

ECS Named #1 Managed Service Provider

2025-06-17

For sixth year in a row, company recognized as top managed service provider

FAIRFAX, Va.--(BUSINESS WIRE)-- **ECS**, an advanced technology solutions provider focused on data and AI, cybersecurity, and enterprise transformation solutions, and an ASGN (NYSE: ASGN) brand, was recently named the #1 managed service provider (MSP) for the sixth year in a row on Channel E2E's **Top 100 Vertical Market MSPs list**. The annual list identifies and honors the top 100 vertical market MSPs in healthcare, legal, government, financial services, manufacturing, and more.

ECS offers a wide range of **managed service solutions** for both commercial and federal clients, ranging from **cybersecurity, cloud, and IT operations** to **governance, risk, and compliance (GRC)**, and more. The company is also a top five provider of **data and AI solutions** to the federal government and consistently ranks as a top managed security solutions provider (MSSP) on **MSSP Alert's Top 250 list**. ECS' managed security solutions include **managed detection and response (MDR)** and **security operations center-as-a-service (SOCaaS)**.

"As organizations seek faster, smarter ways to achieve mission success, we're seeing growing momentum around agile, managed service models," said **John Heneghan**, president of ECS. "Our sixth consecutive recognition as a top MSP by Channel E2E reflects our commitment to delivering scalable, push-button solutions that secure and streamline enterprise operations and make a quick, tangible impact. When we do our job as a mission enabler, we empower our commercial and federal customers to innovate, compete, unlock new efficiencies, and leverage advanced capabilities without increasing costs."
