

ECS Named to CRN Top 100 Security MSP in 2020

Company recognized as a leading provider of security solutions

FAIRFAX, Va.--(BUSINESS WIRE)-- For the second year in a row, **ECS**, a leader in advanced technology, science, and engineering solutions, has been named to CRN's Managed Service Provider (MSP) 500 list in the Security 100 category. CRN's Security 100 list recognizes the top cybersecurity vendors across five critical market segments:

- Network Security
- Endpoint Security
- Security Information and Event Management (SIEM), Risk, and Threat Intelligence
- Web, Email, and Application Security
- Data Protection and Identity Access Management

"We are thrilled to be named one of CRN's top MSPs for the second year in a row," said Andy Woods, vice president of enterprise managed services at ECS. "This distinction reflects ECS' continued ability to deliver a wide variety of managed security outcomes to customers in highly regulated industries."

ECS provides a **wide range of cybersecurity solutions** for enterprise organizations across the civilian, defense, and commercial industries. Through the **Cyber Center of Excellence** (CoE), our team combines the expertise, training, and thought leadership to design and implement customized, mission-oriented cybersecurity plans, from large-scale security operations centers (SOC) to day-to-day network and endpoint security management.
