

ASGN's ECS Division Highlights Commitment to Cloud Innovation through Creation of Cloud Center of Excellence

CALABASAS, Calif.--([BUSINESS WIRE](#))--ASGN Incorporated (NYSE: ASGN), one of the foremost providers of IT and professional services in the technology, creative/digital, engineering, life sciences and government sectors, today highlights ECS' commitment to cloud innovation through the creation of the ECS Cloud Center of Excellence ("CCoE"). The CCoE assists customers in both public sector and commercial markets in orchestrating their cloud initiatives and managing the cloud adoption lifecycle from cloud strategy, roadmap, design, migration and application modernization to cybersecurity, compliance and ongoing support.

"ECS is a national leader in cloud solutions, delivering best practice and process implementation for mission-critical operations," said Peter Dameris, Chief Executive Officer of ASGN. "Through the CCoE, ECS will ensure its clients receive the highest level of cloud innovation and expertise, including in machine learning and artificial intelligence, two recent areas of meaningful investment."

About ECS

ECS, an ASGN division, is delivering advanced solutions and services in cloud, cybersecurity, artificial intelligence (AI), machine learning (ML), application and IT modernization, and science and engineering. The company solves critical, complex challenges for customers across the U.S. public sector, defense, intelligence and commercial industries. ECS maintains partnerships with leading cloud, cybersecurity, and AI/ML providers and holds specialized certifications in their technologies. Headquartered in Fairfax, Virginia, ECS has more than 2,400 employees throughout the U.S. and has been recognized as a Top Workplace by *The Washington Post* for the last five years.
