As previously announced KPMG LLP (“KPMG”) resigned as the Company’s independent registered public accounting firm due to the previously announced changes in the composition and location of our new executive team in Vancouver and its understanding of the Organization of Chartered Professional Accountants of British Columbia Bylaws, which would require KPMG to be licensed in British Columbia. The Company continues to diligently work towards engaging an auditor to conduct the audit and review of the financial statements required to be included in its annual report on Form 10-K for the year ended December 31, 2021 and its quarterly reports on Forms 10-Q for the quarters ended March 31, 2022, June 30, 2022 and September 30, 2022. The Company intends to file such SEC reports as soon as practicable and expects to hold its annual shareholder meeting once such reports have been filed. While the Company is continuing to evaluate material weaknesses in its internal controls over financial reporting related to the mineral reserve reporting errors, the Company expects that it will determine that at least one material weakness exists. The Company is still evaluating the extent of this and other potential material weaknesses. The Company’s financial statements for the year ended December 31, 2021 and quarters ended March 31, 2022, June 30, 2022 and September 30, 2022 may be affected by the ongoing analysis of the aforementioned mineral reserve matters.

A management cease trade order was granted by the Ontario Securities Commission on April 1, 2022 (the “Original MCTO”) and the Ontario Securities Commission granted additional management cease trade orders on April 12, 2022 and July 7, 2022 (the “Additional MCTOs” and together with the Original MCTO, the “MCTO”).

Pursuant to NP 12-203, the Company must file bi-weekly status reports in the form of further news releases during the period from the Notice until the MCTO is revoked. The Company reports that since the Notice: (i) there have been no material changes regarding the information contained in the Notice that have not been disclosed in a bi-weekly default status report or in a news release referenced therein; (ii) there have been no failures by the Company in fulfilling its stated intentions with respect to satisfying the provisions of the alternative information guidelines under NP 12-203; and (iii) there has not been any specified default subsequent to the defaults announced in the Notice and the news releases dated May 13, 2022 and August 5, 2022.
