Alamos Gold Inc. Appoints Chairman of the Board

Toronto, Ontario – Alamos Gold Inc. ("Alamos Gold") announces that Mr. Alan R. Hill has been appointed Non-Executive Chairman of the Board.

Mr. Hill's experience and leadership in the mining industry includes 20 years of experience at Barrick Gold Corporation where, until his retirement last September, he managed the development of Barrick's four latest projects: Alto Chicama, Pascua, Veladero and Cowal. In addition Mr. Hill managed all of Barrick's project evaluations on a worldwide basis. Mr. Hill played a key role in the recommendation to purchase the Goldstrike property in 1986, the Pierina property in 1996 and Bulyahulu in 1999. He subsequently managed the complete development of all these projects with both Bulyahulu and Pierina being brought to production on schedule and under budget.

Alamos Gold is constructing an open pit, heap leach gold mine at its fully permitted, 100% owned Mulatos deposit in Sonora, Mexico. The Mulatos deposit contains over 3 million ounces of gold in the measured and indicated category at a cutoff of 0.6 grams per tonne. Phase I mining will focus on the Estrella pit, which contains over 1.4 million ounces of recoverable gold.
