

ECS Named Prime Contractor on OASIS+ IDIQ

Company to provide a range of management and consulting, R&D, and technical engineering and intelligence services, as well as enterprise transformation solutions

FAIRFAX, Va. — Feb. 11, 2025 — [ECS](#), an IT systems integrator focused on data and AI, cybersecurity, and enterprise transformation solutions, and an ASGN (NYSE: ASGN) brand, has been named a prime contractor in multiple domains under the General Services Administration's (GSA) Unrestricted One Acquisition Solution for Integrated Services Plus (OASIS+) government-wide, multi-award, indefinite delivery/indefinite quantity (IDIQ) contract vehicle with an unlimited contract ceiling.

Administered by the GSA Office of Professional Services and Human Capital Category (PSHC), the OASIS+ vehicle is designed to support federal agencies' procurement requirements for services-based solutions. ECS received awards in the following domains:

- Management and Advisory
- Technical and Engineering (T&E)
- Research and Development (R&D)
- Intelligence Services (INTEL)
- Enterprise Solutions

GSA has expressed a need for federal agencies to access streamlined, cost-effective solutions under the OASIS+ contract, facilitating efficient procurement of complex professional services like engineering, logistics, and financial management. As a prime contractor, ECS will provide management and consulting services to enhance federal agencies' performance, offering technical expertise in engineering, geosciences, and experimental development across various disciplines, including life sciences, nanotechnology, and biotechnology. ECS will also support mission-critical operations through advanced command, control, communications, and intelligence capabilities, as well as enterprise-level solutions for emerging technologies.

"ECS has a track record of helping federal agencies meet and exceed their procurement requirements, and we're pleased to continue our support for GSA's core mission: enabling federal agencies to achieve their goals efficiently and effectively," said [John Heneghan](#), president of ECS. "Through OASIS+, we are positioned to deliver innovative, mission-critical solutions to ensure operational excellence and mission success for our government partners."
