RISK COMMITTEE CHARTER

I. PURPOSE

The purpose of the Risk Committee (the “Committee”) of the Board of Directors is to properly align with management as it embarks a risk management program. The primary responsibility of the Committee is to oversee and approve the company-wide risk management practices to assist the Board in:

- (i) overseeing that the executive team has identified and assessed all the risks that the organization faces and has established a risk management infrastructure capable of addressing those risks;
- (ii) overseeing in conjunction with other Board-level committees or the full Board, if applicable, risk, such as strategic, financial, credit, market, liquidity, cyber and physical security, property, I/T, legal, regulatory, reputational, and other risks;
- (iii) overseeing the division of risk-related responsibilities to each Board committee as clearly as possible and performing a gap analysis to determine that the oversight of any risks are not missed; and
- (iv) in conjunction with the full Board, approving the Company’s enterprise wide risk management framework.

The Committee may have the authority to conduct investigations into any matters within its scope of responsibility and obtain advice and assistance from outside legal, accounting, or other advisors, as necessary, to perform its duties and responsibilities.

In carrying out its duties and responsibilities, the Committee shall also have the authority to meet with and seek any information it requires from employees, officers, directors, or external parties. In addition, the Committee could meet with other Board committees to avoid overlap as well as potential gaps in overseeing the Company’s risks.

The Committee will primarily fulfil its responsibilities by carrying out the activities enumerated in Section III of this Charter.

II. COMPOSITION AND MEETINGS

The Committee shall consist of three or more directors as determined by the Board. The Committee may include non-directors as members. Each member will have an understanding of risk management expertise commensurate with the Company's size, complexity and capital structure.

The Committee will provide its members with annual continuing education opportunities and customized training focusing on topics such as leading practices with regard to risk governance and oversight and risk management.

Committee members will be appointed by the Board. A chairperson will be elected by the full Board. Additionally, the Committee in conjunction with the full Board will consider and plan for succession of Committee members.

The Committee will report to the full Board. The Committee will establish the appropriate reporting lines for the CEO and the Company's management-level risk committee (whether indirectly or directly) to the Committee.

The Committee will meet at least quarterly, or more frequent as circumstances dictate. The Committee chairperson will approve the agenda for the Committee's meetings, and any member may suggest items for consideration. Briefing materials will be provided to the Committee at least 10 days in advance of meetings as practicable.

Each regularly scheduled meeting will begin or conclude with an executive session of the Committee, absent members of management. As part of its responsibility to foster open communication, the Committee will meet periodically with management, heads of business units, the director of the internal audit function, and independent auditor in separate executive sessions.

III. RESPONSIBILITIES AND DUTIES

The Committee shall have the following authority and responsibilities:
