

# ECS Named Amazon Web Services Premier Consulting Partner for Fifth Consecutive Year

FAIRFAX, Va.--(BUSINESS WIRE)--ECS, a leader in advanced technology, science, and engineering solutions, has been named an AWS Premier Consulting Partner by Amazon Web Services (AWS) for the fifth year in a row. The designation continues the company's ongoing premier partner status with AWS.

This top-tier program represents the leading companies worldwide who have met AWS' strict partner standards. ECS successfully demonstrated excellence in key factors including exceptional customer satisfaction reviews, extensive AWS architect accreditation and certifications, multiple audited cloud competencies and industry skill areas, expert cloud project management and delivery frameworks, and a notable AWS resale and consulting business.

"Our investment in understanding, maximizing, and delivering the innovative solutions of the AWS platform goes back to the beginning of our cloud practice," explained John Sankovich, vice president of cloud solutions at ECS. "Today, our Cloud Center of Excellence features a broad range of solutions, and AWS is a fundamental cornerstone. AWS continues to drive cloud adoption forward, with a constant stream of new service offerings in areas like machine learning, big data, and digital modernization that raise the bar for the entire industry."

ECS offers cloud consulting, migration, managed services, and value-added resale of the entire global AWS product catalog through its Cloud Center of Excellence. ECS is an audited managed service partner with competencies in a broad range of AWS accredited industry areas.

"Our partnership with AWS is critical to serving our customers," said George Wilson, president of ECS. "We are honored to be recognized by AWS for our commitment to cultivating and delivering the highest level of expertise for AWS solutions."

## About ECS

ECS, a segment of ASGN, delivers advanced solutions in cloud, cybersecurity, artificial intelligence (AI), machine learning (ML), application and IT modernization, science, and engineering. The company solves critical, complex challenges for customers across the U.S. public sector, defense, intelligence, and commercial industries. ECS maintains partnerships with leading cloud, cybersecurity, and AI/ML providers and holds specialized certifications in their technologies. Headquartered in Fairfax, Virginia, ECS has more than 3,000 employees throughout the United States. For more information, visit [ECStech.com](https://www.ecstech.com).
