AUDIT COMMITTEE OF THE BOARD OF
DIRECTORS CHARTER**

I. PURPOSE

The Board of Directors has established this Audit Committee Charter (this “Charter”) to specify the functions and authority of the Audit Committee (the “Committee”). The Committee’s primary purpose is to assist the Board in its oversight of the accounting and financial reporting processes of the Company and the audit of its financial statements, including the oversight of management’s identification and management of business and financial risk. The Committee also provides assistance to the Board by performing the other functions outlined in this Charter.

The Committee shall:

- Be directly responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged to prepare an audit report or to perform other audit, review or attestation services for the Company (the “Independent Auditor” or “firm”).
- Serve as an independent and objective party to monitor the Company's financial reporting process and internal control system.
- Review and appraise the audit efforts of the Independent Auditor and internal auditor.
- Provide an open avenue of communication among the Independent Auditor, financial and senior management, internal auditor, and the Board of Directors.
- Engage on its own authority and at the expense of the Company, independent counsel and other advisors as deemed necessary by the Committee to assist it in satisfying the duties and responsibilities set forth in this Charter and incur, at the expense of the Company, ordinary administrative expenses that are necessary or appropriate in carrying out its duties.

II. COMPOSITION

The Audit Committee shall be comprised of three or more directors, each of whom shall meet the independence and financial literacy requirements of applicable stock exchange or other listing standards and Section 10A of the Securities Exchange Act of 1934 and any director independence standards adopted by the Company. At least one member shall be an “audit committee financial expert” as defined under United States Securities and Exchange Commission rules and regulations. Additionally, at least one member of the Committee must have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the Committee member’s financial sophistication, including being or

having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. A person who satisfies the definition of “audit committee financial expert” will also be presumed to have financial sophistication. No Committee member shall serve on the audit committees of more than two other public companies while at the same time serving on this Committee unless the Board specifically determines that such service would not impair the ability of an existing or prospective Committee member to serve effectively on the Committee.

The members of the Committee shall be elected by the Board at the annual organizational meeting of the Board and serve until their successors shall be duly elected and qualified. Unless a Chair is elected by the Board, the members of the Committee shall designate a Chair. Members of the Committee, including the Chair, may be removed by the Board at any time with or without cause.

III. STRUCTURE AND MEETINGS

The Committee shall meet at least four times annually, and more frequently as circumstances dictate. As part of its job to foster open communication, the Committee should meet at least annually with management, the internal auditor, the chief financial officer and the Independent Auditor in separate executive sessions to discuss any matters that the Committee or any of these groups believe should be discussed independently. In addition, the Committee or at least the Chair should meet with the Independent Auditor and management quarterly to review the Company's financial statements and disclosures prior to the quarterly reports being filed with the Securities and Exchange Commission. The Committee shall maintain minutes of its meetings and activities. All meetings of the Committee may be held in person, telephonically, videoconference or similar means of remote communication. The Committee may delegate authority granted under this Charter to subcommittees when appropriate.

A majority of members of the Committee shall constitute a quorum. The Committee shall act on the affirmative vote of a majority of members participating at a meeting at which a quorum is present. Subject to applicable law, the Committee may act pursuant to a written consent signed by all of the Committee's members. The Committee shall regularly report to the Board.

The Company shall provide for appropriate funding, as determined by the Committee, for compensation to the firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, compensation to any advisors employed by the Committee, and ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.
