Professional Staffing Industry Revenue

- **Growth Drivers**
  - Variable cost structure provides potential cost savings and staff flexibility
  - Aging U.S. population may constrain workforce supply
  - If implemented, healthcare reform may stimulate staffing demand
  - Companies are utilizing temporary labor as a larger percentage of their workforce

- **Structural Change Towards Professional Staffing**
  - Driven in part by IT staffing (the largest segment)
  - Rapid rate of technological change driving companies to flexible workforces

Specialization & Client “Stickiness”

### Industrial Staffing
- Areas of focus: light industrial; clerical and administrative; less specialized skills
- Widely available skill sets
- Providers seek large placements and compete on price (bulk selling)

### Generalist Staffing

### Professional Staffing
- Areas of focus: healthcare, scientific, IT, engineering, finance/accounting, legal
- Skills in short supply and critical to revenue potential of clients
- Competition based on quality of professional and speed and relevancy of response

---

1 Revenue growth is based on year-over-year change of combination of ASGN and Apex revenue for 2010 and 2011
2 Adjusted EBITDA presented is one of the non-GAAP financial measures used by the Company and is defined as earnings before interest, taxes, depreciation, and amortization of identifiable intangible assets plus equity-based compensation expense, impairment charges, and acquisition related expenses, which terms might not be calculated in the same manner as, and thus might not be comparable to, similarly titled measures reported by other companies and other one-time items. Refer to Appendix for EBITDA reconciliation.

A Powerful Combination

Size and Scale
- Together, creates a Top 3 IT staffing provider in the U.S., according to SIA rankings
- Based on year-to-date performance above market growth, we believe we will be the 2nd largest IT staffing provider by the end of 2012
- Full spectrum of staffing services (high-end to mission critical)

Highly Complementary Acquisition
- Focused on different sets of IT skills – no channel conflicts
  - Oxford: High-end IT
  - Apex: Mission Critical IT
- Limited integration required
- Similar business models and corporate cultures

Revenue Diversification
- Broaden services offering across IT skills
- New business verticals and geographical diversification
- Expand permanent placement business
- Cross-selling opportunities

Attractive Financial Characteristics
- Accretive to revenue growth and earnings
- Strong conversion of EBITDA to cash flow
- Significant cash tax savings, resulting in anticipated rapid debt paydown

1 Based on FY 2011 estimated revenues
Information Technology – Market Overview

**Forecasted IT staffing revenues to be $23.1 billion in 2012**

- IT staffing involves providing temporary professionals and placing full-time employees in areas ranging from multiple platform systems integration to end-user support, including specialists in programming, networking systems integration, database design and help desk support.

**Industry Potential**

- IT has recovered quicker than most other staffing segments; and is the only professional staffing segment expected to surpass 2008 levels in the current year

- Growth in 2012 is expected to be driven by demand in the healthcare industry, given deadlines for conversions implemented by the US Dept. of Health & Human Services

**Shortage of Talent**

- One of the main constraints on growth in this segment is a shortage of talent, and not necessarily demand, due to a variety of organizational, candidate-specific and environmental/market factors

---

**Growth Characteristics**

- IT staffing industry is forecasted to grow by 12% in 2012 and 8% in 2013

Physician Staffing (Locum Tenens) – Market Overview

**Locum Tenens forecasted revenues to be $2.1 billion in 2012**

- Locum Tenens: involves placing physicians on temp assignments in a variety of healthcare settings

**High Barriers To Entry**
- Need for malpractice insurance
- Complexities involved in recruiting and marketing physicians
- High level of specialized positions requiring specific training and experience
- Lack of licensing reciprocity between states (unlike nursing)
- Greater lead time needed to successfully fill positions

**Physician Shortage**
- Over the next 15 yrs, the U.S. could face a shortage of 150,000 doctors

**Physician Workforce Demographics**
- The proportion of physicians reported as working part-time increased to 22% for male physicians and 44% for female physicians, up from 7% and 29%, respectively, in 2005
- Flexible work hours or part-time options were cited as one of the top three ongoing retention initiatives by medical group leaders

**Growth Characteristics**
- Long-term growth may be fueled by a growing shortage, an aging population, and accessible healthcare insurance to more citizens with healthcare reform, if implemented
- Physicians are “revenue generators”

## On Assignment’s Strategic Growth Opportunities

| **Cyclical Stabilization and Growth** | - Temporary help penetration rate still below peak historical levels  
- Labor markets indicate job recovery continues to strengthen, albeit at an anemic rate  
- Companies will look to temporary staffing to meet cyclical recovery in demand |
| **Secular Trends Will Favor On Assignment** | - Aging U.S. population may constrain supply of available workforce  
- If implemented, healthcare reform should stimulate demand for staffing in the long term  
- On Assignment focuses on the highly-skilled component of the labor force, which companies typically have the hardest time staffing |
| **Numerous Areas of Opportunity for Incremental Revenues** | - Permanent placement  
- Healthcare IT  
- GSA contracts  
- Clinical research |
| **Acquisition Environment Is Favorable** | - Smaller, private companies may look to partner with larger, well capitalized firms or private equity as activity and valuations increase  
- On Assignment is well positioned to enhance its market position and/or add new capabilities / service offerings once acquisition stabilization has been completed |
| **Significant Sources of EPS Leverage** | - Revenue growth vs. fixed costs creates margin opportunity  
- Strong cash flow generation provides liquidity for rapid deleveraging  
- 338(h)(10) elections yield an estimated $20 million in annual cash tax savings¹ |

¹ Represents combined potential cash tax shields from elections associated with the acquisitions of Apex, Oxford, and HealthCare Partners
