Alamos Gold Inc. Announces Intention to Terminate SEC Reporting

Toronto, Ontario - Alamos Gold Inc. (TSX:AGI) ("Alamos" or the "Company") intends to file Form 15F with the Securities and Exchange Commission ("SEC") prior to June 30, 2007 in order to voluntarily terminate its reporting obligations under Section 13(a) of the Securities Exchange Act of 1934 ("Exchange Act"). The common shares of the Company have never been listed on a United States stock exchange and the Company has no current plans to seek a United States listing.

Rules governing the Termination of a Foreign Private Issuer's Registration of a Class of Securities under Section 12(g) and Duty To File Reports Under Section 13(a) or 15(d) of the Exchange Act permit foreign private issuers with less than 5% of their worldwide average trading volume in the United States to terminate their registration of shares and cease their related reporting obligations.

The Board of Directors has unanimously approved the Company's termination of its SEC reporting obligations.

The Company believes that the costs associated with the SEC Sarbanes-Oxley requirements outweigh benefits received from maintaining its SEC reporting obligations. The Company is up-to-date with all filings in both Canada and the United States and is currently in full compliance with the internal control and related provisions of Canadian securities laws.

Alamos common shares are traded on the Toronto Stock Exchange under the symbol "AGI" and convertible debentures under the symbol "AGI.DB".
