

# Apex Systems Opens New Bellevue Delivery Center for Gaming and Digital Innovation

RICHMOND, Va. --(BUSINESS WIRE)-- Apex Systems, a leading technology services company, announces the opening of their new gaming and innovation delivery center in Bellevue, WA. The delivery center will house client focused teams of moderators, curators, developers and support agents working on innovative gaming and digital technology initiatives.

“The center strengthens our ability to bring value to our clients through expanded and deeper solutions for digital innovation and modern enterprises. I think you will see the addition is an important step in fulfilling our vision for Apex Systems as a technology services business,” said Rand Blazer , President.

“The launch of our Bellevue Delivery Center allows us to quickly scale to support our clients’ business needs across multiple industries and technologies in the Seattle area,” said Robin Palmer , Executive Vice President of Consulting Services at Apex Systems. “By providing proven onshore digital innovation, fit for purpose teams in close proximity to our clients, Apex is able to respond to changing needs rapidly and collaborate with client management efficiently, increasing the value for the client.”

This center is the newest addition to the growing network of Apex’s client delivery centers which provide Modern Enterprise and Digital Innovation solutions. The Seattle -based center will initially have approximately 100 employees supporting the gaming segment. Apex currently also has delivery centers based in Dallas, Texas and a nearshore center in Guadalajara, Mexico which delivers a variety of digital innovation client programs focused on Data and Analytics, DevOps, Agile and Artificial Intelligence, as well as providing Quality Assurance and Testing services. The center strengthens our commitment to our clients to support their needs and scale our consultative capabilities in key areas of growth.
