

ECS-CMS Team Receives Agency Honor Award

2024-11-18

Joint company-agency team recognized by the Centers for Medicare & Medicaid Services for cybersecurity service excellence

FAIRFAX, Va.--(BUSINESS WIRE)-- A cybersecurity team led by **ECS** — an IT systems integrator focused on data and AI, cybersecurity, and enterprise transformation solutions, and an ASGN (NYSE: ASGN) brand — has received a Centers for Medicare & Medicaid Services (CMS) Honor Award.

With this award, CMS recognized the ECS-CMS Incident Response and Breach Response Support (IRBRS) team for significantly improving breach and incident response times and increasing the overall efficiency and effectiveness of CMS security teams. The annual CMS Honor Awards recognize excellence across the agency, with awards granted in different categories to both individuals and teams.

ECS provides a cohesive [managed cybersecurity service supporting CMS](#) and the CMS Healthcare Marketplace. This managed service includes enterprise security operations support, incident response and management, SOC-as-a-service, threat intelligence analytics, data forensics, security engineering and architecture, penetration testing, breach and attack simulation, and more.

"We're thrilled to be recognized by CMS for operational excellence alongside our CMS colleagues," said William Geimer, vice president of Enterprise Solutions at ECS. "The IRBRS team is a vital facet of the comprehensive cyber solutions we provide for CMS."

"It's an honor to help protect CMS systems, assets, and data," said John Heneghan, president of ECS. "CMS serves millions of Americans through Medicare, Medicaid, the Children's Health Insurance Program, and the Health Insurance Marketplace."
