to express an opinion on the effectiveness of our internal controls, we could lose investor confidence in the accuracy and completeness of our financial reports, which could cause the price of our Class A Common Stock to decline, and we may be subject to investigation or sanctions by the SEC.

The nature of our business requires the application of complex revenue and expense recognition rules and the current legislative and regulatory environment affecting generally accepted accounting principles is uncertain. Significant changes in current principles could affect our financial statements going forward and changes in financial accounting standards or practices may cause adverse, unexpected financial reporting fluctuations and harm our operating results.

The accounting rules and regulations that we must comply with are complex and subject to interpretation by the Financial Accounting Standards Board (the “FASB”), the SEC and various bodies formed to promulgate and interpret appropriate accounting principles. Recent actions and public comments from the FASB and the SEC have focused on the integrity of financial reporting and internal controls. In addition, many companies’ accounting policies are being subject to heightened scrutiny by regulators and the public. Further, the accounting rules and regulations are continually changing in ways that could materially impact our financial statements.

We cannot predict the impact of future changes to accounting principles or our accounting policies on our financial statements going forward, which could have a significant effect on our reported financial results and could affect the reporting of transactions completed before the announcement of the change. While we are not aware of any specific event or circumstance that would require a material update to our estimates, judgments or assumptions, this may change in the future. In addition, if we were to change our critical accounting estimates, including those related to the recognition of subscription revenue and other revenue sources, our operating results could be significantly affected.

Our estimates or judgments relating to our critical accounting policies may be based on assumptions that change or prove to be incorrect, including with respect to our recoverability assessment for prepaid sales commission balances with Avaya, which could cause our results of operations to fall below expectations of securities analysts and investors, resulting in a decline in the market price of our Class A common stock.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. The significant estimates made by management affect revenues, the allowance for doubtful accounts, valuation of long-term investments, deferred and prepaid sales commission costs, goodwill, useful lives of intangible assets, share-based compensation, capitalization of internally developed software, return reserves, provision for income taxes, uncertain tax positions, loss contingencies, sales tax liabilities, and accrued liabilities. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, as described in the section titled “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” The results of these estimates form the basis for making judgments about the recognition and measurement of certain assets and liabilities and revenue and expenses that is not readily apparent from other sources. Our accounting policies that involve judgment include those related to revenues the allowance for doubtful accounts, valuation of long-term investments, deferred and prepaid sales commission costs, goodwill, useful lives of intangible assets, share-based compensation, capitalization of internally developed software, return
reserves, provision for income taxes, uncertain tax position, loss contingencies, sales tax liabilities and accrued liabilities. If our assumptions change or if actual circumstances differ from those in our assumptions, our results of operations could be adversely affected, which could cause our results of operations to fall below the expectations of securities analysts and investors, resulting in a decline in the market price of our Class A common stock.

In particular, in connection with the Avaya partnership, we paid Avaya an advance predominately in stock, predominantly for future commissions for each qualified unit of Avaya Cloud Office by RingCentral sold during the term of the partnership. Under the original terms of the strategic partnership with Avaya, the unutilized prepaid sales commission balance was to be repaid to us at the end of the contractual term. On December 13, 2022, Avaya filed a Form 8-K disclosing ongoing discussions regarding one or more potential financings, refinancings, recapitalizations, reorganizations, restructurings or investment transactions. In light of public disclosures about the likelihood of Avaya’s financial restructuring via Chapter 11, we recorded a non-cash asset write-down charge of $279.3 million for the year ended December 31, 2022, out of which $21.7 million of this balance was accrued interest and was recorded in other income (expense) in the Consolidated Statement of Operations. Further, on February 14, 2023, Avaya initiated an expedited, prepackaged financial restructuring via Chapter 11 with the support of certain of its financial stakeholders, including us. In connection therewith, we and Avaya entered into a new extended and expanded partnership arrangement pursuant to which, among other things, ACO remains Avaya’s exclusive UCaaS offering and Avaya agreed to certain minimum volume commitments. As part of the new agreements, we and Avaya agreed to a revised go-to-market incentive structure intended to drive migration of customers to ACO. Avaya’s contemplated prepackaged financial restructuring plan contemplates that the new partnership agreements between us and Avaya will be assumed and survive Avaya’s emergence from Chapter 11 and that the shares of Avaya Series A Preferred Stock held by us will be cancelled without any consideration.

Our corporate headquarters, one of our data centers and co-location facilities, our third-party customer service and support facilities, and a research and development facility are located near known earthquake fault zones, and the occurrence of an earthquake, tsunami, or other catastrophic disaster could damage our facilities or the facilities of our contractors, which could cause us to curtail our operations.

Our corporate headquarters and many of our data centers, co-location and research and development facilities, and third-party customer service call centers are located in California, Florida, and several countries in Asia, including the Philippines and Australia. All of these locations are near known earthquake fault zones, which are vulnerable to damage from earthquakes and tsunamis, or are in areas subject to hurricanes. We and our contractors are also vulnerable to other types of disasters, such as power loss, fire, floods, pandemics such as the global outbreak of COVID-19, cyber-attack, war (including ongoing geopolitical tensions related to Russia’s actions in Ukraine, resulting sanctions imposed by the U.S. and other countries, and retaliatory actions taken by Russia in response to such sanctions), political unrest, and terrorist attacks and similar events that are beyond our control. If any disasters were to occur, our ability to operate our business could be seriously impaired, and we may endure system interruptions, reputational harm, loss of intellectual property, delays in our subscriptions development, lengthy interruptions in our services, breaches of data security, and loss of critical data, all of which could harm our future results of operations. In addition, we do not carry earthquake insurance and we may not have adequate insurance to cover our losses resulting from other disasters or other similar significant business interruptions. Any significant losses that are not recoverable under our insurance policies could seriously impair our business and financial condition.

If research analysts do not publish research or reports about our business, or if they issue unfavorable commentary or downgrade our Class A Common Stock, our stock price and trading volume may decline.

The trading market for our Class A Common Stock will depend in part on the research and reports that research analysts publish about us and our business. If we do not maintain adequate research coverage or if one or more analysts who covers us downgrades our stock or publishes inaccurate or unfavorable research about our business, the price of our Class A Common Stock may decline. If one or more of the research analysts ceases coverage of our company or fails to publish reports on us regularly, demand for our Class A Common Stock may decrease, which could cause our stock price or trading volume to decline.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our financial condition and results of operations should be read in conjunction with the consolidated financial statements and notes thereto included elsewhere in this Annual Report on Form 10-K. As discussed in the section entitled “Special Note Regarding Forward-Looking Statements,” the following discussion and analysis contains forward-looking statements that involve risks and uncertainties, as well as assumptions that, if they never materialize or prove incorrect, could cause our results to differ significantly from those expressed or implied by such forward-looking statements. Factors that could cause or contribute to these differences include, but are not limited to, those discussed below and elsewhere in this report, particularly in the section entitled “Risk Factors” included under Part I, Item 1A.

This section of this Form 10-K generally discusses 2022 and 2021 items and year-to-year comparisons between 2022 and 2021. Discussion regarding our financial condition and results of operations for fiscal 2021 as compared to fiscal 2020 is included in Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2021, filed with the SEC on March 1, 2022, as amended, which information is incorporated herein by reference.

Overview

We are a leading provider of global enterprise cloud communications, video meetings, collaboration, and contact center software-as-a-service (“SaaS”) solutions. We believe that our innovative, cloud-based communication and contact center solutions disrupt the large market for business communications and collaboration by providing flexible and cost-effective solutions that support mobile and distributed workforces. We enable convenient and effective communications for organizations across all their locations and employees, enabling them to be more productive and more responsive.

Our cloud-based business communications and collaboration solutions are designed to be easy to use, providing a user identity across multiple locations and devices, including smartphones, tablets, PCs and desk phones. Our solutions can be deployed rapidly and configured and managed easily. Our cloud-based solutions are location and device independent and better suited to address the needs of modern mobile and global enterprise workforces than are legacy on-premise systems. Through our open Application Programming Interface (API) platform, we enable third-party developers and customers to integrate our solution with leading business applications to customize their own business workflows.

We have a portfolio of cloud-based offerings that are subscription based, made available at different rates varying by the specific functionalities, services, and number of users. We primarily generate revenues from the sale of subscriptions to our offerings. Our subscription plans have monthly, annual, or multi-year contractual terms. We believe that this flexibility in contract duration is important to meet the different needs of our customers. For the years ended December 31, 2022, 2021, and 2020, subscriptions revenues accounted for 90% or more of our total revenues. The remainder of our revenues has historically been primarily comprised of product revenues from the sale of pre-configured phones and professional services. We do not develop or manufacture physical phones and offer it as a convenience for a total solution to our customers in connection with subscriptions to our services; however, in some cases, we have built “interoperability” between MVP and third-party hardware devices. We rely on third-party providers to develop and manufacture these devices and fulfillment partners to successfully serve our customers.

We continue to support our direct inside sales force while also developing indirect sales channels to market our brand and our subscription offerings. Our indirect sales channels who sell our solutions consist of:

- Regional and global network of resellers and distributors;
- Strategic partners who market and sell our MVP and solutions, including co-branded solutions. Such partnerships include Mitel, Amazon, ALE, Avaya, Atos, and Unify;
- Global Service Providers including AT&T, TELUS, BT, Vodafone, Verizon, DT, 1&1 Versatel in Germany, Ecotel in Germany, MCM in Mexico, Frontier, Charter Communications and others.

53
Our revenue growth has primarily been driven by our flagship RingCentral MVP, RingCentral customer engagement solutions product offering, recurring license and other fees, derived from sales through our direct and indirect sales channels, including resellers and distributors, strategic partners and global service providers, which has resulted in an increased number of customers, relatively stable average subscription revenue per user, and relatively stable retention of our existing customer and user base. While average subscription revenue per user has been relatively stable, given competitive pressures in the market, we may see a reduction of average subscription revenue per user, and/or a decrease in acquisition and renewal rates, and/or an increase in down-sell and churn in the future. We define a “customer” as any party that purchases or subscribes to our products and services directly or indirectly through our channel partners. As of December 31, 2022, we had customers from a range of industries, including financial services, education, healthcare, legal services, real estate, retail, technology, insurance, construction, hospitality, and state and local government, among others. For the years ended December 31, 2022, 2021 and 2020, the vast majority of our total revenues were generated in the U.S. and Canada, although we expect the percentage of our total revenues derived outside of the U.S. and Canada to grow as we continue to expand internationally.

The growth of our business and our future success depend on many factors, including our ability to expand our customer base to larger customers, expand our indirect sales channels, continue to innovate, grow revenues from our existing customer base, expand our distribution channels, and scale internationally.

Macroeconomic Conditions and Other Factors

We are subject to risks and exposures, including those caused by the current macroeconomic environment, the Russia-Ukraine conflict and the COVID-19 pandemic.

Macroeconomic factors include increased inflation, increased interest rates, supply chain disruptions, decreased economic output and fluctuations in currency exchange rates, all of which can cause uncertainty. We have experienced sales cycles normalizing to pre-COVID norms and more cautious buying behavior from larger customers manifesting itself in smaller initial deployments. We also noted sales cycle times for up-market customers elongated incrementally in 2022, as customers often required additional approvals before making purchase decisions. We anticipate this behavior may persist until the macroenvironment becomes less uncertain. Also during the year, the United States Dollar has strengthened significantly against certain foreign currencies, particularly against the British Pound Sterling, Euro and Canadian Dollar. If these conditions continue, they could have an adverse impact on our results. We continuously monitor the impact of these circumstances on our business and financial results, as well as the overall global economy and geopolitical landscape. The implications of macroeconomic conditions on our business, results of operations and overall financial position, particularly in the long term, remain uncertain.

We had previously outsourced some of our software development and design, quality assurance, and operations activities to third-party contractors that have employees and consultants located in Odesa, Ukraine, and St. Petersburg, Russia. In 2022, we relocated some of their personnel to other countries and currently have no third-party contractors or employees in Russia. During the year ended December 31, 2022, direct and incremental expenses associated with our relocation efforts was $21.9 million. We do not store or process any personal customer data in Russia or Ukraine and are not materially dependent on operations in these locations to continue to provide our core services. Further discussion of the potential impact of the Russian invasion of Ukraine on our business can be found in the section titled “Risk Factors” included in Part II, Item 1A above.

In response to the COVID-19 pandemic we adopted several measures to support the health and well-being of our global employees, customers, partners and communities. Such measures included temporarily requiring the vast majority of our employees to work remotely, suspending non-essential travel worldwide for our employees, and shifting some of our customer and industry events to virtual-only experiences. Beginning in the first quarter of 2022, we started to re-open our offices in the United States and other locations globally for employees to return. We have taken recommended measures to protect our employees who return to the office that include respecting occupancy limitations applicable to our facilities and implementing vaccination requirements; among other safety measures. We have also introduced company-wide programs to support the mental well-being of our employees such as providing virtual wellness classes. As we continue to monitor the actual and potential effects of the COVID-19 pandemic across our business, we may further adjust our policies depending on the severity of, or a spike in, COVID-19 or as may be required or recommended by federal, foreign, state or local authorities.

Further discussion of the potential impacts of the COVID-19 pandemic on our business can be found in the section titled “Risk Factors” included in Part I, Item 1A above.

Key Business Metrics

In addition to United States generally accepted accounting principles ("U.S. GAAP") and financial measures such as total revenues, gross margin, and cash flows from operations, we regularly review a number of key business metrics to evaluate growth trends, measure our performance, and make strategic decisions. We discuss revenues and gross margin under “Results of Operations”, and cash flow from operations and free cash flows under “Liquidity and Capital Resources.” Other key business metrics are discussed below.

Annualized Exit Monthly Recurring Subscriptions

We believe that our Annualized Exit Monthly Recurring Subscriptions ("ARR") is a leading indicator of our anticipated subscriptions revenues. We believe that trends in revenue are important to understanding the overall health of our business, and we use these trends in order to formulate financial projections and make strategic business decisions. Our ARR equals our Monthly Recurring Subscriptions multiplied by 12. Our Monthly Recurring Subscriptions equals the monthly value of all customer recurring charges at the end of a given month. For example, our Monthly Recurring Subscriptions at December 31, 2022 was $175.0 million. As such, our ARR at December 31, 2022 was $2.1 billion compared to $1.8 billion at December 31, 2021.

Net Monthly Subscription Dollar Retention Rate

We believe that our Net Monthly Subscription Dollar Retention Rate provides insight into our ability to retain and grow subscriptions revenue, as well as our customers' potential long-term value to us. We believe that our ability to retain our customers and expand their use of our solutions over time is a leading indicator of the stability of our revenue base and we use these trends in order to formulate financial projections and make strategic business decisions. We define our Net Monthly Subscription Dollar Retention Rate as (i) one plus (ii) the quotient of Dollar Net Change divided by Average Monthly Recurring Subscriptions.

We define Dollar Net Change as the quotient of (i) the difference of our Monthly Recurring Subscriptions at the end of a period minus our Monthly Recurring Subscriptions at the beginning of a period minus our Monthly Recurring Subscriptions at the end of the period from new customers we added during the period, all divided by (ii) the number of months in the period. We define our Average Monthly Recurring Subscriptions as the average of the Monthly Recurring Subscriptions at the beginning and end of the measurement period.

For example, if our Monthly Recurring Subscriptions were $118 at the end of a quarterly period and $100 at the beginning of the period, and $20 at the end of the period from new customers we added during the period, then the Dollar Net Change would be equal to ($0.67), or the amount equal to the difference of $118 minus $100 minus $20, all divided by three months. Our Average Monthly Recurring Subscriptions would equal $109, or the sum of $100 plus $118, divided by two. Our Net Monthly Subscription Dollar Retention Rate would then equal 99.4%, or approximately 99%, or one plus the quotient of the Dollar Net Change divided by the Average Monthly Recurring Subscriptions.

Our key business metrics for the five quarterly periods ended December 31, 2022 were as follows (dollars in millions):

Components of Results of Operations

Revenues

Our revenues for the years presented consisted of subscriptions and other revenues. Our subscriptions revenue primarily includes recurring fixed plan subscription fees, variable usage-based fees for usage in excess of plan limits, one-time fees, recurring license and other fees, derived from sales through our direct and indirect sales channels, including resellers and distributors, strategic partners and global service providers. We provide our subscriptions to our customers pursuant to contractual arrangements that range in duration typically from one month to five years. We provide our subscriptions to our customers pursuant to either “click through” online agreements for service terms up to one year or written agreements when the arrangement is expected to be one year or longer. We offer our subscriptions based on the functionalities and services selected by a customer, and generally our subscription arrangements automatically renew for additional periods at the end of the initial subscription term. We believe that this flexibility in contract duration is important to meet the different needs of our customers.

We generally bill our subscription fees in advance. We recognize subscription revenue over the term of the agreement. Amounts billed in excess of revenue recognized for the period are reported as deferred revenue on our Consolidated Balance Sheets.

We also generate revenues through sales of our subscriptions and products by resellers, strategic partners, and global service providers. When we control the performance of the contractual obligations, we record the revenues on a gross basis and amounts retained by our resellers are recorded as sales and marketing expense. Our assumption of such control is evidenced when, among other things, we are primarily responsible for the delivery of the service or products, have inventory risk, and have discretion in establishing pricing of the arrangement.

“Other revenues” includes product revenues from the sale of pre-configured phones, and professional services. Product revenue is recognized when the product has been delivered to the customer. Professional services revenue is recognized as and when services are delivered.

Cost of Revenues and Gross Margin

Our cost of subscriptions revenue primarily consists of fees paid to third-party telecommunications providers, network operations, costs to build out and maintain data centers, including co-location fees for the right to place our servers in data centers owned by third parties, depreciation of servers and equipment, along with related utilities and maintenance costs, amortization of acquired technology related intangible assets, personnel costs associated with customer care and support of the functionality of our platform and data center operations, including share-based compensation expenses, and allocated costs of facilities and information technology.

We define subscriptions gross margins as subscriptions revenue minus the cost of subscriptions revenue expressed as a percentage of subscriptions revenue.

Cost of other revenue is comprised primarily of the cost associated with the purchase of phones, personnel costs for employees and contractors, including share-based compensation expenses, cost of professional services, and allocated costs of facilities and information technology.

Operating Expenses

We classify our operating expenses as research and development, sales and marketing, general and administrative expenses, and asset write-down charges.

Our research and development efforts are focused on developing new and expanded features for our solutions, integrations with distributors and other software platforms, and improvements to our backend architecture. Research and development expenses consist primarily of personnel costs for employees and contractors, including share-based compensation expenses, and allocated costs of facilities and information technology, software tools, product certification, and the impact of the “reductions in force” (“RIF”) undertaken in 2022. We expense research and development costs as incurred, except for certain internal-use software development costs that we capitalize. We believe that continued investment in our products is important for our future growth, and we expect our research and development expenses to continue to increase in absolute dollars for the foreseeable future, although these expenses may fluctuate as a percentage of our total revenues from period to period depending on the timing of these expenses.

56
Sales and marketing expenses are the largest component of our operating expenses and consist primarily of personnel costs for employees and contractors directly associated with our sales and marketing activities including share-based compensation expenses, internet advertising fees, television, radio and billboard advertising, public relations, commissions paid to employees, resellers and other third parties, amortization of capitalized sales commissions, trade shows, travel expenses, credit card fees, marketing and promotional activities, amortization of acquired customer relationship intangibles, allocated costs of facilities and information technology, and the impact of the RIF undertaken in 2022. We expect our sales and marketing expenses to continue to increase in absolute dollars for the foreseeable future as we expand our sales and marketing efforts domestically and internationally and continue to build our brand, although these expenses may fluctuate as a percentage of our total revenues from period to period depending on the timing of these expenses.

General and administrative expenses consist primarily of personnel costs, including share-based compensation expenses, for employees and contractors engaged in infrastructure and administrative activities to support the day-to-day operations of our business. Other significant components of general and administrative expenses include professional service fees, allocated costs of facilities and information technology, cost of compliance with certain government-imposed taxes, the costs of legal matters, business acquisition costs, loss contingencies, and the impact of the RIF undertaken in 2022. We expect our general and administrative expenses to continue to increase in absolute dollars for the foreseeable future, although these expenses may fluctuate as a percentage of our total revenues from period to period, depending on the timing of these expenses.

Asset write-down charges consist of write-offs related to our assets, including deferred and prepaid sales commission and acquired intangibles balances, whenever events or changes in circumstances have occurred that could indicate the carrying amount of such assets may not be recoverable.
Other Income (Expense), Net

Interest expenses consist primarily of amortization of the debt discount and issuance costs in connection with our convertible senior notes.

Other income (expenses) consist primarily of the following items:

- unrealized gains and losses from fair value adjustments on our long-term investments
- the realized impact on foreign exchange resulting from the settlement of our foreign currency assets and liabilities as well as unrealized impact on foreign exchange resulting from remeasurement of transactions and monetary assets and liabilities denominated in non-functional currencies; and
- interest income from our investments.

*Subscriptions revenue.* Subscriptions revenue increased by $405.7 million, or 27%, during fiscal year 2022 as compared to fiscal year 2021. The increase was primarily a combination of the acquisition of new customers and upsells of seats and additional offerings to our existing customer base from our MVP and customer engagement solutions, and an increase in recurring license and other fees, derived from sales through our direct and indirect sales channels, including resellers and distributors, strategic partners and global service providers. This growth was primarily driven by an increase in sales to our...
mid-market and enterprise customers as we continue to move up market. Although we expect to continue to add new customers and to increase the usage of our product for existing customers, we will monitor the impact of macroeconomic conditions, strengthening U.S. Dollar, and the effects of the COVID-19 pandemic. Subscriptions revenues included an adverse foreign currency impact of approximately 2% for the year ended December 31, 2022, compared to the respective prior year period. In addition, these macroeconomic factors could have an impact on customer buying behavior and demand, contract duration, churn, upsell and downsell, payment terms, and credit card declines, all of which could cause variability in our revenue.

*Other revenues.* Other revenues are primarily comprised of product revenue from the sale of pre-configured phones and professional services.

Other revenues decreased by $12.1 million, or 11%, during fiscal year 2022 as compared to fiscal year 2021, primarily due to the timing of revenue contracts for professional services compared to the prior year. Other revenues included an adverse foreign currency impact of approximately 1% for the year ended December 31, 2022 compared to the prior year. Due to evolving hybrid work environments, we continued to see a shift towards using RingCentral apps on laptops and mobile devices over traditional desktop phones which impacted the demand of phones and timing of professional services. We will continue to monitor the impact of the global economic conditions, and the effects of the COVID-19 pandemic on phone and professional services revenue.

*Subscription cost of revenues and gross margin.* Cost of subscriptions revenues increased by $185.2 million, or 54%, during fiscal year 2022 as compared to fiscal year 2021. The higher cost of subscription revenues and lower gross margin were due to incremental amortization of $108.2 million primarily from intangible assets we acquired in the fourth quarter of 2021, third-party costs of $31.8 million to support our solution offerings, infrastructure support costs of $29.2 million, personnel and contractor-related costs of $14.2 million, and professional fees of $1.4 million. Personnel and contractor related costs includes share-based compensation expense of $4.6 million.

The increase in expenses was driven by amortization of intangible assets we acquired in prior year, investments in our infrastructure and capacity to improve the availability of our subscription offerings, while also supporting the growth of new customers and increased usage of our subscriptions by our existing customer base.

*Other cost of revenues and gross margin.* Cost of other revenues increased by $8.2 million, or 8%, during fiscal year 2022 as compared to fiscal year 2021. The higher cost of other revenues and lower gross margin were primarily due to the increase in professional fees of $5.9 million and personnel costs of $5.0 million, partially offset by a decrease in hardware costs of $3.4 million.

Research and development expenses increased by $52.5 million, or 17%, during fiscal year 2022 as compared to fiscal year 2021, primarily driven by an increase in personnel and contractor costs of $50.2 million, and $6.8 million in overhead costs to support our research and development efforts, partially offset by a $5.2 million reduction in professional fees. The increase in personnel and contractor costs was mainly driven by $18.5 million in incremental expenses associated with relocation of our third-party contractors as a result of the Russia-Ukraine conflict, $13.3 million related to headcount growth, $7.4 million related to contractor-related costs, $5.8 million related to share-based compensation expense primarily driven by equity awards granted to new and existing employees, and $5.3 million was due to restructuring costs.

The increases in research and development headcount and other expense categories were driven by continued investment in current and future software development projects for our applications. Given the continued emphasis and focus on product innovation, we expect research and development expenses to continue to increase in absolute dollars.

Sales and marketing expenses increased by $203.1 million, or 24%, during fiscal year 2022 as compared to fiscal year 2021, primarily due to increases in third-party commissions of $64.0 million, personnel and contractor costs of $50.9 million, amortization of deferred sales commission costs of $42.4 million, advertising, marketing and related travel costs of $42.2 million, and overhead costs of $4.5 million. Of the total increase in personnel and contractor costs, $18.0 million was attributable to headcount growth, $14.0 million was due to higher share-based compensation expense primarily driven by equity awards granted to new and existing employees, and $9.7 million was driven by restructuring costs, and $4.3 million due to contractor-related costs.

The increases in sales and marketing headcount and other expense categories were necessary to support our growth strategy to acquire new customers with a focus on larger customers, and to establish brand recognition to achieve greater penetration into the North America and international markets. Additionally, we expect sales and marketing expenses to continue to increase in absolute dollars as we continue to expand our presence in North America and international markets.

General and administrative expenses increased by $8.6 million, or 3%, during fiscal year 2022 as compare to fiscal year 2021, primarily due to increases in personnel and contractor costs of $7.9 million, and business fees and taxes of $3.6 million, and overhead costs of $1.6 million, partially offset by a $4.4 million reduction in professional fees. Of the total increase in personnel and contractor costs, $3.3 million was mainly due to higher share-based compensation expense primarily driven by equity awards granted to new and existing employees, and $2.7 million was due to restructuring costs. We expect general and administrative expenses to continue to increase in absolute dollars as we continue to make additional investments in processes, systems, and personnel to support our anticipated revenue growth.

Asset write-down charges increased by $283.7 million during fiscal year 2022 as compared to fiscal year 2021, primarily due to the non-cash write-down of our prepaid sales commission balances in the second half of 2022 in connection with our strategic partnerships for Avaya. Refer to Note 5 – Strategic Partnerships and Asset Acquisitions the accompanying notes to the consolidated financial statements included in Part II, Item 8, “Consolidated Financial Statements and Supplementary Data” of this Annual Report on Form 10-K for further information regarding our assessment of our deferred and prepaid sales commission balances with our strategic partners.

Other expense, net, increased by $152.6 million during fiscal year 2022 as compared to fiscal year 2021, primarily due to incremental net unrealized losses of $188.1 million recognized from our long-term investments, and a write-down charge of $21.7 million related to accrued interest on our prepaid sales commission balance, partially offset by a $59.6 million reduction in non-cash interest expense from the amortization of the debt discount and issuances costs related to our 2025 and 2026 Notes as a result of adopting ASU No. 2020-06 in the first quarter of 2022. The net unrealized losses on our long-term investments were $202.3 million for the year ended December 31, 2022, compared to a loss of $14.2 million recognized in the respective prior year period.

We expect interest income to further fluctuate in the future due to interest rate volatility in the current macroeconomic environment and reduction of our investments in money market funds.

### Net Loss

Net loss increased by $502.9 million during fiscal year 2022 as compared to fiscal year 2021, mainly due to non-cash items including $305.4 million related to asset write-down charges on our prepaid sales commission balance, a $188.1 million increase of unrealized net losses recognized from our long-term investments, and $108.2 million of incremental amortization from certain intangible assets we acquired in the prior year, partially offset by a $59.6 million reduction in non-cash interest expense from the amortization of the debt discount and issuances costs related to our 2025 and 2026 Notes as a result of our adoption of ASU No. 2020-06.
Liquidity and Capital Resources

Liquidity is a measure of our ability to access sufficient cash flows to meet the short-term and long-term cash requirements of our business operations.

We finance our operations primarily through sales to our customers, which could be billed either monthly or annually one year in advance. For customers with annual or multi-year contracts and those who opt for annual invoicing, we generally invoice only one annual period in advance and revenue is deferred for such advanced billings. We also finance our operations from proceeds from issuance of convertible senior notes, proceeds from issuance of convertible preferred stock, and proceeds from issuance of stock under our stock plans.

As of December 31, 2022 and 2021, we had cash and cash equivalents of $270.0 million and $267.2 million, respectively. For the year ended December 31, 2022 our cash flows reflected the following:

In December 2021, our board of directors authorized a share repurchase program to repurchase up to $100 million of our outstanding shares of Class A Common Stock. During the year ended December 31, 2022, we repurchased and subsequently retired 2,297,330 shares of our Class A Common Stock for an aggregate amount of approximately $100 million. We completed our share repurchase program on December 31, 2022.

We believe that our operations, existing liquidity sources as well as capital resources and ability to raise cash through additional financing will satisfy our future cash requirements and obligations for at least the next 12 months. Our future capital requirements will depend on many factors, including revenue growth and costs incurred to support customer growth, acquisitions and expansions, sales and marketing, research and development, increased general and administrative expenses to support the anticipated growth in our operations, and capital equipment required to support our headcount and in support of our co-location data center facilities, repurchase, repayment or otherwise settlement of a portion of our 2025 Notes and/or the 2026 Notes, as well as the impact of the global macroeconomic conditions. Our capital expenditures in future periods are expected to grow in line with our business. We continually evaluate our capital needs and may decide to raise additional capital to fund the growth of our business for general corporate purposes through public or private equity offerings or through additional debt financing. In the future, we may also make investments in or acquire businesses or technologies that could require us to seek additional equity or debt financing. Access to additional capital may not be available or on favorable terms. The uncertainty created by the global economic conditions, including concerns about rising inflation and an associated economic downturn, and the effects of the COVID-19 pandemic may also impact our customers' ability to pay on a timely basis, which could negatively impact our operating cash flows.

Subsequent Events

Share Repurchase Program

On February 13, 2023, our board of directors authorized a share repurchase program under which we may repurchase up to $175 million of our outstanding shares of Class A Common Stock. Under the program, share repurchases may be made at the our discretion from time to time in open market transactions, privately negotiated transactions, or other means, subject to us maintaining a minimum cash balance. The program does not obligate us to repurchase any specific dollar amount or to acquire any specific number of shares of our Class A Common Stock. The timing and number of any shares repurchased under the program will depend on a variety of factors, including stock price, trading volume, and general business and market conditions. The authorization is effective until December 31, 2023.

Credit Agreement

On February 14, 2023, we entered into a Credit Agreement (the “Credit Agreement”), among the Company, the lenders from time to time party thereto and Bank of America, N.A., as administrative agent and as collateral agent. The Credit Agreement provides for a $200.0 million revolving loan facility, with a $25.0 million sublimit for the issuance of letters of credit, and a $400.0 million delayed draw term loan facility. The obligations under the Credit Agreement and the other loan documents are guaranteed by certain of our material domestic subsidiaries, and secured by substantially all of our personal property and that of such subsidiary guarantors. As of the date of this filing, no loans or letters of credit were outstanding under the Credit Agreement. Refer to Note 16 – Subsequent Events of the notes to the consolidated financial statements included in Part II, Item 8, “Consolidated Financial Statements and Supplementary Data” in this Annual Report on Form 10-K for additional information.
The proceeds of the loans under the Revolving Facility may be used for working capital and general corporate purposes. To the extent drawn, the proceeds of the loans under the Term Facility must be used to repurchase, repay, acquire or otherwise settle a portion of the 2025 Notes and/or the 2026 Notes.

**Net Cash Provided by Operating Activities**

Cash used in or provided by operating activities is driven by the timing of customer collections, as well as the amount and timing of disbursements to our vendors, the amount of cash we invest in personnel, marketing, and infrastructure costs to support the anticipated growth of our business, and payments under strategic arrangements.

Net cash provided by operating activities was $191.3 million for the year ended December 31, 2022. The cash flow from operating activities was driven by timing of cash receipts from customers and global service providers, primarily offset by cash payments for personnel related costs and to vendors.

Net cash provided by operating activities for the year ended December 31, 2022, increased by $39.2 million as compared to the year ended December 31, 2021. This change reflects working capital impacts resulting from the timing of payments and collections.

**Net Cash Used In Investing Activities**

Our primary investing activities have consisted of our capital expenditures and expenditures for internal-use software, intellectual property assets, and long-term investments, partially offset by proceeds from sales of our marketable equity investments. As our business grows, we expect our capital expenditures to continue to increase.

Net cash used in investing activities was $87.2 million for the year ended December 31, 2022, primarily due to capital expenditures including personnel-related costs associated with development of internal-use software of $86.4 million, our acquisition of intellectual property of $4.0 million to complement and support our product development and enhancement initiatives, partially offset by proceeds from the sales of our marketable equity investments of $3.2 million.

Net cash used in investing activities for the year ended December 31, 2022 decreased by $309.6 million as compared to the year ended December 31, 2021. The decrease was primarily due to lower payments of $320.2 million due to our acquisitions of intellectual property and investments in 2021, partially offset by higher payments of $13.8 million related to capital expenditures and internal-use software development.

**Net Cash Used In Financing Activities**

Our primary financing activities have consisted of the issuance of stock under our stock plans, offset by payments toward the repurchase of our Class A Common Stock and our current financing obligations.

Net cash used in financing activities was $98.2 million for the year ended December 31, 2022, primarily due to payments of $99.8 million to repurchase and retire 2,297,330 shares of our Class A Common Stock pursuant to our share repurchase program, $7.6 million for net taxes paid in connection with our stock plans, and $4.8 million in payments toward our current financing obligations, partially offset by $15.9 million in proceeds from issuance of stock in connection with our stock plans.
Net cash used in financing activities for the year ended December 31, 2022, decreased by $28.8 million as compared to the year ended December 31, 2021. This decrease was primarily due to lower repayments of $333.6 million from conversion requests and the redemption of our 2023 Notes, partially offset by lower proceeds of $199.4 million from the issuance of our Series A Convertible Preferred Stock, and higher payments of $99.8 million to repurchase and retire 2,297,330 shares of our Class A Common Stock pursuant to our share repurchase program.

Non-GAAP Free Cash Flow

To supplement our statements of cash flows presented on a GAAP basis, we use non-GAAP measures of cash flows to analyze cash flow generated from our operations. We define free cash flow, a non-GAAP financial measure, as GAAP net cash provided by (used in) operating activities plus (subtract) cash paid (received) for strategic partnerships and repayments of convertible notes attributable to debt discount, reduced by purchases of property and equipment and capitalized internal-use software. We believe information regarding free cash flow provides useful information to management and investors in understanding the strength of liquidity and available cash. A limitation of the use of free cash flow is that it does not represent the total increase or decrease in our cash balance for the period. Free cash flow should not be considered in isolation or as an alternative to cash flows from operations, and should be considered alongside our other GAAP-based financial liquidity performance measures, such as net cash provided by (used in) operating activities and our other GAAP financial results.

The following table presents a reconciliation of free cash flow to net cash provided by (used in) operating activities, the most directly comparable GAAP measure, for each of the periods presented (in thousands):

Backlog

We have generally signed new customers contracts with varying length, from month-to-month to multi-year terms for our subscription services. At any point in the contract term, there can be amounts allocated to services that we have not yet contractually performed, which constitute a backlog. Until we meet our performance obligations, we do not recognize them as revenues in our consolidated financial statements. Given the variability in our contract length, we believe that backlog is not a reliable indicator of future revenues and we do not utilize backlog as a key management metric internally.

Deferred Revenue

Deferred revenue primarily consists of the unearned portion of monthly or annual invoiced fees for our subscriptions, which we recognize as revenue in accordance with our revenue recognition policy. For customers with multi-year contracts, we generally invoice for only one monthly or annual subscription period in advance. Therefore, our deferred revenue balance does not capture the full contract value of multi-year contracts. Accordingly, we believe that deferred revenue is not a reliable indicator of future revenues and we do not utilize deferred revenue as a key management metric internally.

Purchase obligations represent an estimate of open purchase orders and contractual obligations in the normal course of business for which we have not received the goods or services as of December 31, 2022. Although open purchase orders are considered enforceable and legally binding, except for our purchase orders with our inventory suppliers, the terms generally allow us the option to cancel, reschedule, and adjust our requirements based on our business needs prior to the delivery of goods or performance of services. Our purchase orders with our inventory suppliers are non-cancellable. In addition, we have other obligations for goods and services that we enter into in the normal course of business. These obligations, however, are either not enforceable or legally binding, or are subject to change based on our business decisions. The aggregate of these items represents our estimate of purchase obligations.

## Indemnification Obligations

Certain of our agreements with sales agents, resellers and customers include provisions for indemnification against liabilities if our products infringe a third-party’s intellectual property rights. To date, we have not incurred any material costs as a result of such indemnification provisions and have not accrued any liabilities related to such obligations in the consolidated financial statements as of December 31, 2022.

## Contingencies

We are and may be in the future subject to certain legal proceedings and from time to time may be involved in a variety of claims, lawsuits, investigations, and proceedings relating to contractual disputes, intellectual property rights, employment matters, regulatory compliance matters, and other matters relating to various claims that arise in the normal course of business. We record a provision for a liability when we believe that it is both probable that a liability has been incurred, and the amount can be reasonably estimated. Significant judgment is required to determine both probability and the estimated amount of loss. Such legal proceedings are inherently unpredictable and subject to significant uncertainties, some of which are beyond our control. Should any of these estimates and assumptions change or prove to be incorrect, it could have a significant impact on our results of operations, financial position, and cash flows.

Refer to Note 8 – *Commitments and Contingencies* of the notes to the consolidated financial statements included in Part II, Item 8, “Consolidated Financial Statements and Supplementary Data” in this Annual Report on Form 10-K for additional information.

## Critical Accounting Policies and Estimates

We prepare our consolidated financial statements in accordance with U.S. GAAP. In many cases, the accounting treatment of a particular transaction is specifically dictated by U.S. GAAP and does not require management’s judgment in its application. In other cases, management’s judgment is required in selecting among available alternative accounting standards that provide for different accounting treatment for similar transactions. The preparation of consolidated financial statements also requires us to make estimates and assumptions that affect the amounts we report as assets, liabilities, revenues, costs, and expenses, and affect the related disclosures. We base our estimates on historical experience and other assumptions that we believe are reasonable under the circumstances. In many instances, we could reasonably use different accounting estimates, and in some instances changes in the accounting estimates are reasonably likely to occur from period to period. Accordingly, our actual results could differ significantly from the estimates made by our management. To the extent that there are differences between our estimates and actual results, our future financial statement presentation, financial condition, results of operations, and cash flows will be affected. A summary of our significant accounting policies is included in Note 1 of the notes to the
consolidated financial statements included in Part II, Item 8, which is incorporated herein by reference. We believe that the accounting policies discussed below are critical to understanding our historical and future performance, as these policies relate to the more significant areas involving management’s judgments and estimates.

**Revenue Recognition**

We derive our revenues from subscriptions, sale of products, and professional services. Subscriptions revenue is generally recognized over the period of the subscription contract. Subscription contracts generally allow the customers to terminate their services at any time during the first 30 to 60 days of the subscription period and are charged for the term of usage. Upon cancellation during the termination period, customers receive a pro-rata refund for any amounts paid. After the end of the termination period, the contract is non-cancellable and the customer is obligated to pay for the remaining term of the contract. For sale of products, revenue is recognized when control is transferred. For professional services, revenue is recognized as and when services are rendered.

**Deferred and Prepaid Sales Commission**

We capitalize sales commission expenses and associated payroll taxes paid to internal sales personnel and resellers, who sell our offerings. The resellers are selling agents for us and earn sales commissions which are directly tied to the value of the contracts that we enter with the end-user customers. These sales commissions are incremental costs we incur to obtain contracts with its end-user customers. We pay sales commissions on initial contracts and contracts for increased purchases with existing customers (expansion contracts). We generally do not pay sales commissions for contract renewals. These sales commission costs are deferred and then amortized over the expected period of benefit, which is estimated to be five years. We have determined the period of benefit taking into consideration the expected subscription term and expected renewal periods of its customer contracts, the duration of its relationships with its customers considering historical and expected customer retention, technology and other factors.

We estimate the recoverability of our deferred and prepaid and sales commissions balance whenever events or changes in circumstances have occurred that could indicate the carrying amount of such assets may not be recoverable. We have used various valuation techniques to determine the fair-values of our deferred and prepaid sales commission to measure and allocate an asset write-down charge. Determining valuations using these valuation techniques requires significant judgment and assumptions by management. Different judgments could yield different results.

**Recent Accounting Pronouncements**

For a summary of recent accounting pronouncements and the anticipated effects on our consolidated financial statements, see Note 1 to the consolidated financial statements included in Part II, Item 8, “Consolidated Financial Statements and Supplementary Data” in this Annual Report on Form 10-K, which is incorporated herein by reference.
ITEM 7A. Quantitative and Qualitative Disclosures about Market Risk

We are exposed to market risk in the ordinary course of our business. Market risk represents the risk of loss that may impact our financial position due to adverse changes in financial market prices and rates. Our market risk exposure is primarily a result of fluctuations in foreign currency exchange rates and interest rates. We do not hold or issue financial instruments for trading purposes.

Foreign Currency Risk

The majority of our sales and contracts are denominated in U.S. dollars, and therefore our net revenue is not currently subject to significant foreign currency risk. As part of our international operations, we charge customers in British Pounds, European Union (“EU”) Euro, Canadian Dollars and Australian Dollars, among others. Fluctuations in foreign currency exchange rates and volatility in the market due to global economic conditions could cause variability in our subscriptions revenues, total revenues, annualized exit monthly recurring subscriptions revenues and operating results. Our operating expenses are generally denominated in the currencies of the countries in which our operations are located, which are primarily in the U.S., and to a lesser extent in Canada, Europe, and Asia-Pacific. The functional currency of our foreign subsidiaries is generally the local currency. Our consolidated results of operations and cash flows are, therefore, subject to fluctuations due to changes in foreign currency exchange rates and may be adversely affected in the future due to changes in foreign currency exchange rates. To date, we have not entered into any hedging arrangements with respect to foreign currency risk. During fiscal 2022, a hypothetical 10% change in foreign currency exchange rates applicable to our business would not have had a material impact on our consolidated financial statements. As our international operations continue to expand, risks associated with fluctuating foreign currency rates may increase. We will continue to reassess our approach to managing these risks.

Interest Rate Risk

As of December 31, 2022, we had cash and cash equivalents of $270.0 million. We invest our cash and cash equivalents in short-term money market funds. The carrying amount of our cash equivalents reasonably approximates fair values. Due to the short-term nature of our money-market funds, we believe that exposure to changes in interest rates will not have a material impact on the fair value of our cash equivalents. Interest income may further fluctuate in the future due to interest rate volatility in the current macroeconomic environment. During fiscal year 2022, a hypothetical 10% increase or decrease in overall interest rates would not have had a material impact on our interest income.

As of December 31, 2022, we had $994.1 million and $644.3 million outstanding from our 2025 Notes and 2026 Notes (collectively the “Notes”), respectively. We carry the Notes at face value less unamortized discount on our balance sheet, and we present the fair value for required disclosure purposes only. The Notes have a zero percent fixed annual interest rate and, therefore, we have no economic exposure to changes in interest rates. The fair value of the Notes is exposed to interest rate risk. Generally, the fair value of our fixed interest rate Notes will increase as interest rates decline and decrease as interest rates increase. In addition, the fair values of the Notes are affected by our stock price. The fair value of the Notes will generally increase as our common stock price increases and will generally decrease as our common stock price decrease in value.

Market Risk

As of December 31, 2022, we had long-term investments in convertible and redeemable preferred stock of $1.6 million. These investments are subject to market related risks that could decrease or increase the fair value of our holdings. These investments are adjusted to fair value based on market inputs at the balance sheet date, which are subject to market-related risks that could decrease or increase the fair value of our holdings, including uncertainty created by the macroeconomic conditions. A change in the investee’s probability of default, recoverability of investment assumptions or a combination of both, could have an adverse impact on the fair value up to the full amount of our investment.

Inflation Risk

We do not believe that inflation has had a material effect on our business, financial condition, or results of operations. Nonetheless, if our costs in connection with the operation of our business were to become subject to significant inflationary pressures, we may not be able to fully offset such higher costs through price increases. Our inability or failure to do so could harm our business, financial condition and results of operations.

Opinions on the Consolidated Financial Statements and Internal Control Over Financial Reporting

We have audited the accompanying consolidated balance sheets of RingCentral, Inc. and subsidiaries (the Company) as of December 31, 2022 and 2021, the related consolidated statements of operations, comprehensive loss, stockholders’ (deficit) equity, and cash flows for each of the years in the three-year period ended December 31, 2022, and the related notes (collectively, the consolidated financial statements). We also have audited the Company’s internal control over financial reporting as of December 31, 2022, based on criteria established in Internal Control – Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2022, in conformity with U.S. generally accepted accounting principles. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2022 based on criteria established in Internal Control – Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission.

Change in Accounting Principle

As discussed in Note 1 to the consolidated financial statements, the Company changed its method of accounting for convertible debt as of January 1, 2022 due to the adoption of Financial Accounting Standards Board's Accounting Standards Update No. 2020-06.

Basis for Opinions

The Company’s management is responsible for these consolidated financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management’s Annual Report on Internal Controls Over Financial Reporting. Our responsibility is to express an opinion on the Company’s consolidated financial statements and an opinion on the Company’s internal control over financial reporting based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud, and whether effective internal control over financial reporting was maintained in all material respects.

Our audits of the consolidated financial statements included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

Definition and Limitations of Internal Control Over Financial Reporting

A company’s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit
preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current period audit of the consolidated financial statements that was communicated or required to be communicated to the audit committee and that: (1) relates to accounts or disclosures that are material to the consolidated financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of a critical audit matter does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Evaluation of the Sufficiency of Audit Evidence Over Subscriptions Revenue

As discussed in Note 1 to the consolidated financial statements, and disclosed in the consolidated statements of operations, the Company recorded $1,988.3 million of total revenues for the year ended December 31, 2022, of which $1,887.8 million related to subscriptions. There are high volumes of subscription transactions processed across multiple information technology (IT) systems.

We identified the evaluation of the sufficiency of audit evidence over subscriptions revenue as a critical audit matter. This matter required especially subjective auditor judgment because of the number of IT applications involved in the subscriptions revenue recognition process. This matter also included determining the nature and extent of audit evidence obtained over subscriptions revenue, and the need to involve IT professionals to assist with the performance of certain procedures.

The following are the primary procedures we performed to address this critical audit matter. We evaluated the design and tested the operating effectiveness of certain internal controls over the Company’s subscriptions revenue process, including associated IT controls. We applied auditor judgment to determine the nature and extent of procedures to be performed over subscriptions revenue, including the determination of the IT applications subject to testing. We assessed the recorded subscriptions revenue by selecting transactions and comparing the amounts recognized for consistency with underlying documentation, including contracts with customers. We also involved IT professionals with specialized skills and knowledge, who assisted in testing certain IT applications that are used by the Company in its subscriptions revenue recognition process. We evaluated the sufficiency of audit evidence obtained by assessing the results of procedures performed, including the appropriateness of such evidence.

Note 1. Description of Business and Summary of Significant Accounting Policies

Description of Business

RingCentral, Inc. (the “Company”) is a provider of software-as-a-service (“SaaS”) solutions that enables businesses to communicate, collaborate and connect. The Company was incorporated in California in 1999 and was reincorporated in Delaware on September 26, 2013.

Principles of Consolidation

The accompanying consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (“U.S. GAAP”) and include the consolidated accounts of the Company and its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. The significant estimates made by management affect revenues, the allowance for doubtful accounts, valuation of long-term investments, deferred and prepaid sales commission costs, goodwill, useful lives of intangible assets, share-based compensation, capitalization of internally developed software, return reserves, provision for income taxes, uncertain tax positions, loss contingencies, sales tax liabilities and accrued liabilities. Management periodically evaluates these estimates and will make adjustments prospectively based upon the results of such periodic evaluations. Actual results may differ from these estimates.

Foreign Currency

The functional currency of the Company’s foreign subsidiaries is generally the local currency. Adjustments resulting from translating foreign functional currency financial statements into U.S. dollars are recorded as part of a separate component of stockholders’ equity and reported in the Consolidated Statements of Comprehensive Income (Loss). Foreign currency transaction gains and losses are included in net loss for the period. All assets and liabilities denominated in a foreign currency are translated into U.S. dollars at the exchange rate on the balance sheet date. Revenues and expenses are translated at the average exchange rate during the period. Equity transactions are translated using historical exchange rates.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents are stated at fair value.

Allowance for Doubtful Accounts

For the years ended December 31, 2022 and 2021, a portion of revenues were realized from credit card transactions while the remaining revenues generated accounts receivable. The Company determines provisions based on historical loss patterns, the number of days that billings are past due, and an evaluation of the potential risk of loss associated with delinquent accounts.
Below is a summary of the changes in allowance for doubtful accounts for the years ended December 31, 2022, 2021 and 2020 (in thousands):

**Long-Term Investments**

Long-term investments consist of convertible and redeemable preferred securities in which the Company does not have a controlling interest or significant influence. These investments are reported at fair value using both observable and unobservable inputs and the valuation requires judgment. These investments are presented in long-term investments in the Consolidated Balance Sheets. All gains and losses on these investments, realized and unrealized, are recognized in other income (expense), net in the Consolidated Statements of Operations. The Company periodically reviews its long-term investments to determine whether events or changes in circumstances have occurred that could impact the fair value. Refer to Note 4 – Fair Value of Financial Instruments in this Annual Report on Form 10-K for further information regarding the Company’s assessment and fair value write-down of its long-term investment balance with Avaya.

** Marketable Equity Investments**

Marketable equity investments are equity securities in which the Company does not have a controlling interest or significant influence. These investments are reported at fair value using quoted prices in active markets. These investments are presented in long-term investments in the Consolidated Balance Sheets. All gains and losses on these investments, realized and unrealized, are recognized in other income (expense), net in the Consolidated Statements of Operations.

** Internal-Use Software Development Costs**

The Company capitalizes qualifying internal-use software development costs that are incurred during the application development stage, provided that management with the relevant authority authorizes and commits to the funding of the project, it is probable the project will be completed, and the software will be used to perform the function intended. Costs related to preliminary project activities and post implementation activities are expensed as incurred. Capitalized internal-use software development costs are included in property and equipment and are amortized on a straight-line basis over their estimated useful lives.

For the years ended December 31, 2022 and 2021, the Company capitalized $59.2 million and $50.1 million, net of impairment, of internal-use software development costs, respectively. The carrying value of internal-use software development costs was $119.4 million and $94.6 million at December 31, 2022 and 2021, respectively.

**Property and Equipment, net**

Property and equipment, net is stated at cost, less accumulated depreciation and amortization. Depreciation and amortization are calculated on a straight-line basis over the estimated useful lives of those assets as follows:

<table>
<thead>
<tr>
<th>Asset Type</th>
<th>Useful Life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Computer hardware and software</td>
<td>3 to 5 years</td>
</tr>
<tr>
<td>Internal-use software development costs</td>

</tr>
<tr>
<td>Furniture and fixtures</td>
<td>1 to 5 years</td>
</tr>
<tr>
<td>Leasehold improvements</td>
<td>Shorter of the estimated lease term or useful life</td>
</tr>
</tbody>
</table>

The Company evaluates the recoverability of property and equipment and intangible assets for possible impairment whenever events or circumstances indicate that the carrying amount of such assets or asset groups may not be recoverable. Recoverability of these assets or asset groups is measured by comparing the carrying amounts of such assets or asset groups to the future undiscounted cash flows that such assets or asset groups are expected to generate. If this evaluation indicates that the carrying amount of the assets or asset groups is not recoverable, the carrying amount of such assets or asset groups is reduced to its estimated fair value.
Maintenance and repairs are charged to expense as incurred.

**Leases**

The Company determines if a contract is a lease or contains a lease at the inception of the contract and reassesses that conclusion if the contract is modified. All leases are assessed for classification as an operating lease or a finance lease. Operating lease right-of-use (“ROU”) assets are presented separately on the Company’s Consolidated Balance Sheets. Operating lease liabilities are separated into a current portion, included within accrued liabilities on the Company’s Consolidated Balance Sheets, and a non-current portion included within operating lease liabilities on the Company’s Consolidated Balance Sheets. The Company does not have significant finance lease ROU assets or liabilities. ROU assets represent the Company’s right to use an underlying asset for the lease term and lease liabilities represent its obligation to make lease payments arising from the lease. The Company does not obtain and control its right to use the identified asset until the lease commencement date.

The Company’s lease liabilities are recognized at the applicable lease commencement date based on the present value of the lease payments required to be paid over the lease term. Because the rate implicit in the lease is not readily determinable, the Company generally uses an incremental borrowing rate to discount the lease payments to present value. The estimated incremental borrowing rate is derived from information available at the lease commencement date. The Company factors in publicly available data for instruments with similar characteristics when calculating its incremental borrowing rates. The Company’s ROU assets are also recognized at the applicable lease commencement date. The ROU asset equals the carrying amount of the related lease liability, adjusted for any lease payments made prior to lease commencement and lease incentives provided by the lessor. Variable lease payments are expensed as incurred and do not factor into the measurement of the applicable ROU asset or lease liability.

The term of the Company’s leases is equal to the non-cancellable period of the lease, including any rent-free periods provided by the lessor, and also include options to renew or extend the lease (including by not terminating the lease) that the Company is reasonably certain to exercise. The Company establishes the term of each lease at lease commencement and reassesses that term in subsequent periods when one of the triggering events outlined in Topic 842, **Leases**, occurs. Operating lease cost for lease payments is recognized on a straight-line basis over the lease term.

The Company’s lease contracts often include lease and non-lease components. For facility leases, the Company has elected the practical expedient offered by the standard to not separate lease from non-lease components and accounts for them as a single lease component. For the Company’s other contracts that include leases, the Company accounts for the lease and non-lease components separately.

The Company has elected, for all classes of underlying assets, not to recognize ROU assets and lease liabilities for leases with a term of twelve months or less. Lease cost for short-term leases is recognized on a straight-line basis over the lease term. Additionally, for certain facility leases, the Company applies a portfolio approach, whereby it effectively accounts for the operating lease ROU assets and liabilities for multiple leases as a single unit of account because the accounting effect of doing so is not material.

**Goodwill and Intangible Assets**

Goodwill is tested for impairment at the reporting unit level at a minimum on an annual basis or more frequently when an event occurs or circumstances change that indicate that the carrying value may not be recoverable. Goodwill is considered impaired if the carrying value of the reporting unit exceeds its fair value. The Company conducted its annual impairment test of goodwill in the fourth quarter of 2022 and 2021 and determined that no adjustment to the carrying value of goodwill was required.

Intangible assets consist of purchased customer relationships and developed technology. Intangible assets are amortized over the period of estimated benefit using the straight-line method and estimated useful lives ranging from two to five years. No residual value is estimated for intangible assets.

**Concentrations**

Financial instruments that subject the Company to concentrations of credit risk consist primarily of cash and cash equivalents and accounts receivable. Although the Company deposits its cash with multiple financial institutions, its deposits, at times, may exceed federally insured limits. The Company’s accounts receivable are primarily derived from sales by resellers and to larger direct customers. The Company maintains an allowance for doubtful accounts for estimated potential credit losses. As of December 31, 2022, 2021 and 2020, and for the years then ended, none of the Company’s customers accounted for more than 10% of total accounts receivable, total revenues, or subscription revenues.
During the years ended 2021 and 2020, the Company contracted a significant portion of its software development efforts from third-party partners located in Russia and Ukraine. During the year ended December 31, 2022, the Company relocated some of their personnel to other countries. A cessation of services provided by these partners could result in a disruption to the Company’s research and development efforts.

Long-lived assets by geographic location is based on the location of the legal entity that owns the asset. As of December 31, 2022 and 2021, approximately 94% and 95% of the Company’s consolidated long-lived assets, respectively, were located in the U.S. No other single country outside of the U.S. represented more than 10% of the Company’s consolidated long-lived assets as of December 31, 2022 and 2021.

Revenue Recognition

The Company derives its revenues primarily from subscriptions, sale of products, and professional services. Revenues are recognized when control of these services is transferred to the customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those services.

The Company determines revenue recognition through the following steps:

• identification of the contract, or contracts, with a customer;
• identification of the performance obligations in the contract;
• determination of the transaction price;
• allocation of the transaction price to the performance obligations in the contract; and
• recognition of revenue when, or as, the Company satisfies a performance obligation.

The Company recognizes revenues as follows:

Subscriptions revenue

Subscriptions revenue is generated from fees that provide customers access to one or more of the Company’s software applications and related services. These arrangements have contractual terms typically ranging from one month to five years and include recurring fixed plan subscription fees, variable usage-based fees for usage in excess of plan limits, one-time fees, recurring license and other fees, derived from sales through our direct and indirect sales channels, including resellers and distributors, strategic partners and global service providers.

Arrangements with customers do not provide the customer with the right to take possession of the Company’s software at any time. Instead, customers are granted continuous access to the services over the contractual period. The Company transfers control evenly over the contractual period by providing stand-ready service. Accordingly, the fixed consideration related to subscription is recognized over time on a straight-line basis over the contract term beginning on the date the Company’s service is made available to the customer. The Company may offer its customer services for no consideration during the initial months. Such discounts are recognized ratably over the term of the contract.

Fees for additional minutes of usage in excess of plan limits are deemed to be variable consideration that meet the allocation exception for variable consideration as they are specific to the month that the usage occurs.

The Company’s subscription contracts typically allow the customers to terminate their services within the first 30 to 60 days and receive a refund for any amounts paid for the remaining contract period. After the end of the termination period, the contract is non-cancellable and the customer is obligated to pay for the remaining term of the contract. Accordingly, the Company considers the non-cancellable term of the contract to begin after the expiration of the termination period.

The Company records reductions to revenue for estimated sales returns and customer credits at the time the related revenue is recognized. Sales returns and customer credits are estimated based on the Company’s historical experience, current trends and the Company’s expectations regarding future experience. The Company monitors the accuracy of its sales reserve estimates by reviewing actual returns and credits and adjusts them for its future expectations to determine the adequacy of its current and future reserve needs. If actual future returns and credits differ from past experience, additional reserves may be required.
Other revenue

Other revenue primarily includes revenue generated from sale of pre-configured phones and professional implementation services.

Phone revenue is recognized upon transfer of control to the customer which is generally upon shipment from the Company’s or its designated agents’ warehouse.

The Company offers professional services to support implementation and deployment of its subscription services. Professional services do not result in significant customization of the product and are generally short-term in duration. The majority of the Company’s professional services contracts are on a fixed price basis and revenue is recognized as and when services are delivered.

Principal vs. Agent

A portion of the Company’s subscriptions and product revenues are generated through sales by resellers, strategic partners, and global service providers. When the Company controls the performance of contractual obligations to the customer, it records these revenues at the gross amount paid by the customer with amounts retained by the resellers recognized as sales and marketing expenses. The Company assesses control of goods or services when it is primarily responsible for fulfilling the promise to provide the good or service, has inventory risk and has discretion in establishing the price.

Deferred and prepaid sales commission costs

The Company capitalizes sales commission expenses and associated payroll taxes paid to internal sales personnel and resellers, who sell the Company’s offerings. The resellers are selling agents for the Company and earn sales commissions which are directly tied to the value of the contracts that the Company enters with the end-user customers. These sales commissions are incremental costs the Company incurs to obtain contracts with its end-user customers. The Company pays sales commissions on initial contracts and contracts for increased purchases with existing customers (expansion contracts). The Company generally does not pay sales commissions for contract renewals.

These sales commission costs are deferred and then amortized over the expected period of benefit, which is estimated to be five years. The Company has determined the period of benefit taking into consideration the expected subscription term and expected renewal periods of its customer contracts, the duration of its relationships with its customers considering historical and expected customer retention, technology and other factors. Amortization expense is included in sales and marketing expenses in the accompanying Consolidated Statements of Operations. The Company evaluates its deferred and prepaid sales commission costs for possible recoverability whenever events or changes in circumstances have occurred that could indicate the carrying amount of such assets may not be recoverable. Refer to Note 5 – Strategic Partnerships and Asset Acquisitions in this Annual Report on Form 10-K for further information regarding the Company’s assessment of its recoverability and subsequent non-cash asset write-down of its deferred and prepaid sales commission balances with Avaya and ALE.

Cost of Revenues

Cost of subscriptions revenue primarily consists of costs of network capacity purchased from third-party telecommunications providers, network operations, costs to build out and maintain data centers, including co-location fees for the right to place the Company’s servers in data centers owned by third-parties, depreciation of the servers and equipment, along with related utilities and maintenance costs, amortization of acquired technology related intangible assets, personnel costs associated with customer care and support of the functionality of the Company’s platform and data center operations, including share-based compensation expenses, and allocated costs of facilities and information technology. Cost of subscriptions revenue is expensed as incurred.

Cost of other revenue is comprised primarily of the cost associated with purchased phones, personnel costs for employees and contractors, including share-based compensation expenses, shipping costs, costs of professional services, and allocated costs of facilities and information technology related to the procurement, management and shipment of phones. Cost of other revenue is expensed in the period product is delivered to the customer.

Share-Based Compensation

Share-based compensation expense resulting from options, restricted stock units (“RSUs”), performance-based awards, and employee stock purchase plan (“ESPP”) rights granted is measured at the grant date fair value of the award and is generally recognized using the straight-line attribution method over the requisite service period of the award, which is generally the vesting period. The Company estimates the fair value of stock options, ESPP rights, and performance-based awards using the Black-Scholes-Merton option-pricing model. The Company estimates the fair value of RSUs as the closing market value of its
Class A Common Stock on the grant date. For awards with performance-based and service-based conditions, compensation cost is recognized over the requisite service period if it is probable that the performance condition will be satisfied. The expense for performance-based awards is evaluated each quarter based on the achievement of the performance conditions. The effect of a change in the estimated number of performance-based awards expected to be earned is recognized in the period those estimates are revised. Compensation expense is recognized net of estimated forfeiture activity, which is based on historical forfeiture rates.

**Research and Development**

Research and development expenses consist primarily of third-party contractor costs, personnel costs, technology license expenses, and depreciation associated with research and development equipment. Research and development costs are expensed as incurred.

**Advertising Costs**

Advertising costs, which include various forms of e-commerce such as search engine marketing, search engine optimization and online display advertising, as well as more traditional forms of media advertising such as radio and billboards, are expensed as incurred and were $125.6 million, $88.2 million, and $76.6 million for the years ended December 31, 2022, 2021 and 2020, respectively.

**Restructuring Costs**

Restructuring costs occur when management commits to a restructuring plan, the restructuring plan identifies all significant actions, the period of time to complete the restructuring plan indicates that significant changes to the plan are not likely and employees who are impacted have been notified of the pending involuntary termination. Restructuring costs are accrued in the period in which it is probable that the employees are entitled to the restructuring benefits and the amounts can be reasonably estimated.

**Asset Write-down Charges**

Asset write-down charges consist of write-offs related to our assets, including deferred and prepaid sales commission and acquired intangibles balances, whenever events or changes in circumstances have occurred that could indicate the carrying amount of such assets may not be recoverable.

**Convertible Debt**

Prior to the adoption of ASU 2020-06, the Company bifurcated the debt and equity (the contingently convertible feature) components of its convertible debt instruments in a manner that reflects its nonconvertible debt borrowing rate at the time of issuance. The equity components of the convertible debt instruments were recorded within stockholders’ (deficit) equity with an allocated issuance discount. The debt issuance discount was amortized to interest expense in the Consolidated Statements of Operations using the effective interest method over the expected term of the convertible debt.

Upon adoption of ASU 2020-06 on January 1, 2022, the Company is no longer recording the conversion feature of its convertible senior notes in equity. Instead, the Company combined the previously separated equity component with the liability component, which together is now classified as debt, thereby eliminating the subsequent amortization of the debt discount as interest expense. Similarly, the portion of issuance costs previously allocated to equity was reclassified to debt and amortized as interest expense.

**Income Taxes**

The Company accounts for income taxes using the asset and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date. The Company records a valuation allowance to reduce its deferred tax assets to the amount of future tax benefit that is more likely than not to be realized. As of December 31, 2022, except for deferred tax assets associated with certain foreign subsidiaries, the Company recorded a full valuation allowance against substantially all of its net deferred tax assets due to its history of operating losses. The Company classifies interest and penalties on unrecognized tax benefits as income tax expense.
Segment Information

The Company has determined the chief executive officer is the chief operating decision maker. The Company’s chief executive officer reviews financial information presented on a consolidated basis for purposes of assessing performance and making decisions on how to allocate resources. Accordingly, the Company has determined that it operates in a single reportable segment.

Indemnification

Certain of the Company’s agreements with resellers and customers include provisions for indemnification against liabilities if its subscriptions infringe upon a third-party’s intellectual property rights. At least quarterly, the Company assesses the status of any significant matters and its potential financial statement exposure. If the potential loss from any claim or legal proceeding is considered probable and the amount or the range of loss can be estimated, the Company accrues a liability for the estimated loss. The Company has not incurred any material costs as a result of such indemnification provisions. The Company has not accrued any material liabilities related to such obligations as of December 31, 2022 and 2021.

Recent Accounting Pronouncements Not Yet Adopted

In September 2022, the FASB issued ASU No. 2022-04, Liabilities—Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations (“ASU 2022-04”), which requires buyers that use supplier finance programs in connection with the purchase of goods and services to make certain annual disclosures regarding the programs’ key terms and information about the obligations at the end of a reporting period, including a roll-forward of those obligations. Only the amount outstanding at the end of the period must be disclosed in interim periods. The amendments do not affect the recognition, measurement or financial statement presentation of supplier finance program obligations. The amendments in ASU 2022-04 are effective retrospectively for fiscal years beginning after December 15, 2022, including interim periods in those fiscal years, except for the requirement to disclose roll-forward information, which is effective prospectively for fiscal years beginning after December 15, 2023. Early adoption is permitted. The Company does not expect the adoption to have a material impact on the Company’s financial statements.

Recently Adopted Accounting Pronouncements

In August 2020, the FASB issued ASU No. 2020-06, Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity. This update simplifies the accounting for convertible instruments by eliminating the conversion option separation model for convertible debt that can be settled in cash. Consequently, a convertible debt instrument will be accounted for as a single liability measured at its amortized cost, as long as no other features require bifurcation and recognition as derivatives. This update also eliminates the treasury stock method and instead requires entities to calculate the impact of convertible instruments on diluted earnings per share when the instruments may be settled in cash or shares. The required use of the if-converted method did not impact the diluted net loss per share as the Company was in a net loss position.

The Company adopted this update, effective January 1, 2022, using the modified retrospective method. Upon adoption, the Company is no longer recording the conversion feature of its convertible senior notes in equity. Instead, the Company combined the previously separated equity component with the liability component, which together is now classified as debt, thereby eliminating the subsequent amortization of the debt discount as interest expense. Similarly, the portion of issuance costs previously allocated to equity was reclassified to debt and amortized as interest expense. Accordingly, the Company recorded a decrease to accumulated deficit of approximately $93.8 million, a decrease to additional paid-in capital of $329.3 million, and an increase to convertible senior notes, net of approximately $235.5 million. Prior period financial statements were not restated.

**Deferred revenue**

During the year ended December 31, 2022, the Company recognized approximately all of the corresponding deferred revenue balance at the beginning of the year as revenue.

**Remaining performance obligations**

This excludes contracts with an original expected length of less than one year. Of these remaining performance obligations, the Company expects to recognize revenue of 53% of this balance over the next 12 months and 47% thereafter.

**Other revenues**

Other revenues are primarily comprised of product revenue from the sale of pre-configured phones, and professional services. Product revenues from the sale of pre-configured phones were $46.6 million, $48.8 million, and $43.3 million for the years ended December 31, 2022, 2021 and 2020, respectively.

Amortization of developed technology is included in cost of revenues and amortization of customer relationships is included in sales and marketing expenses in the Consolidated Statements of Operations.

During the quarter ended December 31, 2022, the Company recorded a non-cash asset write-down charge of $13.7 million on a portion of its acquired developed technology intangible assets, based on management's assessment that the carrying amount of such assets may not be fully recoverable.

Deferred and Prepaid Sales Commission Costs

Amortization expense for the deferred and prepaid sales commission costs for the years ended December 31, 2022, 2021 and 2020 were $115.2 million, $74.2 million, and $47.2 million, respectively. There was no impairment loss in relation to the deferred commission costs capitalized for the periods presented.

Note 4. Fair Value of Financial Instruments

The Company measures and reports certain cash equivalents, including money market funds and certificates of deposit, in addition to its long-term investments at fair value in accordance with the provisions of the authoritative accounting guidance that addresses fair value measurements. This guidance establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

The hierarchy is broken down into three levels based on the reliability of the inputs as follows:

- **Level 1**: Observable inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities.
- **Level 2**: Other inputs, such as quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liability.
- **Level 3**: Unobservable inputs that are supported by little or no market activity and that are based on management’s assumptions, including fair value measurements determined by using pricing models, discounted cash flow methodologies or similar techniques.

The financial assets carried at fair value were determined using the following inputs (in thousands):

The Company’s other financial instruments, including accounts receivable, accounts payable, and other current liabilities, are carried at cost, which approximates fair value due to the relatively short maturity of those instruments.

**Long-Term Investments**

As of December 31, 2022 and 2021, the fair value of the Company’s long-term investments in convertible and redeemable preferred stock was $1.6 million and $200.0 million, respectively. The Company classifies these investments as Level 3 in the fair value hierarchy based on the nature of the fair value inputs and judgment involved in the valuation process. The Company uses a lattice model to value these investments and relies on observable inputs including share-price, credit spread, and volatility. The model also incorporates judgments relating to the probability of special redemption triggers, the expected holding period of the investment, interest rates, probability of default, and expected recoverability. These investments are reported at fair value in long-term investments in the Consolidated Balance Sheets with net unrealized gain (loss) recorded in other income (expense). Volatility in the global economic climate and financial markets, including the effects of rising inflation and associated economic slowdown, the ongoing Russian invasion of Ukraine, and the investee's financial and liquidity position, could have an adverse impact on the fair value up the full amount of the long-term investment.

The Company considered recent public disclosures about Avaya’s financial condition in connection with determining the fair value of its long-term investment. As a result, the Company recognized an unrealized loss of $202.3 million and $14.2 million for the years ended December 31, 2022 and 2021, respectively. Refer to Note 5 – Strategic Partnerships and Asset Acquisitions in this Annual Report on Form 10-K for further information regarding the Company’s assessment and subsequent asset write-down balances with Avaya.

**Marketable Equity Investments**

In October 2021, the Company invested $10 million in cash in registered equity securities of a special purpose acquisition company (“SPAC”), which as a result of a completed merger converted into common shares of the publicly traded company. The Company did not have a controlling interest or a significant influence in the SPAC or the ultimate issuer. During the year ended December 31, 2022 and 2021, the Company recognized a loss from its marketable equity investments of $5.4 million and $1.4 million, respectively, which was reported in other income (expense) in the Consolidated Statement of Operations. During the year ended December 31, 2022, the Company completed the sale of its marketable equity investments for proceeds of $3.2 million.

**Other Non-Marketable Investments**

As of December 31, 2022, the Company had an immaterial amount of non-marketable investments held in debt and equity securities without readily determinable fair values in which it had neither a controlling interest nor significant influence. These investments are carried at cost under the measurement alternative as part of long-term investments in the Consolidated Balance Sheets.

**Convertible Senior Notes**

As of December 31, 2022, the fair value of the 0% convertible senior notes due 2026 (the “2026 Notes”) was approximately $508.6 million, and the 0% convertible senior notes due 2025 (the “2025 Notes”) was approximately $860.0 million. The fair value for the convertible senior notes was determined based on the quoted price for such notes in an inactive market on the last trading day of the reporting period and is considered as Level 2 in the fair value hierarchy.
Note 5. Strategic Partnerships and Asset Acquisitions

Avaya Partnership

In October 2019, the Company entered into certain agreements for a strategic partnership with Avaya Holdings Corp. (“Avaya”) and its subsidiaries, including Avaya Inc. (collectively, “Avaya”). In connection with the strategic partnership, the Company prepaid Avaya in the Company’s class A Common Stock predominantly for future sales commissions to be earned for each qualified unit of Avaya Cloud Office by RingCentral (“ACO”) sold during the term of the partnership. Under the terms of the partnership, the unutilized prepaid sales commissions were payable to the Company at the end of the contractual term.

On December 13, 2022, Avaya filed a Form 8-K disclosing ongoing discussions regarding one or more potential financings, refinancings, recapitalizations, reorganizations, restructurings or investment transactions. Further, on February 14, 2023, Avaya initiated an expedited, prepackaged financial restructuring via Chapter 11 with the support of its financial stakeholders. The Company and Avaya entered into a new extended and expanded agreement, which now includes certain minimum volume commitments and revised go-to-market incentive structure intended to drive migration to Avaya Cloud Office. The Company evaluates the recoverability of its long-term assets whenever events or circumstances indicate that the carrying amount of such assets may not be recoverable. In light of public disclosures about the likelihood of Avaya’s financial restructuring via Chapter 11, the Company recorded a non-cash asset write-down charge of $279.3 million for the year ended December 31, 2022, out of which $21.7 million of this balance was accrued interest and was recorded in other income (expense) in the Consolidated Statement of Operations. No portion of the impairment charge relates to future cash expenditures.

Other Strategic Partnerships

In 2021, the Company entered into strategic arrangements with Mitel US Holdings, Inc. (“Mitel”) whereby the Company would be Mitel’s exclusive provider of UCaaS offerings and cloud communications applications. Under the commercial arrangement, Mitel earns commissions in the form of cash and/or shares of Class A Common stock in connection with the migration of Mitel customers to RingCentral MVP. In connection with the Mitel partnership, the Company purchased certain intellectual property rights for consideration of $649.4 million, of which $300.0 million was paid in cash, $299.4 million was settled in the form of 1,281,504 shares of the Company’s Class A Common Stock, and $50.0 million was held back as a contingent consideration to be settled in the form of cash or shares of the Company’s Class A Common Stock on the achievement of specified performance metrics and also to cover for any potential indemnity claims post-closing. As of December 31, 2022, $5.2 million and $42.6 million of the contingent consideration remained recorded in accrued liabilities and other long-term liabilities, respectively, on the Company’s Consolidated Balance Sheet. Also in connection with the Mitel strategic partnership, the Company closed an Investment Agreement with Searchlight II MLN, L.P. (“Searchlight Investor”), Mitel’s principal shareholder, and Searchlight Investor purchased 200,000 shares of Series A Convertible Preferred Stock, par value $0.0001 per share (the “Series A Convertible Preferred Stock”), for an aggregate purchase price of $200.0 million. Refer to Note 9 – Stockholders’ Deficit and Convertible Preferred Stock in this Annual Report on Form 10-K for additional information.

The Company previously entered into strategic arrangements with certain strategic partners, under which these partners are engaged in the marketing and sale of the Company’s product offerings. Under these arrangements, the Company had paid approximately $176.1 million, predominantly for future sales commissions. Such advance payments are considered incremental costs to obtain contracts with customers and are included in deferred and prepaid sales commission costs on the Consolidated Balance Sheets. Such pre-paid assets are being amortized to sales and marketing expense over their useful life based on the pattern of benefit.

During the quarter ended December 31, 2022, the Company updated the terms of its arrangement with certain strategic partners. The amended agreements change certain existing rights and obligations under the original contract and, in connection with these changes, a portion of the original advance payments were refunded. Pursuant to these amendments, the Company recorded a non-cash asset write-down charge of $12.4 million for the year ended December 31, 2022, relating to such advance payments included in deferred and prepaid sales commission on the Consolidated Balance Sheets.
Note 6. Convertible Senior Notes

In March 2018, the Company issued $460.0 million aggregate principal amount of 0% convertible senior notes due 2023 in a private placement, including the exercise in full of the over-allotment options of the initial purchasers (the “2023 Notes”). The 2023 Notes would have matured on March 15, 2023, unless repurchased or redeemed earlier by the Company or converted pursuant to their terms. The total net proceeds from the debt offering, after deducting initial purchase discounts and debt issuance costs, were approximately $449.5 million. In the second quarter of 2021, the Company redeemed the remaining outstanding principal balance of its 2023 Notes.

In March 2020, the Company issued $1.0 billion aggregate principal amount of 0% convertible senior notes due 2025 in a private placement to qualified institutional buyers (the “2025 Notes”). The 2025 Notes will mature on March 1, 2025, unless earlier repurchased or redeemed by the Company or converted pursuant to their terms. The total net proceeds from the debt offering, after deducting initial purchase discounts and debt issuance costs, were approximately $986.5 million.

In September 2020, the Company issued $650 million aggregate principal amount of 0% convertible senior notes due 2026 in a private placement to qualified institutional buyers (the “2026 Notes”). The 2026 Notes will mature on March 15, 2026, unless earlier repurchased or redeemed by the Company or converted pursuant to their terms. The total net proceeds from the debt offering, after deducting initial purchase discounts and debt issuance costs, were approximately $640.2 million.

The 2023 Notes, 2025 Notes and 2026 Notes (collectively, the “Notes”) are senior, unsecured obligations of the Company that do not bear regular interest, and the principal amount of the Notes do not accrete. The Notes may bear special interest under specified circumstances relating to the Company’s failure to comply with its reporting obligations under the indentures governing each of the Notes (collectively, the “Notes Indentures”) or if the Notes are not freely tradable as required by each respective Notes Indenture.

Redemption of 2023 Notes

In March 2021, the Company delivered a notice to fully redeem the remaining outstanding $41.2 million principal balance of its 0% convertible senior notes due 2023. During the three months ended June 30, 2021, the Company settled the redemption by paying $160.1 million in cash. The redemption of the 2023 Notes resulted in a $1.1 million loss that is included in other income (expense), net in the Consolidated Statement of Operations. The loss represents the difference between the fair value of the liability component and the sum of the carrying value of the debt component and any unamortized debt issuance costs at the time of settlement.

The conversion rate is subject to adjustment upon the occurrence of certain specified events but will not be adjusted for any accrued and unpaid special interest. In addition, upon the occurrence of a make-whole fundamental change or a redemption period, each as defined in the respective Notes Indentures, the Company will, in certain circumstances, increase the conversion rate by a number of additional shares for a holder that elects to convert its Notes in connection with such make-whole fundamental change or during the relevant redemption period.

The Notes will be convertible at certain times and upon the occurrence of certain events in the future. Further, on or after December 1, 2024 for the 2025 Notes, and December 15, 2025 for the 2026 Notes, until the close of business on the scheduled trading day immediately preceding the maturity date, holders of the Notes may convert all or a portion of their notes regardless of these conditions. Under the terms of the respective Notes Indentures, effective January 1, 2022, the Company made an irrevocable election to settle the principal portion of the Notes only in cash, with the conversion premium to be settled in cash or shares.

During the three months ended December 31, 2022, the conditions allowing holders of the 2025 Notes and 2026 Notes to convert were not met. The Notes may be convertible thereafter if one or more of the conversion conditions specified in the indentures are satisfied during future measurement periods.
The Company may redeem the 2025 Notes at its option, on or after March 5, 2022, and the 2026 Notes at its option, on or after March 20, 2023, at a redemption price equal to 100% of the principal amount thereof, plus accrued and unpaid special interest to, but excluding the redemption date, subject to certain conditions. No sinking fund is provided for the Notes.

Upon the occurrence of a fundamental change (as defined in each respective Notes Indentures) prior to the maturity date, holders may require the Company to repurchase all or a portion of the 2025 Notes or 2026 Notes for cash at a price equal to 100% of the principal amount of the Notes to be repurchased, plus any accrued and unpaid special interest to, but excluding, the fundamental change repurchase date.

**Accounting for the Notes**

In accounting for the issuance of the Notes, the Company separated the respective notes into liability and equity components. The carrying amount of the liability component was calculated by measuring the fair value of a similar debt instrument that does not have an associated convertible feature. The carrying amount of the equity component of the Notes representing the conversion option was determined by deducting the fair value of the liability component from the par value. The equity component is not remeasured as long as it continues to meet the conditions for equity classification. The excess of the principal amount of the liability component over its carrying amount (“debt discount”) is amortized to interest expense at an effective interest rate over the contractual terms of the Notes.

In accounting for the transaction costs related to the Notes, the Company allocated the total amount incurred to the liability and equity components of the notes based on the proportion of the proceeds allocated to the debt and equity components. Issuance costs attributable to the liability component recorded as additional debt discount were $10.9 million for the 2025 Notes and $7.7 million for the 2026 Notes, which will be amortized to interest expense using the effective interest method over the contractual terms of the 2025 and 2026 Notes at an effective interest rate of 4.7%. Issuance costs attributable to the equity component of the Notes were netted with the equity component in stockholders’ equity.

The initial net carrying amount of the equity component of the Notes were as follows (in thousands):

<table>
<thead>
<tr>

<td>(2,085)</td>

<tr>
<td>Net carrying amount</td>
<td>$192,442</td>

</tbody>
</table>

Upon adoption of ASU 2020-06 on January 1, 2022, the Company is no longer recording the conversion feature of its convertible senior notes in equity. Instead, the Company combined the previously separated equity component with the liability component, which together is now classified as debt, thereby eliminating the subsequent amortization of the debt discount as interest expense. Similarly, the portion of issuance costs previously allocated to equity was reclassified to debt and amortized as interest expense. Accordingly, the Company recorded a decrease to accumulated deficit of approximately $93.8 million, a decrease to additional paid-in capital of $329.3 million, and an increase to convertible senior notes, net of approximately $235.5 million.

The net carrying amount of the liability component of the Notes as of December 31, 2022 were as follows (in thousands):

(1) The net carrying amount was increased on January 1, 2022 as a result of the adoption of ASU No. 2020-06. Refer to Note 1 – Description of Business and Summary of Significant Accounting Policies, in this Annual Report on Form 10-K for further information.
The following table sets forth the total interest expense recognized related to the Notes (in thousands):

<td>$49,031</td>

</tbody>
</table>

(1) The decrease in total interest expense during the year ended December 31, 2022 was due to the derecognition of the unamortized debt discount, partially offset by the increase in the amortization of issuance costs previously recognized in equity. These changes were the result of the Company’s adoption of ASU No. 2020-06, as of January 1, 2022, as described in Note 1 – Description of Business and Summary of Significant Accounting Policies.

**Capped Calls**

In connection with the offering of the Notes, the Company entered into privately-negotiated capped call transactions relating to each series of notes with certain counterparties (collectively the “Capped Calls”). The initial strike price of the Notes corresponds to the initial conversion price of each of the Notes. The Capped Calls are generally intended to reduce or offset the potential dilution to the Class A Common Stock upon any conversion of the Notes with such reduction or offset, as the case may be, subject to a cap based on the cap price. The Capped Calls are subject to either adjustment or termination upon the occurrence of specified extraordinary events affecting the Company, including a merger event, a tender offer, and a nationalization, insolvency or delisting involving the Company. In addition, the Capped Calls are subject to certain specified additional disruption events that may give rise to a termination of the Capped Calls, including changes in law; insolvency filings; and hedging disruptions. The Capped Call transactions are recorded in stockholders’ equity and are not accounted for as derivatives.

The following table below sets forth key terms and costs incurred for the Capped Calls related to each of the Notes:

All of the capped call transactions, including the capped call relating to the 2023 Notes, were outstanding as of December 31, 2022.

**Note 7. Leases**

The Company primarily leases facilities for office and data center space under non-cancelable operating leases for its U.S. and international locations. As of December 31, 2022, non-cancelable leases expire on various dates between 2023 and 2029.

Generally, the non-cancelable leases include one or more options to renew, with renewal terms that can extend the lease term from one to five years or more. The Company has the right to exercise or forego the lease renewal options. The lease agreements do not contain any material residual value guarantees or material restrictive covenants.
As of December 31, 2022 and 2021, the components of leases and lease costs are as follows (in thousands):

Note 8. Commitments and Contingencies

Legal Matters

The Company is subject to certain legal proceedings described below, and from time to time may be involved in a variety of claims, lawsuits, investigations, and proceedings relating to contractual disputes, intellectual property rights, employment matters, regulatory compliance matters, and other litigation matters relating to various claims that arise in the normal course of business.

The Company determines whether an estimated loss from a contingency should be accrued by assessing whether a loss is deemed probable and can be reasonably estimated. The Company assesses its potential liability by analyzing specific litigation and regulatory matters using reasonably available information. The Company develops its views on estimated losses in consultation with inside and outside counsel, which involves a subjective analysis of potential results and outcomes, assuming various combinations of appropriate litigation and settlement strategies. Actual claims could settle or be adjudicated against the Company in the future for materially different amounts than the Company has accrued due to the inherently unpredictable nature of litigation. Legal fees are expensed in the period in which they are incurred.

Patent Infringement Matter

On April 25, 2017, Uniloc USA, Inc. and Uniloc Luxembourg, S.A. (together, “Uniloc”) filed in the U.S. District Court for the Eastern District of Texas two actions against the Company alleging infringement of U.S. Patent Nos. 7,804,948; 7,853,000; and 8,571,194 by RingCentral’s Glip unified communications application. The plaintiffs seek a declaration that the Company has infringed the patents, damages according to proof, injunctive relief, as well as their costs, attorney’s fees, expenses and interest. On October 9, 2017, the Company filed a motion to dismiss or transfer requesting that the case be transferred to the United States District Court for the Northern District of California. In response to the motion, plaintiffs filed a first amended complaint on October 24, 2017. The Company filed a renewed motion to dismiss or transfer on November 15, 2017. Although briefing on that motion has been completed, the motion has not yet been decided. On February 5, 2018, Uniloc moved to stay the litigation pending the resolution of certain third-party inter partes review proceedings (“IPRs”) before the United States Patent and Trademark Office. On February 9, 2018, the court stayed the litigation pending resolution of the IPRs without prejudice to or waiver of the Company’s motion to dismiss or transfer. This litigation is still in its early stages. Based on the information known by the Company as of the date of this filing and the rules and regulations applicable to the preparation of the Company’s consolidated financial statements, it is not possible to provide an estimated amount of any such loss or range of loss that may occur. The Company intends to vigorously defend against this lawsuit.

CIPA Matter

On June 16, 2020, Plaintiff Meena Reuben (“Reuben”) filed a complaint against the Company for a putative class action lawsuit in California Superior Court for San Mateo County. The complaint alleges claims on behalf of a class of individuals for whom, while they were in California, the Company allegedly intercepted and recorded communications between individuals and the Company’s customers without the individual’s consent, in violation of the California Invasion of Privacy Act (“CIPA”) Sections 631 and 632.7. Reuben seeks statutory damages of $5,000 for each alleged violation of Sections 631 and 632.7, injunctive relief, and attorneys’ fees and costs, and other unspecified amount of damages. The parties participated in mediation on August 24, 2021. On September 16, 2021, Reuben filed an amended complaint. The Company filed a demurrer to the amended complaint on October 18, 2021. The Court overruled the Company’s demurrer and the parties are now engaged in discovery. RingCentral filed a motion for judgment on the pleadings on January 23, 2023. This litigation is still in its early stages. Based on the information known by the Company as of the date of this filing and the rules and regulations applicable to the preparation of the Company’s consolidated financial statements, it is not possible to provide an estimated amount of any such loss or range of loss that may occur. The Company intends to vigorously defend against this lawsuit.

93
Other Matter

On June 14, 2019, the Company filed suit in the Superior Court of California, County of Alameda, against Bright Pattern, Inc. and two of its officers, alleging that the defendants negotiated a potential acquisition of Bright Pattern by RingCentral fraudulently and in bad faith. The Company seeks its costs incurred in negotiating under the Letter of Intent ("LOI") that the parties entered into and damages for lost opportunity as a result of forgoing another acquisition opportunity, and attorneys’ fees and costs. On August 26, 2019, Bright Pattern filed a cross-complaint against the Company and two of its executive officers alleging breach of the LOI as well as tort claims arising from the Company's allegedly inducing Bright Pattern to enter into the LOI and subsequent extensions while allegedly misstating the timeframe for the proposed transaction. As damages, Bright Pattern seeks audit fees it allegedly incurred, a $5 million break-up fee, its alleged "cash burn" during the negotiations, and unspecified lost opportunity damages. The Company filed a demurrer to Bright Pattern’s amended cross-complaint, as well as a related motion to strike. On May 7, 2020, the court denied both the motion to strike and demurrer. On July 19, 2022, the parties filed a joint motion to stay the proceedings, which the court granted on July 20, 2022. Based on the information known by the Company as of the date of this filing and the rules and regulations applicable to the preparation of the Company’s consolidated financial statements, it is not possible to provide an estimated amount of any loss or range of loss that may occur. The Company intends to vigorously prosecute and defend this lawsuit.

Employee Agreements

The Company has signed various employment agreements with executives and key employees pursuant to which if the Company terminates their employment without cause or if the employee terminates his or her employment for good reason following a change of control of the Company, the employees are entitled to receive certain benefits, including severance payments, accelerated vesting of stock options and RSUs, and continued COBRA coverage. As of December 31, 2022, no triggering events which would cause these provisions to become effective have occurred. Therefore, no liabilities have been recorded for these agreements in the consolidated financial statements.

Note 9. Stockholders' Deficit and Convertible Preferred Stock

In connection with the Company’s initial public offering, the Company reincorporated in Delaware on September 26, 2013. The Delaware certificate of incorporation provides for two classes of common stock: Class A and Class B Common Stock, both with a par value of $0.0001 per share. In addition, the certificate of incorporation authorizes shares of undesignated preferred stock with a par value of $0.0001 per share, pursuant to which on November 9, 2021, the Company filed a certificate of designations authorizing the issuance of 200,000 shares of Series A Convertible Preferred Stock. The terms of preferred stock are described below.

Preferred Stock

The board of directors may, without further action by the stockholders, fix the powers, designations, preferences, or relative participating, optional, or other rights, and the qualifications, limitations, and restrictions of up to an aggregate of 100,000,000 shares of preferred stock in one or more series and authorizes their issuance. These rights, preferences, and privileges could include dividend rights, conversion rights, voting rights, terms of redemption, liquidation preferences, sinking fund terms and the number of shares constituting any series or the designation of such series, any or all of which may be greater than the rights of the Class A and Class B Common Stock. As of December 31, 2022 and 2021, there were 100,000,000 shares of preferred stock authorized, 200,000 shares of which are issued and outstanding as Series A Convertible Preferred Stock.

Class A and Class B Common Stock

The Company has authorized 1,000,000,000 and 250,000,000 shares of Class A Common Stock and Class B Common Stock for issuance, respectively. Holders of Class A Common Stock and Class B Common Stock have identical rights for matters submitted to a vote of the Company’s stockholders. Holders of Class A Common Stock are entitled to one vote per share of Class A Common Stock and holders of Class B Common Stock are entitled to 10 votes per share of Class B Common Stock. Holders of shares of Class A Common Stock and Class B Common Stock vote together as a single class on all matters (including the election of directors) except for specific circumstances that would adversely affect the powers, preferences, or rights of a particular class of Common Stock. Subject to preferences that may apply to any shares of preferred stock outstanding at the time, holders of Class A and Class B Common Stock share equally, identically and ratably, on a per share basis, with respect to any dividend or distribution of cash, property or shares of the Company’s capital stock. Holders of Class A and Class B Common Stock also share equally, identically, and ratably in all assets remaining after the payment of any liabilities and liquidation preferences and any accrued or declared but unpaid dividends, if any, with respect to any outstanding preferred stock at the time. Each share of Class B Common Stock is convertible at any time at the option of the holder into one share of Class A Common Stock. In addition, each share of Class B Common Stock will convert automatically to Class A Common
Stock upon: (i) the date specified by an affirmative vote or written consent of holders of at least 67% of the outstanding shares of Class B Common Stock, (ii) the date on which the number of outstanding shares of Class B Common Stock represents less than 10% of the aggregate combined number of outstanding shares of Class A Common Stock and Class B Common Stock, or (iii) any time seven years after the Company’s initial public offering (October 2, 2020), when a stockholder owns less than 50% of the shares of Class B Common Stock that such holder owned immediately prior to completion of the initial public offering.

**Share Repurchase Program**

On December 13, 2021, the Company’s board of directors authorized a share repurchase program to repurchase up to $100 million of the Company’s outstanding shares of Class A Common Stock. During the year ended December 31, 2022, the Company repurchased and subsequently retired 2,297,330 shares of our Class A Common Stock for an aggregate amount of approximately $100 million. The Company completed its share repurchase program on December 31, 2022.

**Series A Convertible Preferred Stock**

On November 8, 2021, the Company entered into the Investment Agreement, pursuant to which the Company sold to Searchlight Investor, in a private placement exempt from registration under the Securities Act of 1933, as amended, 200,000 shares of newly issued Series A Convertible Preferred Stock, par value $0.0001 per share, for an aggregate purchase price of $200 million. The Series A Convertible Preferred Stock issued to Searchlight Investor pursuant to the Investment Agreement is convertible into shares of the Company’s Class A Common Stock, par value $0.0001 per share, at a conversion price of $269.22 per share, subject to adjustment as provided in the certificate of designations specifying the terms of such shares. The transactions contemplated by the Investment Agreement closed on November 9, 2021. The Series A Convertible Preferred Stock ranks senior to the shares of the Company’s Class A Common Stock and Class B Common Stock with respect to rights on the distribution of assets on any voluntary or involuntary liquidation or winding up of the affairs of the Company. The Series A Convertible Preferred Stock is a zero coupon, perpetual preferred stock, with a liquidation preference of $1,000 per share and other customary terms, including with respect to mandatory conversion and change of control premium under certain circumstances. The shares of Series A Convertible Preferred Stock shall not be redeemable or otherwise mature, other than for a liquidation or a specified change in control event as provided in the certificate of designations specifying the terms of such shares. Holders of Series A Convertible Preferred Stock will be entitled to vote with the holders of the Class A Common Stock and Class B Common Stock on an as-converted basis. Holders of the Series A Convertible Preferred Stock will be entitled to a separate class vote with respect to, among other things, certain amendments to the Company’s organizational documents that have an adverse impact on the rights, preferences, privileges or voting power of the Series A Convertible Preferred Stock, authorizations or issuances of Company capital stock, or other securities convertible into capital stock, that is senior to, or equal in priority with, the Series A Convertible Preferred Stock, and increases or decreases in the number of authorized shares of Series A Convertible Preferred Stock.

As the liquidation or specified change in control event is not solely within the Company’s control, the Series A Convertible Preferred Stock is therefore classified as temporary equity and recorded outside of stockholders’ equity on the Consolidated Balance Sheet. As of December 31, 2022 and 2021, there were 200,000 shares of the Company’s Series A Convertible Preferred Stock issued and outstanding, and the carrying value, net of issuance costs, was $199.4 million.

**Equity Incentive Plans**

In September 2013, the Board adopted and the Company’s stockholders approved the 2013 Equity Incentive Plan, which became effective on September 26, 2013, and the stockholders approved an amended and restated 2013 Equity Plan on December 15, 2022 (together, “2013 Plan”). In connection with the adoption of the 2013 Plan, the Company terminated the 2010 Equity Incentive Plan (“2010 Plan”), under which stock options had been granted prior to September 26, 2013. The 2010 Plan was established in September 2010, when the 2003 Equity Incentive Plan (“2003 Plan”) was terminated. After the termination of the 2003 and 2010 Plans, no additional options were granted under these plans; however, options previously granted under these plans will continue to be governed by these plans and will be exercisable into shares of Class B Common Stock. In addition, options authorized to be granted under the 2003 and 2010 Plans, including forfeitures of previously granted awards, are authorized for grant under the 2013 Plan.

A total of 6,200,000 shares of Class A Common Stock were originally reserved for issuance under the 2013 Plan. The 2013 Plan includes an annual increase on the first day of each fiscal year beginning in 2014, equal to the least of: (i) 6,200,000 shares of Class A Common Stock; (ii) 5% of the outstanding shares of all classes of common stock as of the last day of the Company’s immediately preceding fiscal year; or (iii) such other amount as the board of directors may determine. During the year ended December 31, 2022, a total of 4,715,470 shares of Class A Common Stock were added to the 2013 Plan in connection with the annual automatic increase provision. As of December 31, 2022, a total of 19,648,499 shares remain available for grant under the 2013 Plan.

The plans permit the grant of stock options and other share-based awards, such as restricted stock units, to employees, officers, directors, and consultants by the board of directors. Option awards are generally granted with an exercise price equal to the fair market value of the Company’s Class A Common Stock at the date of grant. Option awards generally vest according to a graded vesting schedule based on four years of continuous service. On January 29, 2014, the board of directors approved an amendment to decrease the contractual term of all equity awards issued from the 2013 Plan from 10 years to 7 years for all awards granted after January 29, 2014. Certain option awards provide for accelerated vesting if there is a change in control (as defined in the option agreement) and early exercise of options prior to vesting (subject to the Company’s repurchase right).

There is no remaining unamortized share-based compensation expense related to options.

**Employee Stock Purchase Plan**

The Company’s Employee Stock Purchase Plan (“ESPP”) allows eligible employees to purchase shares of the Company’s Class A Common Stock at a discounted price, through payroll deductions of up to the lesser of 15% of their eligible compensation or the IRS allowable limit per calendar year. A participant may purchase a maximum of 3,000 shares during an offering period. The offering periods are for a period of six months and generally start on the first trading day on or after May 13th and November 13th of each year. At the end of the offering period, the purchase price is set at the lower of: (i) 85% of the fair value of the Company’s common stock at the beginning of the six-month offering period and (ii) 85% of the fair value of the Company’s Class A Common Stock at the end of the six-month offering period.

The ESPP provides for annual increases in the number of shares available for issuance under the ESPP on the first day of each fiscal year beginning in fiscal 2014, equal to the least of: (i) 1% of the outstanding shares of all classes of common stock on the last day of the immediately preceding year; (ii) 1,250,000 shares; or (iii) such other amount as may be determined by the board of directors. During the year ended December 31, 2022, a total of 943,094 shares of Class A Common Stock were added to the ESPP Plan in connection with the annual increase provision. At December 31, 2022, a total of 6,054,525 shares were available for issuance under the ESPP.

The weighted-average assumptions used to value ESPP rights under the Black-Scholes-Merton option-pricing model and the resulting offering grant date fair value of ESPP rights granted in the periods presented were as follows:

Restricted Stock Units

The 2013 Plan provides for the issuance of RSUs to employees, directors, and consultants. RSUs issued under the 2013 Plan generally vest over four years. Bonus Plan

The Company’s board of directors (the “Board”) adopted employee equity bonus plans (the “Bonus Plans”), which allow the recipients to earn fully vested shares of the Company’s Class A Common Stock upon the achievement of quarterly service and performance conditions. During the year ended December 31, 2022 and 2021, 813,330 and 173,441 RSUs were issued under the Company's Key Employee Equity Bonus Plan (“KEEB Plans”), respectively. The total requisite service period of each quarterly award is approximately 0.4 years.

The unrecognized share-based compensation expense as of December 31, 2022 was approximately $4.4 million, which will be recognized over the remaining service period of 0.1 years. The shares issued under the KEEB Plans will be issued from the reserve of shares available for issuance under the 2013 Plan.

In general, it is the Company’s practice and intention to reinvest the earnings of its non-U.S. subsidiaries in those operations. Because the Company’s non-U.S. subsidiary earnings have previously been subject to the one-time transition tax on foreign earnings required by the 2017 Tax Act, any additional taxes due with respect to such earnings or the excess of the amount for financial reporting over the tax basis of its foreign investments would generally be limited to foreign withholding taxes and/or U.S. state income taxes.

As of December 31, 2022, the Company has federal net operating loss carryforwards of approximately $1.9 billion, of which approximately $193.4 million expire between 2033 and 2037 and the remainder do not expire. As of December 31, 2022, the Company had state net operating loss carryforwards of approximately $1.3 billion which will begin to expire in 2023. The Company also has research credit carryforwards for federal and California tax purposes of approximately $63.2 million and $41.0 million, respectively, available to reduce future income subject to income taxes. The federal research credit carryforwards will begin to expire in 2028 and the California research credits carry forward indefinitely.

The Internal Revenue Code of 1986, as amended, imposes restrictions on the utilization of net operating losses in the event of an “ownership change” of a corporation. Accordingly, a company’s ability to use net operating losses may be limited as prescribed under Internal Revenue Code Section 382 (“IRC Section 382”). Events which may cause limitations in the amount of the net operating losses that the Company may use in any one year include, but are not limited to, a cumulative ownership change of more than 50% over a three-year period. Utilization of the federal and state net operating losses may be subject to substantial annual limitation due to the ownership change limitations provided by the IRC Section 382 and similar state provisions.

The Company’s management believes that, based on a number of factors, it is more likely than not, that all or some portion of the deferred tax assets will not be realized; and accordingly, for the year ended December 31, 2022, the Company has provided a valuation allowance against the Company’s U.S. net deferred tax assets. The net change in the valuation allowance for the years ended December 31, 2022 and 2021 was an increase of $244.1 million and $170.2 million, respectively.

The following shows the changes in the gross amount of unrecognized tax benefits as of December 31, 2022 (in thousands):
In accordance with ASC 740-10, *Income Taxes*, the Company has adopted the accounting policy that interest and penalties recognized are classified as part of its income taxes.

The Company does not anticipate that its total unrecognized tax benefits will significantly change due to settlement of examination or the expiration of statute of limitations during the next 12 months. Included in the balance of unrecognized tax benefits as of December 31, 2022 are $0.3 million of tax benefit that, if recognized, would affect the effective tax rate. Otherwise, as a result of the full valuation allowance as of December 31, 2022, current adjustments to the unrecognized tax benefit will not have an impact on our effective income tax rate. Any adjustments made after the valuation allowance is released will have an impact on the tax rate.

The Company files U.S. and foreign income tax returns with varying statutes of limitations. Due to the Company’s net carry-over of unused operating losses and tax credits, all years from 2003 forward remain subject to future examination by tax authorities.

**Note 12. Basic and Diluted Net Loss Per Share**

Basic net loss per share is computed by dividing the net loss by the weighted-average number of shares of common stock outstanding during the period. Diluted net loss per share is computed by giving effect to all potential shares of common stock, stock options, restricted stock units, ESPP, convertible senior notes, and convertible preferred stock, to the extent dilutive. For the years ended December 31, 2022, 2021 and 2020, all such common stock equivalents have been excluded from diluted net loss per share as the effect to net loss per share would be anti-dilutive.

The following table sets forth the computation of the Company’s basic and diluted net loss per share of common stock (in thousands, except per share data):

Under the terms of the respective Notes Indentures, effective January 1, 2022, the Company made an irrevocable election to settle the principal portion of the Notes only in cash, with the conversion premium to be settled in cash or shares.
Upon the adoption of ASU No. 2020-06 on January 1, 2022, the Company calculates the potential dilutive effect of its 2025 Notes and 2026 Notes under the if-converted method. Under this method, only the amounts settled in excess of the principal will be considered in diluted earnings per share, in line with the terms of the Notes Indentures.

The denominator for diluted net income per share does not include any effect from the capped call transactions the Company entered into concurrently with the issuance of the 2023, 2025, and 2026 Notes as this effect would be anti-dilutive. In the event of conversion of the Notes, if shares are delivered to the Company under the capped call, they will offset the dilutive effect of the shares that the Company would issue under the Notes.

**Note 13. 401(k) Plan**

The Company has a qualified defined contribution plan under Section 401(k) of the Internal Revenue Code covering eligible employees. Substantially all of the U.S. employees are eligible to make contributions to the 401(k) plan. The Company matches 401(k) based on the amount of the employees’ contributions subject to certain limitations. Employer contributions were $6.9 million, $6.7 million, and $5.4 million for the years ended December 31, 2022, 2021 and 2020.

**Note 14. Related Party Transactions**

In the ordinary course of business, the Company made purchases from Google Inc., at which one of the Company’s directors previously served as President, Americas. Total payables to Google Inc. at December 31, 2022 and 2021 were $1.9 million and $3.0 million, respectively. Total expenses incurred from Google Inc. in 2022, 2021, and 2020 were $24.3 million, $24.7 million, and $23.6 million, respectively.

**Note 15. Restructuring Activities**

On November 7, 2022, the Company’s board of directors approved a reduction in force plan (the “Q4’22 Plan”) as part of broader efforts to align the Company’s cost base with its strategic priorities in the current environment. The Q4’22 Plan is expected to reduce the Company’s full-time employees by approximately 10%, primarily consisting of severance payments, employee benefits and related costs. The Company expects to incur aggregate restructuring costs associated with the Q4’22 Plan of approximately $15.5 million, of which approximately $10.2 million was recognized through December 31, 2022. Prior to approval of the Q4’22 Plan, the Company incurred approximately $8.0 million of restructuring costs for the year ended December 31, 2022 in connection with the Company’s strategy to optimize its cost structure and improve its operational efficiencies, which were substantially completed as of December 31, 2022. The Company estimates the remaining costs of approximately $5.5 million associated with the Q4’22 Plan to be substantially complete by the first quarter of 2023, subject to local law and consultation requirements, which may extend the process beyond the first quarter of 2023 in certain countries.

The following table summarizes the Company’s restructuring costs that were recorded as an operating expense in the accompanying Consolidated Statement of Operations for the year ended December 31, 2022 (in thousands):

Note 16. Subsequent Events

Share Repurchase Program

On February 13, 2023, the Company's board of directors authorized a share repurchase program under which it may repurchase up to $175 million of the Company's outstanding shares of Class A Common Stock. Under the program, share repurchases may be made at the Company's discretion from time to time in open market transactions, privately negotiated transactions, or other means, subject to a minimum cash balance. The program does not obligate the Company to repurchase any specific dollar amount or to acquire any specific number of shares of its Class A Common Stock. The timing and number of any shares repurchased under the program will depend on a variety of factors, including stock price, trading volume, and general business and market conditions. The authorization is effective until December 31, 2023.

Credit Agreement

On February 14, 2023, the Company entered into a Credit Agreement (the "Credit Agreement"), among the Company, the lenders from time to time party thereto and Bank of America, N.A., as administrative agent (in such capacity, the "Administrative Agent") and as collateral agent (in such capacity, the "Collateral Agent"). The Credit Agreement provides for a $200.0 million revolving loan facility (the "Revolving Facility"), with a $25.0 million sublimit for the issuance of letters of credit, and a $400.0 million delayed draw term loan facility (the "Term Facility"). The obligations under the Credit Agreement and the other loan documents are guaranteed by certain material domestic subsidiaries of the Company, and secured by substantially all of the personal property of the Company and such subsidiary guarantors. As of the date of this filing, no loans or letters of credit were outstanding under the Credit Agreement.

The proceeds of the loans under the Revolving Facility may be used for working capital and general corporate purposes. To the extent drawn, the proceeds of the loans under the Term Facility must be used to repurchase, repay, acquire or otherwise settle a portion of the 2025 Notes and/or the 2026 Notes.
ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as of the end of the period covered by this Annual Report on Form 10-K.

In designing and evaluating our disclosure controls and procedures, management recognizes that any disclosure controls and procedures, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures must reflect the fact that there are resource constraints and that management is required to apply its judgment in evaluating the benefits of possible controls and procedures relative to their costs.

Based on management’s evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures are designed to, and are effective to, provide assurance at a reasonable level that the information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosures.

Management’s Annual Report on Internal Controls Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rules 13a-15(f) and 15d-15(f). Under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting as of December 31, 2022 based on the guidelines established in the Internal Control—Integrated Framework (2013 framework) issued by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”).

Our internal control over financial reporting includes policies and procedures that provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external reporting purposes in accordance with U.S. generally accepted accounting principles.

The effectiveness of our internal control over financial reporting as of December 31, 2022 has been audited by KPMG LLP, an independent registered public accounting firm, as stated in its report which is included in Item 8 in this Annual Report on Form 10-K.

Changes in Internal Control Over Financial Reporting

There are no changes in our internal control over financial reporting identified in connection with the evaluation required by Rule 13a-15(d) and 15d-15(d) of the Exchange Act that occurred during the quarter ended December 31, 2022, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Inherent Limitations on Effectiveness of Controls

Our management, including our chief executive officer and chief financial officer, do not expect that our disclosure controls or our internal control over financial reporting will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people or by management override of the controls. The design of any system of controls is also based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will
succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

ITEM 9B. OTHER INFORMATION

On February 18, 2023, Sridhar Srinivasan notified the Company that he was resigning from the Company’s board of directors, effective immediately. Mr. Srinivasan confirmed that his resignation was not the result of any disagreement with the Company or management on any matter relating to the Company’s operations, policies or practices.

Director Independence

Under the rules of the NYSE, independent directors must comprise a majority of a listed company’s board of directors within a specified period of the completion of its initial public offering. In addition, the rules of the NYSE require that, subject to specified exceptions, each member of a listed company’s audit, compensation and nominating and corporate governance committees be independent. Under the rules of the NYSE, a director is independent only if our board of directors makes an affirmative determination that the director has no material relationship with us.

Our board of directors undertook a review of its composition, the composition of its committees and the independence of each director. The determination of our board of directors was based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships. In making this determination, our board of directors considered the relationships that each non-employee director has with us and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

With respect to Mr. Thygesen, our board of directors specifically considered that Mr. Thygesen previously served as president, Americas at Google Inc. (though he was not an executive officer at Google Inc. or its parent company, Alphabet Inc.) and the terms and value of the search engine optimization/search engine marketing agreement we have with Google Inc. as well as the suite of Google apps and services that we license from Google Inc. In addition, our board of directors has specifically considered that Mr. Thygesen is Chief Executive Officer of DocuSign, Inc., a vendor of the Company. Our board of directors has concluded that our relationships with Google Inc. and DocuSign, Inc. would not impede the exercise of independent judgment by Mr. Thygesen.

Our board of directors has determined that all of the members of our board of directors, except our CEO, Mr. Shmunis, are “independent” as defined in the applicable NYSE rules and applicable rules and regulations of the SEC.

Leadership Structure

Mr. Shmunis currently serves as both Chairman of our board of directors and CEO. Our board of directors believes that the current board leadership structure, coupled with a strong emphasis on board independence, provides effective independent oversight of management while allowing the board and management to benefit from Mr. Shmunis’s leadership, Company specific experience and years of experience as an executive in the technology industry. Serving on our board of directors and as CEO since our founding in 1999, Mr. Shmunis is best positioned to identify strategic priorities, lead critical discussion and execute our strategy and business plans. Mr. Shmunis possesses detailed in-depth knowledge of the issues, opportunities and challenges facing us. Independent directors and management sometimes have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside of our Company, while the CEO brings Company specific experience and expertise. The board of directors believes that Mr. Shmunis’s
combined role enables strong leadership, creates clear accountability and enhances our ability to communicate our message and strategy clearly and consistently to stockholders.

**Lead Independent Director**

Our corporate governance guidelines provide that one of our independent directors should serve as a lead independent director at any time when the Chairman is not independent. Because our CEO, Mr. Shmunis, is our Chairman, our board of directors appointed Mr. Theis to serve as our lead independent director. Our lead independent director presides over periodic meetings of our independent directors, serves as a liaison between our Chairman and the independent directors and performed such additional duties as our board of directors otherwise determines and delegates from time to time.

**Board Committees**

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Our board of directors may establish other committees from time to time. The charters for each of our committees are available on our website at ir.ringcentral.com.

**Audit Committee**

Our audit committee oversees our accounting and financial reporting process and the audit of our financial statements and assists our board of directors in monitoring our financial systems and our legal and regulatory compliance. Our audit committee is responsible for, among other things:

- appointing, approving the compensation of, supervising, evaluating and assessing the independence of our independent registered public accounting firm;
- pre-approving auditing and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;
- reviewing annually a report by the independent registered public accounting firm regarding the independent registered public accounting firm’s internal quality control procedures and various issues relating thereto;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;
- coordinating the oversight and reviewing the adequacy of our internal control over financial reporting with both management and the independent registered public accounting firm;
- establishing policies and procedures for the receipt and retention of accounting related complaints and concerns, including a confidential, anonymous mechanism for the submission of concerns by employees;
- periodically reviewing legal compliance matters, including securities trading policies, periodically reviewing significant accounting and other financial risks or exposures to our Company and reviewing and, if appropriate, approving all transactions between our Company or its subsidiaries and any related party (as described in Item 404 of Regulation S-K);
- periodically reviewing our Code of Business Conduct and Ethics;
- establishing policies for the hiring of employees and former employees of the independent registered public accounting firm; and
- reviewing the audit committee report required by SEC rules to be included in our annual proxy statement.

The audit committee has the power to investigate any matter brought to its attention within the scope of its duties and the authority to retain counsel and advisors to fulfill its responsibilities and duties.

Our audit committee is currently comprised of Kenneth Goldman, Tarek Robbiati, Rob Theis and Neil Williams, who is the chairperson of the committee. Our board of directors has designated Kenneth Goldman, Tarek Robbiati, Rob Theis and
Neil Williams as “audit committee financial experts,” as defined under the rules of the SEC implementing Section 407 of the Sarbanes Oxley Act of 2002.

Our board of directors has considered the independence and other characteristics of each member of our audit committee and has concluded that the composition of our audit committee meets the requirements for independence under the current requirements of the NYSE and SEC rules and regulations. Audit committee members must satisfy additional independence criteria set forth under Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In order to be considered independent for purposes of the Rule 10A-3, an audit committee member may not, other than in his or her capacity as a member of the audit committee, accept consulting, advisory or other fees from us or be an affiliated person of us. Each of the members of our audit committee qualifies as an independent director pursuant to Rule 10A-3.

No member of our audit committee should simultaneously serve on the audit committee of more than two additional public companies unless our board of directors determines that such simultaneous service would not impair the ability of such member to effectively serve on the audit committee and discloses such determination in accordance with the requirements of the NYSE. Our board of directors has considered Mr. Goldman’s simultaneous service on the audit committees of RingCentral and three other public companies and has determined that such simultaneous service does not impair his ability to effectively serve as a member of our audit committee.

Compensation Committee

Our compensation committee oversees our compensation policies, plans and programs. The compensation committee is responsible for, among other things:

• reviewing and recommending policies, plans and programs relating to compensation and benefits of our directors, officers and employees;
• annually reviewing and approving corporate goals and objectives relevant to compensation of our chief executive officer and other executive officers;
• annually evaluating the performance of our chief executive officer in light of such corporate goals and objectives and recommending the compensation of our chief executive officer and our other executive officers to the board of directors for its approval;
• administering our equity compensations plans for our employees and directors; and
• reviewing for inclusion in this Form 10-K the report of the compensation committee required by the SEC.

The compensation committee also has the power to investigate any matter brought to its attention within the scope of its duties and the authority to retain counsel and advisors to fulfill its responsibilities and duties.

Our compensation committee is currently comprised of Tarek Robbiati, Robert Theis and Allan Thygesen, who is the chairperson of the committee. Our board of directors has determined that each member of the compensation committee is an independent director for compensation committee purposes as that term is defined in the applicable rules of the NYSE and is a “non-employee director” within the meaning of Rule 16b-3(d)(3) promulgated under the Exchange Act.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee, or nominating committee, oversees and assists our board of directors in reviewing and recommending corporate governance policies and nominees for election to our board of directors and its committees. The nominating committee is responsible for, among other things:

• evaluating and making recommendations regarding the organization and governance of our board of directors and its committees and changes to our certificate of incorporation and bylaws and stockholder communications;
• reviewing succession planning for our chief executive officer and other executive officers and evaluating potential successors;
• assessing the performance of board members and making recommendations regarding committee and chair assignments and composition and size of our board of directors and its committees;
The nominating committee also has the power to investigate any matter brought to its attention within the scope of its duties. It also has the authority to retain counsel and advisors to fulfill its responsibilities and duties.

Our nominating committee is currently comprised of Robert Theis and Kenneth Goldman, who is the chairperson of the committee. Each of the nominating committee members is an independent director for nominating committee purposes as that term is defined in the applicable rules of the NYSE.

Considerations in Evaluating Director Nominees

The nominating committee uses a variety of methods for identifying and evaluating director nominees. In its evaluation of director candidates, the nominating committee will consider the current size and composition of the board of directors and the needs of the board of directors and the respective committees of the board of directors. Some of the qualifications that the nominating committee considers include, without limitation, issues of character, integrity, judgment, diversity (with respect to diversity, such factors as gender, gender identity, sexual orientation, race, ethnicity, differences in professional background, education, skill and other individual qualities and attributes that contribute to the total mix of viewpoints and experience represented on the board of directors), independence, area of expertise, corporate experience, length of service, potential conflicts of interest and other commitments. The nominating committee requires the following minimum qualifications to be satisfied by any nominee for a position on our board of directors, (1) the highest personal and professional ethics and integrity, (2) proven achievement and competence in the nominee’s field and the ability to exercise sound business judgment, (3) skills that are complementary to those of the existing members of our board of directors, (4) the ability to assist and support management and make significant contributions to the Company’s success, and (5) an understanding of the fiduciary responsibilities that are required of a member of our board of directors, and the commitment of time and energy necessary to diligently carry out those responsibilities. Other than the foregoing, there are no stated minimum criteria for director nominees, although the nominating committee may also consider such other factors as it may deem, from time to time, are in our and our stockholders’ best interests. The nominating committee may also take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the nominating committee, the board of directors or management.

Although the board of directors does not maintain a specific policy with respect to board diversity, the board of directors believes that the board should be a diverse body and is committed to increasing board diversity. Accordingly, the nominating committee considers a broad range of backgrounds, experiences and other factors as it oversees the annual board of director and committee evaluations. After completing its review and evaluation of director candidates, the nominating committee recommends to the full board of directors the director nominees for selection.

Stockholder Recommendations for Nominations to the Board of Directors

The nominating committee will consider candidates for director recommended by stockholders holding at least one percent (1%) of the fully diluted capitalization of the Company continuously for at least twelve (12) months prior to the date of the submission of the recommendation, so long as such recommendations comply with the certificate of incorporation and bylaws of our Company and applicable laws, rules and regulations, including those promulgated by the SEC. The committee will evaluate such recommendations in accordance with its charter, our bylaws, our policies and procedures for director candidates, as well as the regular nominee criteria described above. This process is designed to ensure that the board of directors includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to our business. Eligible stockholders wishing to recommend a candidate for nomination should contact our General Counsel or our Legal Department in writing. Such recommendations must include the information about the candidate, relevant qualifications, a signed letter from the candidate confirming willingness to serve, a statement of support by the recommending
Corporate Governance Guidelines and Code of Business Conduct and Ethics

We have adopted Corporate Governance Guidelines that address items such as the qualifications and responsibilities of our directors and director candidates and corporate governance policies and standards applicable to us in general. In addition, we have adopted a Code of Business Conduct and Ethics that is applicable to all of our employees, officers and directors, including our chief executive and senior financial officers. The Corporate Governance Guidelines and Code of Business Conduct and Ethics are available on our website at ir.ringcentral.com. We expect that any amendment to the Code of Business Conduct and Ethics, or any waivers of its requirements, will be disclosed on our website.

Risk Management

Risk is inherent with every business, and we face a number of risks, including strategic, financial, business and operational, legal and compliance, and reputational. We have designed and implemented processes to manage risk in our operations. Management is responsible for the day-to-day management of risks the Company faces, while our board of directors, as a whole and assisted by its committees, has responsibility for the oversight of risk management. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are appropriate and functioning as designed.

Our board of directors believes that open communication between management and the board of directors is essential for effective risk management and oversight. Our board of directors meets with members of the senior management team at regular board meetings, where, among other topics, they discuss strategy and risks facing the Company.

While our board of directors is ultimately responsible for risk oversight, our board committees assist the board of directors in fulfilling its oversight responsibilities in certain areas of risk. The audit committee assists our board of directors in fulfilling its oversight responsibilities with respect to risk management in the areas of significant accounting and other financial risk exposure, and discusses with management and the independent auditor guidelines and policies with respect to risk assessment and risk management. The audit committee also reviews management’s assessment of the key risks facing us, including the key controls it relies on to mitigate those risks. The audit committee also monitors certain key risks at each of its regularly scheduled meetings, such as risk associated with internal control over financial reporting, liquidity risk, legal and regulatory compliance, data privacy, security (including cybersecurity) and enterprise-level risk assessment and management. The nominating committee assists our board of directors in fulfilling its oversight responsibilities with respect to the management of risk associated with board organization, membership and structure, and corporate governance, as well as risks attributable to environmental, social, and governance (ESG) policies and other programs supporting the sustainable growth of the business. The compensation committee assesses risks created by the incentives inherent in our compensation philosophy and practices. Finally, the full board of directors reviews strategic and operational risk in the context of reports from the management team, receives reports on all significant committee activities at each regular meeting, and evaluates the risks inherent in significant transactions.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee is an officer or employee of our Company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Non-Employee Director Compensation

Our board of directors has approved a compensation program for non-employee directors to attract, retain and reward its qualified directors and align the financial interests of the non-employee directors with those of our stockholders.

The compensation committee has the primary responsibility for reviewing and approving the compensation paid to non-employee directors. The compensation committee reviews at least annually the type and form of compensation paid to our non-employee directors, which includes a market assessment and analysis by our independent compensation consulting firm, Compensia, Inc. (“Compensia”) regarding practices at comparable companies. As part of this analysis, Compensia reviews non-employee director compensation trends and data from companies comprising the same executive compensation peer group used by the compensation committee in connection with its review of executive compensation. Based on this review, the
compensation committee has made adjustments to the non-employee director compensation program, most recently in July 2021, in an effort to provide competitive compensation opportunities for our non-employee directors.

Pursuant to this compensation program, each non-employee director receives cash and equity compensation for board services as described below. In addition, we reimburse our non-employee directors for expenses incurred in connection with attending board and committee meetings as well as continuing director education.

**Cash Compensation**

Our non-employee directors are entitled to receive the following cash compensation for their services:

- $50,000 per year for service as a board member;
- $30,000 per year for service as lead independent director;
- $30,000 per year for service as chair of the audit committee;
- $20,000 per year for service as chair of the compensation committee;
- $15,000 per year for service as chair of the nominating committee;
- $12,500 per year for service as member of the audit committee;
- $10,000 per year for service as member of the compensation committee; and
- $5,000 per year for service as member of the nominating committee.

All cash payments to non-employee directors are paid quarterly in arrears.

From time to time, non-employee directors may also be compensated, generally in cash, for serving on a special or sub-committee of the Board.

**Equity Compensation**

Our non-employee directors are entitled to receive the following equity compensation:

On the first trading day on or after June 1 of each year, each non-employee director will be granted an award RSUs having an award value (as determined based on the fair value of the award on the date of grant) of $300,000, which award will vest in full on the date that is the earlier of: (i) the next annual meeting of stockholders and (ii) one year from the date of grant, subject to the non-employee director continuing to be a service provider through such vesting date.

In addition, each person who becomes a non-employee director will receive an award of RSUs having an award value (as determined based on the fair value of the award on the date of grant) equal to (i) $600,000 multiplied by (ii) a fraction, the numerator of which is the number of months between the date the non-employee director becomes a member of the board and the first trading day on or after June 1 following such date and the denominator of which is 12. The date of grant for this award will be the date the non-employee director joins the board, or, if such date occurs during a Company blackout period, the fifth trading day following the expiration of such Company blackout period and any special blackout period in effect, subject to the director remaining on the board through the grant date. This grant will vest in full on the date that is one year from the date of grant, subject to the non-employee director continuing to be a service provider through such vesting date.

In the event of a change in control, 100% of the non-employee director’s outstanding and unvested equity awards will immediately vest and, if applicable, become exercisable. In no event will an award granted under the policy be greater than the non-employee director limits set forth in our 2013 Plan.

The following table shows, for the fiscal year ended December 31, 2022, certain information with respect to the compensation of all of our non-employee directors.

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act, requires that our executive officers and directors, and persons who own more than 10% of our common stock, file reports of ownership and changes of ownership with the SEC. Such directors, executive officers and 10% stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

SEC regulations require us to identify anyone who filed a required report late during the most recent year. Based on our review of forms we received, or written representations from reporting persons stating that they were not required to file these forms, we believe that during our fiscal ended December 31, 2022, all Section 16(a) filing requirements were satisfied on a timely basis, except for one late Form 4 filing that was filed on behalf of Mr. Agarwal, our Chief Accounting Officer and deputy Chief Financial Officer, on August 4, 2022. Such late filing did not result in any liability under Section 16(b) of the Exchange Act.

2022 Executive Compensation Highlights

Consistent with our compensation philosophy and objectives, the compensation committee took the following actions with respect to the compensation of our named executive officers for 2022:

• **Base Salary**—Adjusted base salary amounts for certain named executive officers to reflect market conditions described in the “Base Salary” section below;

• **Non-Equity Incentive Plan Compensation**—Approved a bonus plan for our named executive officers that paid out only if we achieved quarterly revenue and Non-GAAP operating margin goals that were set to be aggressive and achievable with strong leadership from our executive team described in the “Annual Incentive Compensation” section below. Quarterly payouts under the plan were made in the form of RSUs that were fully vested upon grant (or for certain of the RSUs granted to Mr. Shmunis, on the first trading day after the grant date) in order to conserve cash resources and further align the interests of our stockholders and our executive officers, described in the “Annual Incentive Compensation” section below;

• **Annual Equity Compensation**—Granted RSUs as part of our annual compensation in an effort to retain our named executive officers, provide incentives for them to continue to grow our business and enhance the link between their interests and the interests of our stockholders described in the “Equity Compensation” section below; and

• **Other Equity Compensation**—Granted (i) an equity award of 4,769 RSUs to Mr. Shmunis in April 2022 (effective in May 2022) in lieu of payment of $494,530 of his base salary for the period April 1, 2022 through March 31, 2023, (ii) equity awards to Mr. Katibeh and Ms. Parekh in connection with their hire, (iii) equity awards to Mr. Katibeh and Mr. Agarwal in connection with their appointment as President and interim Chief Financial Officer, respectively, and (iv) an equity award of 4,673 RSUs to Mr. Marlow in March 2022 to bolster the retention value of his unvested equity awards, and (v) a special retention equity award of 35,175 RSUs to Mr. Agarwal.

Compensation Philosophy and Objectives

The overall objective of our executive compensation program is to tie executive compensation to the performance of our Company. Our executive compensation is designed with a mix of short-term and long-term components, cash and equity elements and fixed and contingent payments in proportions that we believe provide appropriate incentives to retain and motivate our named executive officers, and other senior executives and management team and help to achieve success in our business.

Our future success depends, in part, on our ability to continue to attract and retain highly skilled personnel. Our executive compensation program seeks to achieve this objective by ensuring that we can:

- Reward talented executives, who possess the proven experience, knowledge, skills, and leadership criteria;
- Motivate our executive officers by giving them a stake in our growth and prosperity and encouraging the continuance of their services with us; and
- Align the interests of stockholders and named executive officers without creating an incentive for inappropriate risk-taking.

Based on this philosophy, we have designed our executive compensation program to encourage the achievement of strong overall financial results, particularly revenue growth and Non-GAAP operating margin.

Executive Compensation Policies and Practices

We endeavor to maintain compensation policies and practices that are consistent with sound governance standards. We believe it is important to provide competitive compensation packages and a high-quality work environment in order to hire, retain and motivate key personnel. Our compensation committee evaluates our executive compensation program on an ongoing basis to ensure that it is consistent with our short-term and long-term goals given the nature of the market in which we compete for key personnel. The following policies and practices were in effect during 2022:

- **Independent Compensation Committee.** Our compensation committee is comprised solely of independent directors who have established effective means for communicating with each other and with stockholders, and implementing their executive compensation ideas, as well as addressing concerns;
- **Compensation Consultant.** Our compensation committee engaged its own compensation consultant, Compensia, to assist with its 2022 compensation reviews. Compensia performed no other consulting or other services for us;
- **Annual Executive Compensation Review.** Our compensation committee conducts an annual review and approval of our compensation strategy, including a review of our compensation peer group used for comparative purposes;
- **Performance-Based Compensation.** Our executive compensation program is designed so that a significant portion of compensation is performance-based, and therefore “at risk,” dependent upon corporate performance, as well as equity-based to align the interests of our executive officers with our stockholders. The overall performance and contribution of the executive is also considered in determining each individual’s compensation;
- **Minimal Perquisites and Special Benefits.** The members of our executive team are eligible to participate in broad-based Company-sponsored retirement, health and welfare benefits programs on the same basis as our other full-time, salaried employees. At this time, we do not regularly provide any perquisites or other personal benefits to the members of our executive team;
- **No “Golden Parachute” Tax Reimbursements.** We do not provide any tax reimbursement payments (including “gross-ups”) on any tax liability that our executive officers might owe as a result of the application of Sections 280G or 4999 of the Internal Revenue Code (the “Code”);
- **No Hedging and Pledging.** Our Insider Trading Policy prohibits our employees, including our executive officers and the members of our board of directors, from hedging any Company securities and from pledging any Company securities as collateral for a loan;
- **No “Single-Trigger” Change-in-Control Arrangements; “Double-Trigger” Change-in-Control Arrangements.** There are no payments and benefits that are payable solely as a result of a change-in-control in the Company. All
change-in-control payments and benefits are based on a “double-trigger” arrangement (that is, they require both a change-in-control of our Company plus an involuntary termination of employment before payments and benefits are paid); and

• Stockholder Advisory Votes on Named Executive Officer Compensation. Our stockholders have an opportunity to cast an advisory vote to (i) approve our named executive officers’ compensation and (ii) approve the frequency of the vote to approve the named executive officers’ compensation. Our stockholders have voted in favor of annual advisory votes on the named executive officers’ compensation. At the 2022 annual meeting of stockholders, approximately 69% of the votes cast voted to approve our named executive officers’ compensation. We believe that the results of this vote affirm our stockholders’ support of our approach to executive compensation, and therefore we have not made any significant changes to our executive compensation program. We will consider the results from this year’s and future years’ stockholder advisory votes on named executive officer compensation when making decisions about our executive compensation program. No changes in the overall structure of the programs were made in 2022.

Compensation-Setting Process

Compensation Committee

Each year, our compensation committee conducts a review of our executive compensation program and related policies and practices. At the beginning of each year, the compensation committee assesses the prior year performance and establishes bonus targets and metrics for the current year and annual equity award grants for our named executive officers. In addition, the compensation committee reviews and determines the base salary of our named executive officers. In determining the compensation of the members of our executive team, including our named executive officers, for 2022, our compensation committee reviewed the compensation arrangements, including base salary, target bonus and equity compensation, of our executive officers and considered an analysis of competitive market data presented by the compensation committee’s advisor, Compensia, a national compensation consulting firm that provides executive compensation advisory services, as well as our overall strategic business plan. Market data was used primarily as a reference point for measuring the competitive marketplace, and was one factor among others, used by the compensation committee in determining executive compensation. Other factors the compensation committee considers in making its executive compensation decisions include: input from our CEO, COO, and CAdO (except regarding their own compensation), past individual performance and expected future performance, vesting status and value of existing equity awards, and internal pay equity based on the impact of business and performance.

Role of Management

In carrying out its responsibilities, the compensation committee works with members of our management, including our CEO, President and COO, and CAdO. Typically, these members of management and our CFO assist the compensation committee in developing the annual bonus plans based on metrics that contain attainable target levels that are achievable through the commitment and leadership of our executive officers. Our CEO provides recommendations on compensation matters for our employees in general and all of his direct reports, including our executive officers. The CEO, President and COO, CAdO and CFO usually attend compensation committee meetings. No members of management participate in discussions or decisions regarding their own compensation and none of them are present when their own compensation is determined.

Role of Compensation Consultant

Compensia has been engaged by and serves as the compensation committee’s compensation consultant. Compensia reviews the compensation arrangements of the members of our executive team and generally assists the compensation committee in analyzing executive officer and employee compensation, and the compensation of non-employee members of our board of directors. Compensia provides support for the compensation committee by attending meetings of the compensation committee, providing recommendations regarding the composition of our compensation peer group, analyzing compensation data and formulating recommendations for executive and non-employee director compensation. Our compensation committee also works directly with Compensia from time to time to obtain additional information or clarity regarding data provided by Compensia, and also requests specific analyses to assist the compensation committee in the design and structure of our executive and non-employee director compensation programs.

The compensation committee has determined that the work of Compensia does not give rise to any “conflict of interest” in accordance with Item 407(c)(3) (iv) of Regulation S-K and the listing standards of the NYSE.
**Competitive Positioning**

In setting executive compensation, our compensation committee uses publicly-available data on the compensation policies and practices of comparable publicly-traded companies as a reference to understand the competitive market for executive talent. With respect to decisions regarding the 2022 compensation of the members of our executive team, including the named executive officers, our compensation committee reviewed an analysis prepared by Compensia of competitive market data derived from the companies in the following compensation peer group (which was approved by our compensation committee in January 2022):

In selecting the companies that comprised the compensation peer group, the compensation committee focused primarily on public companies in the same or similar country or countries of operation, industry group and financial comparability, which include revenue and market capitalization. The companies that comprise the peer group are our competitors in the labor and capital markets and have similar growth and performance potential.

This competitive market data was used as a reference in the course of our compensation committee’s review and evaluation of our executive compensation program and decisions regarding executive compensation in 2022. The competitive market data is useful to understand market practice and to provide a general context for its decisions. The compensation committee determines the nature and the extent of the use of market data, which varies by executive. Actual compensation is based on individual performance, experience, responsibilities and other criteria selected by our compensation committee. While the compensation committee does not target any component of our executive compensation program to a particular level versus the competitive market, our compensation committee generally refers to a range of the 50th to the 75th market percentile when making its executive compensation decisions. The competitive market data was not used to benchmark the compensation for our named executive officers.

**Compensation Overview**

Our executive compensation program for 2022 consisted of the following principal compensation elements:

- Base salary (with our CEO receiving a special equity award in lieu of amounts that would have otherwise been paid as base salary and our other named executive officers receiving a portion of their base salaries in the form of fully vested RSUs);

- Annual incentive compensation paid if earned in the form of RSUs each quarter; and

- Long-term incentive compensation in the form of annual grants of time-based RSUs, equity awards granted in connection with the hire or appointment of certain named executive officers, an equity award to our CAdO to bolster the retention value of his unvested equity awards, and a special retention equity award to our Chief Accounting Officer.

We are committed to providing appropriate cash and equity incentives to compensate our named executive officers in a manner that our compensation committee determines is reasonable and appropriate to motivate and retain key talent.

**Base Salary**

Base salary is a customary, fixed element of compensation intended to attract and retain our named executive officers and compensate them for their day-to-day efforts. Our board of directors and/or the compensation committee reviews base salary every year, as well as at the time of a promotion or other change in responsibilities, and considers each executive officer’s performance, prior base salary level, the competitive market data, breadth of role, and the other factors described in the “Compensation Setting Process—Compensation Committee” section above. Our board of directors and the compensation committee do not target base pay at any particular level versus the competitive market data. In 2022, Mr. Shmunis’s base salary...
was decreased at his request, and Messrs. Marlow and Agarwal received adjustments to their base salaries to (i) reflect changes to the competitive market, (ii) retain these named executive officers to grow and expand our business, and (iii) in the case of Mr. Agarwal, to reflect his appointment as interim Chief Financial Officer. These base salary changes were effective on April 1, 2022. Mr. Katibeh’s and Ms. Parekh’s base salaries at hire were determined through arm’s-length negotiation. In connection with his appointment as President, in May 2022, Mr. Katibeh received a $100,000 increase to his base salary (from $500,000 to $600,000).

In November 2021, our compensation committee approved the 2022 NEO Equity Compensation Program (the “NEO Equity Compensation Program”), which provided each then-named executive officer (other than Mr. Shmunis) the opportunity to receive all but $60,000 of his or her base salary for 2022 in the form of awards of fully vested RSUs to be granted under the 2013 Plan on the first trading day on or after January 3, February 15, May 15, August 15, and November 15 of 2022. The number of RSUs a participating named executive officer received on each grant date equaled the portion of his or her salary for the applicable period (as noted below) that was to be paid in RSUs divided by the closing price of a share of our Class A Common Stock on the grant date. Messrs. Katibeh, Marlow and Ms. Parekh elected to participate in the NEO Equity Compensation Program.

In November 2021, our compensation committee also approved the 2022 Non-NEO Equity Compensation Program (the “NEO Equity Compensation Program”), which provided each employee at or above the assistant vice president level (other than then-named executive officers) the opportunity to receive all but $135,000 or $60,000 of his or her base salary for 2022 in the form of awards of fully vested RSUs to be granted under the 2013 Plan on the first trading day on or after January 3, February 15, May 15, August 15, and November 15 of 2022. The number of RSUs a participating employee received on each grant date equaled (x) a specified amount (if applicable) plus 105% of the portion of his or her salary for the applicable period (as noted below) that was to be paid in RSUs divided by (y) the closing price of a share of our Class A Common Stock on the grant date. For each participating employee that elected to receive all but $60,000 of his or her 2022 base salary as fully vested RSUs, the specified amount was $5,000 for the first RSU award (granted on January 3, 2022) only. For each participating employee that elected to receive all but $60,000 of his or her 2022 base salary as fully vested RSUs, the specified amount was $3,000 for each of the five RSU awards granted throughout 2022. Mr. Agarwal participated in the Non-NEO Equity Compensation Program and elected to receive all but $135,000 of his 2022 base salary as fully vested RSUs. Our compensation committee determined that it was appropriate to have Mr. Agarwal participate in the Non-NEO Equity Compensation Program rather than the NEO Equity Compensation Program because his appointment as Chief Financial Officer was on an interim basis.

In November 2022, the compensation committee approved similar plans for 2023. Each year the compensation committee will assess whether to continue the NEO Equity Compensation Program and the Non-NEO Equity Compensation Program.

The following table sets forth the 2022 base salary for each of our named executive officers.

The actual base salaries paid to our named executive officers during 2022 are set forth in the Summary Compensation Table below. As described above and in the footnotes to the Summary Compensation Table, portions of the salaries for our named executive officers were paid in the form of RSUs that are listed in the 2022 Grants of Plan-Based Awards Table below.

### Annual Incentive Compensation

The compensation committee establishes annual incentive compensation opportunities under our bonus plan (the “Bonus Plan”). Consistent with our historical practices, bonuses for 2022 under the Bonus Plan were designed to motivate and reward our named executive officers, to perform to the best of their abilities and to achieve our objectives.

#### Target Annual Incentive Opportunities

In March 2022, the compensation committee reviewed the target annual incentive opportunities of Messrs. Shmunis, Marlow, and Agarwal, taking into consideration each named executive officer’s total annual compensation opportunity, the competitive market data with an emphasis generally on the 50th through 75th percentile of total target cash compensation opportunities, breadth of responsibilities and the other factors described in the “Compensation Setting Process—Compensation Committee” section above. Following this review, the compensation committee increased the target annual incentive opportunity for Mr. Agarwal to 75% of his base salary, in connection with his appointment as interim Chief Financial Officer. Mr. Katibeh’s and Ms. Parekh’s target annual incentive opportunities were determined through arm’s-length negotiation when they were hired.

The target annual incentive opportunities of our named executive officers for 2022 were:

#### 2022 Bonus Plan Design and Achievement

For 2022, there are four quarterly performance periods, ending on March 31, June 30, September 30, and December 31. The bonus pool under the Bonus Plan funds based on our achievement against the quarterly target levels established by the compensation committee of the following performance metrics (weighted 50% each): (i) revenues and (ii) Non-GAAP operating margin. These metrics have the following meanings under the Bonus Plan:
In November 2021, our compensation committee approved the 2022 Key Employee Equity Bonus Plan (the “Key Employee Bonus Plan”), which provided that the then-named executive officers will receive any quarterly bonus achieved and payable under the Bonus Plan for 2022 in the form of RSUs granted under the 2013 Plan. The number of RSUs each named executive officer received equaled the dollar value of the quarterly bonus (or for Mr. Agarwal, 105% of his quarterly bonus) divided by the lower of the closing price of a share of our Class A Common Stock (i) on the first trading day of the quarter for which the quarterly bonus is assessed or (ii) on the first trading day on or after May 15, August 15, November 15 or February 15 (or for the RSUs granted to Mr. Shmunis in payment of his bonuses for the first, second, third, and fourth quarters of 2022, the first trading day on or before May 19, August 19, November 19, or February 19) following the quarter for which the quarterly bonus is assessed. In the case of Mr. Agarwal’s third quarter bonus, the dollar value of the bonus was adjusted by our compensation committee to reward him for his exceptional performance. The RSUs issued to our named executive officers

For purposes of the performance periods covering the third and fourth quarters of 2022, the compensation committee determined that revenues would be adjusted for constant currency in light of significant currency fluctuations in the second half of fiscal 2022. The adjusted revenue figure was calculated from the Company’s audited financial statements by restating actual revenue using foreign exchange rates in effect as of December 31, 2021.

With respect to revenues, for 100% of the bonus pool for any particular quarter to fund, 100% to 101% of the quarterly revenues target established by the compensation committee was to be achieved. For each 0.1% of revenues that was achieved above the 101% of the quarterly revenues target established by the compensation committee, the bonus pool with respect to revenue would be increased by 1%, and for each 0.1% of revenue that was achieved below 100% of the quarterly revenues target established by the compensation committee, the bonus pool with respect to revenues would be reduced by 1%.

With respect to Non-GAAP operating margin, for 100% of the bonus pool for any particular quarter to fund, the quarterly Non-GAAP operating margin must be within 0.4 points of the 100% of the quarterly Non-GAAP operating margin target established by the compensation committee (this 0.8-point range, the “quarterly Non-GAAP operating margin target range”). For each 0.1% of the Non-GAAP operating margin that was achieved above the quarterly Non-GAAP operating margin target range, the bonus pool with respect to Non-GAAP operating margin would be increased by 1% (up to a maximum of 120%), and for each 0.1% of Non-GAAP operating margin that was below the quarterly Non-GAAP operating margin target range, the bonus pool with respect to Non-GAAP operating margin would be reduced by 1%.

For the bonus pool under the Bonus Plan to fund for any particular quarter, we had to achieve (i) quarterly revenues at least equal to revenues expected by analyst consensus estimates after we publicly disclosed our guidance for such quarter, and (ii) quarterly Non-GAAP operating margin at least equal to Non-GAAP operating margin expected by analyst consensus estimates after we publicly disclosed our guidance for such quarter.

The following chart sets forth our 2022 quarterly targets against each metric under the Bonus Plan, actual achievement against those targets, and the corresponding percentage payouts to the named executive officer each quarter:

Based upon our actual financial performance as measured against the approved performance metrics and the formula under the Bonus Plan, the payout percentages for each of the four quarters in 2022 were as follows: 104.0% (Q1), 100.0% (Q2), 95.0% (Q3), and 77.0% (Q4).

In November 2021, our compensation committee approved the 2022 Key Employee Equity Bonus Plan (the “Key Employee Bonus Plan”), which provided that the then-named executive officers will receive any quarterly bonus achieved and payable under the Bonus Plan for 2022 in the form of RSUs granted under the 2013 Plan. The number of RSUs each named executive officer received equaled the dollar value of the quarterly bonus (or for Mr. Agarwal, 105% of his quarterly bonus) divided by the lower of the closing price of a share of our Class A Common Stock (i) on the first trading day of the quarter for which the quarterly bonus is assessed or (ii) on the first trading day on or after May 15, August 15, November 15 or February 15 (or for the RSUs granted to Mr. Shmunis in payment of his bonuses for the first, second, third, and fourth quarters of 2022, the first trading day on or before May 19, August 19, November 19, or February 19) following the quarter for which the quarterly bonus is assessed. In the case of Mr. Agarwal’s third quarter bonus, the dollar value of the bonus was adjusted by our compensation committee to reward him for his exceptional performance. The RSUs issued to our named executive officers

122
were fully vested upon grant. In December 2022, the compensation committee approved a similar plan governing 2023 bonuses. Each year the compensation committee will assess whether to continue the Key Employee Bonus Plan.

The aggregate dollar values of the bonuses earned by our named executive officers under the Bonus Plan for 2022 are listed in the “Non-Equity Incentive Compensation” column of the Summary Compensation Table. As described above and in the footnotes to the Summary Compensation Table, each earned quarterly bonus was paid in the form of RSUs that are listed in the 2022 Grants of Plan-Based Awards Table below.

**Equity Compensation**

We use RSUs to deliver long-term incentive compensation opportunities to our named executive officers. Consistent with our compensation objectives, we believe this approach helps to ensure that the interests of the members of executive team are aligned with those of our stockholders and that we are able to attract and reward our top talent. In 2022, the compensation committee determined not to grant stock options to our named executive officers and to grant only RSUs to management in order to better identify the interests of our named executive officers and our stockholders and to reduce our corporate-wide dilution.

The compensation committee does not target equity compensation at any particular level versus the competitive market data, although it uses the range of the 50th percentile to the 75th percentile as a reference point during the course of its deliberations. RSUs serve as a retention tool as they vest based on continued service over time.

In March 2022, our compensation committee approved annual equity awards to Messrs. Shmunis, Katibeh, and Marlow to reward them for our strong corporate performance and their individual performance and to ensure that the equity awards they held were sufficient to continue to provide them with appropriate incentives to continue to grow our business, with such equity award grants becoming effective in March 2022 (or in Mr. Shmunis’s case, April 2022). Each of these annual equity awards vests as to 1/8th of the RSUs on May 20, 2022, and as to 1/16th of the RSUs every three months afterwards, in each case, subject to the applicable named executive officer’s continued service as of each vesting date.

In determining the size of these awards, the compensation committee took into consideration each executive officer’s current vested and unvested equity holdings, competitive market data, and the other factors described in the “Compensation Setting Process-Compensation Committee” section above.

The intended values of the annual equity awards to the named executive officers approved in March 2022 are listed below, and the number of shares covered by each of these equity awards is equal to the award’s intended value divided by the average closing price of a share of our common stock during the first eleven calendar days in the month of March 2022, rounded up to the nearest whole share.

The number of shares covered by the equity award was equal to the award’s intended value of $2,000,000 divided by the average closing price of a share of our common stock during the month of June 2022, rounded up to the nearest whole share. The award was scheduled to vest as to 50% of the RSUs on May 20, 2023, and as to 1/8th of the RSUs every three months afterwards, in each case, subject to Mr. Agarwal’s continued service as of each vesting date. In September 2022, our compensation committee replaced this equity award with an award of 41,984 RSUs. In addition, each named executive officer is entitled to certain vesting acceleration benefits upon a qualifying termination, as described in the “Executive Employment Arrangements” and “Other Change in Control Provisions” sections below.

The grant date fair values of these equity awards granted to our named executive officers in 2022 are listed in the “Stock Awards” column of the Summary Compensation Table and in the 2022 Grants of Plan-Based Awards Table below.

As discussed above, we also issued RSUs to our named executive officers under the Key Employee Bonus Plan in settlement of their annual incentive payments under the Bonus Plan for 2022. These RSUs are listed in the 2022 Grants of Plan-Based Awards Table below.

**Welfare and Other Employee Benefits**

Our named executive officers are eligible to participate in the same group insurance and employee benefit plans generally available to our other salaried employees in the U.S. These benefits include medical, dental, vision, and disability benefits and other plans and programs made available to other eligible employees. We have a qualified defined contribution plan under Code Section 401(k) covering eligible employees, including our named executive officers. All participants in the plan, including each named executive officer, are eligible to make pre-tax contributions. We provide a Company 401(k) plan matching program of 50% of the employee’s contributions up to the lesser of 6% of employee cash compensation and $4,050 per year. All participant 401(k) contributions and earnings, as well as all matching contributions and earnings, are fully and immediately vested.

**Perquisites**

We do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not regularly provide special plans or programs for our named executive officers. However, in 2022, we made payments to Messrs. Shmunis and Marlow to cover the cost associated with filings required to be made by them under the Hart-Scott Rodino Antitrust Improvements Act of 1976 and the associated taxes. These payments were provided to Messrs. Shmunis and Marlow because, absent their status as officers, they would be exempt from such filing requirements as private investors. The total amount of these payments is set forth in the “All Other Compensation” column of the Summary Compensation Table below.

All practices with respect to perquisites or other personal benefits will be subject to review and approval by the compensation committee.

**Post-Employment Compensation**

Our employment arrangements with Messrs. Shmunis, Katibeh and Marlow and Ms. Parekh provide for certain payments and benefits in the event of a qualifying termination of employment, including a termination of employment in connection with a change in control of the Company. We believe that these agreements will enable our named executive officers to maintain their focus and dedication to their responsibilities to help maximize stockholder value by minimizing distractions due to the possibility of an involuntary termination of employment or a termination of employment in connection with a potential change in control of the Company. We also believe that these arrangements further our interest in encouraging retention among our named executive officers.

In addition, our named executive officers are participants in the Company’s Equity Acceleration Policy which contains provisions providing for double-trigger vesting upon certain changes in control, as described in the “Other Change in Control"
Provisions’ section below. We believe this policy provides important retention incentives for our key contributors through and following a change in control.

**Executive Employment Arrangements**

The initial terms and conditions of employment for each of our executive officers (including our named executive officers that remain with us) are set forth in a written employment agreement. Each of these agreements was approved on our behalf by our board of directors or the compensation committee, as applicable.

We develop competitive compensation packages to attract qualified candidates in a highly-competitive labor market. We believe that these arrangements will help the named executive officers maintain continued focus and dedication to their responsibilities to help maximize stockholder value if there is a potential transaction that could involve a change in control of our Company.

**Vladimir Shmunis**

We entered into an executive employment letter with Mr. Shmunis, our CEO, dated September 13, 2013. In 2022, Mr. Shmunis’s annual base salary was $500,000, and he was eligible to earn an annual incentive bonus of up to 100% of his base salary. The executive employment letter with Mr. Shmunis provides for a three-year employment term and may be extended by mutual agreement at the end of the term, but either we or Mr. Shmunis may terminate the employment relationship with us at any time.

If, outside of the period beginning three months prior to and ending 12 months after a change of control of the Company (such period, the “Change of Control Period”), Mr. Shmunis’s employment is terminated without “cause” (excluding by reason of death or “disability”) or he resigns for “good reason” (as such terms are defined in the executive employment letter), he will be eligible to receive the following payments and benefits if he timely signs and does not revoke a release agreement with us:

- continued payment of base salary for a period of 12 months; and
- reimbursement of COBRA premiums to continue health insurance coverage for him and his eligible dependents for up to 12 months, or taxable monthly payments for the equivalent period in the event reimbursement of COBRA premiums would violate applicable law.

If, within the Change of Control Period, his employment is terminated without cause (excluding by reason of death or “disability”) or he resigns for good reason, he will be entitled to the following payments and benefits if he timely signs and does not revoke a release agreement with us:

- a lump sum payment equal to (i) 18 months of his annual base salary, plus (ii) 1.5x the greater of his target annual bonus for the year of the change of control or the year of his termination;
- reimbursement of COBRA premiums to continue health insurance coverage for him and his eligible dependents for up to 18 months, or taxable monthly payments for the equivalent period in the event reimbursement of COBRA premiums would violate applicable law; and
- 100% accelerated vesting of all outstanding equity awards.

In the event any of the amounts provided for under the executive employment letter or otherwise payable to Mr. Shmunis would constitute “parachute payments” within the meaning of Code Section 280G and could be subject to the related excise tax, Mr. Shmunis would be entitled to receive either full payment of benefits under the executive employment letter or such lesser amount which would result in no portion of the benefits being subject to the excise tax, whichever results in the greater amount of after-tax benefits to Mr. Shmunis. The executive employment letter does not require us to provide any tax gross-up payments.

**Mo Katibeh**

We entered into an executive employment offer letter with Mr. Katibeh, our President and Chief Operating Officer, dated January 4, 2022. The offer letter has no specific term and provides for at-will employment. The offer letter provides for an annual base salary of $500,000 and an annual incentive bonus of up to 100% of Mr. Katibeh’s base salary. As a member of
our executive team, the achieved portion of Mr. Katibeh’s annual incentive bonus will be paid in the form of fully-vested RSUs in accordance with the Key Employee Equity Bonus Plan.

Under the offer letter, Mr. Katibeh received an initial grant of 69,279 RSUs that vests as to 1/8th of the RSUs on August 20, 2022, 1/8th of the RSUs on February 20, 2023, and as to 1/16th of the RSUs every three months afterwards, in each case, subject to Mr. Katibeh’s continued service as of each vesting date.

In addition, Mr. Katibeh also received a signing bonus in the form of fully-vested RSUs having an aggregate value of $1,000,000, which was paid in two equal installments, each having a value of $500,000 (with the first installment paid in February 2022 and the second installment paid in November 2022). Mr. Katibeh will be required to reimburse us for the total amount of the signing bonus if, within one year from his start date, he is terminated for “cause” (as defined in the offer letter) or he voluntarily terminates his employment without “good reason” (as defined in the Equity Acceleration Policy).

Under the offer letter, Mr. Katibeh was also entitled to payment or reimbursement by us for expenses he reasonably incurred on or before August 31, 2022, in connection with his relocation to the San Francisco Bay Area, including (i) assistance in obtaining temporary housing for him and his family, including the reasonable cost of such temporary housing through August 31, 2022, and (ii) up to $60,000 of other relocation and moving-related expenses (but excluding any costs or other expenses related to the sale or purchase of his permanent residence). The offer letter also entitled Mr. Katibeh to reimbursement of up to $5,000 of legal expenses related to the offer letter and affiliated documents.

If Mr. Katibeh's employment is terminated by the Company without cause (including by reason of death or “disability” (as defined in the offer letter)) or he resigns for good reason, he will be eligible to receive the following payments and benefits if he timely signs and does not revoke a release agreement with us:

- cash severance equal to his then-current base salary for a period of (i) six months if such termination is by us other than for cause, death, or disability or by him for good reason or (ii) twelve months if such termination is by us due to his death or disability;
- reimbursement of COBRA premiums through the earlier of (i) the 12-month anniversary of the date of the termination of employment or (ii) the date on which Mr. Katibeh or his eligible dependents, as applicable, cease to be eligible for COBRA continuation coverage, provided that if we determine that we cannot make these COBRA reimbursements without potentially violating applicable law, Mr. Katibeh will instead receive a taxable lump sum payment of $30,000 in lieu of such COBRA reimbursements; and
- the following equity award vesting acceleration benefit:
  - if such termination occurs during the period beginning 90 days prior to a “change of control” (as defined in the Equity Acceleration Policy) and ending 12 months following a change of control, then under the Equity Acceleration Policy, 50% acceleration of vesting of any of his then-outstanding and unvested equity awards subject to time-based vesting conditions, subject to the terms and conditions of the Equity Acceleration Policy, or
  - if such termination occurs outside of the period described in the previous bullet, acceleration of vesting of the portion of any of his then-outstanding and unvested equity awards subject to time based vesting conditions that would have vested if he had remained employed with us through the date that is 6 months following his effective last day with us.

In connection with his appointment as President, we entered into a supplemental letter with Mr. Katibeh, dated May 9, 2022, which amended and supplemented his executive employment offer letter. The supplemental letter provides for an annual base salary of $600,000 and an annual incentive bonus of up to 100% of Mr. Katibeh’s base salary. Under the supplemental letter, Mr. Katibeh also received an award of 26,713 RSUs that vests as to 1/4th of the RSUs on February 20, 2023, and as to 1/16th of the RSUs every three months afterwards, in each case, subject to Mr. Katibeh’s continued service as of each vesting date. However, if our board of directors establishes performance-based metrics on or before the date of our release of first quarter 2023 earnings, the vesting of any portion of the award scheduled to vest after February 20, 2023, will be contingent on the Company achieving such performance-based metrics.

Mr. Katibeh is a participant in the Equity Acceleration Policy as described in the “Other Change in Control Provisions” section below.
We entered into an executive employment offer letter with Ms. Parekh, our CFO, dated April 26, 2022. The offer letter has no specific term and provides for at-will employment. The offer letter provides for an annual base salary of $500,000 and an annual incentive bonus of up to 100% of Ms. Parekh’s base salary. As a member of our executive team, the achieved portion of Ms. Parekh’s annual incentive bonus will be paid in the form of fully-vested RSUs in accordance with the Key Employee Equity Bonus Plan.

Under the offer letter, Ms. Parekh received the following equity awards: (i) a time-based new hire award of 106,850 RSUs that vests as to 1/4th of the RSUs on May 20, 2023, and as to 1/16th of the RSUs every three months afterwards, in each case, subject to Ms. Parekh’s continued service as of each vesting date; and (ii) a performance-based new hire award of 26,713 RSUs that vests according to the same vesting schedule as the time-based new hire award, except that if our board of directors establishes performance based metrics on or before the date of our release of first quarter 2023 earnings, the vesting of any portion of the performance-based new hire award scheduled to vest after May 20, 2023, will be contingent on the Company achieving such performance-based metrics.

In addition, Ms. Parekh also received a signing bonus in the form of fully-vested RSUs having an aggregate value of $2,300,000, which was paid in two equal installments, each having an aggregate value of $1,150,000 (with the first installment paid within seven days after she commenced her employment with us and the second installment paid in November 2022). The value of each installment of the signing bonus was converted into a number of RSUs based upon the average closing price of a share of our Class A Common Stock (as quoted on the New York Stock Exchange) during the first 15 consecutive calendar days of May 2022 and October 2022, respectively. Ms. Parekh will be required to reimburse us for the total amount of the signing bonus if, within two years from her start date, (i) she voluntarily terminates her employment, other than for “good reason” (as defined in the Equity Acceleration Policy), or (ii) we terminate her employment for “cause” (as defined in the offer letter), for failure to be primarily located in the San Francisco Bay Area by June 30, 2022, or for failure to relocate to the San Francisco Bay Area by August 31, 2022.

Under the offer letter, Ms. Parekh was also entitled to payment or reimbursement by us for expenses she reasonably incurred on or before November 30, 2022, in connection with her relocation to the San Francisco Bay Area, including (i) assistance in obtaining temporary housing for her and her family, including the reasonable cost of such temporary housing through November 30, 2022, and (ii) up to $60,000 of other relocation and moving-related expenses (but excluding any costs or other expenses related to the sale or purchase of her permanent residence). The offer letter also entitled Ms. Parekh to reimbursement of up to $5,000 of legal expenses related to the offer letter and affiliated documents.

If Ms. Parekh’s employment is terminated by the Company without cause (including by reason of death or “disability” (as defined in the offer letter)) or she resigns for good reason, she will be eligible to receive the following payments and benefits if she timely signs and does not revoke a release agreement with us:

- cash severance equal to her then-current base salary for a period of (i) six months if such termination is by us other than for cause, death, or disability or by her for good reason or (ii) twelve months if such termination is by us due to her death or disability;
- reimbursement of COBRA premiums through the earlier of (i) the 12-month anniversary of the date of the termination of employment or (ii) the date on which Ms. Parekh or her eligible dependents, as applicable, cease to be eligible for COBRA continuation coverage, provided that if we determine that we cannot make these COBRA reimbursements without potentially violating applicable law, Ms. Parekh will instead receive a taxable lump sum payment of $30,000 in lieu of such COBRA reimbursements; and
- the following equity award vesting acceleration benefit:
  - if such termination occurs during the period beginning 90 days prior to a “change of control” (as defined in the Equity Acceleration Policy) and ending 12 months following a change of control, then under the Equity Acceleration Policy, 100% acceleration of vesting of any of her then-outstanding and unvested equity awards subject to time-based vesting conditions, subject to the terms and conditions of the Equity Acceleration Policy, or
  - if such termination occurs outside of the period described in the previous bullet, acceleration of vesting of the portion of any of her then-outstanding and unvested equity awards subject to time based vesting conditions.
that would have vested if she had remained employed with us through the date that is 6 months following her effective last day with us.

Ms. Parekh is a participant in the Equity Acceleration Policy as described in the “Other Change in Control Provisions” section below.

**John Marlow**

We entered into an executive employment offer letter with John Marlow, our current Chief Administrative Officer, Senior Vice President, Corporate Development, General Counsel and Secretary, dated September 13, 2013. The executive employment offer letter has no specific term and provides for at-will employment. In 2022, Mr. Marlow’s base salary was $450,000, and he was eligible to earn an annual incentive bonus of up to approximately 100% of his base salary. As a member of our executive team, the achieved portion of Mr. Marlow’s annual incentive bonus will be paid in the form of fully-vested RSUs in accordance with the Key Employee Equity Bonus Plan.

In the event we terminate Mr. Marlow’s employment without “cause” (as such term is defined in his offer letter) and excluding by reason of death or disability, he is eligible to receive severance equal to three months of his base salary, payable in installments in accordance with our payroll procedures, subject to his signing and not revoking a release agreement with us.

Mr. Marlow is a participant in the Equity Acceleration Policy as described in the “Other Change in Control Provisions” section below.

**Vaibhav Agarwal**

We entered into an employment offer letter with Mr. Agarwal, our Chief Accounting Officer, dated June 21, 2016. The executive employment offer letter has no specific term and provides for at-will employment. In 2022, Mr. Agarwal’s base salary was $500,000, and he was eligible to earn an annual incentive bonus of up to approximately 75% of his base salary. As a member of our executive team, the achieved portion of Mr. Agarwal’s annual incentive bonus will be paid in the form of fully-vested RSUs in accordance with the Key Employee Equity Bonus Plan. Mr. Agarwal also is a participant in the Equity Acceleration Policy, which is described in the “Other Change in Control Provisions” section below.

**Other Change in Control Provisions**

Our named executive officers are eligible to participate in our Equity Acceleration Policy. Pursuant to our Equity Acceleration Policy, on a termination of an eligible employee’s employment either (i) by the Company (or any of its subsidiaries) other than for “cause,” death, or “disability” or (ii) by the eligible employee for “good reason” (as such terms are defined in the Equity Acceleration Policy or individual participation agreement), in either case, during the period beginning 60 days prior to a “change of control” (as defined in the Equity Acceleration Policy) and ending 12 months following a change of control, then, subject to the eligible employee’s signing and not revoking a release, the then-unvested shares subject to each of the eligible employee’s then-outstanding equity awards will immediately vest and, in the case of equity awards that are stock options and stock appreciation rights, will become exercisable as to (A) in the cases of Mr. Shmunis, Ms. Parekh, and Mr. Marlow, 100% of his or her then-outstanding unvested equity awards (other than Ms. Parekh’s performance-based new hire award), or (B) in the cases of Messrs. Katibeh and Agarwal, 50% vesting acceleration of his then-outstanding unvested equity awards (other than the performance-based award Mr. Katibeh received in connection with his appointment as President), in each case subject to the terms and conditions of the Equity Acceleration Policy.

If any payment or benefit that an eligible employee would receive from the Company or any other party whether in connection with the Equity Acceleration Policy or otherwise would constitute a “parachute payment” within the meaning of Code Section 280G and could be subject to the related excise tax, the eligible employee would be entitled to receive either full payment of the payments and benefits under or such lesser amount which would result in no portion of the benefits being subject to the excise tax, whichever results in the greater amount of after-tax benefits to the eligible employee.

The provisions of the Equity Acceleration Policy superseded any double-trigger equity acceleration provisions of any offer letter, employment agreement or equity award.

In March 2020, our compensation committee determined that for the awards of RSUs granted to Mr. Shmunis, in the event of the termination without “cause”, termination “for good reason” (as such terms are defined in the Equity Acceleration Policy) or death or disability of Mr. Shmunis, the vesting of any awards of RSUs granted to him in fiscal 2020 that would have vested had he remained employed with the Company through the date that is 12 months following his effective last day with us.
will be accelerated (other than in connection with a death or disability from high-risk activities such as skydiving or free climbing).

Other Compensation Policies

Equity Award Grant Policy

Our equity award grant policy formalizes our process for granting equity-based awards. Under our equity award grant policy, our board of directors or the compensation committee may grant equity awards at any time. It is our policy to not time equity award grants in relation to the release of material non-public information. Under the policy, the compensation committee has delegated limited authority to a committee consisting of our CEO and a member of the compensation committee to grant equity awards to employees below the level of Vice President and certain other service providers other than the members of our board of directors.

Compensation Recovery Policy

Currently, we have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our named executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. We intend to adopt a general compensation recovery, or clawback, policy covering our annual and long-term incentive award plans and arrangements once the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Derivatives Trading, Hedging and Pledging Policy

Pursuant to our insider trading policy, our employees, including the members of our executive team and the members of our board of directors, are prohibited from engaging in transactions involving derivative securities or otherwise that would hedge the risk of ownership of our equity securities and from pledging our equity securities as collateral for a loan.

Tax and Accounting Considerations

Tax Considerations

We have not provided any of our named executive officers with a gross-up or other reimbursement for tax amounts the individual might pay pursuant to Code Sections 280G, 4999 or 409A. Code Sections 280G and 4999 provide that named executive officers, directors who hold significant stockholder interests and certain other service providers could be subject to significant additional taxes if they receive payments or benefits in connection with a change in control of our Company that exceeds certain limits, and that we or our successor could lose a deduction on the amounts subject to the additional tax. Code Section 409A also imposes significant taxes on the individual in the event that an executive officer, director or other service provider receives “deferred compensation” that does not meet the requirements of Code Section 409A.

Under Code Section 162(m), we are subject to limits on the deductibility of executive compensation. Deductible compensation is limited to $1 million per year for the CEO and certain of our current and former highly compensated executive officers (collectively “covered employees”). While we cannot predict how the deductibility limit may impact our compensation program in future years, we intend to maintain an approach to executive compensation that strongly links pay to performance. In addition, although we have not adopted a formal policy regarding tax deductibility of compensation paid to our named executive officers, the compensation committee may consider tax deductibility under Code Section 162(m) as a factor in its compensation decisions.

Accounting Considerations

We take financial reporting implications into consideration in designing compensation plans and arrangements for the members of our executive team, other employees and members of our board of directors. These accounting considerations include ASC Topic 718, the standard which governs the accounting treatment of stock-based compensation awards.
Compensation-Related Risk

Our board of directors is responsible for the oversight of our risk profile, including compensation-related risks. Our compensation committee monitors our compensation policies and practices as applied to our employees to ensure that these policies and practices do not encourage excessive and unnecessary risk-taking. In cooperation with management, our compensation committee reviewed our 2022 compensation programs. Our compensation committee believes the mix and design of the elements of such programs do not encourage our employees to assume excessive risks and accordingly are not reasonably likely to have a material adverse effect on our Company. We have designed our compensation programs to be balanced so that our employees are focused on both short-term and long-term financial and operational performance. In particular, the weighting towards long-term incentive compensation discourages short-term risk taking. Goals are appropriately set with targets that encourage growth in the business.

Report of the Compensation Committee

The following Report of the compensation committee shall not be deemed to be “soliciting material” and should not be deemed “filed” and shall not be deemed to be incorporated by reference in future filings with the SEC, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

The compensation committee has reviewed and discussed with management the Compensation Discussion and Analysis provided above. Based on its review and discussions, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this Annual Report on Form 10-K.

Respectfully submitted by the members of the compensation committee of the board of directors:

Allan Thygesen (Chair)
Tarek Robbiati
Robert Theis

CEO Pay Ratio

Under SEC rules, we are required to provide information regarding the relationship between the total annual compensation of Mr. Shmunis, our Chief Executive Officer, and the total annual compensation of our median employee (other than Mr. Shmunis). For our last completed fiscal year, which ended December 31, 2022:

- The median of the total annual compensation of all employees (other than Mr. Shmunis) of ours (including our consolidated subsidiaries) was $123,112.
• Mr. Shmunis’s total annual compensation, as reported in the Summary Compensation Table included in this Annual Report on Form 10-K, was $.

• Based on the above, for fiscal 2022, the ratio of Mr. Shmunis’s total annual compensation to the median of the total annual compensation of all employees was 164 to 1.

This pay ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K under the Securities Act and based upon our reasonable judgment and assumptions. The SEC rules do not specify a single methodology for identification of the median employee or calculation of the pay ratio, and other companies may use assumptions and methodologies that are different from those used by us in calculating their pay ratio. Accordingly, the pay ratio disclosed by other companies may not be comparable to our pay ratio as disclosed above.

The methodology we used to calculate the pay ratio is described below.

• We determined the median of the total annual compensation of all of our employees as of December 31, 2022. As of December 31, 2022, we (including our consolidated subsidiaries) had approximately 3,891 full-time, part-time and temporary employees, approximately 2,399 out of the 3,891 (or approximately 61.7%) are U.S. employees, and approximately 1,492 out of the 3,891 (or approximately 38.3%) are located outside of the United States.

• We then compared the sum of (i) the total annual cash compensation earned by each of these employees for fiscal 2022 as reflected in our payroll records plus (ii) the fair value of equity awards (as determined in accordance with footnote 1 of the fiscal Summary Compensation Table) granted to these employees in fiscal 2022, to determine the median employee, without annualizing the compensation of any employees who started their employment with us in fiscal 2022 but did not work for us or our consolidated subsidiaries for the entire year. Compensation paid in foreign currency was converted to U.S. dollars using currency conversion ratios in effect as of January 1, 2023. In determining the median total compensation of all of these employees, we did not make any cost of living adjustments to the wages paid to any employee outside of the U.S.

Once we identified our median employee, we estimated the median employee’s total annual compensation in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, yielding the median total annual compensation disclosed above. With respect to Mr. Shmunis’s total annual compensation, we used the amount reported in the “Total” column of our fiscal Summary Compensation Table included in this Annual Report on Form 10-K.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth certain information with respect to the beneficial ownership of our Class A common stock and Class B common stock as of January 31, 2023, for:

• each person, or group of affiliated persons, known by us to be the beneficial owner of more than five percent of any class of our voting securities.

We have determined beneficial ownership in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Unless otherwise indicated in the footnotes below, we believe, based on the information furnished to us, that persons and entities named in the table have sole voting and sole investment power with respect to all shares that they beneficially owned, subject to community property laws where applicable.

We have deemed shares of our common stock subject to options that are currently exercisable or exercisable within 60 days of January 31, 2023, and shares issuable upon the vesting of RSUs within 60 days of January 31, 2023, to be outstanding and to be beneficially owned by the person holding the option or the RSUs, respectively, for the purpose of computing the percentage ownership of that person. However, we have not treated such shares as outstanding for the purpose of computing the percentage ownership of any other person. We have based percentage ownership of our common stock on 85,621,557 shares of our Class A common stock and 9,924,538 shares of our Class B common stock outstanding as of January 31, 2023. Unless

(1) RSUs, which do not have an exercise price, are excluded in the calculation of weighted-average exercise price.

(2) As a result of our initial public offering and the adoption of our 2013 Plan, we no longer grant awards under the 2010 Plan; however, all outstanding awards under the 2010 Plan remain subject to the terms of the 2010 Plan. To the extent outstanding awards under the 2010 Plan are forfeited or are terminated unexercised and would otherwise have been returned to the share reserve under the 2010 Plan, the shares of Class B Common Stock subject to such awards instead will be available for future issuance as Class A Common Stock under the 2013 Plan.

(3) Our 2013 Plan provides that the number of shares of Class A Common Stock available for issuance under the 2013 Plan will automatically increase on the first day of each fiscal year beginning with the 2014 fiscal year, in an amount equal to the least of (i) 6,200,000 shares, (ii) five percent (5%) of the outstanding shares of all classes of common stock of the company on the last day of the immediately preceding fiscal year, or (iii) such other amount determined by the board of directors no later than the last day of the immediately preceding fiscal year.

(4) Our Amended and Restated Employee Stock Purchase Plan (“ESPP”) provides that the number of shares of Class A Common Stock available for issuance under the ESPP will automatically increase on the first day of each fiscal year beginning with the 2014 fiscal year, in an amount equal to the least of (i) 1,250,000 shares, (ii) one percent (1%) of the outstanding shares of all classes of common stock of the company on the last day of the immediately preceding fiscal year, or (iii) such other amount as the board of directors may determine.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

In addition to the compensation arrangements, including employment, termination of employment and change in control arrangements discussed above in the sections titled “Directors, Executive Officers and Corporate Governance—Director Compensation” and “Executive Compensation,” the following is a description of each transaction since January 1, 2022 and each currently proposed transaction in which:

- we have been or are to be a participant;
- the amount involved exceeded or exceeds $120,000; and
any of our directors, executive officers, or holders of more than 5% of our capital stock, or any immediate family member of, or person sharing the household with, any of these individuals, had or will have a direct or indirect material interest.

Investor Rights Agreement

We are party to an investor rights agreement which provides, among other things, that certain holders of our common stock, including stockholders affiliated with some of our directors, have the right to request that we file a registration statement or request that their shares be covered by a registration statement that we are otherwise filing.

Employment Arrangement

David Theis, who is the son of Rob Theis, a member of our board of directors and our compensation committee, is employed by us in a non-executive capacity. His compensation for 2022 was comprised of cash salary payments of $128,873, RSUs with a grant date fair market value of $22,643 and benefits available to full-time employees. David Theis’s compensation is determined independently using Radford market data in the same manner as other employees with similar responsibilities and tenure at the Company. Rob Theis plays no personal role in determining his son’s compensation or reviewing his son’s performance.

Transactions with Executive Officers

In 2022, we entered into an aircraft charter arrangement with RZS, LLC (“RZS”), a California limited liability company fully controlled and owned by Mr. Shmunis, our CEO and Chairman, to reimburse RZS for the flight hours incurred for Company use of RZS’s aircraft. These flight hours were related to business travel by Mr. Shmunis and other members of the executive team to business meetings and investor conferences. We paid RZS approximately $170,433 for the year ended December 31, 2022 for the business use of the aircraft. Based on current market rates for chartering of private aircraft with industry recognized chartering companies, we believe that the terms of this arrangement are no less favorable to us than what we could have expected to obtain in an arms-length transaction.

Limitation of Officer and Director Liability and Indemnification Arrangements

Our certificate of incorporation and bylaws each provide that we will limit the liability of and indemnify our directors and indemnify our officers and may indemnify our employees and other agents, to the fullest extent permitted by the Delaware General Corporation Law, which prohibits our certificate of incorporation from limiting the liability of our directors for the following:

- any breach of the director’s duty of loyalty to us or to our stockholders;
- acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- unlawful payment of dividends or unlawful stock repurchases or redemptions; or
- any transaction from which the director derived an improper personal benefit.

If Delaware law is amended to authorize corporate action further eliminating or limiting the personal liability of a director, then the liability of our directors will be eliminated or limited to the fullest extent permitted by Delaware law, as so amended. Our certificate of incorporation will not eliminate a director’s duty of care and, in appropriate circumstances, equitable remedies, such as injunctive or other forms of non-monetary relief, remain available under Delaware law. This provision also does not affect a director’s responsibilities under any other laws, such as the federal securities laws or other state or federal laws. Under our bylaws, we will also be empowered to purchase insurance on behalf of any person whom we are required or permitted to indemnify.

In addition to the indemnification required in our certificate of incorporation and bylaws, we have entered into indemnification agreements with each of our current directors and executive officers. These agreements provide for the indemnification of our directors and executive officers for certain expenses and liabilities incurred in connection with any action, suit, proceeding or alternative dispute resolution mechanism, or hearing, inquiry or investigation that may lead to the foregoing, to which they are a party, or are threatened to be made a party, by reason of the fact that they are or were a director, officer, employee, agent or fiduciary of our Company, or any of our subsidiaries, by reason of any action or inaction by them while serving as an officer, director, agent or fiduciary, or by reason of the fact that they were serving at our request as a director, officer, employee, agent or fiduciary of another entity. Under the indemnification agreements, indemnification will only be provided in situations where the indemnified parties acted in good faith and in a manner they reasonably believed to be
in or not opposed to our best interest, and with respect to any criminal action or proceeding, to situations where they had no reasonable cause to believe the conduct
was unlawful. In the case of an action or proceeding by or in the right of our Company or any of our subsidiaries, no indemnification will be provided for any claim
where a court determines that the indemnified party is prohibited from receiving indemnification. We believe that these bylaw provisions and indemnification
agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors’ and officers’ liability insurance.

The limitation of liability and indemnification provisions in our certificate of incorporation and bylaws may discourage stockholders from bringing a lawsuit
against directors or officers for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against directors and officers, even though
an action, if successful, might benefit us and our stockholders. A stockholder’s investment may be harmed to the extent we pay the costs of settlement and damage
awards against directors and officers pursuant to these indemnification provisions. Insofar as indemnification for liabilities arising under the Securities Act may be
permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC,
such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. There is no pending litigation or proceeding naming
any of our directors or officers as to which indemnification is being sought, nor are we aware of any pending or threatened litigation that may result in claims for
indemnification by any director or officer.

Other than as described above under this section titled “Certain Relationships and Related Transactions, and Director Independence,” since January 1, 2022,
we have not entered into any transactions, nor are there any currently proposed transactions, between us and a related party where the amount involved exceeds, or
would exceed, $120,000, and in which any related person had or will have a direct or indirect material interest. We believe the terms of the transactions described
above were comparable to terms we could have obtained in arm’s-length dealings with unrelated third parties.

**Policies and Procedures for Related Party Transactions**

We have adopted a policy that our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of any class of our
common stock and any members of the immediate family of any of the foregoing persons are not permitted to enter into a related party transaction with us without
the prior consent of our audit committee. Any request for us to enter into a transaction with an executive officer, director, nominee for election as a director, beneficial
owner of more than 5% of any class of our common stock or any member of the immediate family of any of the foregoing persons, in which the amount involved
exceeds $120,000 and such person would have a direct or indirect interest must first be presented to our audit committee for review, consideration and approval. In
approving or rejecting any such proposal, our audit committee considers the material facts of the transaction, including, but not limited to, whether the transaction is
on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person’s
interest in the transaction. In addition, our board of directors has delegated to each of our CEO, our CFO and our General Counsel, as appropriate, the authority to
review and approve, as applicable, any such transaction in which the aggregate amount involved is expected to be less than $120,000, provided that such person
charged with such review or approval is not the related person. In connection with each regularly scheduled meeting of our audit committee, a summary of each
related party transaction approved in accordance with this paragraph shall be provided to the audit committee for its review.

Audit Committee Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with requirements of the SEC and the Public Company Accounting Oversight Board (the “PCAOB”) regarding auditor independence, our audit committee is responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm. In recognition of this responsibility, our audit committee has established a policy for the pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services.

All services were pre-approved by our audit committee, which concluded that the provision of such services by KPMG LLP, was compatible with the maintenance of that firm’s independence in the conduct of its auditing functions. The audit committee’s pre-approval policy provides for the pre-approval of audit, audit-related and tax services specifically described by the audit committee on an annual basis, and unless a type of service is pre-approved under the policy, it will require separate pre-approval by the audit committee if it is to be provided by the independent registered public accounting firm. The policy authorizes the audit committee to delegate to one or more of its members pre-approval authority with respect to permitted services.

1. **What is the NEO Equity Plan?**
The NEO Equity Plan provides you with an opportunity to receive a portion of your base salary for the period from January 1, 2023 through December 31, 2023 in the form of restricted stock units (“RSUs”) under the Company’s 2013 or 2023 Equity Incentive Plan, as applicable (the “Equity Incentive Plan”) under the terms and conditions described in this Q&A and in the Election Form (attached as Exhibit A hereto). The NEO Equity Plan will not change the value of your base salary.

2. **Who is eligible to participate in the NEO Equity Plan?**
All Named Executive Officers (as defined in the Proxy Rules under the Securities Exchange Act of 1934) other than the CEO may voluntarily participate in the NEO Equity Plan in full. This means that a portion of their base salary for the period from January 1, 2023 through December 31, 2023 will be paid entirely in RSUs in lieu of cash.

3. **How much of my base salary will I be paid in cash for 2023?**
For 2023, $60,000 of your base salary will be paid in cash, less applicable withholdings and deductions. This means that you will receive $2,500, less applicable withholdings and deductions, of your salary in cash twice a month for the period from January 1 through December 31, 2023. The cash amount will be sufficient to cover deductions for health benefits and 401(k) contributions, and a portion of ESPP withholding (see Question 15). The remainder of your salary for this period will be paid in RSUs.

4. **When will the RSUs be granted to me, and when will they vest?**
The RSUs will be granted and fully vested as follows for the following base salary periods:
   - For the period from January 1, 2023 through February 15, 2023, the RSUs will be granted and vested on January 3, 2023.
   - For the period from February 16, 2023 through May 15, 2023, the RSUs will be granted and vested on February 15, 2023.
   - For the period from May 16, 2023 through August 15, 2023, the RSUs will be granted and vested on May 15, 2023.
   - For the period from August 16, 2023 through November 15, 2023, the RSUs will be granted and vested on August 15, 2023.
   - For the period from November 16, 2023 through December 31, 2023, the RSUs will be granted and vested on November 15, 2023.
Please see below in Question 9 for more information regarding the vesting and timing of issuance of your RSUs.

5. **Does participation in the Equity Plan affect my MBO?**

   Participation in the NEO Equity Plan will not affect your MBO. Your quarterly MBO will be calculated based on your full quarterly gross salary amount, whether your salary is paid all in cash or a portion is paid in RSUs.

6. **How do I participate?**

   An email with the Election Form will be sent to you via DocuSign. If you would like to opt into this program and receive a portion of your base salary for the period from January 1, 2023 through December 31, 2023 in the form of RSUs, you must acknowledge/agree to the Election Form by **December 14, 2022 at 5 pm PST** (the “Submission Deadline”).

7. **Can I participate with respect to a different amount of my base salary or only part of the remaining periods of 2023, or do I have to make an all-or-nothing choice?**

   This is an all-or-nothing choice. If you participate in the NEO Equity Plan, you must participate with respect to either (a) all but $60,000 of your gross base salary, subject to applicable deductions and withholdings, for the entire period from January 1, 2023 through December 31, 2023 or (b) none of your **gross** base salary during that period.

8. **How many RSUs will I receive for the RSU portion of my base salary?**

   For each corresponding 2023 base salary period described in Question 4, the number of RSUs you receive will be determined based on (i) the U.S. dollar value of the portion of your base salary to be paid in RSUs, (ii) divided by the Calculation Price, and (iii) rounded up to the nearest whole number.

   The “Calculation Price” will be the closing price of RNG stock on the first trading day on or after January 1, February 15, May 15, August 15, or November 15, as applicable.

9. **If I elect to receive a portion of my base salary in RSUs under the NEO Equity Plan, when will these RSUs be granted and are the RSUs subject to a vesting schedule?**

   Any RSUs you receive for a portion of your base salary will be 100% vested and settled in shares of Class A common stock on the first trading day on or after January 1, February 15, May 15, August 15, or November 15, as applicable, subject to your continued employment with RingCentral or an affiliated entity through the vesting/issuance date. Shares of Class A common stock issued to you can be sold immediately (subject to any required administrative processing time and any applicable insider trading policy).

10. **Does the payment of a portion of my 2023 base salary in RSUs present me with any risk from the Company’s stock price falling?**

    Although the intent of using the Calculation Price (under Question 8) was designed to protect you from much of the potential market risk, it is possible that you could end up with sale proceeds from the shares that is less than the cash equivalent of the base salary you would have otherwise been paid in cash.

11. **Since the RSUs are granted in advance on the first day of the applicable period of base salary, what happens if I leave RingCentral before the end of the applicable period?**
If you leave RingCentral during the applicable period for which you received a grant of RSUs in lieu of cash, you will be entitled to keep the RSUs.

12. **When will I be taxed on the RSUs that I receive for my 2023 Quarterly Bonus?**

You will be taxed when the RSUs are granted to you because they will be fully vested at grant. The RSUs will be taxed as income on the dates of vesting at your applicable income tax rate, based on the value of the RSUs on the dates of vesting. Please see the attached Employee Information Supplement.

13. **How do I satisfy the tax withholding obligations for the vesting of RSUs and issuance of shares?**

Please see the attached Employee Information Supplement. The Company will withhold a number of shares upon vesting of the RSUs to cover the amount of the tax owed and will issue you the remainder of the shares (net issuance).

14. **Can how taxes are paid be amended or terminated?**

No, you will pay taxes through net issuance of the shares during the period of the program.

15. **If I receive a portion of my base salary in RSUs, will the value of that portion of my salary be included for purposes of calculating contributions to the ESPP or 401(k) Plan?**

No, if you receive a portion of your base salary in RSUs, the value of the RSUs will not be included as compensation for purposes of the calculation of contributions under the ESPP or 401(k) plan. You can continue to contribute amounts into the ESPP and 401(k) plan from your $60,000 cash compensation as defined under the applicable plan, provided that you are otherwise eligible for such plan. During the period of November 14, 2022 through May 12, 2023, and the period from May 15, 2023 through November 12, 2023, your participation in the 2023 plan (and, if applicable, your prior participation in the 2022 plan) will reduce your maximum contribution to the ESPP for the May 15, 2023 and November 13, 2023 purchases to 15% of the base salary paid in those periods in cash. With respect to the 401(k) plan, you will still be able to reach the maximum employee contribution amount for 2023 by increasing your contribution percentage in each paycheck. However, because the maximum employer match per paycheck under the 401(k) plan is limited to 3% of cash compensation, you will not be able to reach the maximum employer match in 2023 (the maximum possible will be approximately $1,800).

16. **Should I participate in the NEO Equity Plan?**

We can't tell you whether or not to participate in the NEO Equity Plan. Your specific personal financial consequences and U.S. federal, state and local tax consequences depend upon your individual circumstances. Accordingly, **we strongly recommend that you seek the advice of a qualified financial and tax adviser regarding your participation in the NEO Equity Plan**. Please note that this document supersedes any and all other disclosures of any kind regarding the NEO Equity Plan and, in the event of any conflict between this document and any prior communication or disclosure, this document shall control.

17. **What if I have questions about the NEO Equity Plan or this document?**

Please contact the stock administration team at stock@ringcentral.com.
This document serves as a supplement (the “Supplement”) to the prospectus for our NEO Equity Plan. The purpose of this Supplement is to update the prospectus by adding new information pertaining to the NEO Equity Plan outlined above. Please keep this Supplement with the prospectus.

shall be interpreted to form an employment contract or relationship with the Company, or to confer upon you any right respect to the continuation of employment with the Company or, if different, an affiliated entity to which you provide services (the “Employer”), and you or your Employer may terminate your employment at any time.

   c) The Company may withhold or account for Tax-Related Items by considering applicable statutory withholding rates or other withholding rates, including maximum rates applicable in your jurisdiction, in which case you may receive a refund of any over-withheld amount in cash and will have no entitlement to the equivalent in Class A common stock.

c) the Company’s offer of participation in the NEO Equity Plan is exceptional, voluntary and occasional and does not create any contractual or other right to receive future offers, or benefits in lieu of offers, even if offers to participate in the Equity Plan have been offered in the past;

d) all decisions with respect to future offers to participate in the NEO Equity Plan, if any, will be at the sole discretion of the Company;

h) the future value of the underlying shares is unknown, indeterminable and cannot be predicted with certainty;

i) in consideration of the right to acquire shares, no claim or entitlement to compensation or damages shall arise from the forfeiture of the right to acquire shares resulting from termination of your employment with the Company or the Employer (for any reason whatsoever and whether or not in breach of local labor laws); and except where expressly prohibited under applicable laws, you irrevocably release the Company and the Employer from any such claim that may arise; if, notwithstanding the foregoing, any such claim is found by a court of competent jurisdiction to have arisen, you shall be deemed irrevocably to have waived any entitlement to pursue such claim;

k) neither the Company, the Employer, nor any other subsidiary will be liable for any foreign exchange rate fluctuation between any local currency and the U.S. dollar that may affect the value of the right to acquire shares or of any amounts due to you pursuant to the acquisition of shares or the subsequent sale of any shares acquired under the Equity Plan.
3. **No Advice Regarding Participation.** The Company is not providing any tax, legal or financial advice, nor is the Company making any recommendations regarding your participation in the NEO Equity Plan, the acquisition of shares or the subsequent sale of any shares acquired under the NEO Equity Plan. You should consult with your own personal tax, legal and financial advisors regarding participation in the NEO Equity Plan before taking any action related to the Equity Plan.

Furthermore, if you have received the Election Form or any other document related to the NEO Equity Plan translated into a language other than English and if the meaning of the translated version is different from the English version, the English version will control.

6. **Electronic Delivery and Participation.** The Company may, in its sole discretion, decide to deliver any documents related to current or future participation in the NEO Equity Plan by electronic means. You hereby consent to receive such documents by electronic delivery and agree to participate in the NEO Equity Plan through an on-line or electronic system established and maintained by the Company or a third party designated by the Company.

7. **Imposition of Other Requirements.** The Company reserves the right to impose other requirements on your participation in the NEO Equity Plan, the right to acquire shares under the NEO Equity Plan, and any shares acquired under the NEO Equity Plan, to the extent the Company determines it is necessary or advisable for legal or administrative reasons, and to require you to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.

8. **Governing Law; Venue.** The Election Form is to be governed by and construed in accordance with the laws of the State of Delaware, without regard to the conflict of laws principles thereof.

   For purposes of litigating any dispute that arises under the Election Form or pursuant to your participation in the NEO Equity Plan, if you are subject to an arbitration agreement you must submit such claims to arbitration, pursuant to the terms of your arbitration agreement. If you are not subject to an arbitration agreement, the parties hereby submit to and consent to the jurisdiction of the State of California and agree that such litigation shall be conducted in the courts of San Mateo County, California, or the U.S. District Court for the Northern District of California.

9. **Waiver.** You acknowledge that a waiver by the Company of breach of any provision of the Election Form will not operate or be construed as a waiver of any other provision of the Election Form, or of any subsequent breach by any other participant.
10. **Insider Trading; Market Abuse Laws.** By electing to participate in the NEO Equity Plan, you acknowledge that you have read and understand the Company’s insider trading policy, and are aware of and understand your obligations under federal securities laws in respect of trading in the Company’s securities. The Company will have the right to recover, or receive reimbursement for, any compensation or profit realized on the acquisition or disposition of shares under the Equity Plan to the extent that the Company has a right of recovery or reimbursement under applicable securities laws.

You acknowledge that you may be subject to insider trading restrictions and/or market abuse laws, which may affect your ability to accept, acquire, sell or otherwise dispose of shares, rights to shares (e.g., the right to acquire shares under the NEO Equity Plan) or rights linked to the value of shares under the NEO Equity Plan during such times as you are considered to have “inside information” regarding the Company (as defined by applicable laws or regulations). Local insider trading laws and regulations may prohibit the cancellation or amendment of orders you placed before you possessed inside information. Furthermore, you could be prohibited from (i) disclosing the inside information to any third party (ii) “tipping” third parties or causing them otherwise to buy or sell securities. Keep in mind third parties include fellow employees. Any restrictions under these laws or regulations are separate from and in addition to any restrictions that may be imposed under the Company’s insider trading policy. You acknowledge that it is your responsibility to comply with any applicable restrictions, and you should speak to a personal advisor on this matter.

Each change in the Applicable Rate resulting from delivery of a Compliance Certificate reflecting a change in the Total Net Leverage Ratio shall be effective during the period commencing on the date of the delivery of a Compliance Certificate reflecting such change in the Total Net Leverage Ratio and ending on the date immediately preceding the effective date of the next such change of the Total Net Leverage Ratio; provided that the Applicable Rate set forth for Level 5 shall apply (x) as of the first Business Day after the date on which financial statements were required to be delivered pursuant to Section 6.01(a) or 6.01(b) and were not delivered, and shall continue to so apply to and including the date on which such financial statements are delivered (and thereafter the pricing level otherwise determined in accordance with this definition shall apply), and (y) as of the first Business Day after the date on which a Compliance Certificate was required to be delivered pursuant to Section 6.02(a) and was not delivered, and shall continue to so apply to and including the date on which such Compliance Certificate is delivered (and thereafter the pricing level otherwise determined in accordance with this definition shall apply).

Any such automatic conversion or continuation shall be effective as of the last day of the Interest Period then in effect with respect to the applicable Term SOFR Loans. If the Borrower requests a Borrowing of, conversion to, or continuation of Term SOFR Loans in any such Committed Loan Notice, but fails to specify an Interest Period, it will be deemed to have specified an Interest Period of one (1) month. For the avoidance of doubt, the Borrower and Lenders acknowledge and agree that any conversion or continuation of an existing Loan shall be deemed to be a continuation of that Loan with a converted interest rate methodology and not a new Loan.

(b) Following receipt of a Committed Loan Notice, the Administrative Agent shall promptly notify each Appropriate Lender of the amount of its Applicable Percentage of the applicable Class of Loans, and if no timely notice of a conversion or continuation is provided by the Borrower, the
Administrative Agent shall notify each Appropriate Lender of the details of any automatic conversion to Base Rate Loans or continuation described in Section 2.02(a). In the case of each Borrowing, each Appropriate Lender shall make (or cause its Applicable Lending Office to make) the amount of its Loan available to the Administrative Agent in Same Day Funds at the Administrative Agent’s Office not later than 1:00 p.m. on the Business Day specified in the applicable Committed Loan Notice. Upon satisfaction of the applicable conditions set forth in Section 4.02 (and, if such Borrowing is a Credit Extension being made on the Closing Date, Section 4.01), the Administrative Agent shall, not later than 3:00 p.m. on the borrowing date specified in such Committed Loan Notice, make all funds so received available to the Borrower in like funds as received by the Administrative Agent either by (i) crediting the account of the Borrower on the books of the Administrative Agent with the amount of such funds or (ii) wire transfer of such funds, in each case in accordance with instructions provided to (and reasonably acceptable to) the Administrative Agent by the Borrower; provided that if, on the date the Committed Loan Notice with respect to such Borrowing is given by the Borrower, there are L/C Borrowings outstanding, then the proceeds of such Borrowing shall be applied first, to the payment in full of any such L/C Borrowings, and second, to the Borrower as provided above.

(c) [Reserved].

(d) The Administrative Agent shall promptly notify the Borrower and the Lenders of the interest rate applicable to any Interest Period for Term SOFR Loans upon determination of such interest rate. The determination of Term SOFR by the Administrative Agent shall be conclusive in the absence of manifest error. At any time that Base Rate Loans are outstanding, the Administrative Agent shall notify the Borrower and the Lenders of any change in Bank of America’s (or any successor administrative agent’s) prime rate used in determining the Base Rate promptly following the announcement of such change.

(e) Anything in clauses (a) through (d) above to the contrary notwithstanding, after giving effect to all Term Borrowsings and Revolving Credit Borrowings, all conversions of Term Loans and Revolving Credit Loans from one Type to the other, and all continuations of Term Loans and Revolving Credit Loans as the same Type, there shall not be more than twelve (12) Interest Periods in effect at any time for all Borrowings of Term SOFR Loans, unless otherwise agreed by the Administrative Agent.

(f) Unless the Administrative Agent shall have received notice from a Lender prior to the date of any Borrowing, or, in the case of any Borrowing of Base Rate Loans, prior to 1:00 p.m. on the date of such Borrowing, that such Lender will not make available to the Administrative Agent such Lender’s Applicable Percentage of such Borrowing, the Administrative Agent may assume that such Lender has made such Applicable Percentage available to the Administrative Agent on the date of such Borrowing in accordance with clause (b) above, and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If the Administrative Agent shall have so made funds available, then, to the extent that such Lender shall not have made such portion available to the Administrative Agent, each of such Lender and the Borrower severally agree to repay to the Administrative Agent forthwith on demand such corresponding amount together with interest thereon, for each day from the date such amount is made available to the Borrower until the date such amount is repaid to the Administrative Agent at (i) in the case of the Borrower, the interest rate applicable at the time to the Loans comprising such Borrowing and (ii) in the case of such Lender, the Overnight
Rate plus any administrative, processing or similar fees customarily charged by the Administrative Agent in accordance with the foregoing. A certificate of the Administrative Agent submitted to any Lender with respect to any amounts owing under this Section 2.02(f) shall be conclusive in the absence of demonstrable error. If the Borrower and such Lender shall both pay all or any portion of the principal amount in respect of such Borrowing or interest to the Administrative Agent for the same or an overlapping period, the Administrative Agent shall promptly remit to the Borrower the amount of such Borrowing or interest paid by the Borrower for such period. If such Lender pays its share of the applicable Borrowing to the Administrative Agent, then the amount so paid shall constitute such Lender’s Loan included in such Borrowing. Any payment by the Borrower shall be without prejudice to any claim the Borrower may have against a Lender that shall have failed to make such payment to the Administrative Agent.

(g) If the Maturity Date shall have occurred in respect of any Class of Revolving Credit Commitments at a time when another Class or Classes of Revolving Credit Commitments is or are in effect with a later Maturity Date, then on the earliest occurring Maturity Date all then outstanding Revolving Credit Loans shall be repaid in full on such date (and there shall be no adjustment to the participations in such Revolving Credit Loans as a result of the occurrence of such Maturity Date); provided, however, that if on the occurrence of such earliest Maturity Date (after giving effect to any repayments of Revolving Credit Loans and any reallocation of Letter of Credit participations as contemplated in Section 2.03(k)), there shall exist sufficient unutilized Commitments of a Class of Revolving Credit Commitments so that the respective outstanding Revolving Credit Loans could be incurred pursuant to such other Class of Revolving Credit Commitments which will remain in effect after the occurrence of such Maturity Date, then there shall be an automatic adjustment on such date of the participations in such Revolving Credit Loans and same shall be deemed to have been incurred solely pursuant to the relevant Class of Revolving Credit Commitments, and such Revolving Credit Loans shall not be so required to be repaid in full on such earliest Maturity Date.

(h) With respect to SOFR, Term SOFR or Daily Simple SOFR, the Administrative Agent will have the right to make Conforming Changes in consultation with the Borrower from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document; provided that, with respect to any such amendment effected, the Administrative Agent shall post each such amendment implementing such Conforming Changes to the Borrower and the Lenders reasonably promptly after such amendment becomes effective.

Section 2.03. Letters of Credit.

(a) The Letter of Credit Commitments.

(i) Subject to the terms and conditions set forth herein, (1) each L/C Issuer agrees, in reliance upon the agreements of the other Revolving Credit Lenders set forth in this Section 2.03, (x) from time to time on any Business Day during the period from the Closing Date until the Letter of Credit Expiration Date, to issue Letters of Credit in Dollars for the account of the Borrower (provided that any Letter of Credit may be for the benefit of any Restricted Subsidiary of the Borrower) and to amend or renew Letters of Credit previously issued by it, in accordance with Section 2.03(b), and (y) to honor drafts.
under the Letters of Credit and (2) the Revolving Credit Lenders severally agree to participate in Letters of Credit issued pursuant to this Section 2.03; provided that no L/C Issuer shall be obligated to make any L/C Credit Extension with respect to any Letter of Credit, and no Lender shall be obligated to participate in any Letter of Credit if after giving effect to such L/C Credit Extension, (x) the Revolving Credit Exposure of any Lender attributable to its Revolving Credit Commitment of any Class would exceed such Lender’s Revolving Credit Commitment of such Class, or (y) the Outstanding Amount of the L/C Obligations would exceed the Letter of Credit Sublimit; provided, further, that no L/C Issuer shall be obligated to issue, amend or renew any Letter of Credit if (I) the Outstanding Amount of Letters of Credit issued by such L/C Issuer, when aggregated with the Revolving Credit Exposure of such L/C Issuer (other than Revolving Credit Exposure attributable to Letters of Credit issued by such L/C Issuer) would exceed the L/C Issuer’s aggregate Revolving Credit Commitments or (II) the Outstanding Amount of Letters of Credit issued by such L/C Issuer would exceed its L/C Commitment. Within the foregoing limits, and subject to the terms and conditions hereof, the Borrower’s ability to obtain Letters of Credit shall be fully revolving, and accordingly the Borrower may, during the foregoing period, obtain Letters of Credit to replace Letters of Credit that have expired or that have been drawn upon and reimbursed.

(ii) An L/C Issuer shall be under no obligation to issue any Letter of Credit if:

(A) any order, judgment or decree of any Governmental Authority or arbitrator shall by its terms purport to enjoin or restrain such L/C Issuer from issuing such Letter of Credit, or any Law applicable to such L/C Issuer or any directive (whether or not having the force of law) from any Governmental Authority with jurisdiction over such L/C Issuer shall prohibit, or direct that such L/C Issuer refrain from, the issuance of letters of credit generally or such Letter of Credit in particular or shall impose upon such L/C Issuer with respect to such Letter of Credit any restriction, reserve or capital requirement (for which such L/C Issuer is not otherwise compensated hereunder) not in effect on the Closing Date, or shall impose upon such L/C Issuer any unreimbursed loss, cost or expense which was not applicable on the Closing Date (for which such L/C Issuer is not otherwise compensated hereunder);

(B) subject to Section 2.03(b)(iii), the expiry date of such requested Letter of Credit would occur more than twelve months after the date of issuance or last renewal, unless (1) the Required Revolving Credit Lenders and (2) the relevant L/C Issuer have approved such expiry date;

(C) the expiry date of such requested Letter of Credit would occur after the Letter of Credit Expiration Date, unless (1) all the Revolving Credit Lenders and (2) the relevant L/C Issuer have approved such expiry date, except to the extent such Letter of Credit is Cash Collateralized in accordance with Section 2.03(f) or otherwise backstopped pursuant to arrangements reasonably satisfactory to the relevant L/C Issuer;

(D) the issuance of such Letter of Credit would violate any Laws binding upon such L/C Issuer or one or more policies of the L/C Issuer applicable to letters of credit generally;

(E) the Letter of Credit is to be denominated in a currency other than Dollars;

(F) [reserved]; or

-65-
(G) any Lender is at that time a Defaulting Lender, unless after giving effect to the requested issuance the requirements of Section 2.16(e) have been satisfied.

(iii) An L/C Issuer shall be under no obligation to amend any Letter of Credit if (A) such L/C Issuer would have no obligation at such time to issue such Letter of Credit in its amended form under the terms hereof, or (B) the beneficiary of such Letter of Credit does not accept the proposed amendment to such Letter of Credit.

(b) Procedures for Issuance and Amendment of Letters of Credit; Auto Renewal Letters of Credit.

(i) Each Letter of Credit shall be issued or amended, as the case may be, upon the request of the Borrower delivered to an L/C Issuer (with a copy to the Administrative Agent) in the form of a Letter of Credit Application, appropriately completed and signed by a Responsible Officer of the Borrower. Such Letter of Credit Application must be received by the relevant L/C Issuer and the Administrative Agent not later than 1:00 p.m. at least three (3) Business Days prior to the proposed issuance date or date of amendment, as the case may be; or, in each case, such later date and time as the relevant L/C Issuer may agree in a particular instance in its sole discretion. In the case of a request for an initial issuance of a Letter of Credit, such Letter of Credit Application shall specify in form and detail reasonably satisfactory to the relevant L/C Issuer: (A) the proposed issuance date of the requested Letter of Credit (which shall be a Business Day); (B) the amount thereof; (C) the expiry date thereof; (D) the name and address of the beneficiary thereof; (E) the documents to be presented by such beneficiary in case of any drawing thereunder; (F) the full text of any certificate to be presented by such beneficiary in case of any drawing thereunder; and (G) such other matters as the relevant L/C Issuer may reasonably request. In the case of a request for an amendment of any outstanding Letter of Credit, such Letter of Credit Application shall specify in form and detail reasonably satisfactory to the relevant L/C Issuer (1) the Letter of Credit to be amended; (2) the proposed date of amendment thereof (which shall be a Business Day); (3) the nature of the proposed amendment; and (4) such other matters as the relevant L/C Issuer may reasonably request.

(ii) Promptly after receipt of any Letter of Credit Application, the relevant L/C Issuer will confirm with the Administrative Agent (by telephone or in writing) that the Administrative Agent has received a copy of such Letter of Credit Application from the Borrower and, if not, such L/C Issuer will provide the Administrative Agent with a copy thereof. Unless the relevant L/C Issuer has received written notice from the Administrative Agent, any Revolving Credit Lender or any Loan Party, at least one (1) Business Day prior to the requested date of issuance or amendment of the applicable Letter of Credit, that one or more applicable conditions contained in Article IV shall not have been satisfied, then, subject to the terms and conditions hereof, such L/C Issuer shall, on the requested date, issue a Letter of Credit for the account of the Borrower (and, if requested, on behalf of a Restricted Subsidiary) or enter into the applicable amendment, as the case may be. Immediately upon the issuance of each Letter of Credit, each Revolving Credit Lender shall be deemed to, and hereby irrevocably and unconditionally agrees to, acquire from the relevant L/C Issuer a risk participation in such Letter of Credit in an amount equal to the product of such Revolving Credit Lender’s Revolving Credit Percentage times the amount of such Letter of Credit.
(iii) If the Borrower so requests in any applicable Letter of Credit Application, the relevant L/C Issuer shall agree to issue a Letter of Credit that has automatic renewal provisions (each, an “Auto-Renewal Letter of Credit”); provided that any such Auto-Renewal Letter of Credit must permit the relevant L/C Issuer to prevent any such renewal at least once in each twelve-month period (commencing with the date of issuance of such Letter of Credit) by giving prior notice to the beneficiary thereof not later than a day (the “Nonrenewal Notice Date”) in each such twelve-month period to be agreed upon at the time such Letter of Credit is issued. Unless otherwise directed by the relevant L/C Issuer, the Borrower shall not be required to make a specific request to the relevant L/C Issuer for any such renewal. Once an Auto-Renewal Letter of Credit has been issued, the applicable Lenders shall be deemed to have authorized (but may not require) the relevant L/C Issuer to permit the renewal of such Letter of Credit at any time to an expiry date not later than the Letter of Credit Expiration Date; provided that the relevant L/C Issuer shall not permit any such renewal if (A) the relevant L/C Issuer has determined that it would have no obligation at such time to issue such Letter of Credit in its renewed form under the terms hereof (by reason of the provisions of Section 2.03(a)(ii) or otherwise), or (B) it has received notice (which may be by telephone, followed promptly in writing, or in writing) on or before the day that is five (5) Business Days before the Nonrenewal Notice Date from the Administrative Agent or any Revolving Credit Lender, as applicable, or the Borrower that one or more of the applicable conditions specified in Section 4.02 is not then satisfied.

(iv) Promptly after its delivery of any Letter of Credit or any amendment to a Letter of Credit to an advising bank with respect thereto or to the beneficiary thereof, the relevant L/C Issuer will also deliver to the Borrower and the Administrative Agent a true and complete copy of such Letter of Credit or amendment.

(c) Drawings and Reimbursements; Funding of Participations.

(i) Upon receipt from the beneficiary of any Letter of Credit of any notice of a drawing under such Letter of Credit, the relevant L/C Issuer shall notify promptly the Borrower and the Administrative Agent thereof. On the Business Day immediately following the Business Day on which the Borrower shall have received notice of any payment by an L/C Issuer under a Letter of Credit (or, if the Borrower shall have received such notice later than 1:00 p.m. on any Business Day, on the second succeeding Business Day) (each such date, an “Honor Date”), the Borrower shall reimburse such L/C Issuer through the Administrative Agent in an amount equal to the amount of such drawing in Dollars by 1:00 p.m. on such Business Day. If the Borrower fails to so reimburse such L/C Issuer by such time, the Administrative Agent shall promptly notify each Revolving Credit Lender of the Honor Date, the amount of the unreimbursed drawing (the “Unreimbursed Amount”), and the amount of such Revolving Credit Lender’s Applicable Percentage thereof under each Class of Revolving Credit Commitments held by such Revolving Credit Lender. In such event, the Borrower shall be deemed to have requested a Revolving Credit Borrowing of Base Rate Loans under each Revolving Credit Facility to be disbursed on the Honor Date in an amount equal to the pro rata portion of the Unreimbursed Amount allocable to such Revolving Credit Facility, without regard to the minimum and multiples specified in Section 2.02 for the principal amount of Base Rate Loans but subject to the amount of the unutilized portion of the Revolving Credit Commitments of the Revolving Credit Lenders under such Revolving Credit Facility, and subject to the conditions set forth in Section 4.02 (other than the delivery of a Committed Loan Notice); provided that any drawing under a Letter of Credit that is not reimbursed on the date of drawing shall accrue interest from the date of drawing at the rate applicable to Initial Revolving Credit Loans that are Base Rate Loans.
(or, to the extent of the participation in such drawing by any Revolving Credit Lender of another Class, the rate per annum then applicable to the Revolving Credit Loans of such Class) subject to the provisions set forth below. Any notice given by an L/C Issuer or the Administrative Agent pursuant to this Section 2.03(c)(i) may be given by telephone if immediately confirmed in writing; provided that the lack of such an immediate confirmation shall not affect the conclusiveness or binding effect of such notice.

(ii) Each Revolving Credit Lender (including any such Lender acting as an L/C Issuer) shall upon any notice pursuant to Section 2.03(c)(i) make funds available to the Administrative Agent for the account of the relevant L/C Issuer, in Dollars, at the Administrative Agent’s Office in an amount equal to its Revolving Credit Percentage of any Unreimbursed Amount in respect of a Letter of Credit not later than 1:00 p.m. on the Business Day specified in such notice by the Administrative Agent, whereupon each Revolving Credit Lender that so makes funds available shall be deemed to have made a Base Rate Loan to the Borrower under each Class of Revolving Credit Commitments held by such Revolving Credit Lender in an amount equal to the pro rata portion of such funds allocable to such Class of Revolving Credit Commitments. The Administrative Agent shall remit the funds so received to the relevant L/C Issuer.

(iii) With respect to any Unreimbursed Amount in respect of a Letter of Credit that is not fully refinanced by Revolving Credit Borrowings of Base Rate Loans because the conditions set forth in Section 4.02 cannot be satisfied or for any other reason, the Borrower shall be deemed to have incurred from the relevant L/C Issuer an L/C Borrowing in the amount of the Unreimbursed Amount that is not so refinanced, which L/C Borrowing shall be due and payable on demand (together with interest) and shall bear interest at the Default Rate. In such event, each Revolving Credit Lender’s payment to the Administrative Agent for the account of the relevant L/C Issuer pursuant to Section 2.03(c)(ii) shall be deemed payment in respect of its participation in such L/C Borrowing and shall constitute an L/C Advance from such Lender in satisfaction of its participation obligation under this Section 2.03.

(iv) Until each Revolving Credit Lender funds its Revolving Credit Loans or L/C Advance pursuant to this Section 2.03(c) to reimburse the relevant L/C Issuer for any amount drawn under any Letter of Credit, interest in respect of such Lender’s Applicable Percentage of such amount under each applicable Revolving Credit Facility shall be solely for the account of the relevant L/C Issuer.

(v) Each Revolving Credit Lender’s obligation to make Revolving Credit Loans or L/C Advances to reimburse an L/C Issuer for amounts drawn under Letters of Credit, as contemplated by this Section 2.03(c), shall be absolute and unconditional and shall not be affected by any circumstance, including (A) any setoff, counterclaim, recoupment, defense or other right which such Lender may have against the relevant L/C Issuer, the Borrower or any other Person for any reason whatsoever; (B) the occurrence or continuance of a Default; or (C) any other occurrence, event or condition, whether or not similar to any of the foregoing; provided that each Revolving Credit Lender’s obligation to make Revolving Credit Loans (but not L/C Advances) pursuant to this Section 2.03(c) is subject to the conditions set forth in Section 4.02 (other than delivery by the Borrower of a Committed Loan Notice). No such making of an L/C Advance shall relieve or otherwise impair the obligation of the Borrower to reimburse the relevant L/C Issuer for the amount of any payment made by such L/C Issuer under any Letter of Credit, together with interest as provided herein.
(vi) If any Revolving Credit Lender fails to make available to the Administrative Agent for the account of the relevant L/C Issuer any amount required to be paid by such Lender pursuant to the foregoing provisions of this Section 2.03(c) by the time specified in Section 2.03(c)(ii), such L/C Issuer shall be entitled to recover from such Lender (acting through the Administrative Agent), on demand, such amount with interest thereon for the period from the date such payment is required to the date on which such payment is immediately available to such L/C Issuer at a rate per annum equal to the applicable Overnight Rate from time to time in effect, plus any administrative, processing or similar fees customarily charged by the L/C Issuer in connection with the foregoing. If such Lender pays such amount (with interest and fees as aforesaid), the amount so paid shall constitute such Lender’s Loan included in the relevant Borrowing or L/C Advance in respect of the relevant L/C Borrowing, as the case may be. A certificate of the relevant L/C Issuer submitted to any Revolving Credit Lender (through the Administrative Agent) with respect to any amounts owing under this Section 2.03(c)(vi) shall be conclusive absent demonstrable error.

(vii) If, at any time after an L/C Issuer has made a payment under any Letter of Credit and has received from any Revolving Credit Lender such Lender’s L/C Advance in respect of such payment in accordance with this Section 2.03(c), the Administrative Agent receives for the account of such L/C Issuer any payment in respect of the related Unreimbursed Amount or interest thereon (whether directly from the Borrower or otherwise, including proceeds of Cash Collateral applied thereto by the Administrative Agent), the Administrative Agent will distribute to each Revolving Credit Lender its Revolving Credit Percentage thereof (appropriately adjusted, in the case of interest payments, to reflect the period of time during which such Lender’s L/C Advance was outstanding) in the same funds as those received by the Administrative Agent.

(viii) If any payment received by the Administrative Agent for the account of an L/C Issuer pursuant to Section 2.03(c)(i) is required to be returned under any of the circumstances described in Section 10.06 (including pursuant to any settlement entered into by such L/C Issuer in its discretion), each Revolving Credit Lender shall pay to the Administrative Agent for the account of such L/C Issuer its Revolving Credit Percentage thereof on demand of the Administrative Agent, plus interest thereon from the date of such demand to the date such amount is returned by such Lender, at a rate per annum equal to the applicable Overnight Rate from time to time in effect. The obligations of the Lenders under this clause shall survive the payment in full of the Obligations and the termination of this Agreement.

(d) Obligations Absolute. The obligation of the Borrower to reimburse the relevant L/C Issuer for each drawing under each Letter of Credit issued by it and to repay each L/C Borrowing shall be absolute, unconditional and irrevocable, and shall be paid strictly in accordance with the terms of this Agreement under all circumstances, including the following:

(i) any lack of validity or enforceability of such Letter of Credit, this Agreement, or any other agreement or instrument relating thereto;

(ii) the existence of any claim, counterclaim, setoff, defense or other right that any Loan Party may have at any time against any beneficiary or any transferee of such Letter of Credit (or any Person for whom any such beneficiary or any such transferee may be acting), the relevant L/C Issuer or any other Person, whether in connection with this Agreement, the
transactions contemplated hereby or by such Letter of Credit or any agreement or instrument relating thereto, or any unrelated transaction;

(iii) any draft, demand, certificate or other document presented under such Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect, or any loss or delay in the transmission or otherwise of any document required in order to make a drawing under such Letter of Credit;

(iv) any payment by the relevant L/C Issuer under such Letter of Credit against presentation of a draft or certificate that does not strictly comply with the terms of such Letter of Credit; or any payment made by the relevant L/C Issuer under such Letter of Credit to any Person purporting to be a trustee in bankruptcy, debtor-in-possession, assignee for the benefit of creditors, liquidator, receiver or other representative of or successor to any beneficiary or any transferee of such Letter of Credit, including any arising in connection with any proceeding under any Debtor Relief Law;

(v) any exchange, release or nonperfection of any Collateral, or any release or amendment or waiver of or consent to departure from the Guaranty or any other guarantee, for all or any of the Obligations of any Loan Party in respect of such Letter of Credit;

(vi) [reserved]; or

(vii) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing, including any other circumstance that might otherwise constitute a defense available to, or a discharge of, any Loan Party;

provided that the foregoing shall not excuse any L/C Issuer from liability to the Borrower to the extent of any direct damages (as opposed to consequential damages, claims in respect of which are waived by the Borrower to the extent permitted by applicable Law) suffered by the Borrower that are caused by such L/C Issuer’s gross negligence or willful misconduct (as determined by a court of competent jurisdiction in a final non-appealable judgment) when determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof.

(e) Role of L/C Issuers. Each Lender and the Borrower agree that, in paying any drawing under a Letter of Credit, the relevant L/C Issuer shall not have any responsibility to obtain any document (other than any sight draft, certificates and documents expressly required by the Letter of Credit) or to ascertain or inquire as to the validity or accuracy of any such document or the authority of the Person executing or delivering any such document. None of the L/C Issuers, any Agent-Related Person nor any of the respective correspondents, participants or assignees of any L/C Issuer shall be liable to any Lender for (i) any action taken or omitted in connection herewith at the request or with the approval of the Lenders or the Required Revolving Credit Lenders, as applicable; (ii) any action taken or omitted in the absence of gross negligence or willful misconduct (as determined by a court of competent jurisdiction in a final non-appealable judgment) by such Person; or (iii) the due execution, effectiveness, validity or enforceability of any document or instrument related to any Letter of Credit or Letter of Credit Application. The Borrower hereby assumes all risks of the acts or omissions of any beneficiary or transferee with respect to its use of any Letter of Credit; provided that this assumption is not intended to,
and shall not, preclude the Borrower’s pursuing such rights and remedies as it may have against the beneficiary or transferee at law or under any other agreement. None of the L/C Issuers, any Agent-Related Person, nor any of the respective correspondents, participants or assignees of any L/C Issuer, shall be liable or responsible for any of the matters described in clauses (i) through (iii) of this Section 2.03(e); provided that anything in such clauses to the contrary notwithstanding, the Borrower may have a claim against an L/C Issuer, and such L/C Issuer may be liable to the Borrower, to the extent, but only to the extent, of any direct, as opposed to consequential or exemplary, damages suffered by the Borrower caused by such L/C Issuer’s willful misconduct or gross negligence or such L/C Issuer’s willful or grossly negligent failure to pay under any Letter of Credit after the presentation to it by the beneficiary of a sight draft and certificate(s) strictly complying with the terms and conditions of a Letter of Credit (in each case, as determined by the final and non-appealable judgment of a court of competent jurisdiction). In furtherance and not in limitation of the foregoing, each L/C Issuer may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary, and no L/C Issuer shall be responsible for the validity or sufficiency of any instrument transferring or assigning or purporting to transfer or assign a Letter of Credit or the rights or benefits thereunder or proceeds thereof, in whole or in part, which may prove to be invalid or ineffective for any reason.

(f) Cash Collateral. (i) If any Event of Default occurs and is continuing and the Administrative Agent, the Required Lenders, or the Required Revolving Credit Lenders, as applicable, require the Borrower to Cash Collateralize the L/C Obligations pursuant to Section 8.02(c) or (ii) an Event of Default set forth under Section 8.01(f) or (g) occurs and is continuing, then the Borrower shall Cash Collateralize the then Outstanding Amount of all L/C Obligations (in an amount equal to such Outstanding Amount determined as of the date of such Event of Default), and shall do so not later than 2:00 p.m. on (x) in the case of the immediately preceding clause (i), (1) the Business Day that the Borrower receives notice thereof, if such notice is received on such day prior to 1:00 p.m., or (2) if clause (1) above does not apply, the Business Day immediately following the day that the Borrower receives such notice and (y) in the case of the immediately preceding clause (ii), the Business Day on which an Event of Default set forth under Section 8.01(f) or (g) occurs or, if such day is not a Business Day, the Business Day immediately succeeding such day, in either case, by 1:00 p.m. on such day. For purposes hereof, “Cash Collateralize” means to pledge and deposit with or deliver to the Administrative Agent, for the benefit of the L/C Issuer and the Revolving Credit Lenders, as collateral for the L/C Obligations, cash or deposit account balances in an amount equal to the then Outstanding Amount of all applicable L/C Obligations (determined as of the date of such Event of Default) (“Cash Collateral”) pursuant to documentation in form and substance reasonably satisfactory to the Administrative Agent and the relevant L/C Issuer (which documents are hereby consented to by the Revolving Credit Lenders). Derivatives of such term have corresponding meanings. The Borrower hereby grants to the Administrative Agent, for the benefit of the Secured Parties, a security interest in all such cash, deposit accounts and all balances therein and all proceeds of the foregoing. Cash Collateral shall be maintained in accounts satisfactory to the Administrative Agent in the name of the Administrative Agent as custodian for the Borrower and for the benefit of the Secured Parties and may be invested in readily available Cash Equivalents at its sole discretion. If at any time the Administrative Agent determines that any funds held as Cash Collateral are subject to any right or claim of any Person other than the Administrative Agent (on behalf of the Secured Parties) or that the total amount of such funds is less than the aggregate Outstanding Amount of all L/C Obligations, the Borrower will, forthwith upon demand by the Administrative Agent, pay to the Administrative Agent, as additional funds to be deposited and held in the deposit accounts

-71-
satisfactory to the Administrative Agent as aforesaid, an amount equal to the excess of (x) such aggregate Outstanding Amount over (y) the total amount of funds, if any, then held as Cash Collateral that the Administrative Agent reasonably determines to be free and clear of any such right and claim. Upon the drawing of any Letter of Credit for which funds are on deposit as Cash Collateral, such funds shall be applied, to the extent permitted under applicable Law, to reimburse the relevant L/C Issuer. To the extent the amount of any Cash Collateral exceeds the then Outstanding Amount of such L/C Obligations plus costs incidental thereto and so long as no other Event of Default has occurred and is continuing, the excess shall be refunded to the Borrower. If such Event of Default is cured or waived and no other Event of Default is then occurring and continuing, the amount of any Cash Collateral and accrued interest thereon shall be refunded to the Borrower.

(g) **Letter of Credit Fees.** The Borrower shall pay to the Administrative Agent for the account of each Revolving Credit Lender of any Class a Letter of Credit fee with respect to its participation in Letters of Credit equal to the product of (i) the Applicable Rate used to determine the interest rate applicable to Revolving Credit Loans of such Class that are Term SOFR Loans and (ii) the amount of such Revolving Credit Lender’s L/C Obligations attributable to its Revolving Credit Commitment of such Class (other than Unreimbursed Amounts). Such Letter of Credit fees shall be computed on a quarterly basis in arrears. Such Letter of Credit fees shall be due and payable on the first Business Day after the end of each March, June, September and December, commencing with the first such date to occur after the issuance of such Letter of Credit, on the Letter of Credit Expiration Date and thereafter on demand. If there is any change in the Applicable Rate during any quarter, the daily maximum amount of each Letter of Credit shall be computed and multiplied by the Applicable Rate separately for each period during such quarter that such Applicable Rate was in effect.

(h) **Fronting Fee and Documentary and Processing Charges Payable to L/C Issuers.** The Borrower shall pay directly to each L/C Issuer for its own account a fronting fee (a “Fronting Fee”) with respect to each Letter of Credit issued by it equal to 0.125% per annum of the daily maximum amount then available to be drawn under such Letter of Credit. Such fronting fees shall be computed on a quarterly basis in arrears. Such fronting fees shall be due and payable on the first Business Day after the end of each March, June, September and December, commencing with the first such date to occur after the issuance of such Letter of Credit, on the Letter of Credit Expiration Date and thereafter on demand. In addition, the Borrower shall pay directly to each L/C Issuer for its own account the customary issuance, presentation, amendment and other processing fees, and other standard costs and charges, of such L/C Issuer relating to letters of credit as from time to time in effect. Such customary fees and standard costs and charges are due and payable within ten (10) Business Days of demand and are nonrefundable.

(i) **Conflict with Letter of Credit Application.** Notwithstanding anything else to the contrary in any Letter of Credit Application, in the event of any conflict between the terms hereof and the terms of any Letter of Credit Application, the terms hereof shall control.

(j) **Addition of an L/C Issuer.** A Revolving Credit Lender (or any of its Subsidiaries or Affiliates) may become an additional L/C Issuer hereunder pursuant to a written agreement among the Borrower, the Administrative Agent and such Revolving Credit Lender, which such written agreement shall also provide that the commitment of such additional L/C Issuer to issue Letters of Credit shall not exceed at any time the amount set forth in such written agreement. The Administrative Agent shall notify the Revolving Credit Lenders of any such additional L/C Issuer.
(k) **Provisions Related to Extended Revolving Credit Commitments.** If the Maturity Date in respect of any Class of Revolving Credit Commitments occurs prior to the expiration of any Letter of Credit, then (i) if one or more other Classes of Revolving Credit Commitments in respect of which the Maturity Date shall not have occurred are then in effect, such Letters of Credit shall automatically be deemed to have been issued (including for purposes of the obligations of the Revolving Credit Lenders to purchase participations therein and to make Revolving Credit Loans and payments in respect thereof pursuant to Section 2.03(c)) under (and ratably participated in by Lenders pursuant to) the Revolving Credit Commitments in respect of such non-terminating Classes up to an aggregate amount not to exceed the aggregate principal amount of the unutilized Revolving Credit Commitments thereunder at such time (it being understood that no partial face amount of any Letter of Credit may be so reallocated) and (ii) to the extent not reallocated pursuant to the immediately preceding clause (i), the Borrower shall Cash Collateralize any such Letter of Credit in accordance with Section 2.03(f). If, for any reason, such Cash Collateral is not provided or the reallocation does not occur, the Revolving Credit Lenders under the maturing Class shall continue to be responsible for their participating interests in the Letters of Credit. Except to the extent of reallocations of participations pursuant to clause (i) of the second preceding sentence, the occurrence of a Maturity Date with respect to a given Class of Revolving Credit Commitments shall have no effect upon (and shall not diminish) the percentage participations of the Revolving Credit Lenders in any Letter of Credit issued before such Maturity Date. Commencing with the Maturity Date of any Class of Revolving Credit Commitments, the sublimit for Letters of Credit shall be agreed with the Lenders under the extended or otherwise outstanding Classes. For the avoidance of doubt, notwithstanding anything contained herein, the commitment of any L/C Issuer to act in its capacity as such cannot be extended beyond the Initial Revolving Credit Maturity Date (as in effect at the Closing Date) or increased without its prior written consent.

(l) **Applicability of ISP and UCP.** Unless otherwise expressly agreed by the applicable L/C Issuer and the Borrower when a Letter of Credit is issued, (i) the rules of the ISP shall apply to each standby Letter of Credit and (ii) the rules of the UCP shall apply to each commercial Letter of Credit. Notwithstanding the foregoing, an L/C Issuer shall not be responsible to the Borrower for, and such L/C Issuer’s rights and remedies against the Borrower shall not be impaired by, any action or inaction of such L/C Issuer required or permitted under any Law, order, or practice that is required or permitted to be applied to any Letter of Credit or this Agreement, including the Law or any order of a jurisdiction where such L/C Issuer or the beneficiary is located, the practice stated in the ISP or UCP, as applicable, or in the decisions, opinions, practice statements, or official commentary of the ICC Banking Commission, the Bankers Association for Finance and Trade – International Financial Services Association (BAFT-IFSA), or the Institute of International Banking Law & Practice, whether or not any Letter of Credit chooses such law or practice.

(m) **Letters of Credit Issued for Subsidiaries.** Notwithstanding that a Letter of Credit issued or outstanding hereunder is in support of any obligations of, or is for the account of, a Restricted Subsidiary, the Borrower shall be obligated to reimburse the applicable L/C Issuer hereunder for any and all drawings under such Letter of Credit. The Borrower hereby acknowledges that the issuance of Letters of Credit for the account of Restricted Subsidiaries inures to the benefit of the Borrower, and that the Borrower’s business derives substantial benefits from the businesses of such Restricted Subsidiaries.
Section 2.05. Prepayments.

(a) Optional Prepayments. (i) The Borrower may, upon delivery of a Notice of Loan Prepayment to the Administrative Agent by the Borrower, at any time or from time to time voluntarily prepay any Borrowing of any Class in whole or in part without premium or penalty; provided that (i) such notice must be received by the Administrative Agent not later than (A) 11:00 a.m. three (3) Business Days prior to any date of prepayment of Term SOFR Loans and (B) 1:00 p.m. one (1) Business Day prior to the date of prepayment of Base Rate Loans, (ii) any prepayment of Term SOFR Loans shall be in a principal amount of $1,000,000 or a whole multiple of $100,000 in excess thereof or, in each case, the entire principal amount thereof then outstanding and (iii) any prepayment of Base Rate Loans shall be in a principal amount of $500,000 or a whole multiple of $100,000 in excess thereof or, in each case, the entire principal amount thereof then outstanding. Each such notice shall specify the date and amount of such prepayment and the Class(es) and Type(s) of Loans to be prepaid. The Administrative Agent will promptly notify each Appropriate Lender of its receipt of each such notice, and of the amount of such Lender’s Applicable Percentage of such prepayment. If such notice is given by the Borrower, the Borrower shall make such prepayment and the payment amount specified in such notice shall be due and payable on the date specified therein. Any prepayment of a Term SOFR Loan shall be accompanied by all accrued interest thereon, together with any additional amounts required pursuant to Section 3.04, if applicable. Each prepayment of Term Loans pursuant to this Section 2.05(a) shall be applied to the installments thereof as directed by the Borrower (it being understood and agreed that if the Borrower does not so direct at the time of such prepayment, such prepayment shall be applied against the scheduled repayments, if applicable, of Term Loans of the relevant Class under Section 2.07 in direct order of maturity) and shall be paid to the Appropriate Lenders in accordance with their respective Applicable Percentages.

(ii) Notwithstanding anything to the contrary contained in this Agreement, the Borrower may rescind any notice of prepayment under Section 2.05(a) if such prepayment is conditioned upon the consummation of a refinancing of all of the Facilities then outstanding or other transaction, which refinancing or other transaction shall not be consummated or shall otherwise be delayed.

(b) Mandatory Prepayments.

(i) [Reserved].

(ii) (A) Subject to Section 2.05(b)(ii)(B), if following the Closing Date (x) the Borrower or any Restricted Subsidiary Disposes of any property or assets (other than any Disposition of any property or assets permitted by Section 7.05(a), (b), (c), (d) to the extent constituting a Disposition to a Loan Party, by a Restricted Subsidiary that is not a Loan Party, or pursuant to clause (iii) of the proviso thereto), (g), (f), (g), (j), (l), (k), (n), (o), (p), (q), (r) or (s)), or (y) any Casualty Event occurs, which in the aggregate results in the realization or receipt by the Borrower or such Restricted Subsidiary of Net Cash Proceeds, the Borrower shall make a prepayment with respect to the Term Loans then outstanding, in accordance with Section 2.05(b)(ii)(C), in an aggregate principal amount equal to 100% of all such Net Cash Proceeds realized or received; provided that (1) no such prepayment shall be required pursuant to this Section 2.05(b)(ii)(A) (1) with respect to such portion of such Net Cash Proceeds that the Borrower
shall have, on or prior to such date, given written notice to the Administrative Agent of its intent to reinvest in accordance with Section 2.05(b)(ii)(B) and (II) until the aggregate amount of Net Cash Proceeds not reinvested in accordance with Section 2.05(b)(ii)(B) within the time periods set forth therein and not previously applied to such a prepayment exceeds the greater of (x) $37,500,000 and (y) 10% of LTM Consolidated EBITDA for any such Dispositions in the aggregate during such fiscal year (with unused amounts in respect of any fiscal year being carried over to the immediately succeeding fiscal year) (and only amounts in excess of such threshold in any fiscal year shall be required to be prepaid), (2) [reserved] and (3) if at or prior to the time that any such prepayment would be required, the Borrower or any of its Restricted Subsidiaries is required to offer to repurchase or prepay any Indebtedness that is secured by a Lien ranking pari passu with the Liens securing the Term Loans pursuant to the terms of the documentation governing such Indebtedness with the Net Cash Proceeds of such Disposition or Casualty Event (such Indebtedness required to be offered to be so repurchased or prepaid, “Other Applicable Indebtedness”), then the Borrower may apply such Net Cash Proceeds on a pro rata basis (determined on the basis of the aggregate outstanding principal amount of the Term Loans and Other Applicable Indebtedness at such time) to the prepayment of the Term Loans and to the repurchase or prepayment of Other Applicable Indebtedness, and the amount of prepayment of the Term Loans that would have otherwise been required pursuant to this Section 2.05(b)(ii)(A) shall be reduced accordingly (provided that (x) the portion of such Net Cash Proceeds allocated to the Other Applicable Indebtedness shall not exceed the amount of such Net Cash Proceeds required to be allocated to the Other Applicable Indebtedness pursuant to the terms thereof, and the remaining amount, if any, of such Net Cash Proceeds shall be allocated to the Term Loans in accordance with the terms hereof and (y) to the extent the holders of Other Applicable Indebtedness decline to have such Indebtedness repurchased or prepaid, the declined amount shall promptly be applied to prepay the Term Loans in accordance with the terms hereof).

(B) With respect to any Net Cash Proceeds realized or received with respect to any Disposition (other than any Disposition specifically excluded from the application of Section 2.05(b)(ii)(A)) or any Casualty Event, at the option of the Borrower, the Borrower or any Restricted Subsidiary may reinvest an amount equal to all or any portion of such Net Cash Proceeds in assets useful for its business (other than working capital (except for short-term capital assets) but including (1) Permitted Acquisitions, (2) other Investments made pursuant to clause (c), (d), (t), (u) and (y) of Section 7.02 and (3) Capital Expenditures) within (x) five hundred forty (540) days following receipt of such Net Cash Proceeds (or, prior to the receipt of such Net Cash Proceeds so long as such reinvestment was made or committed to within one hundred eighty (180) days prior to the receipt of such Net Cash Proceeds)) or (y) if the Borrower or any Restricted Subsidiary enters into a commitment to reinvest such Net Cash Proceeds within three hundred sixty-five (365) days following receipt thereof, one hundred eighty (180) days after the three hundred sixty-five (365) day period that follows receipt of such Net Cash Proceeds; provided that if any Net Cash Proceeds are not so reinvested by the deadline specified in clause (x) or (y) above, as applicable, or if any such Net Cash Proceeds are no longer intended to be or cannot be so reinvested at any time after delivery of a notice of reinvestment election, an amount equal to 100% of any such Net Cash Proceeds shall be applied, to the extent required by Section 2.05(b)(ii)(A) and in accordance with Section 2.05(b)(ii)(C), to the prepayment of the Term Loans as set forth in this Section 2.05.

(C) On each occasion that the Borrower must make a prepayment of the Term Loans pursuant to this Section 2.05(b)(ii), the Borrower shall, within five (5) Business Days after the date of realization or receipt of such Net Cash Proceeds in the minimum amount specified above (or, in the case
of prepayments required pursuant to Section 2.05(b)(ii)(B), within five (5) Business Days of the deadline specified in clause (x) or (y) thereof, as applicable, or of the date the Borrower reasonably determines that such Net Cash Proceeds are no longer intended to be or cannot be so reinvested, as the case may be), make a prepayment, in accordance with Section 2.05(b)(v) below, of the principal amount of Term Loans in an amount equal to 100% of such Net Cash Proceeds realized or received that exceed the minimum amount specified above.

(iii) If, following the Closing Date, the Borrower or any Restricted Subsidiary incurs or issues any (A) Refinancing Term Loans, (B) Indebtedness pursuant to Section 7.03(w) or (C) Indebtedness not expressly permitted to be incurred or issued pursuant to Section 7.03, the Borrower shall cause to be prepaid an aggregate principal amount of Term Loans equal to 100% of all Net Cash Proceeds received therefrom on or prior to the date which is five (5) Business Days after the receipt of such Net Cash Proceeds. If the Borrower obtains any Refinancing Revolving Commitments, the Borrower shall, concurrently with the receipt thereof, terminate Revolving Credit Commitments in an equivalent amount pursuant to Section 2.06.

(iv) Each prepayment of a Class of Term Loans pursuant to this Section 2.05(b) shall be applied to the installments thereof in direct order of maturity pursuant to Section 2.07 following the applicable prepayment event, and any mandatory prepayment pursuant to Section 2.05 shall be applied on a pro rata basis to all Classes of Term Loans then outstanding. After application of such prepayments to repay the Term Loans in full, such prepayments shall be applied, first, to prepay Revolving Credit Loans (with no required reduction of Revolving Credit Commitments), and second, if there is no Outstanding Amount of Revolving Credit Loans and if an Event of Default has occurred and is continuing, to Cash Collateralize the L/C Obligations, provided that if there are no outstanding L/C Obligations, any remaining prepayment amount shall be returned to the Borrower. Each such prepayment shall be paid to the Lenders in accordance with their respective Applicable Percentages subject to clause (v) of this Section 2.05(b).

(v) The Borrower shall notify the Administrative Agent in writing of any mandatory prepayment of Term Loans required to be made pursuant to clause (ii) of this Section 2.05(b) prior to 1:00 p.m. at least five (5) Business Days (or such lesser number of Business Days as shall be acceptable to the Administrative Agent) prior to the date of such prepayment. Each such notice shall specify the date of such prepayment and provide a reasonably detailed calculation of the amount of such prepayment. The Administrative Agent will promptly notify each Appropriate Lender of the contents of the Borrower’s prepayment notice and of such Appropriate Lender’s Applicable Percentage of the prepayment. Each Appropriate Lender may reject all, but not less than all, of its Applicable Percentage of any mandatory prepayment (such declined amounts, the “Declined Proceeds”) of Term Loans required to be made pursuant to clause (ii) of this Section 2.05(b) by providing written notice (each, a “Rejection Notice”) to the Administrative Agent and the Borrower no later than 5:00 p.m. three (3) Business Days after the date of such Lender’s receipt of notice from the Administrative Agent regarding such prepayment. Each Rejection Notice from a given Lender shall specify the principal amount of the Declined Proceeds. If a Lender fails to deliver a Rejection Notice to the Administrative Agent within the time frame specified above or such Rejection Notice fails to specify the principal amount of the Term Loans to be rejected, any such failure will be deemed an acceptance of the total amount of such mandatory repayment of Term Loans. Any Declined Proceeds shall be retained by the Borrower (“Retained Declined Proceeds”).

-76-
(vi) If at any time, the Revolving Credit Exposure (excluding the face amount of any Letters of Credit that are Cash Collateralized or back-stopped to the reasonable satisfaction of the Administrative Agent) attributable to the Revolving Credit Commitments of any Class exceeds the Revolving Credit Commitments of such Class, the Borrower shall within one Business Day, upon notification by the Administrative Agent, prepay Revolving Credit Loans of such Class in an amount equal to the lesser of (A) the amount of such excess and (B) the aggregate principal amount of such Revolving Credit Loans, and if such excess remains after giving effect to such prepayment, the Borrower shall Cash Collateralize, in the amount required by Section 2.03(f), L/C Obligations attributable to such Class to the extent of such remaining excess; provided that nothing in this clause (b) (vi) shall reduce the Revolving Credit Commitments.

(vii) Notwithstanding any other provision of this Section 2.05(b), (A) to the extent that any or all of the Net Cash Proceeds of any Disposition by a Restricted Subsidiary that is a Foreign Subsidiary otherwise giving rise to a prepayment pursuant to Section 2.05(b)(ii) (a “Restricted Disposition”) or the Net Cash Proceeds of any Casualty Event of a Restricted Subsidiary that is a Foreign Subsidiary (a “Restricted Casualty Event”) would be prohibited or delayed by applicable local Law from being distributed or otherwise transferred to the Borrower, the realization or receipt of the portion of such Net Cash Proceeds so affected will not be taken into account in measuring the Borrower’s obligation to prepay Term Loans at the times provided in Section 2.05(b) for so long, but only so long, as the applicable local Law will not permit such distribution or transfer (the Borrower hereby agreeing to cause the applicable Restricted Subsidiary to promptly take all commercially reasonable actions available under the applicable local Law to permit such repatriation), and once distribution or transfer of any of such affected Net Cash Proceeds is permitted under the applicable local Law, the amount of such Net Cash Proceeds permitted to be distributed or transferred (net of additional Taxes payable or reserved against as a result thereof, to the extent such Taxes are not already deducted in accordance with the definition of “Net Cash Proceeds”) will be promptly (and in any event not later than five (5) Business Days after such distribution or transfer is permitted) taken into account in measuring the Borrower’s obligation to prepay the Term Loans pursuant to this Section 2.05(b) to the extent provided herein and (B) to the extent that the Borrower has determined in good faith (as set forth in a written notice delivered to the Administrative Agent) that repatriation of any or all of the Net Cash Proceeds of any Restricted Disposition or any Restricted Casualty Event attributable to a Foreign Subsidiary would have a material adverse Tax consequence (taking into account any foreign Tax credit or benefit received in connection with such repatriation), the amount of the Net Cash Proceeds so affected shall not be taken into account in measuring the Borrower’s obligation to repay Term Loans pursuant to this Section 2.05(b).

(c) Interest, Funding Losses, Etc. All prepayments under this Section 2.05 shall be accompanied by all accrued interest thereon (other than prepayments of Base Rate Revolving Credit Loans that are not made in connection with the termination or permanent reduction of the Revolving Credit Commitments), together with, in the case of any such prepayment of a Term SOFR Loan on a date prior to the last day of the applicable Interest Period (whether voluntary, mandatory, automatic, by reason of acceleration or otherwise), any amounts owing in respect of such Term SOFR Loan pursuant to Section 3.04.
Section 2.06. Termination or Reduction of Commitments.

(a) Optional. The Borrower may, upon written notice to the Administrative Agent, terminate the unused Commitments of any Class, or from time to time permanently reduce the unused Commitments of any Class; provided that (i) any such notice shall be received by the Administrative Agent three (3) Business Days prior to the date of termination or reduction, (ii) any such partial reduction shall be in an aggregate amount of $1,000,000 or any whole multiple of $100,000 in excess thereof, (iii) the Borrower shall not terminate or reduce the Revolving Credit Commitments of any Class if, after giving effect thereto and to any concurrent prepayments hereunder, the Total Outstandings of such Class would exceed the aggregate Revolving Credit Commitments of such Class and (iv) if, after giving effect to any reduction of Revolving Credit Commitments, the Letter of Credit Sublimit exceeds the aggregate Revolving Credit Commitments, such sublimit shall be automatically reduced by the amount of such excess. The amount of any such Revolving Credit Commitment reduction shall not be applied to the Letter of Credit Sublimit unless otherwise specified by the Borrower. Notwithstanding the foregoing, the Borrower may rescind or postpone any notice of termination of Commitments if such termination is conditioned upon the consummation of a refinancing of all of the Facilities or other transaction, which refinancing or other transaction shall not be consummated or otherwise shall be delayed.

(b) Mandatory. Upon each making of an Initial Term Loan by an Initial Term Lender pursuant to Section 2.01, the Initial Term Commitment of such Initial Term Lender shall be automatically and permanently reduced in an amount equal to such Initial Term Loan. On the Delayed Draw Termination Date, any undrawn Initial Term Commitments shall terminate. Each Class of Revolving Credit Commitments shall terminate on the applicable Maturity Date.

(c) Application of Commitment Reductions; Payment of Fees. The Administrative Agent will promptly notify the Lenders of any termination or reduction of unused Commitments of any Class under Section 2.06(a). Upon any reduction of the unused Commitments of any Class, the Commitment of each Lender of such Class shall be reduced by such Lender’s Applicable Percentage of the amount by which such Commitments are reduced (other than the termination of the Commitment of any Lender as provided in Section 3.06). All Commitment Fees accrued until the effective date of any termination of Initial Revolving Credit Commitments shall be paid on the effective date of such termination. All Ticking Fees accrued until the effective date of any termination of Initial Term Commitments shall be paid on the effective date of such termination.

Section 2.07. Repayment of Loans.

(a) Initial Term Loans. The Borrower shall repay to the Administrative Agent for the ratable account of the Initial Term Lenders holding Initial Term Loans (i) on the last Business Day of each March, June, September and December, commencing with the last day of the first full fiscal quarter ending after the earlier of (x) the Delayed Draw Termination Date and (y) the date on which the Initial Term Loans are fully drawn, an aggregate principal amount equal to 1.25% of the aggregate principal amount of the Initial Term Loans outstanding as of such earlier date and (ii) on the Initial Term Maturity Date, the aggregate principal amount of all Initial Term Loans outstanding on such date; provided that payments required by clause (i) above shall be reduced as a result of the application of prepayments in accordance with Section 2.05. In the event any Incremental Term Loans or Extended Term Loans are made, such Incremental Term Loans or Extended Term Loans, as applicable, shall be repaid by the
Borrower in the amounts and on the dates set forth in the definitive documentation with respect thereto and on the applicable Maturity Date thereof.

(b) [Reserved].

(c) [Reserved].

(d) Revolving Credit Loans. The Borrower shall repay to the Administrative Agent for the ratable account of the Appropriate Lenders on the Maturity Date for any Revolving Credit Facility the aggregate principal amount of all of its Revolving Credit Loans outstanding under such Revolving Credit Facility on such date.

Section 2.08. Interest.

(a) Subject to the provisions of Section 2.08(b), (i) each Term SOFR Loan shall bear interest on the outstanding principal amount thereof for each Interest Period at a rate per annum equal to Term SOFR for such Interest Period plus the Applicable Rate; and (ii) each Base Rate Loan shall bear interest on the outstanding principal amount thereof from the applicable borrowing date at a rate per annum equal to the Base Rate plus the Applicable Rate.

(b) The Borrower shall pay interest on past due amounts under this Agreement at a fluctuating interest rate per annum at all times equal to the Default Rate to the fullest extent permitted by applicable Laws. Accrued and unpaid interest on past due amounts (including interest on past due interest) shall be due and payable upon demand to the fullest extent permitted by and subject to applicable Laws, including in relation to any required additional agreements.

(c) Interest on each Loan shall be due and payable in arrears on each Interest Payment Date applicable thereto and at such other times as may be specified herein. Interest hereunder shall be due and payable in accordance with the terms hereof before and after judgment, and before and after the commencement of any proceeding under any Debtor Relief Law.

Section 2.09. Fees. In addition to certain fees described in Sections 2.03(g) and (h):

(a) Commitment Fee. The Borrower shall pay to the Administrative Agent for the account of each Initial Revolving Credit Lender in accordance with its Applicable Percentage, a commitment fee (the “Commitment Fee”) equal to the amount provided for in the definition of “Applicable Rate” per annum on the actual daily amount by which the aggregate Initial Revolving Credit Commitments exceeds the sum of (A) the Outstanding Amount of Initial Revolving Credit Loans and (B) the Outstanding Amount of L/C Obligations attributable to the Initial Revolving Credit Commitments. The Commitment Fee shall accrue at all times from the Closing Date until the Initial Revolving Credit Maturity Date, including at any time during which one or more of the conditions in Article IV is not met, and shall be due and payable quarterly in arrears on the last Business Day of each March, June, September and December, commencing with March 31, 2023, and on the Initial Revolving Credit Maturity Date. The Commitment Fee shall be calculated quarterly in arrears.
(b) **Ticking Fee.** The Borrower shall pay to the Administrative Agent, for the account of each Initial Term Lender, a ticking fee (the "Ticking Fee") calculated for each day at the Applicable Ticking Fee Rate for such day, on the amount of the unused Initial Term Commitment of such Initial Term Lender on such day, which shall accrue during the period from the Closing Date to but excluding the earlier of (x) the Delayed Draw Termination Date and (y) the date on which the Initial Term Loans are drawn in full. The Ticking Fee shall be due and payable quarterly in arrears on the last Business Day of each March, June, September and December, commencing with March 31, 2023. The Ticking Fee shall be calculated quarterly in arrears.

(c) **Other Fees.** The Borrower shall pay to the Arrangers and the Agents such fees as shall have been separately agreed upon in writing in the amounts and at the times so specified. Such fees shall be fully earned when paid and shall not be refundable for any reason whatsoever (except as expressly agreed between the Borrower and the applicable Arranger or Agent).

Section 2.10. **Computation of Interest and Fees.** All computations of interest for Base Rate Loans (including Base Rate Loans determined by reference to Term SOFR) shall be made on the basis of a year of 365 days, or 366 days, as applicable, and actual days elapsed. All other computations of fees and interest, including Term SOFR Loans, shall be made on the basis of a 360-day year and actual days elapsed. Interest shall accrue on each Loan for the day on which the Loan is made, and shall not accrue on a Loan, or any portion thereof, for the day on which the Loan or such portion is paid; provided that any Loan that is repaid on the same day on which it is made shall, subject to Section 2.12(a), bear interest for one (1) day. Each determination by the Administrative Agent of an interest rate or fee hereunder shall be conclusive and binding for all purposes, absent manifest error.

Section 2.11. **Evidence of Indebtedness.** The Credit Extensions made by each Lender shall be evidenced by one or more accounts or records maintained by such Lender and by one or more entries in the Register. Any failure to so record or any error in doing so shall not, however, limit or otherwise affect the obligation of the Borrower hereunder to pay any amount owing with respect to the Obligations. In the event of any conflict between the accounts and records maintained by any Lender and the Register, the Register shall be conclusive in the absence of demonstrable error. Upon the request of any Lender made through the Administrative Agent, the Borrower shall execute and deliver to such Lender (through the Administrative Agent) a Note payable to such Lender or its registered assigns, which shall evidence such Lender’s Loans in addition to such accounts or records. Each Lender may attach schedules to its Note and endorse thereon the date, Type (if applicable), amount and maturity of its Loans and payments with respect thereto.

Section 2.12. **Payments Generally.**

(a) All payments to be made by the Borrower shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. Except as otherwise expressly provided herein, all payments by the Borrower hereunder shall be made to the Administrative Agent, for the account of the respective Lenders to which such payment is owed, at the applicable Administrative Agent’s Office in Dollars and in Same Day Funds not later than 2:00 p.m. on the date specified herein. The Administrative Agent will promptly distribute to each Lender its Applicable Percentage (or other applicable share as provided herein) of such payment in like funds as received by wire transfer to such Lender’s Applicable Lending Office. All payments received by the Administrative Agent after 2:00 p.m.
shall be deemed received on the next succeeding Business Day and any applicable interest or fee shall continue to accrue.

(b) If any payment to be made by the Borrower shall come due on a day other than a Business Day, payment shall be made on the next following Business Day, and such extension of time shall be reflected in computing interest or fees, as the case may be; provided that, if such extension would cause payment of interest or principal of Term SOFR Loans to be made in the next succeeding calendar month, such payment shall be made on the immediately preceding Business Day.

(c) Unless the Borrower or any Lender has notified the Administrative Agent, prior to the date any payment is required to be made by it to the Administrative Agent hereunder, that the Borrower or such Lender, as the case may be, will not make such payment, the Administrative Agent may assume that the Borrower or such Lender, as the case may be, has timely made such payment and may (but shall not be so required to), in reliance thereon, make available a corresponding amount to the Person entitled thereto. If and to the extent that such payment was not in fact made to the Administrative Agent in immediately available funds, then:

(i) if the Borrower failed to make such payment, then the applicable Lender agrees to pay to the Administrative Agent forthwith on demand the portion of such assumed payment that was made available to such Lender in Same Day Funds, together with interest thereon in respect of each day from and including the date such amount was made available by the Administrative Agent to such Lender to the date such amount is repaid to the Administrative Agent in Same Day Funds at the applicable Overnight Rate from time to time in effect, it being understood that nothing herein shall be deemed to relieve any Lender from its obligation to fulfill its Commitment or to prejudice any rights which the Administrative Agent or the Borrower may have against any Lender as a result of any default by such Lender hereunder; and

(ii) if any Lender failed to make such payment, such Lender shall forthwith on demand pay to the Administrative Agent the amount thereof in immediately available funds, together with interest thereon for the period from the date such amount was made available by the Administrative Agent to the Borrower to the date such amount is recovered by the Administrative Agent (the “Compensation Period”) at a rate per annum equal to the applicable Overnight Rate from time to time in effect. When such Lender makes payment to the Administrative Agent (together with all accrued interest thereon), then such payment amount (excluding the amount of any interest which may have accrued and been paid in respect of such late payment) shall constitute such Lender’s Loan included in the applicable Borrowing. If such Lender does not pay such amount forthwith upon the Administrative Agent’s demand therefor, the Administrative Agent may make a demand therefor upon the Borrower, and the Borrower shall pay such amount to the Administrative Agent, together with interest thereon for the Compensation Period at the interest rate applicable to such Loan. Nothing herein shall be deemed to relieve any Lender from its obligation to fulfill its Commitment or to prejudice any rights which the Administrative Agent or the Borrower may have against any Lender as a result of any default by such Lender hereunder.

A notice of the Administrative Agent to any Lender or the Borrower with respect to any amount owing under this Section 2.12(c) shall be conclusive, absent demonstrable error.
(d) If any Lender makes available to the Administrative Agent funds for any Loan to be made by such Lender as provided in the foregoing provisions of this Article II, and such funds are not made available to the Borrower by the Administrative Agent because the conditions to the applicable Credit Extension set forth in Article IV are not satisfied or waived in accordance with the terms hereof, the Administrative Agent shall return such funds (in like funds as received from such Lender) to such Lender, without interest.

(e) The obligations of the Lenders hereunder to make Loans and to fund participations in Letters of Credit are several and not joint. The failure of any Lender to make any Loan or to fund any such participation on any date required hereunder shall not relieve any other Lender of its corresponding obligation to do so on such date, and no Lender shall be responsible for the failure of any other Lender to so make its Loan or purchase its participation.

(f) Nothing herein shall be deemed to obligate any Lender to obtain the funds for any Loan in any particular place or manner or to constitute a representation by any Lender that it has obtained or will obtain the funds for any Loan in any particular place or manner.

(g) Whenever any payment received by the Administrative Agent under this Agreement or any of the other Loan Documents is insufficient to pay in full all amounts due and payable to the Administrative Agent and the Lenders under or in respect of this Agreement and the other Loan Documents on any date, such payment shall be distributed by the Administrative Agent and applied by the Administrative Agent and the Lenders in the order of priority set forth in Section 8.04. If the Administrative Agent receives funds for application to the Obligations of the Loan Parties under or in respect of the Loan Documents under circumstances for which the Loan Documents do not specify the manner in which such funds are to be applied, the Administrative Agent may, but shall not be obligated to, elect to distribute such funds to each of the Lenders in accordance with such Lender’s Applicable Percentage of the sum of (a) the Outstanding Amount of all Loans outstanding at such time and (b) the Outstanding Amount of all L/C Obligations outstanding at such time, in repayment or prepayment of such of the outstanding Loans or other Obligations then owing to such Lender.

Section 2.13. Sharing of Payments. If, other than as expressly provided elsewhere herein, any Lender shall obtain on account of the Loans made by it, or the participations in L/C Obligations held by it, any payment (whether voluntary, involuntary, through the exercise of any right of setoff, or otherwise) in excess of its ratable share (or other share contemplated hereunder) thereof, such Lender shall immediately (a) notify the Administrative Agent of such fact, and (b) purchase from the other Lenders such participations in the Loans made by them and/or such subparticipations in the participations in L/C Obligations held by them, as the case may be, as shall be necessary to cause such purchasing Lender to share the excess payment in respect of such Loans or such participations, as the case may be, pro rata with each of them; provided that (x) if all or any portion of such excess payment is thereafter recovered from the purchasing Lender under any of the circumstances described in Section 10.06 (including pursuant to any settlement entered into by the purchasing Lender in its discretion), such purchase shall to that extent be rescinded and each other Lender shall repay to the purchasing Lender the purchase price paid therefor, together with an amount equal to such paying Lender’s ratable share (according to the proportion of (i) the amount of such paying Lender’s required repayment to (ii) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered, without
further interest thereon, (y) the provisions of this Section 2.13 shall not be construed to apply to any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement or any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans or participations in L/C Obligations to any assignee or participant and (z) the provisions of this Section 2.13 shall not be construed to apply to any disproportionate payment obtained by a Lender of any Class as a result of the extension by Lenders of the maturity date or expiration date of some but not all Loans or Commitments of that Class or any amendment to the Applicable Rate (or other pricing term, including any fee, discount or premium) and/or any other amendment in respect of Loans or Commitments of Lenders that have consented to any such amendment. The Borrower agrees that any Lender so purchasing a participation from another Lender may, to the fullest extent permitted by applicable Law, exercise all its rights of payment (including the right of setoff, but subject to Section 10.09) with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation. The Administrative Agent will keep records (which shall be conclusive and binding in the absence of demonstrable error) of participations purchased under this Section 2.13 and will in each case notify the Lenders following any such purchases or repayments. Each Lender that purchases a participation pursuant to this Section 2.13 shall from and after such purchase have the right to give all notices, requests, demands, directions and other communications under this Agreement with respect to the portion of the Obligations purchased to the same extent as though the purchasing Lender were the original owner of the Obligations purchased.

(a) At any time and from time to time, subject to the terms and conditions set forth herein, the Borrower may, by notice to the Administrative Agent (whereupon the Administrative Agent shall promptly deliver a copy to each of the Lenders), request (1) to increase the amount of Initial Term Loans or add one or more additional tranches of “term A” loans (any such Initial Term Loans, or additional tranche of “term A” loans, the “Incremental Term A Loans”), (2) to add one or more tranches of “term B” loans (any such tranche of “term B” loans, the “Incremental Term B Loans” and together with the Incremental Term A Loans, collectively, the “Incremental Term Loans”), and/or (3) one or more increases in the Revolving Credit Commitments of any Class (a “Revolving Credit Commitment Increase”) and/or the establishment of one or more new Classes of Revolving Credit Commitments (“Additional Revolving Credit Commitments” and, together with any Revolving Credit Commitment Increases, the “Incremental Revolving Credit Commitments”; together with the Incremental Term Loans, the “Incremental Facilities”). Notwithstanding anything to the contrary herein, the aggregate principal amount of all Incremental Facilities (other than Refinancing Term Loans and Refinancing Revolving Commitments) (determined at the time of incurrence), together with the aggregate principal amount of all Incremental Equivalent Debt, shall not exceed the amount equal to (i) the Unrestricted Incremental Amount, plus (ii) the amount of any voluntary prepayments, repurchases, redemptions or other retirements of the Term Loans, any Incremental Term Loans or Incremental Equivalent Debt and voluntary permanent reductions after the Closing Date of the Revolving Credit Commitments or any Incremental Equivalent Debt constituting a revolving credit commitment (including pursuant to debt buy-backs made by the Borrower or any Restricted Subsidiary pursuant to “Dutch Auction” procedures and open market purchases permitted hereunder, in an amount equal to the discounted amount actually paid in cash in respect thereof) that in each case are (x) secured on a pari passu basis with the Obligations or (y) to the extent incurred under the Unrestricted Incremental Amount, unsecured, but excluding prepayments with the proceeds of substantially concurrent occurrence of other long term Indebtedness (other than

-83-
borrowings under any Revolving Credit Facility or other revolving Indebtedness) (this clause (ii), the "Voluntary Prepayment Amount") plus (iii) an additional amount so long as, after giving Pro Forma Effect to the incurrence of such amount and after giving effect to any Permitted Acquisition or permitted Investment consummated in connection therewith and all other appropriate Pro Forma Adjustments (but excluding the cash proceeds of any such Incremental Facilities or Incremental Equivalent Debt, as the case may be), the Secured Net Leverage Ratio for the most recently ended Test Period does not exceed 2.00 to 1.00, assuming for purposes of such calculation that the full committed amount of any new Incremental Revolving Credit Commitments and/or any Incremental Equivalent Debt constituting a revolving credit commitment then being incurred shall be treated as outstanding Indebtedness (this clause (iii), the "Incremental Incurrence Test"), it being understood and agreed that Incremental Facilities and Incremental Equivalent Debt may be incurred under the Incremental Incurrence Test prior to utilization of the Unrestricted Incremental Amount and the Voluntary Prepayment Amount, and if there is availability under the Incremental Incurrence Test, the Unrestricted Incremental Amount and the Voluntary Prepayment Amount, unless otherwise elected by the Borrower, then the Borrower will be deemed to have elected to use the Incremental Incurrence Test prior to utilization of the Unrestricted Incremental Amount and the Voluntary Prepayment Amount. Each Incremental Facility shall be in an integral multiple of $1,000,000 and be in an aggregate principal amount that is not less than $5,000,000 in case of Incremental Term Loans or $1,000,000 in case of Incremental Revolving Credit Commitments, provided that such amount may be less than the applicable minimum amount if such amount represents all the remaining availability hereunder as set forth above. Each Incremental Facility may not be (A) guaranteed by any Person that does not guarantee the other Obligations hereunder, and (B) secured by any assets not constituting Collateral; provided that in the case of any Incremental Facility that is funded into Escrow pursuant to customary escrow arrangements, such Incremental Facility may be secured by the applicable funds and related assets held in Escrow (and the proceeds thereof) until the time of the release from Escrow of such funds.

(b) Any Incremental Term Loans (other than Refinancing Term Loans) (i) may participate (x) on a pro rata basis, a less than pro rata basis, or a greater than pro rata basis in any voluntary repayments or prepayments hereunder with any then outstanding Term Loans and (y) on a pro rata basis or a less than pro rata basis (but not greater than a pro rata basis) in any mandatory repayments or prepayments hereunder with any then outstanding Term Loans, (ii) shall have upfront fees, interest rate margins, an amortization schedule (subject to clauses (iii) and (iv) below), optional prepayment or redemption terms and other terms as determined by the Borrower and the lenders thereunder, (iii) other than with respect to any Qualifying Bridge Facility, shall not have a final maturity date earlier than the Latest Maturity Date applicable to any then outstanding Term Loans, and in addition, (A) in the case of Incremental Term A Loans, shall not have a final maturity date earlier than the Latest Maturity Date applicable to any then outstanding Term A Loans and (B) in the case of Incremental Term B Loans, shall not have a final maturity date earlier than the Latest Maturity Date applicable to any then outstanding Incremental Term B Loans, but in each case may have a springing maturity date consistent with the Initial Term Facility and the Initial Revolving Credit Facility, (iv) other than with respect to any Qualifying Bridge Facility, shall not have a Weighted Average Life to Maturity that is shorter than the longest remaining Weighted Average Life to Maturity of any then outstanding Term Loans, and in addition, (A) in the case of Incremental Term A Loans, shall not have a Weighted Average Life to Maturity that is shorter than the longest remaining Weighted Average Life to Maturity of any then outstanding Term A Loans and (B) in the case of Incremental Term B Loans, shall not have a Weighted Average Life to Maturity that is shorter than the longest remaining Weighted Average Life to Maturity of any then
outstanding Incremental Term B Loans, (v) except to the extent otherwise permitted by this Section 2.14, shall have terms that are reasonably satisfactory to the Administrative Agent or otherwise are not materially more restrictive (when taken as a whole) on the Borrower and its Restricted Subsidiaries than those applicable to any then outstanding Term Loans, and in addition, (A) in the case of Incremental Term A Loans, not materially more restrictive (when taken as a whole) on the Borrower and its Restricted Subsidiaries than those applicable to any then outstanding Term A Loans, except for any terms that are applicable only after the Latest Maturity Date applicable to any then outstanding Term A Loans or are otherwise added for the benefit of the Lenders of any then outstanding Term A Loans and (B) in the case of Incremental Term B Loans, not materially more restrictive (when taken as a whole) on the Borrower and its Restricted Subsidiaries than those applicable to any then outstanding Incremental Term B Loans, except for any terms that are applicable only after the Latest Maturity Date applicable to any then outstanding Incremental Term B Loans or are otherwise added for the benefit of the Lenders of any then outstanding Incremental Term B Loans, and (vi) that are Incremental Term B Loans may, subject to the foregoing clause (v), contain “most favored lender,” call protection and “excess cash flow” mandatory prepayment provisions as well as other provisions then customary for loans of such type.

(c) Any Incremental Revolving Credit Commitments (other than Refinancing Revolving Commitments) (i) for purposes of prepayments shall be treated substantially the same as (and in any event no more favorably than) the then-existing Revolving Credit Commitments, (ii) shall have interest rate margins and (subject to clauses (iii) and (iv) below) an amortization schedule as determined by the Borrower and the lenders thereunder (provided that (A) in the case of a Revolving Credit Commitment Increase, the maturity date of such Revolving Credit Commitment Increase shall be the same as the Maturity Date applicable to the Class of Revolving Credit Commitments being so increased, such Revolving Credit Commitment Increase shall require no scheduled amortization or mandatory commitment reduction prior to the final Maturity Date applicable to the Class of Revolving Credit Commitments being so increased and the Revolving Credit Commitment Increase shall be on the exact same terms and pursuant to the exact same documentation applicable to the Class of Revolving Credit Commitments being so increased and (B) in the case of an Additional Revolving Credit Commitment, the maturity date of such Additional Revolving Credit Commitment shall be no earlier than the Latest Maturity Date applicable to any then-existing Revolving Credit Commitments (but may have a springing maturity date consistent with the Initial Revolving Credit Facility) and such Additional Revolving Credit Commitment shall require no scheduled amortization or mandatory commitment reduction prior to the Latest Maturity Date of the Revolving Credit Commitments), (iii) shall not have a final maturity date earlier than the Latest Maturity Date of any then-existing Revolving Credit Commitments (but may have a springing maturity date consistent with the Initial Revolving Credit Facility), (iv) shall have no scheduled mandatory commitment reduction in respect thereof prior to the Latest Maturity Date of the Revolving Credit Commitments and (v) except to the extent otherwise permitted by this Section 2.14, shall have terms that are reasonably satisfactory to the Administrative Agent or otherwise are not materially more restrictive (when taken as a whole) on the Borrower and its Restricted Subsidiaries than those applicable to any then-existing Revolving Credit Commitments, except for any terms that are applicable only after the Latest Maturity Date applicable to any then-existing Revolving Credit Commitments or are otherwise added for the benefit of the Revolving Credit Lenders hereunder.

(d) Each notice from the Borrower pursuant to this Section 2.14 shall set forth the requested amount and proposed terms of the relevant Incremental Term Loans and/or Incremental Revolving Credit Commitments. Any additional bank, financial institution, existing Lender or other
Person that elects to extend Incremental Term Loans or Incremental Revolving Credit Commitments shall be reasonably satisfactory to the Borrower and, to the extent such consent, if any, would be required under Section 10.07(b) for an assignment of Loans or Revolving Credit Commitments, as applicable, to such Person, the Administrative Agent and each L/C Issuer (any such bank, financial institution, existing Lender or other Person being called an “Additional Lender”) and, if not already a Lender, shall become a Lender under this Agreement pursuant to an amendment (an “Incremental Facility Amendment”) to this Agreement and, as appropriate, the other Loan Documents, executed by the Borrower, the Administrative Agent, such Additional Lender and, in the case of any Incremental Revolving Credit Commitments, each L/C Issuer. No Incremental Facility Amendment shall require the consent of any Lenders other than the Additional Lenders with respect to such Incremental Facility Amendment and, in the case of Incremental Revolving Credit Commitments, each L/C Issuer. No Lender shall be obligated to provide any Incremental Term Loans or Incremental Revolving Credit Commitments, unless it so agrees, and shall be deemed to have declined if it fails to respond to the applicable notice from the Borrower pursuant to this Section 2.14. Commitments in respect of any Incremental Term Loans or Incremental Revolving Credit Commitments shall become Commitments under this Agreement. Notwithstanding anything to the contrary herein, an Incremental Facility Amendment may, without the consent of any other Lenders, effect such amendments to any Loan Documents as may be necessary or appropriate, in the opinion of the Administrative Agent and the Borrower, to effect the provisions of this Section 2.14. Any Incremental Facility Amendment shall be pursuant to documentation to be mutually agreed among the Borrower, the Administrative Agent and the Lenders providing such Incremental Facility.

(e) The effectiveness of any Incremental Facility Amendment shall, unless otherwise agreed to by the Administrative Agent and the Additional Lenders, be subject to the satisfaction on the date thereof (each, an “Incremental Facility Closing Date”) of each of the conditions set forth in Section 4.02 (provided that in the case of Incremental Facilities the proceeds of which will be used to finance a Limited Condition Transaction, (1) governed by the laws of the United States, the conditions set forth in Section 4.02 may be modified in a manner customary for “SunGard” limited condition transactions, in each case as agreed by the Borrower and the Lenders providing such Incremental Facility and (2) governed by laws other than the laws of the United States, only customary “certain funds” conditions for the applicable jurisdiction or as required by the terms of the documentation governing such Limited Condition Transaction will be required to be satisfied). The proceeds of any Incremental Term Loans will be used for the purposes set forth in the applicable Incremental Facility Amendment. Upon each increase in the Revolving Credit Commitments of any Class pursuant to this Section 2.14, each Revolving Credit Lender of such Class immediately prior to such increase will automatically and without further act be deemed to have assigned to each Lender providing a portion of the Incremental Revolving Credit Commitment (each, an “Incremental Revolving Lender”) in respect of such increase, and each such Incremental Revolving Lender will automatically and without further act be deemed to have assumed, a portion of such Revolving Credit Lender’s participations hereunder in outstanding Letters of Credit such that, after giving effect to each such deemed assignment and assumption of participations, the percentage of the aggregate outstanding participations hereunder in Letters of Credit under such Revolving Credit Facility will equal the percentage of the aggregate Revolving Credit Commitments of such Class represented by such Revolving Credit Lender’s Revolving Credit Commitment of such Class. Additionally, if any Revolving Credit Loans are outstanding under a Revolving Credit Facility at the time any Incremental Revolving Credit Commitments are established under such Revolving Credit Facility, the Revolving Credit Lenders of such Class immediately after effectiveness of such Incremental Revolving Credit Commitments shall purchase and assign at par such amounts of the Revolving Credit Loans.
outstanding under such Revolving Credit Facility at such time as the Administrative Agent may require such that each Revolving Credit Lender under such Revolving Credit Facility holds its Applicable Percentage of all Revolving Credit Loans outstanding under such Revolving Credit Facility immediately after giving effect to all such assignments. The Administrative Agent and the Lenders hereby agree that the minimum borrowing, pro rata borrowing and pro rata payment requirements contained elsewhere in this Agreement shall not apply to the transactions effected pursuant to the immediately preceding sentence.

(f) Any portion of any Incremental Facility incurred other than under the Incremental Incurrence Test may be reclassified at any time, as the Borrower may elect from time to time, as incurred under the Incremental Incurrence Test if the Borrower meets the ratio under the Incremental Incurrence Test at such time on a Pro Forma Basis at any time subsequent to the incurrence of such Incremental Facility. At any time that an Incremental Facility is incurred and the Borrower does not otherwise make an election, such Incremental Facility shall be deemed to have been incurred (x) under the Incremental Incurrence Test, before any capacity under the Unrestricted Incremental Amount or the Voluntary Prepayment Amount is used and (y) under the Voluntary Prepayment Amount, before any capacity under the Unrestricted Incremental Amount is used.

Section 2.15. Extensions of Term Loans and Revolving Credit Commitments.

(a) Notwithstanding anything to the contrary in this Agreement, pursuant to one or more offers (each, an “Extension Offer”) made from time to time by the Borrower to all Lenders of any Class of Term Loans or any Class of Revolving Credit Commitments, in each case on a pro rata basis (based on the aggregate outstanding principal amount of the respective Term Loans or Revolving Credit Commitments of the applicable Class) and on the same terms to each such Lender, the Borrower is hereby permitted to consummate from time to time transactions with individual Lenders that accept the terms contained in such Extension Offers to extend the maturity date of each such Lender’s Term Loans and/or Revolving Credit Commitments of the applicable Class and otherwise modify the terms of such Term Loans and/or Revolving Credit Commitments pursuant to the terms of the relevant Extension Offer (including, without limitation, by increasing the interest rate or fees payable in respect of such Term Loans and/or Revolving Credit Commitments and related outstandings) and/or modifying the amortization schedule in respect of such Lender’s Term Loans, and which such extensions shall not be subject to any “no default” requirement, pro forma compliance with any leverage ratio or other financial tests or “most favored nations provisions”) (each, an “Extension,” and any Extended Term Loans shall constitute a separate Class of Term Loans from the Class of Term Loans from which they were converted, and any Extended Revolving Credit Commitments shall constitute a separate Class of Revolving Credit Commitments from the Class of Revolving Credit Commitments from which they were converted, and it being understood that an Extension may be in the form of an increase in the amount of any other outstanding Class of Term Loans or Revolving Credit Commitments otherwise satisfying the criteria set forth below), so long as the following terms are satisfied: (i) except as to interest rates, fees and final maturity (which shall be determined by the Borrower and set forth in the relevant Extension Offer), the Revolving Credit Commitment of any Revolving Credit Lender that agrees to an extension with respect to such Revolving Credit Commitment (an “Extending Revolving Credit Lender”) extended pursuant to an Extension (an “Extended Revolving Credit Commitment”), and the related outstandings, shall be a Revolving Credit Commitment (or related outstandings, as the case may be) with the same terms as the original Class of Revolving Credit Commitments; provided, that at no time shall there be Revolving

-87-
Credit Commitments hereunder (including Extended Revolving Credit Commitments and any original Revolving Credit Commitments) which have more than three different maturity dates, (ii) except as to interest rates, fees, amortization, final maturity date, premium, required prepayment dates and participation in prepayments (which shall, subject to the immediately succeeding clauses (iii), (iv) and (v), be determined by the Borrower and set forth in the relevant Extension Offer), the Term Loans of any Term Lender that agrees to an extension with respect to such Term Loans extended pursuant to any Extension (”Extended Term Loans”) shall have the same terms as the Class of Term Loans subject to such Extension Offer other than with respect to covenants or other provisions applicable to periods after the Latest Maturity Date applicable to any then-outstanding Term Loans, (iii) the maturity date of any Extended Term Loans shall be no earlier than the then maturity date of the Term Loans extended thereby (but may have a springing maturity date consistent with the Initial Term Facility and the Initial Revolving Credit Facility), (iv) the Weighted Average Life to Maturity of any Extended Term Loans shall be no shorter than the remaining Weighted Average Life to Maturity of the Term Loans extended thereby, (v) any Extended Term Loans may participate (A) on a pro rata basis, a less than pro rata basis, or a greater than pro rata basis in any voluntary repayments or prepayments hereunder and (B) on a pro rata basis or a less than pro rata basis (but not greater than a pro rata basis) in any mandatory repayments or prepayments hereunder, in each case as specified in the respective Extension Offer, (vi) if the aggregate principal amount of the class of Term Loans (calculated on the face amount thereof) or Revolving Credit Commitments, as the case may be, in respect of which Term Lenders or Revolving Credit Lenders of such Class, as the case may be, shall have accepted the relevant Extension Offer shall exceed the maximum aggregate principal amount of Term Loans or Revolving Credit Commitments of such Class, as the case may be, offered to be extended by the Borrower pursuant to such Extension Offer, then the Term Loans or Revolving Credit Loans of such Class, as the case may be, of such Term Lenders or Revolving Credit Lenders, as the case may be, shall be extended ratably up to such maximum amount based on the respective principal amounts (but not to exceed actual holdings of record) with respect to which such Term Lenders or Revolving Credit Lenders, as the case may be, have accepted such Extension Offer, (vii) all documentation in respect of such Extension shall be consistent with the foregoing, (viii) any applicable Minimum Extension Condition shall be satisfied unless waived by the Borrower and (ix) the Minimum Tranche Amount shall be satisfied unless waived by the Administrative Agent. No Lender shall be obligated to extend its Term Loans or Revolving Credit Commitments unless it so agrees.

(b) With respect to all Extensions consummated by the Borrower pursuant to this Section 2.15, (i) such Extensions shall not constitute voluntary or mandatory payments or prepayments for purposes of Section 2.05 and (ii) no Extension Offer is required to be in any minimum amount or any minimum increment, provided that (x) the Borrower may at its election specify as a condition (a “Minimum Extension Condition”) to consummating any such Extension that a minimum amount (to be determined and specified in the relevant Extension Offer in the Borrower’s sole discretion and may be waived by the Borrower) of Term Loans or Revolving Credit Commitments (as applicable) of any or all applicable Classes be tendered and (y) no Class of Extended Term Loans shall be in an amount of less than $10,000,000 (the “Minimum Tranche Amount”), unless such Minimum Tranche Amount is waived by the Administrative Agent. The Administrative Agent and the Lenders hereby consent to the transactions contemplated by this Section 2.15 (including, for the avoidance of doubt, payment of any interest, fees or premium in respect of any Extended Term Loans and/or Extended Revolving Credit Commitments on the such terms as may be set forth in the relevant Extension Offer) and hereby waive the requirements of any provision of this Agreement (including, without limitation, Sections 2.05, 2.12 and
Section 2.13) or any other Loan Document that may otherwise prohibit any such Extension or any other transaction contemplated by this Section 2.15.

(c) No consent of any Lender or the Administrative Agent shall be required to effectuate any Extension, other than (i) the consent of each Lender agreeing to such Extension with respect to one or more of its Term Loans and/or Revolving Credit Commitments (or a portion thereof) and (ii) with respect to any Extension of Revolving Credit Commitments, the consent of each L/C Issuer (which consent shall not be unreasonably withheld, conditioned or delayed); provided that any Lender that elects not to agree to such Extension (it being understood that any Lender that fails to respond to an Extension Offer shall be deemed to have declined) (such Lender being a “Non-Extending Lender”) may be replaced by the Borrower pursuant to Section 3.06. All Extended Term Loans, Extended Revolving Credit Commitments and all obligations in respect thereof shall be Obligations under this Agreement and the other Loan Documents that are secured by the Collateral on a pari passu basis with all other applicable Obligations under this Agreement and the other Loan Documents. The Lenders hereby irrevocably authorize the Administrative Agent to enter into amendments to this Agreement and the other Loan Documents with the Borrower as may be necessary in order to establish new Classes in respect of Revolving Credit Commitments or Term Loans so extended and such technical amendments as may be necessary or appropriate in the reasonable opinion of the Administrative Agent and the Borrower in connection with the establishment of such new Classes, in each case on terms consistent with this Section 2.15.

(d) In connection with any Extension, the Borrower shall provide the Administrative Agent at least five (5) Business Days’ (or such shorter period as may be agreed by the Administrative Agent) prior written notice thereof, and shall agree to such procedures (including, without limitation, regarding timing, rounding and other adjustments and to ensure reasonable administrative management of the credit facilities hereunder after such Extension), if any, as may be established by, or acceptable to, the Administrative Agent, in each case acting reasonably to accomplish the purposes of this Section 2.15.

Section 2.16. Defaulting Lenders. Notwithstanding any provision of this Agreement to the contrary, if any Lender becomes a Defaulting Lender, then the following provisions shall apply for so long as such Lender is a Defaulting Lender:

(a) (i) the Commitment Fee shall cease to accrue on any of the Initial Revolving Credit Commitments, Incremental Revolving Credit Commitments or Extended Revolving Credit Commitments of such Defaulting Lender pursuant to Section 2.09(a) and (ii) the Ticking Fee shall cease to accrue on any of the Initial Term Commitments of such Defaulting Lender pursuant to Section 2.09(b);

(b) the Commitments, Outstanding Amount of Term Loans and Revolving Credit Exposure of such Defaulting Lender shall not be included in determining whether all Lenders, the Required Lenders, the Required Revolving Credit Lenders or the Required Initial Term Lenders have taken or may take any action hereunder (including any consent to any amendment, waiver or other modification pursuant to Section 10.01); provided that (x) any waiver, amendment or modification of the type described in clause (a), (b) or (c) of the first proviso in Section 10.01 that would apply to the Revolving Credit Commitments or Obligations owing to such Defaulting Lender or (y) any waiver, amendment or modification (other than as described in the foregoing clause (x) requiring the consent of all Lenders or each affected Lender) which affects such Defaulting Lender disproportionately when
compared to other affected Lenders, in each case, shall require the consent of such Defaulting Lender with respect to the effectiveness of such waiver, amendment or modification with respect to the Revolving Credit Commitments or Obligations owing to such Defaulting Lender;

(c) any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of that Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Article IX or otherwise) shall be applied at such time or times as may be determined by the Administrative Agent as follows: first, to the payment of any amounts owing by that Defaulting Lender to the Administrative Agent hereunder; second, to the payment on a pro rata basis of any amounts owing by that Defaulting Lender to any L/C Issuer hereunder; third, to cash collateralize L/C Obligations with respect to such Defaulting Lender in accordance with this section; fourth, as the Borrower may request (so long as no Default exists), to the funding of any Loan in respect of which that Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; fifth, to the payment of any amounts owing to the Lenders as a result of any judgment of a court of competent jurisdiction obtained by any Lender against that Defaulting Lender as a result of that Defaulting Lender’s breach of its obligations under this Agreement; sixth, so long as no Default exists, to the payment of any amounts owing to any Loan Party as a result of any judgment of a court of competent jurisdiction obtained by any Loan Party against that Defaulting Lender as a result of that Defaulting Lender’s breach of its obligations under this Agreement; and seventh, to that Defaulting Lender or as otherwise directed by a court of competent jurisdiction; provided that, if such payment is a payment of the principal amount of any Loans, such payment shall be applied solely to pay the relevant Loans of the relevant non-Defaulting Lenders on a pro rata basis prior to being applied in the manner set forth in this clause (c);

(d) if any L/C Obligations exist at the time such Lender becomes a Defaulting Lender then:

(i) all or any part of the L/C Obligations of such Defaulting Lender shall be reallocated among the non-Defaulting Lenders of the applicable Class in accordance with their respective Applicable Percentages but only to the extent that each such non-Defaulting Lender’s Revolving Credit Exposure attributable to its Revolving Credit Commitment of such Class does not exceed its Revolving Credit Commitment of such Class;

(ii) if the reallocation described in clause (i) above cannot, or can only partially, be effected, the Borrower shall within three (3) Business Days following notice by the Administrative Agent Cash Collateralize for the benefit of each L/C Issuer only the Borrower’s obligations corresponding to such Defaulting Lender’s L/C Obligations (after giving effect to any partial reallocation pursuant to clause (i) above) in accordance with the procedures set forth in Section 2.03(f) for so long as such L/C Obligations are outstanding;

(iii) if the Borrower Cash Collateralizes any portion of such Defaulting Lender’s L/C Obligations pursuant to clause (ii) above, the Borrower shall not be required to pay any fees to such Defaulting Lender pursuant to Section 2.03(h) with respect to such Defaulting Lender’s L/C Obligations during the period such Defaulting Lender’s L/C Obligations are Cash Collateralized;

-90-
(iv) if the L/C Obligations of the non-Defaulting Lenders are reallocated pursuant to clause (i) above, then the fees payable to the Lenders pursuant to Sections 2.09(a) and 2.03(h) shall be adjusted in accordance with such non-Defaulting Lenders’ Applicable Percentage; and

(v) if all or any portion of such Defaulting Lender’s L/C Obligations is neither reallocated nor Cash Collateralized pursuant to clause (i) or (iii) above, then, without prejudice to any rights or remedies of any L/C Issuer or any other Lender hereunder, all letter of credit fees payable under Section 2.03(h) with respect to such Defaulting Lender’s L/C Obligations shall be payable to the L/C Issuer until and to the extent that such L/C Obligations are reallocated and/or Cash Collateralized; and

(e) so long as such Lender is a Defaulting Lender, no L/C Issuer shall be required to issue, amend or increase any Letter of Credit, unless it has received assurances satisfactory to it that non-Defaulting Lenders will cover the related exposure and/or cash collateral will be provided by the Borrower in accordance with Section 2.16(d), and participating interests in any newly issued or increased Letter of Credit shall be allocated among non-Defaulting Lenders in a manner consistent with Section 2.16(d)(i) (and such Defaulting Lender shall not participate therein).

In the event that the Administrative Agent, the Borrower, and each L/C Issuer each agrees that a Defaulting Lender has adequately remedied all matters that caused such Lender to be a Defaulting Lender, then the L/C Obligations of the Revolving Credit Lenders of the applicable Class shall be readjusted to reflect the inclusion of such Lender’s Revolving Credit Commitment and on such date such Lender shall purchase at par such of the Revolving Credit Loans of the other Revolving Credit Lenders of such Class as the Administrative Agent shall determine may be necessary in order for such Lender to hold such Revolving Credit Loans in accordance with its Applicable Percentage; provided, that, except to the extent otherwise expressly agreed by the affected parties and subject to Section 10.25, no change hereunder from Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from such Lender’s having been a Defaulting Lender.

ARTICLE III
Taxes, Increased Costs Protection and Illegality

Section 3.01. Taxes.

(a) Except as provided in this Section 3.01, all payments by any Loan Party to or for the account of any Agent or any Lender under any Loan Document shall be made free and clear of and without deduction for any Taxes unless required by applicable Law. If any applicable withholding agent shall be required by any Laws to deduct any Taxes from or in respect of any sum payable under any Loan Document, (i) if such Taxes are Indemnified Taxes, the sum payable by the applicable Loan Party shall be increased as necessary so that after all required deductions have been made (including any such deductions applicable to additional sums payable under this Section 3.01), the applicable Lender (or, in the case of any amount received by an Agent for its own account, such Agent) receives an amount equal to the sum it would have received had no such deductions been made, (ii) such applicable withholding agent shall make such deductions, (iii) such applicable withholding agent shall pay the full amount
deducted to the relevant Governmental Authority or other authority in accordance with applicable Laws, and (iv) within thirty (30) days after the date of such payment by such applicable withholding agent (or, if receipts or evidence are not available within thirty (30) days, as soon as possible thereafter), such applicable withholding agent shall furnish to the Borrower and such Agent or Lender (as the case may be) the original or a facsimile copy of a receipt evidencing payment thereof to the extent such a receipt is issued therefor, or other written proof of payment thereof that is reasonably satisfactory to the Administrative Agent.

(b) In addition, but without duplication of any amounts payable pursuant to Section 3.01(a) or (c), the Borrower shall timely pay to the relevant Governmental Authority in accordance with applicable Law, or at the option of the Administrative Agent timely reimburse it for the payment of, all Other Taxes.

(c) Without duplication of any amounts payable pursuant to Section 3.01(a) or Section 3.01(b), the Borrower shall indemnify each Agent and each Lender for (i) the full amount of Indemnified Taxes (including any Indemnified Taxes imposed or asserted by any jurisdiction in respect of amounts payable under this Section 3.01) payable by such Agent and such Lender and (ii) any reasonable expenses arising therefrom or with respect thereto, in each case whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. Such Agent or Lender, as the case may be, will, at the Borrower’s request, provide the Borrower with a written statement thereof setting forth in reasonable detail the basis and calculation of such amounts which shall be conclusive absent manifest error. Payment under this Section 3.01(c) shall be made within ten (10) days after the date such Lender or such Agent makes a demand therefor. Notwithstanding anything to the contrary contained in this Section 3.01(c), no Loan Party shall be required to indemnify any Agent or any Lender pursuant to this Section 3.01(c) for any incremental interest, penalties or expenses resulting from the failure of such Agent or Lender to notify the Loan Party of such possible indemnification claim within 180 days after such Agent or Lender receives written notice from the applicable Governmental Authority of the specific tax assessment giving rise to such indemnification claim.

(d) If any Lender or Agent determines, in its reasonable discretion, that it has received a refund in respect of any Indemnified Taxes as to which indemnification or additional amounts have been paid to it by any Loan Party pursuant to this Section 3.01, it shall promptly remit an amount equal to such refund as soon as practicable after it is determined that such refund pertains to Indemnified Taxes (but only to the extent of indemnity payments made, or additional amounts paid, by such Loan Party under this Section 3.01 with respect to the Indemnified Taxes giving rise to such refund plus any interest included in such refund by the relevant Governmental Authority attributable thereto) to the Borrower, net of all reasonable out-of-pocket expenses (including any Taxes) of the Lender or Agent, as the case may be and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund); provided that the Borrower, upon the request of the Lender or Agent, as the case may be, agrees promptly to return an amount equal to such refund (plus any applicable interest, additions to tax or penalties) to such party in the event such party is required to repay such refund to the relevant Governmental Authority. Such Lender or Agent, as the case may be, shall, at the Borrower’s request, provide the Borrower with a copy of any notice of assessment or other evidence of the requirement to repay such refund received from the relevant Governmental Authority (provided that such Lender or Agent may delete any information therein that such Lender or Agent deems confidential). Nothing herein contained shall interfere with the right of a Lender or Agent to arrange its Tax affairs in
whatever manner it thinks fit, nor oblige any Lender or Agent to claim any Tax refund or to make available its Tax returns or to disclose any
information relating to its Tax affairs or any computations in respect thereof, nor require any Lender or Agent to do anything that would prejudice its
ability to benefit from any other refunds, credits, reliefs, remissions or repayments to which it may be entitled. Notwithstanding anything to the
contrary in this Section 3.01(d), in no event will the indemnified party be required to pay any amount to an indemnifying party pursuant to this Section
3.01(d) the payment of which would place such indemnified party in a less favorable net after-Tax position than such indemnified party would have
been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the
indemnification payments or additional amounts with respect to such Tax had never been paid.

(e) Each Lender shall, upon the occurrence of any event giving rise to the operation of Section 3.01(a) or (c) with respect to such
Lender, if requested by the Borrower, use commercially reasonable efforts (subject to legal and regulatory restrictions), at the Borrower’s expense, to
designate another Applicable Lending Office for any Loan affected by such event; provided that such efforts are made on terms that, in the judgment
of such Lender, cause such Lender and its Applicable Lending Office(s) to suffer no material economic, legal or regulatory disadvantage, and
provided, further, that nothing in this Section 3.01(e) shall affect or postpone any of the Obligations of the Borrower or the rights of such Lender
pursuant to Section 3.01(a) or (c).

(f) Each Lender shall, at such times as are reasonably requested by the Borrower or the Administrative Agent, provide the Borrower
and the Administrative Agent with any documentation prescribed by applicable Law, or reasonably requested by the Borrower or the Administrative
Agent, certifying as to any entitlement of such Lender to an exemption from, or reduction in, any withholding Tax with respect to any payments to be
made to such Lender under any Loan Document. Notwithstanding anything to the contrary in the preceding sentence, the completion, execution and
submission of such documentation (other than such documentation set forth in clauses (i), (ii) and (iii) of this Section 3.01(f)) shall not be required if
in the Lender’s reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or
expense or would materially prejudice the legal or commercial position of such Lender. Each such Lender shall, whenever a lapse in time or change in
circumstances renders such documentation (including any documentation specifically referenced below) expired, obsolete or inaccurate in any respect,
deliver promptly to the Borrower and the Administrative Agent updated or other appropriate documentation (including any new documentation
reasonably requested by the applicable withholding agent) or promptly notify the Borrower and the Administrative Agent in writing of its ineligibility
to do so.

Without limiting the generality of the foregoing:

(i) Each Lender that is a “United States person” (as defined in Section 7701(a)(30) of the Code) shall deliver to the Borrower and
the Administrative Agent on or before the date on which it becomes a party to this Agreement two properly completed and duly signed
original copies of Internal Revenue Service Form W-9 (or any successor form) certifying that such Lender is exempt from U.S. federal backup
withholding;

(ii) Each Lender that is not a “United States person” (as defined in Section 7701(a)(30) of the Code) shall deliver to the Borrower
and the Administrative Agent on or before
the date on which it becomes a party to this Agreement (and from time to time thereafter when required by Law or upon the reasonable request of the Borrower or the Administrative Agent) whichever of the following is applicable:

(A) two duly completed copies of Internal Revenue Service Form W-8BEN or W-8BEN-E, as applicable (or any successor forms) claiming eligibility for benefits of an income Tax treaty to which the United States is a party,

(B) two duly completed copies of Internal Revenue Service Form W-8ECI (or any successor forms),

(C) in the case of a Lender claiming the benefits of the exemption for portfolio interest under Section 871(h) or 881(c) or the Code, (x) a certificate, in substantially the form of Exhibit L (any such certificate a “United States Tax Compliance Certificate”), or any other documentation approved by the Administrative Agent, to the effect that such Lender is not (1) a “bank” within the meaning of Section 881(c)(3)(A) of the Code, (2) a “10 percent shareholder” of the Borrower within the meaning of Section 881(c)(3)(B) of the Code or (3) a “controlled foreign corporation” described in Section 881(c)(3)(C) of the Code and that no payments under the Loan Documents are effectively connected with such Lender’s conduct of a U.S. trade or business, and (y) two duly completed copies of Internal Revenue Service Form W-8BEN or W-8BEN-E, as applicable (or any successor forms),

(D) to the extent a Lender is not the beneficial owner (for example, where the Lender is a partnership or a participating Lender), Internal Revenue Service Form W-8IMY (or any successor forms) of the Lender, accompanied by a Form W-8ECI, W-8BEN or W-8BEN-E, as applicable (or any successor forms), a United States Tax Compliance Certificate, Form W-9, Form W-8IMY (or other successor forms) or any other required information from each beneficial owner, as applicable (provided that, if the Lender is a partnership and not a participating Lender, and one or more direct or indirect partners are claiming the portfolio interest exemption, the United States Tax Compliance Certificate may be provided by such Lender on behalf of such direct or indirect partner(s)), or

(E) two duly completed copies of any other documentation prescribed by applicable U.S. federal income Tax Laws (including the Treasury regulations) as a basis for claiming a complete exemption from, or a reduction in, U.S. federal withholding Tax on any payments to such Lender under the Loan Documents.

(iii) If a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Sections 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by applicable Law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code)
and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their FATCA obligations, to determine whether such Lender has or has not complied with such Lender’s FATCA obligations and to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of this Section 3.01(f)(iii), “FATCA” shall include any amendments made to FATCA after the date of this Agreement.

Notwithstanding any other provision of this Section 3.01(f), a Lender shall not be required to deliver any form that such Lender is not legally eligible to deliver.

Each Lender hereby authorizes the Administrative Agent to deliver to the Loan Parties and to any successor Administrative Agent any documentation provided by such Lender to the Administrative Agent pursuant to this Section 3.01(f).

(g) The Administrative Agent shall provide the Borrower with two duly completed original copies of, if it is a United States person (as defined in Section 7701(a)(30) of the Code), Internal Revenue Service Form W-9 certifying that it is exempt from U.S. federal backup withholding, and, if it is not a United States person, (i) Internal Revenue Service Form W-8ECI with respect to payments to be received by it as a beneficial owner and (ii) Internal Revenue Service Form W-8IMY (together with required accompanying documentation) with respect to payments to be received by it on behalf of the Lenders, and shall update such forms periodically upon the reasonable request of the Borrower. Notwithstanding any other provision of this Section 3.01(g), the Administrative Agent shall not be required to deliver any documentation that such Administrative Agent is not legally eligible to deliver.

(h) Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand thereof, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Loan Parties to do so), (ii) any Taxes attributable to such Lender’s failure to comply with the provisions of Section 10.07(e) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case that are payable or paid by the Administrative Agent in connection with this Agreement or any other Loan Document and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under this Agreement or any other Loan Document or otherwise payable by the Administrative Agent to such Lender from any other source against any amount due to the Administrative Agent under this paragraph.

(i) For the avoidance of doubt, for purposes of this Section 3.01, the term “Lender” includes any L/C Issuer and the term “applicable Law” includes FATCA.

(j) Each party’s obligations under this Section 3.01 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under any Loan Document.
Section 3.02. Inability to Determine Rates.

(a) If in connection with any request for a Term SOFR Loan or a conversion of Base Rate Loans to Term SOFR Loans or a continuation of any of such Loans, as applicable, (i) the Administrative Agent determines (which determination shall be conclusive absent manifest error) that (A) no Successor Rate has been determined in accordance with Section 3.02(c) and the circumstances under clause (i) of Section 3.02(c) or the Scheduled Unavailability Date has occurred, or (B) adequate and reasonable means do not otherwise exist for determining Term SOFR for any requested Interest Period with respect to a proposed Term SOFR or the determination of the Term SOFR component of the Base Rate in connection with an existing or proposed Base Rate Loan, or (ii) the Administrative Agent or the Required Lenders determine that for any reason that Term SOFR for any requested Interest Period does not adequately and fairly reflect the cost to such Lenders of funding such Loan, the Administrative Agent will promptly so notify the Borrower and each Lender.

(b) Thereafter, (x) the obligation of the Lenders to make or maintain Term SOFR Loans, or to convert Base Rate Loans to Term SOFR Loans, shall be suspended (to the extent of the affected Term SOFR Loans or Interest Periods) and (y) in the event of a determination described in the preceding sentence with respect to the Term SOFR component of the Base Rate, the utilization of the Term SOFR component in determining the Base Rate shall be suspended, in each case until the Administrative Agent (or, in the case of a determination by the Required Lenders described in clause (ii) of Section 3.02(a), until the Administrative Agent upon instruction of the Required Lenders) revokes such notice.

Upon receipt of such notice, (i) the Borrower may revoke any pending request for a Borrowing of, or conversion to, or continuation of Term SOFR Loans (to the extent of the affected Term SOFR Loans or Interest Periods) and (y) in the event of a determination described in the preceding sentence with respect to the Term SOFR component of the Base Rate, the utilization of the Term SOFR component in determining the Base Rate shall be suspended, in each case until the Administrative Agent (or, in the case of a determination by the Required Lenders described in clause (ii) of Section 3.02(a), until the Administrative Agent upon instruction of the Required Lenders) revokes such notice.

Upon receipt of such notice, (i) the Borrower may revoke any pending request for a Borrowing of, or conversion to, or continuation of Term SOFR Loans (to the extent of the affected Term SOFR Loans or Interest Periods) or, failing that, will be deemed to have converted such request into a request for a Borrowing of Base Rate Loans in the amount specified therein and (ii) any outstanding Term SOFR Loans shall be deemed to have been converted to Base Rate Loans immediately at the end of their respective applicable Interest Period.

(c) Notwithstanding anything to the contrary in this Agreement or any other Loan Documents, if the Administrative Agent determines (which determination shall be conclusive absent manifest error), or the Borrower or Required Lenders notify the Administrative Agent (with, in the case of the Required Lenders, a copy to the Borrower) that the Borrower or Required Lenders (as applicable) have determined, that:

(i) adequate and reasonable means do not exist for ascertaining one month, three month or six month interest periods of Term SOFR, including, without limitation, because the Term SOFR Screen Rate is not available or published on a current basis and such circumstances are unlikely to be temporary, or

(ii) the Applicable Authority or any successor administrator of the Term SOFR Screen Rate has made a public statement identifying a specific date after which one month, three month and six month interest periods of Term SOFR or the Term SOFR Screen Rate shall or will no longer be representative or made available, or permitted to be used for determining the interest rate of Dollar denominated syndicated loans, or shall or will otherwise cease, provided that, in
each case, at the time of such statement, there is no successor administrator that is satisfactory to the Administrative Agent that will continue to provide such interest period(s) of Term SOFR after such specific date (the latest date on which one month, three month and six month interest periods of Term SOFR or the Term SOFR Screen Rate are no longer representative or available permanently or indefinitely, the “Scheduled Unavailability Date”).

then, on a date and time determined by the Administrative Agent (any such date, the “Term SOFR Replacement Date”), which date shall be at the end of an Interest Period or on the relevant interest payment date, as applicable, for interest calculated and, solely with respect to clause (ii) above, no later than the Scheduled Unavailability Date, Term SOFR will be replaced hereunder and under any Loan Document with Daily Simple SOFR plus the SOFR Adjustment for any payment period for interest calculated that can be determined by the Administrative Agent, in each case, without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document (the “Successor Rate”).

If the Successor Rate is Daily Simple SOFR plus the SOFR Adjustment, all interest payments will be payable on a monthly basis.

Notwithstanding anything to the contrary herein, (i) if the Administrative Agent determines that Daily Simple SOFR is not available on or prior to the Term SOFR Replacement Date, or (ii) if the events or circumstances of the type described in Section 3.02(c)(i) or (ii) have occurred with respect to the Successor Rate then in effect, then in each case, the Administrative Agent and the Borrower may amend this Agreement solely for the purpose of replacing Term SOFR or any then current Successor Rate in accordance with this Section 3.02 at the end of any Interest Period, relevant interest payment date or payment period for interest calculated, as applicable, with an alternative benchmark rate giving due consideration to any evolving or then existing convention for similar U.S. dollar denominated credit facilities syndicated and agented in the United States for such alternative benchmark and, in each case, including any mathematical or other adjustments to such benchmark giving due consideration to any evolving or then existing convention for similar U.S. dollar denominated credit facilities syndicated and agented in the United States for such benchmark, which adjustment or method for calculating such adjustment shall be published on an information service as selected by the Administrative Agent from time to time in its reasonable discretion and may be periodically updated. For the avoidance of doubt, any such proposed rate and adjustments shall constitute a “Successor Rate”. Any such amendment shall become effective at 5:00 p.m. on the fifth Business Day after the Administrative Agent shall have posted such proposed amendment to all Lenders and the Borrower unless, prior to such time, Lenders comprising the Required Lenders have delivered to the Administrative Agent written notice that such Required Lenders object to such amendment.

The Administrative Agent will promptly (in one or more notices) notify the Borrower and each Lender of the implementation of any Successor Rate.

Any Successor Rate shall be applied in a manner consistent with market practice; provided that to the extent such market practice is not administratively feasible for the Administrative Agent, such Successor Rate shall be applied in a manner as otherwise reasonably determined by the Administrative Agent (in consultation with the Borrower).
Notwithstanding anything else herein, if at any time any Successor Rate as so determined would otherwise be less than zero, the Successor Rate will be deemed to be zero for the purposes of this Agreement and the other Loan Documents.

In connection with the implementation of a Successor Rate, the Administrative Agent will have the right to make Conforming Changes from time to time, in consultation with the Borrower, and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement; provided that, with respect to any such amendment effected, the Administrative Agent shall post each such amendment implementing such Conforming Changes to the Borrower and the Lenders reasonably promptly after such amendment becomes effective.

Section 3.03. Increased Cost and Reduced Return; Capital Adequacy.

(a) If any Lender determines that as a result of any Change in Law, or such Lender’s compliance therewith, there shall be any increase in the cost to such Lender of agreeing to make or making, funding, maintaining, continuing or converting to any Loan or issuing or participating in Letters of Credit, or a reduction in the amount received or receivable by such Lender in connection with any of the foregoing (excluding for purposes of this Section 3.03(a) any such increased costs or reduction in amount resulting from (i) Indemnified Taxes or Other Taxes indemnifiable under Section 3.01 or (ii) Excluded Taxes), then from time to time within fifteen (15) days after demand by such Lender setting forth in reasonable detail such increased costs (with a copy of such demand to the Administrative Agent given in accordance with Section 3.05), the Borrower shall pay to such Lender such additional amounts as will compensate such Lender for such increased cost or reduction; provided that in the case of any Change in Law only applicable as a result of the proviso set forth in the definition thereof, such Lender will only be compensated for such amounts that would have otherwise been imposed under the applicable increased cost provisions and only to the extent the applicable Lender certifies that it is its general policy or practice to impose such charges on other similarly situated borrowers under comparable syndicated credit facilities.

(b) If any Lender determines that as a result of any Change in Law regarding capital adequacy or liquidity requirements or any change therein or in the interpretation thereof, in each case after the Closing Date, or compliance by such Lender (or its Applicable Lending Office) therewith, has the effect of reducing the rate of return on the capital of such Lender or any corporation controlling such Lender as a consequence of such Lender’s obligations hereunder (taking into consideration its policies with respect to capital adequacy and such Lender’s desired return on capital), then from time to time upon demand of such Lender setting forth in reasonable detail the charge and the calculation of such reduced rate of return (with a copy of such demand to the Administrative Agent given in accordance with Section 3.05), the Borrower shall pay to such Lender such additional amounts as will compensate such Lender for such reduction within thirty (30) days after receipt of such demand.

(c) Subject to Section 3.05(b), failure or delay on the part of any Lender to demand compensation pursuant to this Section 3.03 shall not constitute a waiver of such Lender’s right to demand such compensation.
(d) If any Lender requests compensation under this Section 3.03, then such Lender will, if requested by the Borrower, use commercially reasonable efforts to designate another Applicable Lending Office for any Loan or Letter of Credit affected by such event; provided that such efforts are made on terms that, in the reasonable judgment of such Lender, cause such Lender and its Applicable Lending Office(s) to suffer no material economic, legal or regulatory disadvantage; and provided, further that nothing in this Section 3.03(d) shall affect or postpone any of the Obligations of the Borrower or the rights of such Lender pursuant to Section 3.03(a), (b) or (c).

Section 3.04. Funding Losses. Promptly following written demand of any Lender (with a copy to the Administrative Agent) from time to time, which demand shall set forth in reasonable detail the basis for requesting such amount, the Borrower shall promptly compensate such Lender for and hold such Lender harmless from any loss, cost or expense (excluding loss of anticipated profits) actually incurred by it as a result of:

(a) any continuation, conversion, payment or prepayment of any Loan other than a Base Rate Loan on a day other than the last day of any Interest Period, relevant interest payment date or payment period, as applicable, for such Loan, if applicable (whether voluntary, mandatory, automatic, by reason of acceleration or otherwise);

(b) any failure by the Borrower (for a reason other than the failure of such Lender to make a Loan) to prepay, borrow, continue or convert any Loan other than a Base Rate Loan on the date or in the amount notified by the Borrower; or

(c) any assignment of a Term SOFR Loan on a day other than the last day of the Interest Period therefor as a result of a request by the Borrower pursuant to Section 3.06.

including any loss or expense arising from the liquidation or reemployment of funds obtained by it to maintain such Loan or from fees payable to terminate the deposits from which such funds were obtained.

Section 3.05. Matters Applicable to All Requests for Compensation.

(a) Any Agent or any Lender claiming compensation under this Article III shall deliver a certificate to the Borrower setting forth the additional amount or amounts to be paid to it hereunder which shall be conclusive in the absence of demonstrable error. In determining such amount, such Agent or such Lender may use any reasonable averaging and attribution methods.

(b) With respect to any Lender’s claim for compensation under Section 3.01, Section 3.03 or Section 3.04 the Borrower shall not be required to compensate such Lender for any amount incurred more than one hundred and eighty (180) days prior to the date that such Lender notifies the Borrower of the event that gives rise to such claim; provided that, if the circumstance giving rise to such claim is retroactive, then such 180-day period referred to above shall be extended to include the period of retroactive effect thereof. If any Lender requests compensation by the Borrower under Section 3.03, the Borrower may, by notice to such Lender (with a copy to the Administrative Agent), suspend the obligation of such Lender to make or continue Term SOFR Loans from one Interest Period to another, or to convert Base Rate Loans into Term SOFR Loans, until the event or condition giving rise to such request ceases to be in effect (in which case the provisions of Section 3.05(c) shall be applicable);
provided that such suspension shall not affect the right of such Lender to receive the compensation so requested.

(c) If the obligation of any Lender to make or continue any Term SOFR Loan from one Interest Period to another, or to convert Base Rate Loans into Term SOFR Loans shall be suspended pursuant to Section 3.05(b) hereof, such Lender’s Term SOFR Loans shall be automatically converted into Base Rate Loans on the last day(s) of the then current Interest Period(s) for such Term SOFR Loans (or, in the case of an immediate conversion required by Section 3.02, on such earlier date as required by Law) and, unless and until such Lender gives notice as provided below that the circumstances specified in Section 3.02, Section 3.03 or Section 3.04 hereof that gave rise to such conversion no longer exist:

(i) to the extent that such Lender’s Term SOFR Loans have been so converted, all payments and prepayments of principal that would otherwise be applied to such Lender’s Term SOFR Loans shall be applied instead to its Base Rate Loans; and

(ii) all Loans that would otherwise be made or continued from one Interest Period to another by such Lender as Term SOFR Loans shall be made or continued instead as Base Rate Loans, and all Base Rate Loans of such Lender that would otherwise be converted into Term SOFR Loans shall remain as Base Rate Loans.

(d) If any Lender gives notice to the Borrower (with a copy to the Administrative Agent) that the circumstances specified in Section 3.02, Section 3.03 or Section 3.04 hereof that gave rise to the conversion of such Lender’s Term SOFR Loans pursuant to this Section 3.05 no longer exist (which such Lender agrees to do promptly upon such circumstances ceasing to exist) at a time when Term SOFR Loans made by other Lenders are outstanding, such Lender’s Base Rate Loans shall be automatically converted into Term SOFR Loans, on the first day(s) of the next succeeding Interest Period(s) for such outstanding Term SOFR Loans, to the extent necessary so that, after giving effect thereto, all Loans held by the Lenders holding Term SOFR Loans and by such Lender are held pro rata (as to principal amounts, interest rate basis and Interest Periods) in accordance with their respective principal amount of Commitments.

Section 3.06. Replacement of Lenders under Certain Circumstances.

(a) If at any time (i) any Lender requests reimbursement for amounts owing pursuant to Section 3.01 or Section 3.03 as a result of any condition described in such Sections and Lender has declined or is unable to designate a different lending office in accordance with Section 3.01(e) or any Lender ceases to make Term SOFR Loans as a result of any condition described in Section 3.02 or Section 3.03, (ii) any Lender becomes a Defaulting Lender, (iii) any Lender becomes a Non-Consenting Lender or (iv) any Lender becomes a Non-Extending Lender, then the Borrower may, on prior written notice to the Administrative Agent and such Lender, replace such Lender by requiring such Lender to (and such Lender shall be obligated to) assign pursuant to Section 10.07(b) (with the assignment fee to be paid by the Borrower in such instance) all of its rights and obligations under this Agreement (or, with respect to clause (iii) and clause (iv) above, all of its rights and obligations with respect to the Class of Loans or Commitments that is the subject of the related consent, waiver or amendment) to one or more Eligible Assignees for a purchase price equal to the principal amount of all of such Lender’s outstanding Loans plus any accrued but unpaid interest thereon and accrued but unpaid fees for the account of such
Lender hereunder (provided that neither the Administrative Agent nor any Lender shall have any obligation to the Borrower to find a replacement Lender or other such Person; and provided, further, that (A) in the case of any such assignment resulting from a claim for compensation under Section 3.03 or payments required to be made pursuant to Section 3.01, such assignment will result in a reduction in such compensation or payments and (B) in the case of any such assignment resulting from a Lender becoming a Non-Consenting Lender or a Non-Extending Lender, the applicable Eligible Assignees shall have agreed to the applicable extension, waiver or amendment of the Loan Documents).

(b) Any Lender being replaced pursuant to Section 3.06(a) above shall (i) execute and deliver an Assignment and Assumption with respect to such Lender’s Commitment and outstanding Loans and participations in L/C Obligations, as applicable (provided that the failure of any such Lender to execute an Assignment and Assumption shall not render such assignment invalid and such assignment shall be recorded in the Register) and (ii) deliver Notes, if any, evidencing such Loans to the Borrower or the Administrative Agent. Pursuant to such Assignment and Assumption, (A) the assignee Lender shall acquire all or a portion, as the case may be, of the assigning Lender’s Commitments and outstanding Loans and participations in L/C Obligations, as applicable, (B) all obligations of the Loan Parties owing to the assigning Lender relating to the Loan Documents and participations so assigned shall be paid in full by the assignee Lender or the Loan Parties (as applicable) to such assigning Lender concurrently with such assignment and assumption, any amounts owing to the assigning Lender (other than a Defaulting Lender) under Section 3.04 as a consequence of such assignment shall have been paid by the Borrower to the assigning Lender and (C) upon such payment and, if so requested by the assignee Lender, the assignor Lender shall deliver to the assignee Lender the appropriate Notes executed by the Borrower, the assignee Lender shall become a Lender hereunder and the assigning Lender shall cease to constitute a Lender hereunder with respect to such assigned Loans, Commitments and participations, except with respect to indemnification provisions under this Agreement, which shall survive as to such assigning Lender.

(c) Notwithstanding anything to the contrary contained above, any Lender that acts as an L/C Issuer may not be replaced hereunder at any time that it has any Letter of Credit outstanding hereunder unless arrangements reasonably satisfactory to such L/C Issuer (including the furnishing of a back-up standby letter of credit in form and substance, and issued by an issuer reasonably satisfactory to such L/C Issuer, or the depositing of cash collateral into a cash collateral account in amounts and pursuant to arrangements reasonably satisfactory to such L/C Issuer) have been made with respect to each such outstanding Letter of Credit and the Lender that acts as the Administrative Agent may not be replaced hereunder except in accordance with the terms of Section 9.09.

(d) In the event that (i) the Borrower or the Administrative Agent has requested that the Lenders consent to a departure or waiver of any provisions of the Loan Documents or agree to any amendment thereto, (ii) the consent, waiver or amendment in question requires the agreement of all affected Lenders in accordance with the terms of Section 10.01 or all the Lenders of a certain Class and (iii) the Required Lenders, Required Revolving Credit Lenders or Required Initial Term Lenders, as applicable, have agreed to such consent, waiver or amendment, then any Lender who does not agree to such consent, waiver or amendment shall be deemed a “Non-Consenting Lender.”

(e) Notwithstanding anything herein to the contrary, each party hereto agrees that any assignment pursuant to the terms of this Section 3.06 may be effected pursuant to an Assignment and
Section 3.07. **Illegality.** If any Lender determines that any Law has made it unlawful, or that any Governmental Authority has asserted that it is unlawful, for any Lender or its applicable Lending Office to make, maintain or fund Loans whose interest is determined by reference to SOFR or Term SOFR or any Governmental Authority has imposed material restrictions on the authority of such Lender to engage in reversion repurchase of U.S. Treasury securities transactions of the type included in the determination of SOFR or Term SOFR, or to determine or charge interest rates based upon SOFR or Term SOFR, then, on written notice thereof by such Lender to the Borrower through the Administrative Agent, (a) any obligation of such Lender to make or maintain Term SOFR Loans or to convert Base Rate Loans to Term SOFR Loans shall be, in each case, suspended, and (b) if such notice asserts the illegality of such Lender making or maintaining Base Rate Loans the interest rate on which is determined by reference to the Term SOFR component of the Base Rate, the interest rate on which Base Rate Loans of such Lender shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to the Term SOFR component of the Base Rate, in each case until such Lender notifies the Administrative Agent and the Borrower that the circumstances giving rise to such determination no longer exist. Upon receipt of such notice, (i) the Borrower shall promptly, following written demand from such Lender (with a copy to the Administrative Agent), prepay or, if applicable, convert all Term SOFR Loans of such Lender to Base Rate Loans (the interest rate on which Base Rate Loans of such Lender shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to the Term SOFR component of the Base Rate), either on the last day of the Interest Period therefor if such Lender may lawfully continue to maintain such Term SOFR Loans to such day, or immediately, if such Lender may not lawfully continue to maintain such Term SOFR Loans, and (ii) if such notice asserts the illegality of such Lender determining or charging interest rates based upon SOFR or Term SOFR, the Administrative Agent shall during the period of such suspension compute the Base Rate applicable to such Lender without reference to the Term SOFR component thereof until the Administrative Agent is advised in writing by such Lender that it is no longer illegal for such Lender to determine or charge interest rates based upon SOFR or Term SOFR. Upon any such prepayment or conversion, the Borrower shall also pay accrued interest on the amount so prepaid or converted, and all amounts due, if any, in connection with such prepayment or conversion under Section 3.04. Each Lender agrees to designate a different Lending Office if such designation will avoid the need for such notice and will not, in the good faith judgment of such Lender, otherwise be materially disadvantageous to such Lender.

Section 3.08. **Survival.** All of the Borrower’s obligations under this Article III shall survive termination of the Aggregate Commitments and repayment of all other Obligations hereunder and any assignment of rights by or replacement of a Lender.
ARTICLE IV

Each Request for Credit Extension (other than a Committed Loan Notice requesting only a conversion of Loans to the other Type or a continuation of Term SOFR Loans) submitted by the Borrower shall (subject, in the case of a Request for Credit Extension delivered with respect to any Incremental Facility, subject to Section 2.14(e)) be deemed to be a representation and warranty that the applicable conditions specified in Sections 4.02(a) and (b) have been satisfied on and as of the date of the applicable Credit Extension.

Section 5.04. Binding Effect. This Agreement and each other Loan Document has been duly executed and delivered by each Loan Party that is party thereto. This Agreement and each other Loan Document constitutes a legal, valid and binding obligation of such Loan Party, enforceable against each Loan Party that is party thereto in accordance with its terms, except as such enforceability may be limited by Debtor Relief Laws and by general principles of equity (regardless of whether enforcement is sought in equity or at law).

(a) The Audited Borrower Financial Statements were prepared in accordance with GAAP consistently applied throughout the periods covered thereby and fairly present in all material respects the consolidated financial condition of the Borrower and its Subsidiaries, in each case, as of the dates thereof and their results of operations for the period covered thereby.

(b) Amend, modify or change in any manner materially adverse to the interests of the Lenders any term or condition of any Subordinated Debt Documents without the consent of the Required Lenders (not to be unreasonably withheld, conditioned or delayed).

Section 7.09. [Reserved]

Section 7.10. Subsidiary Distributions. Enter into any agreement, instrument, deed or lease which prohibits or limits the ability of any Restricted Subsidiary to pay dividends or other distributions with respect to any of its Equity Interests; provided that the foregoing shall not apply to:

(a) restrictions and conditions imposed by (i) applicable Law or (ii) any Loan Document;

(b) restrictions and conditions existing on the Closing Date or to any extension, renewal, amendment, modification or replacement thereof, except to the extent any such extension, renewal, amendment, modification or replacement expands the scope of any such restriction or condition;
(c) customary restrictions and conditions arising in connection with any Disposition permitted by Section 7.05;

(d) customary provisions in leases, licenses and other contracts restricting the assignment thereof;

(e) restrictions imposed by any agreement relating to secured Indebtedness permitted by this Agreement to the extent such restriction applies only to the property securing such Indebtedness;

(f) any restrictions or conditions set forth in any agreement in effect at any time any Person becomes a Restricted Subsidiary (but not any modification or amendment expanding the scope of any such restriction or condition), provided that such agreement was not entered into in contemplation of such Person becoming a Restricted Subsidiary and the restriction or condition set forth in such agreement does not apply to the Borrower or any other Restricted Subsidiary (other than Subsidiaries of the Person so acquired);

(g) any restrictions or conditions in any Indebtedness permitted pursuant to Section 7.03 or by the definitions of “Refinancing Term Loans” and “Refinancing Revolving Commitments” hereof to the extent such restrictions or conditions are no more restrictive than the restrictions and conditions in the Loan Documents, taken as a whole, or, in the case of Subordinated Debt, are market terms at the time of issuance (as determined in good faith by the Borrower) or, in the case of Indebtedness of any Non-Loan Party, are imposed solely on such Non-Loan Party and its Subsidiaries;

(h) any restrictions on cash or other deposits imposed by agreements entered into in the ordinary course of business;

(i) customary provisions in shareholders agreements, joint venture agreements, organizational documents or similar binding agreements relating to any JV Entity or non-Wholly Owned Restricted Subsidiary and other similar agreements applicable to JV Entities and non-Wholly Owned Restricted Subsidiaries permitted under Section 7.02 and applicable solely to such JV Entity or non-Wholly Owned Restricted Subsidiary and the Equity Interests issued thereby;

(k) customary provisions restricting assignment of any agreement entered into in the ordinary course of business;

(l) customary net worth provisions contained in real property leases entered into by Subsidiaries of the Borrower, so long as the Borrower has determined in good faith that such net worth provisions could not reasonably be expected to impair the ability of the Borrower and its Subsidiaries to meet their ongoing obligation; and
restrictions imposed by any agreement governing Indebtedness entered into on or after the Closing Date and permitted under Section 7.03 that are, taken as a whole, in the good faith judgment of the Borrower, no more restrictive with respect to the Borrower or any Restricted Subsidiary than customary market terms for Indebtedness of such type, so long as the Borrower shall have determined in good faith that such restrictions will not adversely affect in any material respect its obligation or ability to make any payments required hereunder.

Section 7.11. **Maximum Total Net Leverage Ratio.**

(a) Subject to clause (b) of this Section 7.11, the Borrower shall maintain, as of the last day of each fiscal quarter of the Borrower ending after the Closing Date, a Total Net Leverage Ratio for the Test Period ending on such day of not more than 4.75 to 1.00, stepping down to (i) 4.25 to 1.00 beginning with the fiscal quarter ending December 31, 2023 and (ii) 4.00 to 1.00 beginning with the fiscal quarter ending December 31, 2024.

Section 7.12. **Minimum Interest Coverage Ratio.** The Borrower shall maintain, as of the last day of each fiscal quarter of the Borrower ending after the Closing Date, an Interest Coverage Ratio that is not less than 3.50 to 1.00.

ARTICLE VIII

**Events of Default and Remedies**

Section 8.01. **Events of Default.** Any of the following events referred to in any of clauses (a) through (j) inclusive of this Section 8.01 shall constitute an “Event of Default”:

(a) **Non-Payment.** Any Loan Party fails to pay (i) when and as required to be paid herein, any amount of principal of any Loan or (ii) within five (5) Business Days after the same becomes due, any interest on any Loan or any other amount payable hereunder or with respect to any other Loan Document; or

(b) **Specific Covenants.** The Borrower fails to perform or observe any term, covenant or agreement contained in any of Section 6.03(a)(i) or Section 6.04 (solely with respect to the Borrower) or Article VII; provided that an Event of Default arising from a failure to comply with Section 6.03(a)(i) shall be deemed to be no longer continuing automatically upon and simultaneously with the underlying Default ceasing to be continuing so long as the Borrower has provided notice to the Administrative Agent promptly after a Responsible Officer of the Borrower obtains knowledge of such underlying Default; or
(c) **Other Defaults.** Any Loan Party fails to perform or observe any other covenant or agreement (not specified in Section 8.01(a) or (b) above) contained in any Loan Document on its part to be performed or observed and such failure continues for thirty (30) days after receipt by the Borrower of written notice thereof by the Administrative Agent or the Required Lenders; or

(d) **Representations and Warranties.** Any representation, warranty, certification or statement of fact made or deemed made by or on behalf of any Loan Party herein, in any other Loan Document, or in any document required to be delivered in connection herewith or therewith shall be incorrect or misleading in any material respect when made or deemed made and such incorrect or misleading representation, warranty, certification or statement of fact, if capable of being cured, remains so incorrect or misleading for thirty (30) days after receipt by the Borrower of written notice thereof by the Administrative Agent or the Required Lenders; or

(e) **Cross-Default.** Any Loan Party or any Restricted Subsidiary (i) fails to make any payment beyond the applicable grace period with respect thereto, if any (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise) in respect of any Indebtedness (other than Indebtedness hereunder) having an aggregate principal amount exceeding the Threshold Amount or (ii) fails to observe or perform any other agreement or condition relating to any such Indebtedness, or any other event occurs (other than any event requiring prepayment pursuant to customary asset sale events, insurance and condemnation proceeds events, change of control events and excess cash flow and indebtedness sweeps), the effect of which default or other event is to cause, or to permit the holder or holders of such Indebtedness (or a trustee or agent on behalf of such holder or holders or beneficiary or beneficiaries) to cause, with the giving of notice if required, all such Indebtedness to become due or to be repurchased, prepaid, defeased or redeemed (automatically or otherwise), or an offer to repurchase, prepay, defease or redeem all such Indebtedness to be made, prior to its stated maturity; provided that this clause (e)(ii) shall not apply to (A) secured Indebtedness that becomes due (or requires an offer to purchase) as a result of the voluntary sale or transfer of the property or assets securing such Indebtedness, if such sale or transfer is permitted hereunder and under the documents providing for such Indebtedness, (B) any repurchase, prepayment, defeasance, redemption, conversion or settlement with respect to any Permitted Convertible Indebtedness, including the Convertible Notes or any Permitted Refinancing Indebtedness in respect thereof, or satisfaction of any condition giving rise to or permitting the foregoing, pursuant to its terms unless such repurchase, prepayment, defeasance, redemption, conversion or settlement results from a default thereunder or an event of the type that constitutes an Event of Default or (C) any early payment requirement or unwinding or termination with respect to any Swap Contract, Permitted Call Spread Transaction or Permitted Forward Agreement or satisfaction of any condition giving rise to or permitting the foregoing, in accordance with the terms thereof where neither the Borrower nor any of its Subsidiaries is the “defaulting party” (or substantially equivalent term) under the terms of such Swap Agreement, Permitted Call Spread Transaction or Permitted Forward Agreement; provided, further, that (x) such failure or breach is unremedied and is not waived by the required holders of such Indebtedness and (y) for the avoidance of doubt, any event or condition set forth under this clause (e) shall not, until the expiration of any applicable grace period or the delivery of notice by the applicable holder or holders of such Indebtedness, constitute an Event of Default for purposes of this Agreement; or
(f) **Insolvency Proceedings, Etc.** Except with respect to any dissolution or liquidation of a Restricted Subsidiary expressly permitted by Section 7.04, any Loan Party or any of the Restricted Subsidiaries institutes or consents to the institution of any proceeding under any Debtor Relief Law, or makes an assignment for the benefit of creditors; or applies for or consents to the appointment of any receiver, interim receiver, receiver and manager, trustee, custodian, conservator, liquidator, rehabilitator, administrator, administrative receiver or similar officer for it or for all or any material part of its property; or any receiver, interim receiver, receiver and manager, trustee, custodian, conservator, liquidator, rehabilitator, administrator, administrative receiver or similar officer is appointed without the application or consent of such Person and the appointment continues undischarged or unstayed for sixty (60) calendar days; or any proceeding under any Debtor Relief Law relating to any such Person or to all or any material part of its property is instituted without the consent of such Person and continues undischarged or unstayed for sixty (60) calendar days; or an order for relief is entered in any such proceeding; or

(g) **Inability to Pay Debts; Attachment.** (i) Any Loan Party or any Restricted Subsidiary becomes unable or admits in writing its inability or fails generally to pay its debts as they become due, or (ii) any writ or warrant of attachment or execution or similar process is issued or levied against all or any material part of the property of the Loan Parties, taken as a whole, and is not released, vacated or fully bonded within sixty (60) days after its issue or levy; or

(h) **Judgments.** There is entered against any Loan Party or any Restricted Subsidiary a final judgment or order for the payment of money in an aggregate amount exceeding the Threshold Amount (to the extent not covered by independent third-party insurance) and such judgment or order shall not have been satisfied, vacated, discharged or stayed or bonded pending an appeal for a period of sixty (60) consecutive days; or

(i) **Invalidity of Collateral Documents.** Any material provision of any Collateral Document, at any time after its execution and delivery and for any reason other than as expressly permitted hereunder or thereunder (including as a result of a transaction permitted under Section 7.04 or Section 7.05) or solely as a result of (x) acts or omissions of the Collateral Agent in respect of certificates, promissory notes or instruments actually delivered to it or as a result of the Collateral Agent’s failure to make necessary filings, including UCC financing statements, UCC continuation statements and intellectual property filings, or (y) the occurrence of the Termination Date, ceases to be in full force and effect or ceases to create a valid and perfected lien, with the priority set forth in the Collateral and Guarantee Requirement, on a material portion of the Collateral covered thereby; or any Loan Party contests in writing the validity or enforceability of any material provision of any Collateral Document; or any Loan Party denies in writing that it has any or further liability or obligation under any Collateral Document (other than as a result of repayment in full of the Obligations and termination of the Aggregate Commitments), or purports in writing to revoke or rescind any Collateral Document; or

(j) **Invalidity of Guarantees.** Any Guarantee, after its execution and delivery, provided by the Borrower or any other Guarantor that is a Material Subsidiary, or any material provision thereof, ceases to be in full force and effect (other than pursuant to the terms hereof or thereof) or any Loan Party denies or disaffirms in writing any such Guarantor’s obligations under its Guarantee (other than upon the occurrence of the Termination Date); or
(k) **Change of Control.** There occurs any Change of Control; or

(l) **ERISA.** (i) An ERISA Event occurs which has resulted or could reasonably be expected to result in a Material Adverse Effect, or
(ii) a Loan Party, any Restricted Subsidiary or any ERISA Affiliate fails to pay when due, after the expiration of any applicable grace period, any installment payment with respect to its Withdrawal Liability under Section 4201 of ERISA under a Multiemployer Plan in an aggregate amount which could reasonably be expected to result in a Material Adverse Effect.

Section 8.02. **Remedies Upon Event of Default.** If any Event of Default occurs and is continuing, the Administrative Agent may and, at the request of the Required Lenders, shall take any or all of the following actions:

(a) declare the commitment of each Lender to make Loans and any obligation of the L/C Issuer to make L/C Credit Extensions to be terminated, whereupon such commitments and obligation shall be terminated;

(b) declare the unpaid principal amount of all outstanding Loans, all interest accrued and unpaid thereon, and all other amounts owing or payable hereunder or under any other Loan Document to be immediately due and payable, without presentment, demand, protest or other notice of any kind, all of which are hereby expressly waived by the Borrower;

(c) require that the Borrower Cash Collateralize the L/C Obligations (in an amount equal to the then Outstanding Amount thereof); and

(d) exercise on behalf of itself and the Lenders all rights and remedies available to it and the Lenders under the Loan Documents or applicable Law;

provided that upon the occurrence of an Event of Default under Section 8.01(f) or (g) with respect to the Borrower, the obligation of each Lender to make Loans and any obligation of each L/C Issuer to make L/C Credit Extensions shall automatically terminate, the unpaid principal amount of all outstanding Loans and all interest and other amounts as aforesaid shall automatically become due and payable and the obligation of the Borrower to Cash Collateralize the L/C Obligations as aforesaid shall automatically become effective, in each case without further act of the Administrative Agent or any Lender.

Section 8.03. **Exclusion of Immaterial Subsidiaries.** Solely for the purpose of determining whether a Default has occurred under clause (f) or (g) of Section 8.01, any reference in any such clause to any Restricted Subsidiary shall be deemed not to include any Subsidiary that is an Immaterial Subsidiary or at such time could, upon designation by the Borrower, become an Immaterial Subsidiary in compliance with this Agreement, unless the portion of LTM Consolidated EBITDA attributable to such Subsidiary, together with the LTM Consolidated EBITDA attributable to all other Subsidiaries affected by such event or circumstance referred to in such clause, shall exceed 10% of LTM Consolidated EBITDA.

Section 8.04. **Application of Funds.** If the circumstances described in Section 2.12(g) have occurred, or after the exercise of remedies provided for in Section 8.02 (or after the Loans have automatically become immediately due and payable and the L/C Obligations have
automatically been required to be Cash Collateralized as set forth in the proviso to Section 8.02, including in any bankruptcy or insolvency proceeding, any amounts received on account of the Obligations shall be applied by the Administrative Agent, subject to any applicable intercreditor agreement entered into by the Agents pursuant to this Agreement that is then in effect, in the following order:

**First**, to payment of that portion of the Obligations constituting fees, indemnities, expenses and other amounts (other than principal and interest, Cash Management Obligations, and obligations under Secured Hedge Agreements, but including Attorney Costs payable under Section 10.04 and amounts payable under Article III) payable to each Agent in its capacity as such;

**Second**, to payment of that portion of the Obligations constituting fees, indemnities and other amounts (other than principal and interest, Cash Management Obligations and obligations under Secured Hedge Agreements) payable to the Lenders (including Attorney Costs payable under Section 10.04 and amounts payable under Article III), ratably among them in proportion to the amounts described in this clause Second payable to them;

**Third**, to payment of that portion of the Obligations constituting accrued and unpaid interest (including, but not limited to, post-petition interest), ratably among the Lenders in proportion to the respective amounts described in this clause Third payable to them;

**Fourth**, to the Administrative Agent for the account of the L/C Issuers, to Cash Collateralize that portion of L/C Obligations comprised of the aggregate undrawn amount of Letters of Credit;

**Fifth**, to payment of that portion of the Obligations constituting unpaid principal of the Loans, Unreimbursed Amounts, face amounts of the L/C Borrowings, Obligations under Secured Hedge Agreements and Cash Management Obligations, ratably among the Secured Parties in proportion to the respective amounts described in this clause Fifth held by them;

**Sixth**, to the payment of all other Obligations of the Loan Parties that are due and payable to the Administrative Agent and the other Secured Parties on such date, ratably based upon the respective aggregate amounts of all such Obligations owing to the Administrative Agent and the other Secured Parties on such date; and

**Last**, the balance, if any, after all of the Obligations have been paid in full, to the Borrower or as otherwise required by Law.

Notwithstanding the foregoing, amounts received from any Loan Party shall not be applied to any Excluded Swap Obligation of such Loan Party. Subject to Section 2.03(c), amounts used to Cash Collateralize the aggregate undrawn amount of Letters of Credit pursuant to clause Fifth above shall be applied to satisfy drawings under such Letters of Credit as they occur. If any amount remains on deposit as Cash Collateral after all Letters of Credit have either been fully drawn or expired, such remaining amount shall be applied to the other Obligations, if any, in the order set forth above and, if no Obligations remain outstanding, returned to the Borrower.
ARTICLE IX
Administrative Agent and Collateral Agent

Section 9.01. Appointment and Authorization of Agents.

(a) Each Lender and L/C Issuer hereby irrevocably appoints, designates and authorizes each Agent to take such action on its behalf under the provisions of this Agreement and each other Loan Document and to exercise such powers and perform such duties as are expressly delegated to it by the terms of this Agreement or any other Loan Document, together with such powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary contained elsewhere herein or in any other Loan Document, each Agent shall have no duties or responsibilities, except those expressly set forth herein, nor shall any Agent have or be deemed to have any fiduciary relationship with any Lender or participant, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against such Agent. Without limiting the generality of the foregoing sentence, the use of the term “agent” herein and in the other Loan Documents with reference to any Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any applicable Law. Instead, such term is used merely as a matter of market custom, and is intended to create or reflect only an administrative relationship between independent contracting parties.

(b) Each L/C Issuer shall act on behalf of the Lenders with respect to any Letters of Credit issued by it and the documents associated therewith, and each such L/C Issuer shall have all of the benefits and immunities (i) provided to the Agents in this Article IX with respect to any acts taken or omissions suffered by such L/C Issuer in connection with Letters of Credit issued by it or proposed to be issued by it and the applications and agreements for letters of credit pertaining to such Letters of Credit as fully as if the term “Agent” as used in this Article IX and in the definition of “Agent-Related Persons” included such L/C Issuer with respect to such acts or omissions, and (ii) as additionally provided herein with respect to such L/C Issuer.

(c) Each of the Lenders (in its capacities as a Lender, L/C Issuer (if applicable) and a potential Hedge Bank or Cash Management Bank) hereby irrevocably appoints and authorizes the Collateral Agent to act as the agent of (and to hold any security interest, charge or other Lien created by the Collateral Documents for and on behalf of or on trust for) such Lender for purposes of acquiring, holding and enforcing any and all Liens on Collateral granted by any of the Loan Parties to secure any of the Obligations, together with such powers and discretion as are reasonably incidental thereto. The Collateral Agent (and any co-agents, sub-agents and attorneys-in-fact appointed by the Collateral Agent pursuant to Section 9.02 for purposes of holding or enforcing any Lien on the Collateral (or any portion thereof) granted under the Collateral Documents, or for exercising any rights and remedies thereunder at the direction of the Collateral Agent), shall be entitled to the benefits of all provisions of this Article IX (including Section 9.07, as though such co-agents, sub-agents and attorneys-in-fact were the “Collateral Agent” under the Loan Documents) as if set forth in full herein with respect thereto. Without limiting the generality of the foregoing, the Lenders hereby expressly authorize the Agents to execute any and all documents (including releases) with respect to the Collateral and the rights of the Secured Parties with respect thereto, as contemplated by and in accordance with the provisions of the Loan Documents and the Collateral Documents and acknowledge and agree that any such action by any Agent shall bind the Lenders.
Section 9.02. Delegation of Duties. Each Agent may execute any of its duties under this Agreement or any other Loan Document (including for purposes of holding or enforcing any Lien on the Collateral (or any portion thereof) granted under the Collateral Documents or of exercising any rights and remedies thereunder) by or through Affiliates, agents, employees or attorneys-in-fact, such sub-agents as shall be deemed necessary by such Agent, and shall be entitled to advice of counsel, both internal and external, and other consultants or experts concerning all matters pertaining to such duties. Each Agent shall not be responsible for the negligence or misconduct of any agent or sub-agent or attorney-in-fact that it selects in the absence of gross negligence or willful misconduct.

Section 9.03. Liability of Agents. No Agent-Related Person or Arranger shall (a) be liable to any Lender for any action taken or omitted to be taken by any of them under or in connection with this Agreement or any other Loan Document or the transactions contemplated hereby, including their respective activities in connection with the syndication of the credit facilities provided for herein as well as activities as Agent or Arranger (except for its own gross negligence or willful misconduct, as determined by the final and non-appealable judgment of a court of competent jurisdiction, in connection with its duties expressly set forth herein), (b) be responsible in any manner to any Lender or participant for or have any duty to ascertain or inquire into any recital, statement, representation or warranty made by any Loan Party or any officer thereof, contained herein or in any other Loan Document, or in any certificate, report, statement or other document referred to or provided for in, or received by any Arranger or Agent under or in connection with, this Agreement or any other Loan Document, or the validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Loan Document, or the validity, perfection or priority of any Lien or security interest created or purported to be created under the Collateral Documents, the value or sufficiency of any Collateral or the satisfaction of any condition set forth in Article IV or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to the applicable Agent, or for any failure of any Loan Party or any other party to any Loan Document to perform its obligations hereunder or thereunder or (c) be responsible or have any liability for, or have any duty to ascertain, inquire into, monitor or enforce, compliance with the provisions hereof relating to Disqualified Lenders; further, without limiting the generality of the foregoing clause (c), no Agent-Related Person or Arranger shall (x) be obligated to ascertain, monitor or inquire as to whether any Lender or Participant or prospective Lender or Participant is a Disqualified Lender or (y) have any liability with respect to or arising out of any assignment or participation of Loans, or disclosure of confidential information, to any Disqualified Lender. No Agent-Related Person or Arranger shall be under any obligation to any Lender or participant to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the properties, books or records of any Loan Party or any Affiliate thereof. No Agent or Arranger shall have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that an Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents); provided that such Agent shall not be required to take any action that, in its judgment or the judgment of its counsel, may expose such Agent to liability or that is contrary to any Loan Document or applicable Law, including for the avoidance of doubt any action that may be in violation of the automatic stay under any Debtor Relief Law or that may effect a forfeiture, modification or termination of property of a Defaulting Lender in violation of any Debtor Relief Law. No Agent or Arranger shall be liable for any action taken or not taken by it with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for
herein or in the other Loan Documents), or in the absence of its own gross negligence or willful misconduct, as determined by the final and non-appealable judgment of a court of competent jurisdiction, in connection with its duties expressly set forth herein.

Section 9.04. Reliance by Agents.

(a) Each Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, communication, signature, resolution, representation, notice, request, consent, certificate, instrument, affidavit, letter, telegram, facsimile, telex or telephone message, electronic mail message, statement or other document or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons, and upon advice and statements of legal counsel (including counsel to any Loan Party), independent accountants and other experts selected by such Agent and shall not incur any liability for relying thereon. Each Agent shall be fully justified in failing or refusing to take any action under any Loan Document unless it shall first receive such advice or concurrence of the Required Lenders as it deems appropriate and, if it so requests, it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. Each Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement or any other Loan Document in accordance with a request or consent of the Required Lenders (or such greater number of Lenders as may be expressly required hereby in any instance) and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders.

(b) For purposes of determining compliance with the conditions specified in Section 4.01, each Lender that has signed this Agreement shall be deemed to have consented to, approved or accepted or to be satisfied with, each document or other matter required thereunder to be consented to or approved by or acceptable or satisfactory to a Lender unless the Administrative Agent shall have received notice from such Lender prior to the proposed Closing Date specifying its objection thereto.

Section 9.05. Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default, except with respect to defaults in the payment of principal, interest and fees required to be paid to the Administrative Agent for the account of the Lenders, unless the Administrative Agent shall have received written notice from a Lender or the Borrower referring to this Agreement, describing such Default and stating that such notice is a “notice of default.” The Administrative Agent will notify the Lenders of its receipt of any such notice. Subject to the other provisions of this Article IX, the Administrative Agent shall take such action with respect to any Event of Default as may be directed by the Required Lenders in accordance with Article VIII; provided that unless and until the Administrative Agent has received any such direction, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Event of Default as it shall deem advisable or in the best interest of the Lenders.

Section 9.06. Credit Decision; Disclosure of Information by Agents. Each Lender acknowledges that no Agent-Related Person or Arranger has made any representation or warranty to it, and that no act by any Agent or Arranger hereafter taken, including any consent to and acceptance of any assignment or review of the affairs of any Loan Party or any Affiliate thereof, shall be deemed to constitute any representation or warranty by any Agent-Related Person or Arranger to any Lender as to any matter, including whether Agent-Related Persons or Arrangers have disclosed material information in
their possession. Each Lender represents to each Agent and Arranger that it has, independently and without reliance upon any Agent-Related Person or Arranger and based on such documents and information as it has deemed appropriate, made its own appraisal of an investigation into the business, prospects, operations, property, financial and other condition and creditworthiness of the Loan Parties and their respective Subsidiaries, and all applicable bank or other regulatory Laws relating to the transactions contemplated hereby, and made its own decision to enter into this Agreement and to extend credit to the Borrower and the other Loan Parties hereunder. Each Lender also represents that it will, independently and without reliance upon any Agent-Related Person or Arranger and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Loan Documents, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower and the other Loan Parties. Except for notices, reports and other documents expressly required to be furnished to the Lenders by any Agent herein, none of the Agents or Arrangers shall have any duty or responsibility to provide any Lender with any credit or other information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of any of the Loan Parties or any of their respective Affiliates which may come into the possession of any Agent-Related Person or Arranger.

Section 9.07. **Indemnification of Agents.** Whether or not the transactions contemplated hereby are consummated, the Lenders shall indemnify upon demand each Agent-Related Person (to the extent not reimbursed by or on behalf of any Loan Party and without limiting the obligation of any Loan Party to do so), pro rata, and hold harmless each Agent-Related Person from and against any and all Indemnified Liabilities incurred by it in its capacity as an Agent-Related Person; provided that no Lender shall be liable for the payment to any Agent-Related Person of any portion of such Indemnified Liabilities resulting from such Agent-Related Person’s own gross negligence or willful misconduct, as determined by the final and non-appealable judgment of a court of competent jurisdiction; provided that no action taken in accordance with the directions of the Required Lenders (or such other number or percentage of the Lenders as shall be required by the Loan Documents) shall be deemed to constitute gross negligence or willful misconduct for purposes of this Section 9.07. In the case of any investigation, litigation or proceeding giving rise to any Indemnified Liabilities, this Section 9.07 applies whether any such investigation, litigation or proceeding is brought by any Lender or any other Person. Without limitation of the foregoing, each Lender shall reimburse each Agent upon demand for its ratable share of any costs or out-of-pocket expenses (including Attorney Costs) incurred by such Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, any other Loan Document, or any document contemplated by or referred to herein, to the extent that such Agent is not reimbursed for such expenses by or on behalf of the Borrower, provided that such reimbursement by the Lenders shall not affect the Borrower’s continuing reimbursement obligations with respect thereto, if any. The undertaking in this Section 9.07 shall survive termination of the Aggregate Commitments, the payment of all other Obligations and the resignation of any Agent.

Section 9.08. **Agents in Their Individual Capacities.** Bank of America and its Affiliates may make loans to, issue letters of credit for the account of, accept deposits from, acquire Equity Interests in and generally engage in any kind of banking, trust, financial advisory, underwriting or other business with each of the Loan Parties and their respective Affiliates as though Bank of America
were not the Administrative Agent and Collateral Agent hereunder and without notice to or consent of the Lenders. The Lenders acknowledge that, pursuant to such activities, Bank of America or its Affiliates may receive information regarding any Loan Party or any Affiliate of a Loan Party (including information that may be subject to confidentiality obligations in favor of such Loan Party or such Affiliate) and acknowledge that the Agents shall be under no obligation to provide such information to them. With respect to its Loans, Bank of America shall have the same rights and powers under this Agreement as any other Lender and may exercise such rights and powers as though it were not the Administrative Agent and Collateral Agent, and the terms “Lender” and “Lenders” include Bank of America in its individual capacity.

Section 9.09. **Successor Agents.** Any Agent may resign upon thirty (30) days’ notice to the Lenders and the Borrower. If an Agent resigns under this Agreement, the Required Lenders shall appoint from among the Lenders a successor agent for the Lenders, which appointment of a successor agent shall require the consent of the Borrower at all times other than during the existence of an Event of Default under Section 8.01(f) or (g) (which consent of the Borrower shall not be unreasonably withheld, conditioned or delayed). If, at the time that an Agent’s resignation is effective, it is acting as an L/C Issuer, such resignation shall also operate to effectuate its resignation as L/C Issuer, and it shall automatically be relieved of any further obligation to issue Letters of Credit. If no successor agent is appointed prior to the effective date of the resignation of an Agent, such Agent may appoint, after consulting with the Lenders and the Borrower, a successor agent from among the Lenders. Upon the acceptance of its appointment as successor agent hereunder, the Person acting as such successor agent shall succeed to all the rights, powers and duties under this Agreement as though it were not the Administrative Agent and Collateral Agent, and the retiring Agent’s appointment, powers and duties hereunder shall be terminated. After the retiring Agent’s resignation hereunder, the provisions of this Article IX and Section 10.04 and Section 10.05 shall inure to its benefit as to any actions taken or omitted to be taken by it while it was an Agent under this Agreement. If no successor agent has accepted appointment as the Administrative Agent or Collateral Agent, as applicable, by the date which is thirty (30) days following the retiring Agent’s notice of resignation, the retiring Agent’s resignation shall nevertheless become effective and the Lenders shall perform all of the duties of the Administrative Agent or Collateral Agent, as applicable, hereunder until such time, if any, as the Required Lenders appoint a successor agent as provided for above (except that in the case of any collateral security held by the Collateral Agent on behalf of the Lenders under any of the Loan Documents, the retiring Collateral Agent shall continue to hold such collateral security until such time as a successor Collateral Agent is appointed). Upon the acceptance of any appointment as the Administrative Agent or Collateral Agent hereunder by a successor and upon the execution and filing or recording of such financing statements, or amendments thereto, and such amendments or supplements to other instruments or notices, as may be necessary or desirable, or as the Required Lenders may reasonably request, in order to (a) continue the perfection of the Liens granted or purported to be granted by the Collateral Documents or (b) otherwise ensure that the Collateral and Guarantee Requirement is satisfied, the successor Agent shall thereupon succeed to and become vested with all the rights, powers, discretion, privileges, and duties of the retiring Agent, and the retiring Agent shall, to the extent not previously discharged, be discharged from its duties and obligations under the Loan Documents.

Section 9.10. **Administrative Agent May File Proofs of Claim.** In case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement,
adjustment, composition or other judicial proceeding relative to any Loan Party, the Administrative Agent (irrespective of whether the principal of any Loan or any L/C Obligation shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered, by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans, L/C Obligations and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Agents (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Agents and their respective agents and counsel and all other amounts due the Lenders and the Agents under Section 2.09 and Section 10.04) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same; and

(c) any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Agents and their respective agents and counsel, and any other amounts due to the Agents under Section 2.09 and Section 10.04.

The Secured Parties hereby irrevocably authorize each of the Administrative Agent and the Collateral Agent, at the direction of the Required Lenders, to credit bid all or any portion of the Obligations (including accepting some or all of the Collateral in satisfaction of some or all of the Obligations pursuant to a deed in lieu of foreclosure or otherwise) and in such manner purchase (either directly or through one or more acquisition vehicles) all or any portion of the Collateral (a) at any sale thereof conducted under the provisions of the Bankruptcy Code, including under Sections 363, 1123 or 1129 of the Bankruptcy Code, or any similar Laws in any other jurisdictions to which a Loan Party is subject, (b) at any other sale or foreclosure or acceptance of collateral in lieu of debt conducted by (or with the consent or at the direction of) an Agent (whether by judicial action or otherwise) in accordance with any applicable Law. In connection with any such credit bid and purchase, the Obligations owed to the Secured Parties shall be entitled to be, and shall be, credit bid on a ratable basis (with Obligations with respect to contingent or unliquidated claims receiving contingent interests in the acquired assets on a ratable basis that would vest upon the liquidation of such claims in an amount proportional to the liquidated portion of the contingent claim amount used in allocating the contingent interests) in the asset or assets so purchased (or in the Equity Interests or debt instruments of the acquisition vehicle or vehicles that are used to consummate such purchase). In connection with any such bid (i) each Agent shall be authorized to form one or more acquisition vehicles to make a bid, (ii) to adopt documents providing for the governance of the acquisition vehicle or vehicles (provided that any actions by an Agent with respect to such acquisition vehicle or vehicles, including any disposition of the assets or Equity Interests thereof shall be governed, directly or indirectly, by the vote of the Required Lenders, irrespective of the termination of this Agreement and without giving effect to the limitations on actions by the Required
Lenders contained in clauses (a) through (g) of Section 10.01), (iii) each Agent shall be authorized to assign the relevant Obligations to any such acquisition vehicle pro rata by the Lenders, as a result of which each of the Lenders shall be deemed to have received a pro rata portion of any Equity Interests and/or debt instruments issued by such an acquisition vehicle on account of the assignment of the Obligations to be credit bid, all without the need for any Secured Party or acquisition vehicle to take any further action, and (iv) to the extent that Obligations that are assigned to an acquisition vehicle are not used to acquire Collateral for any reason (as a result of another bid being higher or better, because the amount of Obligations assigned to the acquisition vehicle exceeds the amount of debt credit bid by the acquisition vehicle or otherwise), such Obligations shall automatically be reassigned to the Lenders pro rata and the Equity Interests and/or debt instruments issued by any acquisition vehicle on account of the Obligations that had been assigned to the acquisition vehicle shall automatically be cancelled, without the need for any Secured Party or any acquisition vehicle to take any further action.

Nothing contained herein shall be deemed to authorize any Agent to authorize or consent to or accept or adopt on behalf of any Lender any plan of reorganization, arrangement, adjustment or composition affecting the Obligations or the rights of any Lender or to authorize any Agent to vote in respect of the claim of any Lender in any such proceeding.

Section 9.11. **Collateral and Guaranty Matters.** The Lenders irrevocably agree:

(a) that any Lien on any property granted to or held by any Agent under any Loan Document shall be automatically released (i) on the Termination Date, (ii) at the time the property subject to such Lien is transferred as part of or in connection with any transfer permitted hereunder or under any other Loan Document to any Person other than any other Loan Party, (iii) subject to Section 10.01, if the release of such Lien is approved, authorized or ratified in writing by the Required Lenders, (iv) if the property subject to such Lien is owned by a Guarantor, upon release of such Guarantor from its obligations under its Guaranty pursuant to clause (c) below or (v) if the property subject to such Lien becomes Excluded Property;

(b) each Agent is authorized and directed to release or subordinate any Lien on any property granted to or held by such Agent under any Loan Document to the holder of any Lien on such property that is permitted by Sections 7.01(i) and (o); and

(c) if any Subsidiary Guarantor ceases to be a Restricted Subsidiary, or becomes an Excluded Subsidiary, in each case, as a result of a transaction or designation permitted hereunder (as certified in writing delivered to the Administrative Agent by a Responsible Officer of the Borrower), (x) such Subsidiary shall be automatically released from its obligations under the Guaranty and (y) any Liens granted by such Subsidiary or Liens on the Equity Interests of such Subsidiary (to the extent such Equity Interests have become Excluded Property or are being transferred to a Person that is not a Loan Party) shall be automatically released; provided that if such Subsidiary Guarantor becomes an Excluded Subsidiary as a result of clause (g) of the definition thereof, such Person shall only be released under the Guaranty to the extent that (i) such Guarantor ceased to be a Wholly Owned Subsidiary as a result of a joint venture or other strategic transaction permitted hereunder; provided that the primary purpose of such transaction was not to evade the Guarantee required hereunder, (ii) the transaction by which such Guarantor ceases to be a Wholly Owned Restricted Subsidiary was consummated on an arm’s-length basis
with an unaffiliated third-party or (iii) after giving effect to the transaction, the Guarantor being released from its Guarantee Obligations is no longer a direct or indirect Restricted Subsidiary of the Borrower.

Upon request by an Agent at any time, the Required Lenders will confirm in writing such Agent’s authority to release or subordinate its interest in particular types or items of property, or to release any Guarantor from its obligations under the Guaranty pursuant to this Section 9.11; provided that a failure to obtain such confirmation will not prevent any release otherwise permitted. In each case as specified in this Section 9.11, the applicable Agent will promptly (and each Lender irrevocably authorizes and directs each Agent to), at the Borrower’s expense, execute and deliver to the applicable Loan Party such documents as such Loan Party may reasonably request to evidence the release or subordination of such item of Collateral from the assignment and security interest granted under the Collateral Documents, or to evidence the release of such Guarantor from its obligations under the Guaranty, in each case in accordance with the terms of the Loan Documents and this Section 9.11. Prior to releasing or subordinating its interest in particular types or items of property, or to release any Guarantor from its obligations under the Guaranty pursuant to this Section 9.11, the applicable Agent shall be entitled to receive a certificate of a Responsible Officer of the Borrower stating that such actions are permitted under this Agreement. Neither the Administrative Agent nor the Collateral Agent shall be liable for any such release undertaken in reliance upon any such certificate of a Responsible Officer of the Borrower.

The Collateral Agent shall have no obligation whatsoever to the Lenders or to any other Person to assure that the Collateral exists or is owned by any Loan Party or is cared for, protected or insured or that the Liens granted to the Collateral Agent herein or pursuant hereto have been properly or sufficiently or lawfully created, perfected, protected or enforced or are entitled to any particular priority, or to exercise or to continue exercising at all or in any manner or under any duty of care, disclosure or fidelity any of the rights, authorities and powers granted or available to the Collateral Agent in this Section 9.11 or in any of the Collateral Documents.

Section 9.12. Other Agents, Arrangers and Managers. None of the Lenders, the Agents, the Arrangers or other Persons identified on the facing page or signature pages of this Agreement as a “joint lead arranger and bookrunner”, “co-syndication agent” or “documentation agent” shall have any right, power, obligation, liability, responsibility or duty under this Agreement other than those applicable to all Lenders as such. Without limiting the foregoing, none of the Lenders or other Persons so identified shall have or be deemed to have any fiduciary relationship with any Lender. Each Lender acknowledges that it has not relied, and will not rely, on any of the Lenders or other Persons so identified in deciding to enter into this Agreement or in taking or not taking action hereunder.

(a) It is the purpose of this Agreement and the other Loan Documents that there shall be no violation of any Law of any jurisdiction denying or restricting the right of banking corporations or associations to transact business as agent or trustee in such jurisdiction. It is recognized that in case of litigation under this Agreement or any of the other Loan Documents, and in particular in case of the enforcement of any of the Loan Documents, or in case the Administrative Agent deems that by reason of any present or future Law of any jurisdiction it may not exercise any of the rights, powers or remedies granted herein or in any of the other Loan Documents or take any other action which may be desirable or
necessary in connection therewith, the Administrative Agent is hereby authorized to appoint an additional individual or institution selected by the Administrative Agent in its sole discretion as a separate trustee, co-trustee, administrative agent, collateral agent, administrative sub-agent or administrative co-agent (any such additional individual or institution being referred to herein individually as a “Supplemental Administrative Agent” and, collectively, as “Supplemental Administrative Agents”).

(b) In the event that the Administrative Agent appoints a Supplemental Administrative Agent with respect to any Collateral, (i) each and every right, power, privilege or duty expressed or intended by this Agreement or any of the other Loan Documents to be exercised by or vested in or conveyed to the Administrative Agent with respect to such Collateral shall be exercisable by and vest in such Supplemental Administrative Agent to the extent, and only to the extent, necessary to enable such Supplemental Administrative Agent to exercise such rights, powers and privileges with respect to such Collateral and to perform such duties with respect to such Collateral, and every covenant and obligation contained in the Loan Documents and necessary to the exercise or performance thereof by such Supplemental Administrative Agent shall run to and be enforceable by either the Administrative Agent or such Supplemental Administrative Agent, and (ii) the provisions of this Article IX and of Section 10.04 and Section 10.05 that refer to the Administrative Agent shall inure to the benefit of such Supplemental Administrative Agent and all references therein to the Administrative Agent shall be deemed to be references to the Administrative Agent and/or such Supplemental Administrative Agent, as the context may require.

(c) Should any instrument in writing from any Loan Party be required by any Supplemental Administrative Agent so appointed by the Administrative Agent for more fully and certainly vesting in and confirming to him or it such rights, powers, privileges and duties, the Borrower shall, or shall cause such Loan Party to, execute, acknowledge and deliver any and all such instruments promptly upon request by the Administrative Agent. In case any Supplemental Administrative Agent, or a successor thereto, shall die, become incapable of acting, resign or be removed, all the rights, powers, privileges and duties of such Supplemental Administrative Agent, to the extent permitted by Law, shall vest in and be exercised by the Administrative Agent until the appointment of a new Supplemental Administrative Agent.

Section 9.14. Withholding Tax. To the extent required by any applicable Law, the Administrative Agent may deduct or withhold from any payment to any Lender under any Loan Document an amount equivalent to any applicable withholding Tax.

Section 9.15. Cash Management Obligations; Secured Hedge Agreements. Except as otherwise expressly set forth herein, the Guaranty or in any other Collateral Document, no Cash Management Bank or Hedge Bank that obtains the benefits of Section 8.04, any Guarantee or any Collateral by virtue of the provisions hereof or of the Guaranty or other Collateral Document shall have any right to notice of any action or to consent to, direct or object to any action hereunder or under any other Loan Document or otherwise in respect of the Collateral (including the release or impairment of any Collateral) other than in its capacity as a Lender or an Agent and, in such case, only to the extent expressly provided in the Loan Documents. Notwithstanding any other provision of this Article IX to the contrary, the Administrative Agent shall not be required to verify the payment of, or that other satisfactory arrangements have been made with respect to, Cash Management Obligations or Obligations arising under Secured Hedge Agreements unless the Administrative Agent has received written notice of
such Obligations, together with such supporting documentation as the Administrative Agent may reasonably request, from the applicable Cash Management Bank or Hedge Bank.

Section 9.16. Recovery of Erroneous Payments. Without limitation of any other provision in this Agreement, if at any time the Administrative Agent makes a payment hereunder in error to any Lender or any L/C Issuer (the "Lender Recipient Party"), whether or not in respect of an Obligation due and owing by the Borrower at such time, which the Administrative Agent determines (which determination shall be conclusive absent manifest error) that any of the following applies (such payment referred to as the "Rescindable Amount"): (1) the Borrower has not in fact made such payment; (2) the Administrative Agent has made a payment in excess of the amount so paid by the Borrower (whether or not then owed); or (3) the Administrative Agent has for any reason otherwise erroneously made such payment, then in any such event, each Lender Recipient Party receiving a Rescindable Amount severally agrees to repay to the Administrative Agent forthwith in immediately available funds in the currency so received, with interest thereon, for each day from and including the date such Rescindable Amount is received by it to but excluding the date of payment to the Administrative Agent, at a rate per annum equal to the applicable Overnight Rate from time to time in effect. Each Lender Recipient Party irrevocably waives any and all defenses, including any "discharge for value" (under which a creditor might otherwise claim a right to retain funds mistakenly paid by a third party in respect of a debt owed by another) or similar defense to its obligation to return any Rescindable Amount. The Administrative Agent shall inform each Lender Recipient Party promptly upon determining that any payment made to such Lender Recipient Party comprised, in whole or in part, a Rescindable Amount. For the avoidance of doubt, no Loan Party nor any of their respective Affiliates shall have any obligations or liabilities directly or indirectly arising out of this Section 9.16 in respect of any Rescindable Amount.

ARTICLE X
Miscellaneous

Section 10.01. Amendments, Etc. Except as otherwise set forth in this Agreement, no amendment or waiver of any provision of this Agreement or any other Loan Document, and no consent to any departure by the Borrower or any other Loan Party therefrom, shall be effective unless in writing signed by the Borrower or any other Loan Party therefrom, shall be effective unless in writing signed by the Borrower or the applicable Loan Party, as the case may be, the Required Lenders and the Administrative Agent, and each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided that no such amendment, waiver or consent shall:

(a) extend or increase the Commitment of any Lender without the written consent of such Lender (it being understood that a waiver of any condition precedent set forth in Section 4.02 or the waiver of any Default, mandatory prepayment or mandatory reduction of the Commitments shall not constitute an extension or increase of any Commitment of any Lender);

(b) postpone any date scheduled for, or reduce the amount of, any payment of principal or interest under Section 2.07 or Section 2.08, fees or other amounts without the written consent of each Lender directly and adversely affected thereby, it being understood that the waiver of (or amendment to the terms of) any mandatory prepayment of the Term Loans (or any definitions related thereto) shall not constitute a postponement of any date scheduled for the payment of principal or interest;

-152-
(c) reduce the principal of, or the rate of interest specified herein on, any Loan, any L/C Borrowing or (subject to clause (iii) of the second proviso to this Section 10.01) any fees or other amounts payable hereunder or under any other Loan Document without the written consent of each Lender directly and adversely affected thereby, it being understood that any change to the definition of “Total Net Leverage Ratio” or in the component definitions thereof shall not constitute a reduction in the rate of interest or fees; provided that only the consent of the Required Lenders shall be necessary to amend the definition of “Default Rate” or to waive any obligation of the Borrower to pay interest at the Default Rate;

(d) change any provision of this Section 10.01, change any provision of Section 2.13 that would alter the pro rata sharing of payments or change the payment waterfall provisions of Section 2.16(c) or Section 8.04, in each case without the written consent of each Lender directly and adversely affected thereby;

(e) release all or substantially all of the Collateral in any transaction or series of related transactions, without the written consent of each Lender;

(f) release all or substantially all of the value of the Guarantees in any transaction or series of related transactions, without the written consent of each Lender;

(g) change the definition of “Required Lenders”, “Required Revolving Credit Lenders” or “Required Initial Term Lenders” without the written consent of each Lender;

(h) except as provided in Section 9.11(b), (i) contractually subordinate any Obligations in right of payment to any other Indebtedness of any Loan Party or (ii) contractually subordinate the Liens securing the Obligations on all or substantially all of the Collateral to Liens securing other Indebtedness, in each case without the written consent of each Lender directly and adversely affected thereby (it being understood that this clause (h) shall not (A) override the permission for (x) Liens expressly permitted by Section 7.01 as in effect on the Closing Date or (y) Indebtedness expressly permitted by Section 7.03 as in effect on the Closing Date, (B) restrict an amendment to increase the maximum permitted amount of Indebtedness (x) incurred under Section 7.03(f) and (y) secured by liens under Section 7.01(i) as in effect on the Closing Date or (C) apply to the incurrence of debtor-in-possession financing (or similar financing arrangements in insolvency proceedings in non-U.S. jurisdictions) approved by the applicable bankruptcy court); or

(i) impose any greater restriction on the ability of any Lender under a Facility to assign any of its rights or obligations hereunder without the written consent of each Lender directly adversely affected thereby.

and provided, further, that (i) no amendment, waiver or consent shall, unless in writing and signed by each L/C Issuer in addition to the Lenders required above, affect the rights or duties of an L/C Issuer under this Agreement or any Letter of Credit Application relating to any Letter of Credit issued or to be issued by it; (ii) [reserved]; (iii) no amendment, waiver or consent shall, unless in writing and signed by the applicable Agent in addition to the Lenders required above, affect the rights or duties of, or any fees or other amounts payable to, such Agent under this Agreement or any other Loan Document; (iv)
Section 10.07(h) may not be amended, waived or otherwise modified without the consent of each Granting Lender all or any part of whose Loans are being funded by an SPC at the time of such amendment, waiver or other modification; (v) (A) any amendment, modification, waiver, consent or other action that by its terms affects the rights or duties of Lenders holding Loans or Commitments of a particular Class (but not the Lenders holding Loans or Commitments of any other Class) will require only the requisite percentage in interest of the affected Class of Lenders that would be required to consent thereto if such Class of Lenders were the only Class of Lenders and (B) in determining whether the requisite percentage of Lenders have consented to any amendment, modification, waiver, consent or other action, any Defaulting Lenders shall be deemed to have voted in the same proportion as those Lenders who are not Defaulting Lenders, except with respect to (x) any amendment, modification, waiver, consent or other action which by its terms requires the consent of all Lenders or each affected Lender and (y) any amendment, modification, waiver, consent or other action that by its terms adversely affects any Defaulting Lender in its capacity as a Lender in a manner that differs in any material respect from other affected Lenders, in which case the consent of such Defaulting Lender, as applicable, shall be required, (vi) the consent of the Required Initial Term Lenders (but not the consent of the Required Lenders or any other Lender) shall be required to amend, waive or otherwise modify any condition precedent set forth in Section 4.02 hereof as it pertains to any Initial Term Loan (it being understood that this clause (vi) shall not require Required Initial Term Lender approval in connection with any waiver of a Default hereunder, in which case, only the approval of the Required Lenders shall be required in respect of such waiver) and (vii) the consent of the Required Revolving Credit Lenders (but not the consent of the Required Lenders or any other Lender) shall be required to amend, waive or otherwise modify any condition precedent set forth in Section 4.02 hereof as it pertains to any Revolving Credit Loan (it being understood that this clause (vii) shall not require Required Revolving Credit Lender approval in connection with any waiver of a Default hereunder, in which case, only the approval of the Required Lenders shall be required in respect of such waiver). Notwithstanding the foregoing, this Agreement may be amended (or amended and restated) with the written consent of the Required Lenders, the Borrower and the Administrative Agent (A) to add one or more additional credit facilities to this Agreement and to permit the extensions of credit from time to time outstanding thereunder and the accrued interest and fees in respect thereof to share ratably in the benefits of this Agreement and the other Loan Documents and (B) to include appropriately the Lenders holding such credit facilities in any determination of the Required Lenders and, if applicable, the Required Revolving Credit Lenders.

Notwithstanding anything to the contrary contained in this Section 10.01, any guarantees, collateral security documents and related documents executed by Subsidiaries in connection with this Agreement may be in a form reasonably determined by the Administrative Agent and may be, together with this Agreement, amended, restated, supplemented, modified or waived with the consent of the Administrative Agent at the request of the Borrower without the need to obtain the consent of any Lender if such amendment, restatement supplement, modification or waiver is delivered in order (i) to comply with local Law or advice of local counsel, (ii) to add parallel debt provisions, (iii) to cure ambiguities, omissions, mistakes or defects or (iv) to cause such guarantee, collateral security document or other document to be consistent with this Agreement and the other Loan Documents. Furthermore, with the consent of the Administrative Agent at the request of the Borrower (without the need to obtain any consent of any Lender), any Loan Document may be amended to cure ambiguities, inconsistencies, omissions, mistakes or defects (which determination by the Borrower and the Administrative Agent shall be conclusive).
Notwithstanding anything in this Section 10.01 to the contrary, (a) technical and conforming modifications to the Loan Documents may be made with the consent of the Borrower and the Administrative Agent (but without the consent of any Lender) to the extent necessary (i) to integrate any Incremental Facilities, Refinancing Revolving Commitments, Refinancing Term Loans, Extended Term Loans or Extended Revolving Credit Commitments (including in connection with the pro rata allocation of L/C Obligations across multiple Revolving Credit Facilities), (ii) to integrate or make administrative modifications with respect to borrowings and issuances of Letters of Credit and (iii) to integrate any terms or conditions from any Incremental Facility Amendment that are more restrictive than this Agreement in accordance with Section 2.14(d) and (b) without the consent of any Lender or L/C Issuer, the Loan Parties and the Administrative Agent or Collateral Agent, as applicable, may, in their respective sole discretion, or shall, to the extent required by any Loan Document, enter into (x) any amendment, modification or waiver of any Loan Document, or enter into any new agreement or instrument, to effect the granting, perfection, protection, expansion or enhancement of any security interest in any Collateral or additional property to become Collateral for the benefit of the Secured Parties or as required by local law to give effect to, or protect any security interest for benefit of the Secured Parties, in any property or so that the security interests therein comply with applicable Laws or this Agreement, or in each case to otherwise enhance the rights or benefits of any Lender under any Loan Document or (y) any Acceptable Intercreditor Agreement with the holders of Indebtedness permitted by this Agreement to be secured by the Collateral. Without limitation of the foregoing, the Borrower may, without the consent of any Lender, (i) upon delivery to the Administrative Agent (A) increase the interest rates (including any interest rate margins or interest rate floors), fees and other amounts payable to any Class or Classes of Lenders hereunder or (B) increase, expand and/or extend the call protection provisions and any “most favored nation” provisions benefiting any Class or Classes of Lenders hereunder and/or (ii) with the consent of the Administrative Agent, modify any other provision hereunder or under any other Loan Document in a manner, as determined by the Administrative Agent in its sole discretion, more favorable to the then-existing Lenders or applicable Class or Classes of Lenders; provided that the Administrative Agent will have at least five Business Days (or such shorter period to which the Administrative Agent may consent in its reasonable discretion) after written notice from the Borrower to provide such consent and may, in its sole discretion, provide written notice to the Lenders regarding any such proposed amendment.

Section 10.02. Notices and Other Communications; Facsimile Copies.

(a) General. Unless otherwise expressly provided herein, all notices and other communications provided for hereunder or under any other Loan Document shall be in writing (including by facsimile transmission). All such written notices shall be mailed, faxed or delivered to the applicable address, facsimile number or electronic mail address, and all notices and other communications expressly permitted hereunder to be given by telephone shall be made to the applicable telephone number, as follows:

(i) if to the Borrower, the Administrative Agent or an L/C Issuer, to the address, facsimile number, electronic mail address or telephone number specified for such Person on Schedule 10.02 or to such other address, facsimile number, electronic mail address or telephone number as shall be designated by such party in a notice to the other parties hereto; and

(ii) if to any other Lender, to the address, facsimile number, electronic mail address or telephone number specified in its Administrative Questionnaire or to such other address,
facsimile number, electronic mail address or telephone number as shall be designated by such party in a written notice to the Borrower, the Administrative Agent and each L/C Issuer.

All such notices and other communications shall be deemed to be given or made upon the earlier to occur of (i) actual receipt by the relevant party hereto and (ii) (A) if delivered by hand or by courier, when signed for by or on behalf of the relevant party hereto; (B) if delivered by mail, four (4) Business Days after deposit in the mails, postage prepaid; (C) if delivered by facsimile, when sent and receipt has been confirmed by telephone; and (D) if delivered by electronic mail (which form of delivery is subject to the provisions of Section 10.02(b)), when deemed received in accordance with Section 10.02(b); provided that notices and other communications to the Administrative Agent and any L/C Issuer pursuant to Article II shall not be effective until actually received by such Person during the person’s normal business hours. In no event shall a voice mail message be effective as a notice, communication or confirmation hereunder.

(b) Electronic Communications. Notices and other communications to the Lenders and the L/C Issuers hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Administrative Agent, provided that the foregoing shall not apply to notices to any Lender or any L/C Issuer pursuant to Article II if such Lender or such L/C Issuer, as applicable, has notified the Administrative Agent that it is incapable of receiving notices under such Article by electronic communication. The Administrative Agent or the Borrower may, in their discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it, provided that approval of such procedures may be limited to particular notices or communications.

Unless the Administrative Agent otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender’s receipt of an acknowledgement from the intended recipient (such as by the “return receipt requested” function, as available, return e-mail or other written acknowledgement), and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient at its e-mail address as described in the foregoing clause (i) of notification that such notice or communication is available and identifying the website address therefor; provided that for both clauses (i) and (ii), if such notice or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next business day for the recipient.

(c) [Reserved].

(d) Change of Address, Etc. Each of the Borrower, the Administrative Agent and any L/C Issuer may change its address, telecopier or telephone number for notices and other communications hereunder by notice to the other parties hereto. Each other Lender may change its address, facsimile or telephone number for notices and other communications hereunder by notice to the Borrower, the Administrative Agent and each L/C Issuer. In addition, each Lender agrees to notify the Administrative Agents from time to time to ensure that the Administrative Agent has on record (i) an effective address, contact name, telephone number, telecopier number and electronic mail address to which notices and other communications may be sent and (ii) accurate wire instructions for such Lender.
(e) **Reliance by Agents and Lenders.** The Administrative Agent, each L/C Issuer and the Lenders shall be entitled to rely and act upon any notices (including telephonic Committed Loan Notices) purportedly given by or on behalf of the Borrower even if (i) such notices were not made in a manner specified herein, were incomplete or were not preceded or followed by any other form of notice specified herein, or (ii) the terms thereof, as understood by the recipient, varied from any confirmation thereof. The Borrower shall indemnify each Agent-Related Person and each L/C Issuer and Lender from all losses, costs, expenses and liabilities resulting from the reliance by such Person on each notice purportedly given by or on behalf of the Borrower in the absence of gross negligence or willful misconduct. All telephonic notices to the Administrative Agent may be recorded by the Administrative Agent or the L/C Issuer, as applicable, and each of the parties hereto hereby consents to such recording.

(f) **Notice to other Loan Parties.** The Borrower agrees that notices to be given to any other Loan Party under this Agreement or any other Loan Document may be given to the Borrower in accordance with the provisions of this Section 10.02 with the same effect as if given to such other Loan Party in accordance with the terms hereunder or thereunder.

(g) **Communications.** Each Loan Party hereby agrees that it will provide to the Administrative Agent all information, documents and other materials that it is obligated to furnish to the Administrative Agent pursuant to this Agreement and any other Loan Document, including all notices, requests, financial statements, financial and other reports, certificates and other information materials, but excluding any such communication (unless otherwise approved in writing by the Administrative Agent) that (i) relates to a request for a new, or a conversion of an existing, Borrowing or other extension of credit (including any election of an interest rate or interest period relating thereto), (ii) relates to the payment of any principal or other amount due under this Agreement prior to the scheduled date therefor, (iii) [reserved], (iv) provides notice of any Default under this Agreement or (v) is required to be delivered to satisfy any condition precedent to the effectiveness of this Agreement and/or any borrowing or other extension of credit hereunder (all such non excluded communications, collectively, the “Specified Communications”), by transmitting the Specified Communications in an electronic/soft medium in a format reasonably acceptable to the Administrative Agent at such e-mail address(es) provided to the Borrower from time to time or in such other form, including hard copy delivery thereof, as the Administrative Agent shall require. In addition, each Loan Party agrees to continue to provide the Specified Communications to the Administrative Agent in the manner specified in this Agreement or any other Loan Document or in such other form, including hard copy delivery thereof, as the Administrative Agent shall reasonably request. Nothing in this Section 10.02 shall prejudice the right of the Agents, any Lender or any Loan Party to give any notice or other communication pursuant to this Agreement or any other Loan Document in any other manner specified in this Agreement or any other Loan Document or as any such Agent shall require.

Section 10.03. **No Waiver; Cumulative Remedies.** No failure by any Lender, any L/C Issuer, the Administrative Agent or the Collateral Agent to exercise, and no delay by any such Person in exercising, any right, remedy, power or privilege hereunder or under any other Loan Document shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided, and provided under each other Loan Document, are cumulative and not exclusive of any rights, remedies, powers and privileges provided by Law.
Section 10.04. **Attorney Costs and Expenses.** The Borrower agrees (a) to pay or reimburse the Agents and the Arrangers for all reasonable and documented or invoiced out-of-pocket costs and expenses associated with the syndication of the Loans and Commitments and the preparation, execution and delivery, administration, amendment, modification, waiver and/or enforcement of this Agreement and the other Loan Documents, and any amendment, waiver, consent or other modification of the provisions hereof and thereof (whether or not the transactions contemplated thereby are consummated), including all Attorney Costs of one counsel to the Administrative Agent and one firm of local counsel in each relevant jurisdiction, and (b) to pay or reimburse the Agents, the Arrangers, each L/C Issuer and each Lender for all reasonable and documented or invoiced out-of-pocket costs and expenses incurred in connection with the enforcement of any rights or remedies under this Agreement or the other Loan Documents (including all costs and expenses incurred in connection with any workout or restructuring in respect of the Loans, all such costs and expenses incurred during any legal proceeding, including any proceeding under any Debtor Relief Law, and including all Attorney Costs of one counsel for all such Persons and one firm of local counsel in each relevant jurisdiction (and, in the case of an actual or perceived conflict of interest, where such Person affected by such conflict informs the Borrower of such conflict and thereafter retains its own counsel, of another firm of counsel for such affected Person)). The foregoing costs and expenses shall include all reasonable search, filing, recording and title insurance charges and fees related thereto, and other reasonable and documented or invoiced out-of-pocket expenses incurred by any Agent. The agreements in this Section 10.04 shall survive the termination of the Aggregate Commitments and repayment of all Obligations. All amounts due under this Section 10.04 shall be paid within thirty (30) days of receipt by the Borrower of an invoice relating thereto setting forth such expenses in reasonable detail. If any Loan Party fails to pay when due any costs, expenses or other amounts payable by it hereunder or under any Loan Document, such amount may be paid on behalf of such Loan Party by the Administrative Agent in its sole discretion.

Section 10.05. **Indemnification by the Borrower and Limitation of Liability.**

(a) Whether or not the transactions contemplated hereby are consummated, the Borrower shall indemnify and hold harmless each Agent, each Lender, each L/C Issuer, each Arranger and their respective Related Parties (collectively, the “Indemnitees”) from and against any and all losses, liabilities, damages, claims, and reasonable and documented or invoiced out-of-pocket fees and expenses (including reasonable Attorney Costs of one counsel for all Indemnitees and, if necessary, one firm of local counsel in each appropriate jurisdiction (which may include a single special counsel acting in multiple jurisdictions) for all Indemnitees (and, in the case of an actual or perceived conflict of interest, where the Indemnent affected by such conflict informs the Borrower of such conflict and thereafter retains its own counsel, of another firm of counsel for such affected Indemnitee)) that may be incurred by or asserted or awarded against any Indemnitee, in each case arising out of or in connection with or by reason of (including, without limitation, in connection with any investigation, litigation or proceeding or preparation or defense of a defense in connection therewith) (a) the execution, delivery, enforcement, performance or administration of any Loan Document or any other agreement, letter or instrument delivered in connection with the transactions contemplated thereby or the consummation of the transactions contemplated thereby, and (b) any Commitment, Loan or Letter of Credit or the use or proposed use of the proceeds therefrom (including any refusal by an L/C Issuer to honor a demand for payment under a Letter of Credit if the documents presented in connection with such demand do not strictly comply with the terms of such Letter of Credit), (c) any actual or alleged presence or Release or threat of Release of Hazardous Materials on, at, under or from any property currently or formerly owned, leased or operated.
by the Borrower, any other Loan Party or any of their respective Subsidiaries, or any Environmental Liability related in any way to the Borrower, any other Loan Party or any of their respective Subsidiaries, or (d) any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory (including any investigation of, preparation for, or defense of any pending or threatened claim, investigation, litigation or proceeding) (all the foregoing, collectively, the “Indemnified Liabilities”), in all cases, whether or not caused by or arising, in whole or in part, out of the negligence of the Indemnitee; provided that such indemnity shall not, as to any Indemnitee, be available to the extent that such losses, liabilities, damages, claims, and fees or expenses (x) are determined by a court of competent jurisdiction in a final and non-appealable decision to have resulted from such Indemnitee’s (or such Indemnitee’s Related Party’s) bad faith, gross negligence, willful misconduct or material breach of its obligations under the Loan Documents or (y) result from a proceeding that is not the result of an act or omission by the Borrower or any of its Affiliates and that is brought by an Indemnitee against another Indemnitee (other than with respect to a claim against an Indemnitee acting in its capacity as an Agent or Arranger or similar role under the Loan Documents, subject to the preceding clause (x)). In the case of an investigation, litigation or other proceeding to which the indemnity in this Section 10.05(a) applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by any Loan Party, its directors, managers, partners, stockholders or creditors or an Indemnitee or any other Person, whether or not any Indemnitee is otherwise a party thereto and whether or not any of the transactions contemplated hereunder or under any of the other Loan Documents is consummated. All amounts due under this Section 10.05(a) shall be paid within ten (10) Business Days after demand therefor; provided, however, if the Borrower has reimbursed any Indemnitee for any legal or other expenses in connection with any Indemnified Liabilities and there is a final non-appealable judgment of a court of competent jurisdiction that the Indemnitee was not entitled to indemnification or contribution with respect to such Indemnified Liabilities pursuant to the express terms of this Section 10.05(a), then the Indemnitee shall promptly refund such expenses paid by the Borrower to the Indemnitee. The agreements in this Section 10.05(a) shall survive the resignation of any Agent, the replacement of any Lender, the termination of the Aggregate Commitments and the repayment, satisfaction or discharge of all the Obligations. For the avoidance of doubt, this Section 10.05(a) shall not apply to Taxes other than Taxes that represent liabilities, obligations, losses, damages, etc., with respect to a non-Tax claim.

(b) None of each Agent, each Lender, each L/C Issuer, each Arranger and their respective Related Parties (collectively, the “Lender-Related Persons”) shall be liable for any damages arising from the use by others of any information or other materials obtained through IntraLinks or other similar information transmission systems in connection with this Agreement, other than for direct or actual damages resulting from the gross negligence or willful misconduct of such Lender-Related Person, determined by a court of competent jurisdiction in a final and non-appealable decision, nor shall any Lender-Related Person or any Loan Party have any liability for any special, punitive, indirect or consequential damages relating to this Agreement or any other Loan Document or arising out of its activities in connection herewith or therewith (whether before or after the Closing Date); provided that the foregoing shall not limit any Loan Party’s indemnification obligations under Section 10.05(a).

Section 10.06. Payments Set Aside. To the extent that any payment by or on behalf of the Borrower is made to any Agent or any Lender, or any Agent or any Lender exercises its right of setoff, and such payment or the proceeds of such setoff or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement
entered into by such Agent or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under any Debtor Relief Law or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such setoff had not occurred, and (b) each Lender severally agrees to pay to the Administrative Agent upon demand its applicable share of any amount so recovered from or repaid by any Agent, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the applicable Overnight Rate from time to time in effect.

Section 10.07. Successors and Assigns.

(a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby (including without limitation as permitted under Section 7.04), except that, unless as permitted under Section 7.04, neither the Borrower nor any of its Subsidiaries may assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender and no Lender may assign or otherwise transfer any of its rights or obligations hereunder except (i) to an Eligible Assignee, (ii) by way of participation in accordance with the provisions of Section 10.07(e), (iii) by way of pledge or assignment of a security interest subject to the restrictions of Section 10.07(g) or (iv) to an SPC in accordance with the provisions of Section 10.07(h) (and any other attempted assignment or transfer by any party hereto shall be null and void). Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants to the extent provided in Section 10.07(e) and, to the extent expressly contemplated hereby, the Indemnitees) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) (i) Subject to the conditions set forth in paragraph (b)(ii) below, any Lender may assign to one or more assignees (“Assignees”) all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitment and the Loans (including for purposes of this Section 10.07(b) and participations in L/C Obligations) at the time owing to it) with the prior written consent (such consent not to be unreasonably withheld, conditioned or delayed) of:

(A) the Borrower; provided that, (I) no consent of the Borrower shall be required for an assignment (1) to any other Lender, any Affiliate of a Lender or any Approved Fund or (2) if a Specified Event of Default has occurred and is continuing, to any Assignee, and (II) the Borrower shall be deemed to have consented to any such assignment of any Loan or Commitment unless it shall object thereto by written notice to the Administrative Agent within (x) in the case of any Incremental Term B Loans, five (5) Business Days after having received notice thereof and (y) in all other cases, ten (10) Business Days after having received notice thereof;

(B) the Administrative Agent; provided that no consent of the Administrative Agent shall be required for an assignment (I) of Term Loans to another Lender, an Affiliate of a Lender or an Approved Fund, (II) of Revolving Credit Commitments or Revolving Credit Loans to a Revolving Credit Lender, an Affiliate of a Revolving Credit Lender or an Approved Fund of a Revolving Credit Lender or (III) of unfunded Initial Term Commitments to an Initial Term Lender, an Affiliate of an Initial Term Lender or an Approved Fund of an Initial Term Lender; and
in the case of any assignment of any Revolving Credit Commitments or Revolving Credit Loans, each L/C Issuer.

(ii) Assignments shall be subject to the following additional conditions:

(A) except in the case of an assignment to a Lender or an Affiliate of a Lender or an Approved Fund or an assignment of the entire remaining amount of the assigning Lender’s Commitment or Loans of any Class, the amount of the Commitment or Loans of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent) shall not be less than $5,000,000 (or $1,000,000 in the case of any Incremental Term B Loans) unless the Borrower and the Administrative Agent otherwise consent; provided that (1) no such consent of the Borrower shall be required if a Specified Event of Default has occurred and is continuing and (2) such amounts shall be aggregated in respect of each Lender and its Affiliates or Approved Funds, if any;

(B) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption;

(C) (1) the Assignee, if it shall not be a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire and any documentation required by Section 3.01(f) and (2) the Assignee shall have delivered to the Administrative Agent all documentation and other information that the Administrative Agent reasonably requests in order to comply with its ongoing obligations under applicable “know your customer”, anti-money laundering rules and regulations, including the USA PATRIOT Act and the Beneficial Ownership Regulation;

(D) the Assignee shall not be a natural person or a Disqualified Lender (and such Assignee shall be required to represent that it is not a Disqualified Lender or an Affiliate of a Disqualified Lender that would constitute a Disqualified Lender but for the fact that it is not readily identifiable as such on the basis of its name); provided that whether a prospective assignee is a Disqualified Lender may be communicated to a Lender upon request but the list of Disqualified Lenders shall not be posted or otherwise distributed to the Lenders, prospective Lenders and prospective assignees; provided, further, that it is agreed that the Borrower may withhold its consent to an assignment to any person that is known by it to be an Affiliate of a Disqualified Lender (regardless of whether it is readily identifiable as an Affiliate by virtue of its name (other than, in the case of Disqualified Lenders under clause (b) of the definition thereof, such Affiliates that are bona fide debt funds)).

(E) the Assignee shall not be a Defaulting Lender;

(F) [reserved];

(G) [reserved];

(H) in the case of an assignment to the Borrower or any of its Subsidiaries: (1) no Revolving Credit Loans or Revolving Credit Commitments shall be assigned to the Borrower and its Subsidiaries; (2) any Loans and Commitments assigned to, or purchased by, the Borrower or
its Subsidiaries shall be canceled immediately upon such assignment; (3) the Borrower and its Subsidiaries may not use proceeds of any Revolving Credit Facility to purchase Term Loans at a discount to par or for any other purchase or assignment of Loans permitted by this Section 10.07; and (4) the Borrower and its Subsidiaries may not purchase any Loans or Commitments so long as any Event of Default has occurred and is continuing:

(I) [reserved];

(J) [reserved]; and

(K) Notwithstanding anything to the contrary contained herein, if any Loans or Commitments are assigned or participated (x) to a Disqualified Lender or (y) without complying with the Borrower consent or notice requirements of this Section 10.07, then: (I) the Borrower may require such Person to assign its rights and obligations to one or more Eligible Assignees at a price equal to the lesser of (X) the current trading price of the Loans, (Y) par and (Z) the amount such Person paid to acquire such Loans or Commitments, in each case, without premium, penalty, prepayment fee or breakage (which assignment shall not be subject to any processing and recordation fee) and if such Person does not execute and deliver to the Administrative Agent a duly executed Assignment and Assumption reflecting such assignment within three (3) Business Days of the date on which the assignee Lender executes and delivers such Assignment and Assumption to such Person, then such Person shall be deemed to have executed and delivered such Assignment and Assumption without any action on its part, (II) no such Person shall receive any information or reporting provided by the Borrower, the Administrative Agent or any Lender, (III) for purposes of voting, any Loans or Commitments held by such Person shall be deemed not to be outstanding, and such Person shall have no voting or consent rights with respect to “Required Lenders” or Class votes or consents, (IV) for purposes of any matter requiring the vote or consent of each Lender affected by any amendment or waiver, such Person shall be deemed to have voted or consented to approve such amendment or waiver if a majority of the affected Class (giving effect to clause (III) above) so approves, and (V) such Person shall not be entitled to any expense reimbursement or indemnification rights under any Loan Documents (including Sections 10.04 and 10.05) and the Borrower expressly reserves all rights against such Person under contract, tort or any other theory and shall be treated in all other respects as a Defaulting Lender; it being understood and agreed that the foregoing provisions shall not apply to any assignee of a Disqualified Lender that becomes a Lender so long as such assignee is not a Disqualified Lender or an Affiliate thereof.

This paragraph (b) shall not prohibit any Lender from assigning all or a portion of its rights and obligations among separate Facilities on a non-pro rata basis.

(c) Subject to acceptance and recording thereof by the Administrative Agent pursuant to Section 10.07(d) and receipt by the Administrative Agent from the parties to each assignment of a processing and recordation fee of $3,500 (provided that (x) the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment and (y) such processing and recordation fee shall not be payable in the case of assignments by any Affiliate of the Arrangers), from and after the effective date specified in each Assignment and Assumption, the Eligible Assignee thereunder shall be a party to this Agreement and, to the extent of the interest assigned by such
Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender’s rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Sections 3.01, 3.03, 3.04, 10.04 and 10.05 with respect to facts and circumstances occurring prior to the effective date of such assignment). Upon request, and the surrender by the assigning Lender of its Note (if any), the Borrower (at its expense) shall execute and deliver a Note to the assignee Lender. Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this clause (c) shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with Section 10.07(e). For greater certainty, any assignment by a Lender pursuant to this Section 10.07 shall not in any way constitute or be deemed to constitute a novation, discharge, recession, extinguishment or substitution of the existing Indebtedness and any Indebtedness so assigned shall continue to be the same obligation and not a new obligations.

(d) The Administrative Agent, acting solely for this purpose as an agent of the Borrower, shall maintain at the Administrative Agent’s Office a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amounts (and related interest amounts) of the Loans, L/C Obligations (specifying the Unreimbursed Amounts) and L/C Borrowings, owing to, each Lender pursuant to the terms hereof from time to time (the “Register”). The entries in the Register shall be conclusive, absent demonstrable error, and the Borrower, the Agents and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. The Register shall be available for inspection (including, without limitation, electronically) by the Borrower, any Agent and any Lender (with respect to its own interests only), at any reasonable time and from time to time upon reasonable prior notice.

(e) Any Lender may at any time, without the consent of, or notice to, the Borrower, the Administrative Agent or any L/C Issuer, sell participations to any Person (other than a natural person or, so long as whether a prospective participant is a Disqualified Lender may be communicated to a Lender upon request, a Disqualified Lender) (each, a “Participant”) in all or a portion of such Lender’s rights and/or obligations under this Agreement (including all or a portion of its Commitment and/or the Loans (including such Lender’s participations in L/C Obligations) owing to it); provided that (i) such Lender’s obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (iii) the Borrower, the Agents and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender’s rights and obligations under this Agreement. Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and the other Loan Documents and to approve any amendment, modification or waiver of any provision of this Agreement or the other Loan Documents; provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, waiver or other modification described in Section 10.01(a), (b), (c), (d), (e) or (f) that directly affects such Participant. Subject to Section 10.07(f), the Borrower agrees that each Participant shall be entitled to the benefits of Sections 3.01, 3.03 and 3.04 (through the applicable Lender), subject to the requirements and limitations of such Sections (including Section 3.01(f)) and Sections 3.05 and 3.06, to
the same extent as if it were a Lender and had acquired its interest by assignment pursuant to Section 10.07(b) (provided that any documentation required to be provided under Section 3.01(f) shall be provided solely to the participating Lender). To the extent permitted by applicable Law, each Participant also shall be entitled to the benefits of Section 10.09 as though it were a Lender; provided that such Participant shall be subject to Section 2.13 as though it were a Lender. Any Lender that sells participations shall maintain a register on which it enters the name and the address of each Participant and the principal amounts and related interest amounts of each Participant’s participation interest in the Commitments and/or Loans (or other rights or obligations) held by it (the “Participant Register”). The entries in the Participant Register shall be conclusive, absent demonstrable error, and such Lender shall treat each person whose name is recorded in the Participant Register as the owner of such participation interest as the owner thereof for all purposes notwithstanding any notice to the contrary. In maintaining the Participant Register, such Lender shall be acting as the non-fiduciary agent of the Borrower solely for this purpose and undertakes no duty, responsibility or obligation to the Borrower (without limitation, in no event shall such Lender be a fiduciary of the Borrower for any purpose). No Lender shall have any obligation to disclose all or any portion of a Participant Register to any Person (including the identity of any Participant or any information relating to a Participant’s interest in any commitments, loans, or its other obligations under this Agreement) except to the extent that such disclosure is necessary to establish that such commitment, loan, or other obligation is in registered form under Section 5f.103(c) of the United States Treasury Regulations or, if different, under Sections 871(h) or 881(c) of the Code.

(f) A Participant shall not be entitled to receive any greater payment under Section 3.01 or 3.03 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower’s prior written consent and such consent explicitly acknowledges such participant’s right to receive greater payment or except to the extent such entitlement to a greater payment results from a Change in Law after such Participant became a Participant.

(g) [Reserved].

(h) Notwithstanding anything to the contrary contained herein, any Lender (a “Granting Lender”) may grant to a special purpose funding vehicle identified as such in writing from time to time by the Granting Lender to the Administrative Agent and the Borrower (an “SPC”) the option to provide all or any part of any Loan that such Granting Lender would otherwise be obligated to make pursuant to this Agreement; provided that (i) nothing herein shall constitute a commitment by any SPC to fund any Loan and (ii) if an SPC elects not to exercise such option or otherwise fails to make all or any part of such Loan, the Granting Lender shall be obligated to make such Loan pursuant to the terms hereof. Each party hereto hereby agrees that (A) an SPC shall be entitled to the benefit of Sections 3.01, 3.03, and 3.04 subject to the requirements and limitations of such Sections (including Section 3.01(e) and (f) and Sections 3.05 and 3.06), to the same extent as if such SPC were a Lender, but neither the grant to any SPC nor the exercise by any SPC of such option shall increase the costs or expenses or otherwise increase or change the obligations of the Borrower under this Agreement (including its obligations under Section 3.01, 3.03 or 3.04) except to the extent any entitlement to greater amounts results from a Change in Law after the grant to the SPC occurred, (B) no SPC shall be liable for any indemnity or similar payment obligation under this Agreement for which a Lender would be liable and such liability shall remain with the Granting Lender, and (C) the Granting Lender shall for all purposes, including the approval of any amendment, waiver or other modification of any provision of any Loan Document,
remain the lender of record hereunder. The making of a Loan by an SPC hereunder shall utilize the Commitment of the Granting Lender to the same extent, and as if, such Loan were made by such Granting Lender. Notwithstanding anything to the contrary contained herein, any SPC may (1) with notice to, but without prior consent of the Borrower and the Administrative Agent, assign all or any portion of its right to receive payment with respect to any Loan to the Granting Lender and (2) disclose on a confidential basis any non-public information relating to its funding of Loans to any rating agency, commercial paper dealer or provider of any surety or Guarantee Obligation or credit or liquidity enhancement to such SPC.

(i) Notwithstanding anything to the contrary contained herein, (i) any Lender may in accordance with applicable Law create a security interest in all or any portion of the Loans owing to it and the Note, if any, held by it and (ii) any Lender that is a Fund may create a security interest in all or any portion of the Loans owing to it and the Note, if any, held by it to the trustee for holders of obligations owed, or securities issued, by such Fund as security for such obligations or securities; provided that unless and until such trustee actually becomes a Lender in compliance with the other provisions of this Section 10.07, (A) no such pledge shall release the pledging Lender from any of its obligations under the Loan Documents and (B) such trustee shall not be entitled to exercise any of the rights of a Lender under the Loan Documents even though such trustee may have acquired ownership rights with respect to the pledged interest through foreclosure or otherwise.

(j) Notwithstanding anything to the contrary contained herein, any L/C Issuer may, upon thirty (30) days’ notice to the Borrower and the Lenders, resign as an L/C Issuer; provided that on or prior to the expiration of such 30-day period with respect to such resignation, the relevant L/C Issuer shall have identified, in consultation with the Borrower, a successor L/C Issuer willing to accept its appointment as successor L/C Issuer. In the event of any such resignation of an L/C Issuer, the Borrower shall be entitled to appoint from among the Lenders willing to accept such appointment a successor L/C Issuer hereunder; provided that no failure by the Borrower to appoint any such successor shall affect the resignation of the relevant L/C Issuer. If an L/C Issuer resigns as an L/C Issuer, it shall retain all the rights and obligations of an L/C Issuer hereunder with respect to all Letters of Credit outstanding as of the effective date of its resignation as an L/C Issuer and all L/C Obligations with respect thereto (including the right to require the Lenders to make Base Rate Loans or fund risk participations in Unreimbursed Amounts pursuant to Section 2.03(c)).

(k) [Reserved].

(l) No Agent-Related Person shall be responsible or have any liability for, or have any duty to ascertain, inquire into, monitor or enforce, compliance with the provisions hereof relating to Disqualified Lenders; further, without limiting the generality of the foregoing clause, no Agent-Related Person shall (x) be obligated to ascertain, monitor or inquire as to whether any Lender or Participant or prospective Lender or Participant is a Disqualified Lender or (y) have any liability with respect to or arising out of any assignment or participation of Loans, or disclosure of confidential information, to any Disqualified Lender.

Section 10.08. Confidentiality. Each of the Agents and the Lenders agrees to maintain the confidentiality of the Information and to not use or disclose such information, except that Information may be disclosed (a) to its Related Parties on a need-to-know basis (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such
Information and instructed to keep such Information confidential); (b) to the extent requested by any Governmental Authority, to any pledgee referred to in Section 10.07(g); (c) to the extent required by applicable Laws or regulations or by any subpoena or similar legal process (in which case each Agent and Lender agrees (except with respect to any audit or examination conducted by bank accountants or any governmental, regulatory or self-regulatory authority exercising examination or regulatory authority and any disclosures required in the ordinary course by Law), to the extent practicable and not prohibited by applicable Law, to inform the Borrower promptly thereof prior to disclosure); (d) to any other party to this Agreement; (e) subject to an agreement containing provisions substantially the same as those of this Section 10.08 (or as may otherwise be reasonably acceptable to the Borrower), to any pledgee or in connection with similar transactions under which payments are to be made by reference to the Borrower and its obligations referred to in Section 10.07(i), any counterparty to a Permitted Receivables Financing, any actual or prospective party (or any of its Related Parties) to any swap, derivative or other transaction under which payments are to be made by reference to the Borrower and its obligations, this Agreement or payments hereunder, any Eligible Assignee of or Participant in, or any prospective Eligible Assignee of or Participant in, any of its rights or obligations under this Agreement; (f) with the written consent of the Borrower; (g) to the extent such Information becomes publicly available other than as a result of a breach of this Section 10.08 by any Agent or Lender or any of their respective Related Parties; (h) to any Governmental Authority or examiner regulating any Lender (in which case each Agent and Lender agrees (except with respect to any audit or examination conducted by bank accountants or any governmental, regulatory or self-regulatory authority exercising examination or regulatory authority and any disclosures required in the ordinary course by Law), to the extent practicable and not prohibited by applicable Law, to inform the Borrower promptly thereof prior to disclosure); (i) to any rating agency when required by it (it being understood that, prior to any such disclosure, such rating agency shall undertake to preserve the confidentiality of any Information relating to the Loan Parties received by it from such Lender); (j) for purposes of establishing a “due diligence” defense or in connection with the exercise of any remedies hereunder or under any other Loan Document or any action or proceeding relating to this Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder; (k) to the extent that such Information is received by such Lender, Agents or any of its Affiliates or Agent-Related Persons from a third party that is not, to such Lender’s knowledge, subject to any contractual or fiduciary confidentiality obligations owing to the Borrower or any of their Affiliates; (l) to the extent that such Information is independently developed by such Lender or any of its Affiliates without the use of any Information provided to it by or on behalf of any Loan Party; (m) to the extent consisting of customary disclosure regarding portfolio holdings in any public filing by such Lender; (n) upon the request or demand of any Governmental Authority or other regulatory authority having jurisdiction over the Agent or Lenders, as applicable (in which case the Agent or Lenders, as applicable, agree (except with respect to any audit or examination conducted by bank accountants or any regulatory authority exercising examination or regulatory authority and any disclosures required in the ordinary course by Law), to the extent practicable and not prohibited by applicable Law, to inform the Borrower promptly thereof prior to disclosure) or (o) subject to an agreement containing provisions substantially the same as those of this Section 10.08 (or as may otherwise be reasonably acceptable to the Borrower), to the extent required by a potential or actual insurer or reinsurer in connection with providing insurance, reinsurance or credit risk mitigation coverage under which payments are to be made or may be made by reference to this Agreement. In addition, the Agents and the Lenders may disclose the existence of this Agreement and information about this Agreement to market data collectors, similar service providers to the lending industry, and service providers to the Agents and the Lenders in connection with the administration and management of this Agreement, the other Loan Documents, the Commitments, and the Credit Extensions. For the purposes of
Section 10.08. “Information” means all information received from any Loan Party or its Related Parties relating to the Borrower or any of its Subsidiaries or their respective businesses, other than any such information that is available to any Agent or any Lender on a nonconfidential basis and other than information pertaining to this Agreement routinely provided by arrangers to data service providers, including league table providers, that serve the lending industry, in each case to the extent available to any Agent or any Lender prior to disclosure by any Loan Party other than as a result of a breach of this Section 10.08, including, without limitation, information delivered pursuant to Section 6.01, 6.02 or 6.03 hereof.

Section 10.09. Setoff. In addition to any rights and remedies of the Lenders provided by Law, upon the occurrence and during the continuance of any Event of Default, each Agent and its Affiliates, each Lender and its Affiliates and each L/C Issuer and its Affiliates is authorized at any time and from time to time, without prior notice to the Borrower or any other Loan Party, any such notice being waived by the Borrower (on its own behalf and on behalf of each Loan Party and its Subsidiaries) to the fullest extent permitted by applicable Law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held by, and other Indebtedness (in any currency) at any time owing by, such Agent and its Affiliates, such Lender and its Affiliates or such L/C Issuer and its Affiliates, as the case may be, to or for the credit or the account of the respective Loan Parties and their Subsidiaries against any and all Obligations owing to such Agent and its Affiliates, such Lender and its Affiliates or such L/C Issuer and its Affiliates hereunder or under any other Loan Document, now or hereafter existing, irrespective of whether or not such Agent, such Lender, such L/C Issuer or such Affiliate shall have made demand under this Agreement or any other Loan Document and although such Obligations may be contingent or unmatured or denominated in a currency different from that of the applicable deposit or Indebtedness.

Notwithstanding anything to the contrary contained herein, none of each Agent and its Affiliates, each Lender and its Affiliates and each L/C Issuer and its Affiliates shall have a right to set off and apply any deposits held or other Indebtedness owing by such Agent or its Affiliates, such Lender or its Affiliates or such L/C Issuer or its Affiliates hereunder or under any other Loan Document, now or hereafter existing, irrespective of whether or not such Agent, such Lender, such L/C Issuer or such Affiliate shall have made demand under this Agreement or any other Loan Document and although such Obligations may be contingent or unmatured or denominated in a currency different from that of the applicable deposit or Indebtedness. Notwithstanding anything to the contrary contained herein, none of each Agent and its Affiliates, each Lender and its Affiliates and each L/C Issuer and its Affiliates shall have a right to set off and apply any deposits held or other Indebtedness owing by such Agent or its Affiliates, such Lender or its Affiliates or such L/C Issuer or its Affiliates, as the case may be, to or for the credit or the account of any Subsidiary of a Loan Party that is a Foreign Subsidiary or a Domestic Foreign Holding Company. Each Lender and L/C Issuer agrees promptly to notify the Borrower and the Administrative Agent after any such setoff and application made by such Lender or L/C Issuer, as the case may be; provided that the failure to give such notice shall not affect the validity of such setoff and application. The rights of each Agent, each Lender and each L/C Issuer under this Section 10.09 are in addition to other rights and remedies (including other rights of setoff) that such Agent, such Lender and such L/C Issuer may have.

Section 10.10. Counterparts. This Agreement and each other Loan Document may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

Section 10.11. Integration. This Agreement, together with the other Loan Documents, comprises the complete and integrated agreement of the parties on the subject matter hereof and thereof and supersedes all prior agreements, written or oral, on such subject matter. In the event of any conflict between the provisions of this Agreement and those of any other Loan Document, the provisions of this Agreement shall control, provided that the inclusion of supplemental rights or remedies in favor of the Agents or the Lenders in any other Loan Document shall not be deemed a conflict with this Agreement. Each Loan Document was drafted with the joint participation of the respective parties thereto.
and shall be construed neither against nor in favor of any party, but rather in accordance with the fair meaning thereof.

Section 10.12. Survival of Representations and Warranties. All representations and warranties made hereunder and in any other Loan Document or other document delivered pursuant hereto or thereto or in connection herewith or therewith shall survive the execution and delivery hereof and thereof. Such representations and warranties have been or will be relied upon by each Agent and each Lender, regardless of any investigation made by any Agent or any Lender or on their behalf and notwithstanding that any Agent or any Lender may have had notice or knowledge of any Default at the time of any Credit Extension, and shall continue in full force and effect as long as any Loan or any other Obligation hereunder shall remain unpaid or unsatisfied or any Letter of Credit shall remain outstanding. The provisions of Sections 10.14 and 10.15 shall continue in full force and effect as long as any Loan or any other Obligation hereunder shall remain unpaid or unsatisfied or any Letter of Credit shall remain outstanding.

Section 10.13. Severability. If any provision of this Agreement or the other Loan Documents is held to be illegal, invalid or unenforceable, the legality, validity and enforceability of the remaining provisions of this Agreement and the other Loan Documents shall not be affected or impaired thereby. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

Section 10.14. GOVERNING LAW, JURISDICTION, SERVICE OF PROCESS.

(a) THIS AGREEMENT AND EACH OTHER LOAN DOCUMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK (EXCEPT AS OTHERWISE EXPRESSLY PROVIDED THEREIN).

(b) EXCEPT AS SET FORTH IN THE FOLLOWING PARAGRAPH, ANY LEGAL ACTION OR PROCEEDING ARISING UNDER ANY LOAN DOCUMENT OR IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES HERETO OR ANY OF THEM WITH RESPECT TO ANY LOAN DOCUMENT, OR THE TRANSACTIONS RELATED THERETO, IN EACH CASE WHETHER NOW EXISTING OR HEREAFTER ARISING, SHALL BE BROUGHT IN THE COURTS OF THE STATE OF NEW YORK SITTING IN THE BOROUGH OF MANHATTAN OR OF THE UNITED STATES FOR THE SOUTHERN DISTRICT OF SUCH STATE SITTING IN THE BOROUGH OF MANHATTAN (PROVIDED THAT IF NONE OF SUCH COURTS CAN AND WILL EXERCISE SUCH JURISDICTION, SUCH EXCLUSIVITY SHALL NOT APPLY), AND BY EXECUTION AND DELIVERY OF THIS AGREEMENT, THE BORROWER, EACH AGENT AND EACH LENDER CONSENTS, FOR ITSELF AND IN RESPECT OF ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF THOSE COURTS. THE BORROWER, EACH AGENT AND EACH LENDER CONSENTS, FOR ITSELF AND IN RESPECT OF ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF THOSE COURTS. THE BORROWER, EACH AGENT AND EACH LENDER CONSENTS, FOR ITSELF AND IN RESPECT OF ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF THOSE COURTS. THE BORROWER, EACH AGENT AND EACH LENDER IRREVOCABLY WAIVES ANY OBJECTION, INCLUDING ANY OBJECTION TO THE LAYING OF VENUE OR BASED ON THE GROUNDS OF FORUM NON CONVENIENS, WHICH IT MAY NOW OR HEREAFTER HAVE TO THE BRINGING OF ANY ACTION OR PROCEEDING IN SUCH JURISDICTION IN RESPECT OF ANY LOAN DOCUMENT OR OTHER DOCUMENT RELATED THERETO.
NOTHING IN THIS AGREEMENT OR IN ANY OTHER LOAN DOCUMENT SHALL AFFECT ANY RIGHT THAT THE ADMINISTRATIVE AGENT, THE COLLATERAL AGENT OR ANY LENDER MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT AGAINST ANY LOAN PARTY OR ITS PROPERTIES IN THE COURTS OF ANY JURISDICTION (I) FOR PURPOSES OF ENFORCING A JUDGMENT, (II) IN CONNECTION WITH EXERCISING REMEDIES AGAINST THE COLLATERAL IN A JURISDICTION IN WHICH SUCH COLLATERAL IS LOCATED, (III) IN CONNECTION WITH ANY PENDING BANKRUPTCY, INSOLVENCY OR SIMILAR PROCEEDING IN SUCH JURISDICTION OR (IV) TO THE EXTENT THE COURTS REFERRED TO IN THE PREVIOUS PARAGRAPH DO NOT HAVE JURISDICTION OVER SUCH LEGAL ACTION OR PROCEEDING OR THE PARTIES OR PROPERTY SUBJECT THERETO.

Section 10.15. WAIVER OF RIGHT TO TRIAL BY JURY. EACH PARTY TO THIS AGREEMENT HEREBY EXPRESSLY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT TO TRIAL BY JURY OF ANY CLAIM, DEMAND, ACTION OR CAUSE OF ACTION ARISING UNDER ANY LOAN DOCUMENT OR IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES HERETO OR ANY OF THEM WITH RESPECT TO ANY LOAN DOCUMENT, OR THE TRANSACTIONS RELATED THERETO, IN EACH CASE WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER FOUND IN CONTRACT OR TORT OR OTHERWISE; AND EACH PARTY HEREBY AGREES AND CONSENTS THAT ANY SUCH CLAIM, DEMAND, ACTION OR CAUSE OF ACTION SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY, AND THAT ANY PARTY TO THIS AGREEMENT MAY FILE AN ORIGINAL COUNTERPART OR A COPY OF THIS SECTION 10.15 WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF THE SIGNATORIES HERETO TO THE WAIVER OF THEIR RIGHT TO TRIAL BY JURY.

Section 10.16. Binding Effect. This Agreement shall become effective in accordance with Section 4.01 and thereafter shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.

Section 10.17. Judgment Currency. If, for the purposes of obtaining judgment in any court, it is necessary to convert a sum due hereunder or any other Loan Document in one currency into another currency, the rate of exchange used shall be that at which in accordance with normal banking procedures the Administrative Agent could purchase the first currency with such other currency on the Business Day preceding that on which final judgment is given. The obligation of the Borrower in respect of any such sum due from it to the Administrative Agent or the Lenders hereunder or under the other Loan Documents shall, notwithstanding any judgment in a currency (the “Judgment Currency”) other than that in which such sum is denominated in accordance with the applicable provisions of this Agreement (the “Agreement Currency”), be discharged only to the extent that on the Business Day following receipt by the Administrative Agent of any sum adjudged to be so due in the Judgment Currency, the Administrative Agent may in accordance with normal banking procedures purchase the Agreement Currency with the Judgment Currency. If the amount of the Agreement Currency so purchased is less than the sum originally due to the Administrative Agent from the Borrower in the Agreement Currency, the Borrower agrees, as a separate obligation and notwithstanding any such judgment, to indemnify the

-169-
Administrative Agent or the Person to whom such obligation was owing against such loss. If the amount of the Agreement Currency so purchased is greater than the sum originally due to the Administrative Agent in such currency, the Administrative Agent agrees to return the amount of any excess to the Borrower (or to any other Person who may be entitled thereto under applicable Law).

Section 10.18. **Lender Action.** Each Lender agrees that it shall not take or institute any actions or proceedings, judicial or otherwise, for any right or remedy against any Loan Party or any other obligor under any of the Loan Documents or the Secured Hedge Agreements (including the exercise of any right of setoff, rights on account of any banker’s lien or similar claim or other rights of self-help), or institute any actions or proceedings, or otherwise commence any remedial procedures, with respect to any Collateral or any other property of any such Loan Party, without the prior written consent of the Administrative Agent. The provisions of this Section 10.18 are for the sole benefit of the Lenders and shall not afford any right to, or constitute a defense available to, any Loan Party.

Section 10.19. **Know-Your-Customer, Etc.** Each Lender shall, promptly following a request by the Administrative Agent, provide all documentation and other information that the Administrative Agent reasonably requests in order to comply with its ongoing obligations under applicable “know your customer” and anti-money laundering rules and regulations, including the USA PATRIOT Act.

Section 10.20. **USA PATRIOT Act.** Each Lender and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Borrower that pursuant to the requirements of the USA PATRIOT Act and the requirements of the Beneficial Ownership Regulation, it is required to obtain, verify and record information that identifies each Loan Party, which information includes the name, address and tax identification number of such Loan Party and other information regarding such Loan Party that will allow such Lender or the Administrative Agent, as applicable, to identify such Loan Party in accordance with the USA PATRIOT Act and the Beneficial Ownership Regulation. This notice is given in accordance with the requirements of the USA PATRIOT Act and the requirements of the Beneficial Ownership Regulation and is effective as to the Lenders and the Administrative Agent.

Section 10.21. **Intercreditor Agreements.**

(a) Notwithstanding anything to the contrary in this Agreement or in any other Loan Document: (i) the Liens granted to the Collateral Agent in favor of the Secured Parties pursuant to the Loan Documents and the exercise of any right related to any Collateral shall be subject, in each case, to the terms of any Acceptable Intercreditor Agreement then in effect, (ii) in the event of any conflict between the express terms and provisions of this Agreement or any other Loan Document, on the one hand, and an Acceptable Intercreditor Agreement, on the other hand, the terms and provisions of any such Acceptable Intercreditor Agreement, shall control, and (iii) each Lender (and, by its acceptance of the benefits of any Collateral Document, each other Secured Party) hereby authorizes and instructs the Administrative Agent and Collateral Agent to execute any Acceptable Intercreditor Agreement from time to time on behalf of such Lender or other Secured Party, and such Lender or other Secured Party agrees to be bound by the terms thereof.

(b) Each Lender (and, by its acceptance of the benefits of any Collateral Document, each other Secured Party) hereby authorizes and instructs the Collateral Agent, as Collateral Agent and on
behalf of such Lender or other Secured Party, to enter into one or more Acceptable Intercreditor Agreements and one or more subordination agreements contemplated by Section 9.11(b) from time to time and agrees that it will be bound by and will take no actions contrary to the provisions thereof.

Section 10.22. **Obligations Absolute.** To the fullest extent permitted by applicable Law, all obligations of the Loan Parties hereunder shall be absolute and unconditional irrespective of:

(a) any bankruptcy, insolvency, reorganization, arrangement, readjustment, composition, liquidation or the like of any Loan Party;

(b) any lack of validity or enforceability of any Loan Document or any other agreement or instrument relating thereto against any Loan Party;

(c) any change in the time, manner or place of payment of, or in any other term of, all or any of the Obligations, or any other amendment or waiver of or any consent to any departure from any Loan Document or any other agreement or instrument relating thereto;

(d) any exchange, release or non-perfection of any other Collateral, or any release or amendment or waiver of or consent to any departure from any guarantee, for all or any of the Obligations;

(e) any exercise or non-exercise, or any waiver of any right, remedy, power or privilege under or in respect hereof or any Loan Document; or

(f) any other circumstances which might otherwise constitute a defense available to, or a discharge of, the Loan Parties.

Section 10.23. **No Advisory or Fiduciary Responsibility.** In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), the Borrower acknowledges and agrees, and acknowledges its Affiliates’ understanding, that: (i) (A) the arranging and other services regarding this Agreement provided by the Agents, the Lenders and the Arrangers are arm’s-length commercial transactions between the Borrower and its Affiliates, on the one hand, and the Agents, the Lenders and the Arrangers, on the other hand, (B) the Borrower has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate, and (C) the Borrower is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; (ii) (A) each Agent, each Lender and each Arranger each is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Borrower or any of its Affiliates, or any other Person and (B) no Agent, Lender or Arranger has any obligation to the Borrower or any of its Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) each Agent, each Lender and each Arranger and their respective Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Borrower and its Affiliates, and no Agent, Lender or Arranger has any obligation to disclose any of such interests to the Borrower or any of its Affiliates. To the fullest extent permitted by law, the Borrower hereby waives and releases any claims that it may have against each Agent, each
Lender and each Arranger with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

Section 10.24. Electronic Execution of Assignments and Certain Other Documents. This Agreement, any Loan Document and any other Communication, including Communications required to be in writing, may be in the form of an Electronic Record and may be executed using Electronic Signatures. Each of the Loan Parties, each Agent, each L/C Issuer and each Lender agrees that any Electronic Signature on or associated with any Communication shall be valid and binding on such Person to the same extent as a manual, original signature, and that any Communication entered into by Electronic Signature, will constitute the legal, valid and binding obligation of such Person enforceable against such Person in accordance with the terms thereof to the same extent as if a manually executed original signature was delivered. Any Communication may be executed in as many counterparts as necessary or convenient, including both paper and electronic counterparts, but all such counterparts are one and the same Communication. For the avoidance of doubt, the authorization under this paragraph may include, without limitation, use or acceptance of a manually signed paper Communication which has been converted into electronic form (such as scanned into PDF format), or an electronically signed Communication converted into another format, for transmission, delivery and/or retention. Each Agent, each L/C Issuer and each Lender may, at its option, create one or more copies of any Communication in the form of an imaged Electronic Record (“Electronic Copy”), which shall be deemed created in the ordinary course of such Person’s business, and destroy the original paper document. All Communications in the form of an Electronic Record, including an Electronic Copy, shall be considered an original for all purposes, and shall have the same legal effect, validity and enforceability as a paper record. Notwithstanding anything contained herein to the contrary, no Agent or L/C Issuer is under any obligation to accept an Electronic Signature in any form or in any format unless expressly agreed to by such Person pursuant to procedures approved by it; provided, further, without limiting the foregoing, (a) to the extent any Agent or L/C Issuer has agreed to accept such Electronic Signature, each Agent, L/C Issuer and Lender shall be entitled to rely on any such Electronic Signature purportedly given by or on behalf of any Loan Party, L/C Issuer or Lender without further verification and regardless of the appearance or form of such Electronic Signature, and (b) upon the request of any Agent, L/C Issuer or Lender, any Communication executed using an Electronic Signature shall be promptly followed by a manually executed counterpart.

No Agent or L/C Issuer shall be responsible for or have any duty to ascertain or inquire into the sufficiency, validity, enforceability, effectiveness or genuineness of any Loan Document or any other agreement, instrument or document (including, for the avoidance of doubt, in connection with any Agent’s or L/C Issuer’s reliance on any Electronic Signature transmitted by telecopy, emailed .pdf or any other electronic means). Each Agent and each L/C Issuer shall be entitled to rely on, and shall incur no liability under or in respect of this Agreement or any other Loan Document by acting upon, any Communication or any statement made to it orally or by telephone and believed by it to be genuine and signed or sent or otherwise authenticated (whether or not such Person in fact meets the requirements set forth in the Loan Documents for being the maker thereof).

Each of the Loan Parties and each L/C Issuer and Lender hereby waives (i) any argument, defense or right to contest the legal effect, validity or enforceability of this Agreement, any other Loan Document based solely on the lack of paper original copies of this Agreement or such other Loan Document, and (ii) any claim against each Agent, each L/C Issuer, each Lender and each Related Party.
for any liabilities arising solely from an Agent’s, L/C Issuer’s or Lender’s reliance on or use of Electronic Signatures, including any liabilities arising as a result of the failure of the Loan Parties to use any available security measures in connection with the execution, delivery or transmission of any Electronic Signature.

THE PLATFORM IS PROVIDED “AS IS” AND “AS AVAILABLE.” THE AGENT-RELATED PERSONS DO NOT WARRANT THE ACCURACY OR COMPLETENESS OF THE BORROWER MATERIALS OR THE ADEQUACY OF THE PLATFORM, AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS IN OR OMISSIONS FROM THE BORROWER MATERIALS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE BY ANY AGENT-RELATED PERSON IN CONNECTION WITH THE BORROWER MATERIALS OR THE PLATFORM. In no event shall any Agent-Related Person have any liability to the Borrower, any Lender, any L/C Issuer or any other Person for losses, claims, damages, liabilities or expenses of any kind (whether in tort, contract or otherwise) arising out of the Borrower’s, any Loan Party’s or any Agent’s transmission of Borrower Materials or notices through the Platform, any other electronic platform or electronic messaging service, or through the Internet.

Section 10.25. **Acknowledgement and Consent to Bail-In of Affected Financial Institutions.** Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the Write-Down and Conversion Powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an Affected Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

   (i) a reduction in full or in part or cancellation of any such liability;

   (ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(c) the variation of the terms of such liability in connection with the exercise of the Write-Down and Conversion Powers of the applicable Resolution Authority.

Section 10.26. **Lender Representation.**

(a) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the
date such Person ceases being a Lender party hereto, for the benefit of the Administrative Agent and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Loan Party, that at least one of the following is and will be true:

(i) such Lender is not using “plan assets” (within the meaning of Section 3(42) of ERISA or otherwise) of one or more Benefit Plans with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments or this Agreement,

(ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable, and the conditions of such exemption have been satisfied, with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Agreement,

(iii) (A) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans, the Commitments and this Agreement, (C) the entrance into, participation in, administration of and performance of the Loans, the Commitments and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Agreement, or

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless either (1) sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or (2) a Lender has provided another representation, warranty and covenant in accordance with sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Loan Party, that the Administrative Agent is not a fiduciary with respect to the assets of such Lender involved in such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Agreement (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related hereto or thereto).

Section 10.27. Acknowledgement Regarding any Supported QFCs. To the extent that the Loan Documents provide support, through a guarantee or otherwise, for any Swap Contract or
any other agreement or instrument that is a QFC (such support, “QFC Credit Support”, and each such QFC, a “Supported QFC”), the parties hereto acknowledge and agree as follows with respect to the resolution power of the Federal Deposit Insurance Corporation under the Federal Deposit Insurance Act and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (together with the regulations promulgated thereunder, the “U.S. Special Resolution Regimes”) in respect of such Supported QFC and QFC Credit Support (with the provisions below applicable notwithstanding that the Loan Documents and any Supported QFC may in fact be stated to be governed by the laws of the State of New York and/or of the United States or any other state of the United States):

(a) In the event a Covered Entity that is party to a Supported QFC (each, a “Covered Party”) becomes subject to a proceeding under a U.S. Special Resolution Regime, the transfer of such Supported QFC and the benefit of such QFC Credit Support (and any interest and obligation in or under such Supported QFC and such QFC Credit Support, and any rights in property securing such Supported QFC or such QFC Credit Support) from such Covered Party will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if the Supported QFC and such QFC Credit Support (and any such interest, obligation and rights in property) were governed by the laws of the United States or a state of the United States. In the event a Covered Party or a BHC Act Affiliate of a Covered Party becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights under the Loan Documents that might otherwise apply to such Supported QFC or any QFC Credit Support that may be exercised against such Covered Party are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if the Supported QFC and the Loan Documents were governed by the laws of the United States or a state of the United States. Without limitation of the foregoing, it is understood and agreed that rights and remedies of the parties with respect to a Defaulting Lender shall in no event affect the rights of any Covered Party with respect to a Supported QFC or any QFC Credit Support.

(b) As used in this Section 10.27, the following terms have the following meanings:

“BHC Act Affiliate” of a party means an “affiliate” (as such term is defined under, and interpreted in accordance with, 12 U.S.C. 1841(k)) of such party.

“Covered Entity” means any of the following: (i) a “covered entity” as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 252.82(b); (ii) a “covered bank” as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 47.3(b); or (iii) a “covered FSI” as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b).

“Default Right” has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable.

“QFC” has the meaning assigned to the term “qualified financial contract” in, and shall be interpreted in accordance with, 12 U.S.C. 5390(c)(8)(D).

Section 10.28. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan or other Obligation owing under this Agreement, together with all fees, charges and other amounts that are treated as interest on such Loan or other Obligation under Applicable Law (collectively, “Charges”), shall exceed the maximum lawful rate
(the “Maximum Rate”) that may be contracted for, charged, taken, received or reserved by the Lender or other Person holding such Loan or other Obligation in accordance with applicable Law, the rate of interest payable in respect of such Loan or other Obligation hereunder, together with all charges payable in respect thereof, shall be limited to the Maximum Rate. To the extent lawful, the interest and charges that would have been paid in respect of such Loan or other Obligation but were not paid as a result of the operation of this Section shall be cumulated and the interest and charges payable to such Lender or other Person in respect of other Loans or Obligations or periods shall be increased (but not above the amount collectible at the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Rate for each day to the date of repayment, shall have been received by such Lender or other Person. Any amount collected by such Lender or other Person that exceeds the maximum amount collectible at the Maximum Rate shall be applied to the reduction of the principal balance of such Loan or other Obligation or refunded to the Borrower so that at no time shall the interest and charges paid or payable in respect of such Loan or other Obligation exceed the maximum amount collectible at the Maximum Rate.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.]
IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed as of the date first above written.
