

NEWS RELEASE

Oshkosh Corporation to Participate in 2023 Advanced Clean Transportation Expo

4/20/2023

Electric vehicles to be on display

OSHKOSH, Wis.--(BUSINESS WIRE)-- Oshkosh Corporation (NYSE: OSK), a leading innovator of purpose-built vehicles and equipment, is pleased to announce it will be exhibiting at the Advanced Clean Transportation (ACT) Expo in Anaheim, California, May 1-4, 2023. ACT Expo is the largest annual conference and trade show in the country focused on advanced transportation technologies and clean fuel vehicles.

With nearly 30 years of electrification experience, Oshkosh has introduced purpose-built, battery-electric vehicles in most of its end markets. These include the Pierce® Volterra™ fire truck, the Oshkosh Striker® Volterra™ ARFF, the JLG® DaVinci™ scissor lift, the Oshkosh fully integrated refuse collection vehicle, the eJLTV and the USPS NGDV.

North America's first fully integrated, zero-emission electric refuse collection vehicle will be highlighted at the show through a mixed reality experience. Visitors can step inside a prototype of the new, ergonomically designed cab, where they can view detailed features and technologies through virtual reality (VR). After exiting the cab, they will have the opportunity to complete a full VR walkaround of the refuse collection body.

The world's first all-electric scissor lift will also be featured. The JLG DaVinci lift has zero hydraulics to eliminate job site leaks and zero emissions to help control pollution. Every component is fully optimized to reduce energy consumption, allowing it to be powered by a single lithium-ion battery.

In addition to its exhibit, Oshkosh will be participating in the "Municipal & Refuse Fleets at the Cutting-Edge" breakout session on Wednesday, May 3, from 1-2:15 p.m. PDT. Nader Nasr, senior vice president of engineering,

will discuss the latest from the frontlines of zero-emission refuse trucks.

Forward Looking Statements

This news release contains statements that the Company believes to be "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact, including, without limitation, statements regarding the Company's future financial position, business strategy, targets, projected sales, costs, earnings, capital expenditures, debt levels and cash flows, and plans and objectives of management for future operations, are forward-looking statements. When used in this news release, words such as "may," "will," "expect," "intend," "estimate," "anticipate," "believe," "should," "project" or "plan" or the negative thereof or variations thereon or similar terminology are generally intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions, and other factors, some of which are beyond the Company's control, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These factors include risks related to the Company's ability to successfully execute on its strategic road map and meet its long-term financial goals. Additional information concerning these and other factors is contained in the Company's filings with the Securities and Exchange Commission. All forward-looking statements speak only as of the date of this news release. The Company assumes no obligation, and disclaims any obligation, to update information contained in this news release. Investors should be aware that the Company may not update such information until the Company's next quarterly earnings conference call, if at all.
